

1 – 14 August 2011

WHV – L'viv

◆ L'viv - the Ensemble of the Historic Centre, Halychyna, Ukraine

An Interactive 2-hour presentation with the use of the materials from CCIVS and WHC was given within the first 2 days of the programme for 11 volunteers. Through this training session, volunteers were ready to lead discussions with locals during their stay and to hold workshop for the children on the topic of the WH.

Volunteers implemented a series of activities in order to raise awareness in the local community on the issues related to the WH, and sensitize local effort to continue preservation of WH sites. Utilizing the materials provided by WHC and also media aid prepared by volunteers, volunteers created poster-stands for local residents. In the end,

volunteers produced 5 information posters-stands that explained not only L'viv but also WH sites of international volunteer's home country. Those poster-stands were displayed in the park where international volunteers performed cleaning and renovation activities.

Around 500 locals familiarized themselves with information about WH concept, WH Sites and unique places and objects in the home countries of the international volunteers by visiting poster-stand. 90% of local visitors of park visited the stands. Information provoked discussions on the topics related to the WH concept in general as well as WH Sites in L'viv and in the home countries of the volunteers in particular. Demonstration of the WH in stands helped to raise awareness of the local population in L'viv about WH.

Moreover, volunteers carried out improvement activities in a park. They work 40 hours in historical Stryiski Park. Volunteers maintained 6 sites in the park and each of them had a size of 100 m². They maintained the lawns, cleaned the lawns from the stones and old weed, branches, sowing of new grass. The territory of Stryiski Park in L'viv was substantially improved. Finally, volunteers organized a workshop for 14 local kids with the use of the non-formal education methods such as interactive games.
