Iranian Cultural Heritage, Handicrafts & Tourism Organization (ICHHTO)

Sassanid Archaeological Landscape of Fars Region

Bishapur

Contains 2 Components:
The City of Bishapur, Shapur Cave

Buffer Zone

Regulation

- 1-construction of any kind of industrial, semi-industrial and workshop facilities, pollutant industries, exploration activities, installing vibrating instruments and so on resulting in any potential damage and harm to the functional, structural and visual integrity of the monument, its landscape and its surrounding environment is forbidden
 - 2-conducting any developmental operations, construction and expansion of roads, erecting power transfer lines, installing poles, setting up urban and rural infrastructures is prohibited without obtaining a permit from ICHHTO
 - 3-any functional change in farmlands and gardens is forbidden
 - 4-exploitation of the water of Shapoor River and springs and irrigation of farmlands depends on obtaining permission from the Ministry of Power, Agricultural Jihad and ICHHTO only if the natural space of springs and river is not defaced by installation of modern equipment
 - 5-farming on existing agricultural lands is allowed but defacing of earth surface and deep excavations within the buffer zone is banned; also any relics found during the leveling of farmlands come under regulations on preserving cultural heritage
 - 6-Setting up any pollutant facilities in upstream lands of the spring and natural waterways existing within the area as well as in the vicinity of water canals, riverbed and watershed is illegal
 - 7- Any activity within the confines of the river harming its natural landscape is prohibited such as: establishing pollutant facilities, changing the course of the river, dumping of domestic garbage and construction debris, extraction of sand and gravel, etc.,
 - 8-logging in national lands is prohibited
 - 9- All ancient mounds, Reliefs and Cultural Relics existing within the buffer zone are subject to regulations concerning as the nominated property.
 - 10- physical expansion of cities and villages within the area must be realized only based on master, detail and pilot plans
- Note: maximum allowable height of buildings constructed in Haji-abad and Ganjeie villages is 7.5 and in other villages is 4.5 meters
