1. World Heritage Property Data

1.1 - Name of World Heritage Property

Jiuzhaigou Valley Scenic and Historic Interest Area

1.2 - World Heritage Property Details

State(s) Party(ies)

China

Type of Property

natural

Identification Number

637

Year of inscription on the World Heritage List

1992

1.3 - Geographic Information Table

Name	Coordinates	Property (ha)	Buffer zone (ha)	Total (ha)	Inscription year
Jiuzhaigou Valley Scenic and Historic Interest Area	33.083 / 103.917	72000	0	72000	1992
Total (ha)		72000	0	72000	

Comment

According to IUCN's assessment report for Jiuzhaigou valley scenic and historic interest area, the site extends over 72,000 ha, with a buffer zone of an additional 60,000 ha. So Jiuzhaigou covers a area of 1,320,000 ha including a buffer zone of 60,000 ha.

Title	Date	Link to source
Map of Jiuzhaigou Valley	18/10/1991	B

1.5 - Governmental Institution Responsible for the Property

Comment

Name: Ministry of Housing and Urban-Rural Development of the People's Republic of China Address: NO. 9 SanLiHe Road, Beijing, China Postcode: 100835 Telephone: +86-10-58933014 Fax: +86-10-58933014 E-mail: zuoxp@mail.cin.gov.cn npo@mail.cin.gov.cn Website: http://www.cin.gov.cn/

1.6 - Property Manager / Coordinator, Local Institution / Agency

Feng Gang
 Administration bureau of Scenic and Historic Interest

Comment

Administration Bureau of Jiuzhaigou World Heritage Site Address: Zhangzha town, jiuzhaigou county, Aba prefecture, Sichuan Province, China Postcode:623402 Telephone:0086-837-7739529 Fax:0086-837-7739310 Email:jz.wangyan@163.com

1.7 - Web Address of the Property (if existing)

Patrimonium-mundi.org : visit this site in panophotographies - immersive and interactive spherical images

- 2. <u>View photos from OUR PLACE the World</u> Heritage collection
- 3. Natural site datasheet from WCMC
- 4. jiuzhai.com

1.8 - Other designations / Conventions under which the property is protected (if applicable)

Comment

Jiuzhaigou National Park Jiuzhaigou National Nature Reserve, Jiuzhaigou National Geopark, Jiuzhaigou World Biosphere Reserve

2. Statement of Outstanding Universal Value

2.1 - Statement of Outstanding Universal Value / Statement of Significance

Comment

It's under preparation.

2.2 - The criteria (2005 revised version) under which the property was inscribed

(vii)

2.3 - Attributes expressing the Outstanding Universal Value per criterion

- 2.4 If needed, please provide details of why the Statement of Outstanding Universal Value should be revised
- 2.5 Comments, conclusions and / or recommendations related to Statement of Outstanding Universal Value
- 3. Factors Affecting the Property
- 3.14. Other factor(s)
- 3.14.1 Other factor(s)

3.13.3	Management activities	extensive	on-going	minor	high capacity	decreasing

3.17. Comments, conclusions and / or recommendations related to factors affecting the property

3.17.1 - Comments

4. Protection, Management and Monitoring of the Property

4.1. Boundaries and Buffer Zones

4.1.1 - Buffer zone status

There is a buffer zone

4.1.2 - Are the boundaries of the World Heritage property adequate to maintain the property's Outstanding Universal Value?

The boundaries of the World Heritage property are **adequate** to maintain the property's Outstanding Universal Value

4.1.3 - Are the buffer zone(s) of the World Heritage property adequate to maintain the property's Outstanding Universal Value?

The buffer zones of the World Heritage property **are adequate** to maintain the property's Outstanding Universal Value

4.1.4 - Are the boundaries of the World Heritage property known?

The boundaries of the World Heritage property are known by the management authority but **are not known by local residents / communities / landowners.**

4.1.5 - Are the buffer zones of the World Heritage property known?

The buffer zones of the World Heritage property are known by the management authority but are not known by local residents / communities/landowners.

4.1.6 - Comments, conclusions and / or recommendations related to boundaries and buffer zones of the World Heritage property

4.2. Protective Measures

4.2.1 - Protective designation (legal, regulatory, contractual, planning, institutional and / or traditional)

Comment

Sichuan Provincial Regulation on World Heritage Protection in Sichuan(2004) Regulation on Implementing Sichuan Provincial Regulation on World Heritage Protection in Aba Autonomous (2004) General Plan for Jiuzhaigou National Park (approved by the State Council in 2005)

4.2.2 - Is the legal framework (i.e. legislation and / or regulation) adequate for maintaining the

Outstanding Universal Value including conditions of Integrity and / or Authenticity of the property?

The legal framework for the maintenance of the Outstanding Universal Value including conditions of Authenticity and / or Integrity of the World Heritage property provides **an adequate or better basis** for effective management and protection

4.2.3 - Is the legal framework (i.e. legislation and / or regulation) adequate in the buffer zone for maintaining the Outstanding Universal Value including conditions of Integrity and / or Authenticity of the property?

The legal framework for the maintenance of the Outstanding Universal Value including conditions of Authenticity and / or Integrity of the World Heritage property provides **an adequate or better basis** for effective management and protection

4.2.4 - Is the legal framework (i.e. legislation and / or regulation) adequate in the area surrounding the World Heritage property and buffer zone for maintaining the Outstanding Universal Value including conditions of Integrity and / or Authenticity of the property?

The legal framework for the area surrounding the World Heritage property and the buffer zone provides **an adequate or better basis** for effective management and protection of the property, contributing to the maintenance of its Outstanding Universal Value including conditions of Authenticity and / or Integrity

4.2.5 - Can the legislative framework (i.e. legislation and / or regulation) be enforced?

There is **excellent** capacity / resources to enforce legislation and / or regulation in the World Heritage property

4.2.6 - Comments, conclusions and / or recommendations related to protective measures

4.3. Management System / Management Plan

4.3.1 - Management System

Comment

General Plan for Jiuzhaigou National Park(2000); General Plan for Jiuzhaigou National Nature Reserve(2005).

4.3.2 - Management Documents

Comment

General Plan for Jiuzhaigou National Park(2000); General Plan for Jiuzhaigou National Nature Reserve(2005).

4.3.3 - How well do the various levels of administration (i.e. national / federal; regional / provincial / state; local / municipal etc.) coordinate in the management of the World Heritage Property?

There is coordination between the range of administrative bodies / levels involved in the management of the property **but it could be improved**

Periodic Report - Second Cycle (637)

4.3.4 - Is the management system / plan adequate to maintain the property's Outstanding Universal Value ?

The management system/plan is only **partially adequate** to maintain the property's Outstanding Universal Value

4.3.5 - Is the management system being implemented?

The management system is being **fully** implemented and monitored

4.3.6 - Is there an annual work / action plan and is it being implemented?

An annual work / action plan exists and **most or all activities** are being implemented and monitored

4.3.7 - Please rate the cooperation / relationship with World Heritage property managers / coordinators / staff of the following

Local communities / residents	Good
Local / Municipal authorities	Good
Indigenous peoples	Not applicable
Landowners	Good
Visitors	Good
Researchers	Good
Tourism industry	Good
Industry	Good

4.3.8 - If present, do local communities resident in or near the World Heritage property and / or buffer zone have input in management decisions that maintain the Outstanding Universal Value?

Local communities **directly contribute** to some decisions relating to management

4.3.9 - If present, do indigenous peoples resident in or regularly using the World Heritage property and / or buffer zone have input in management decisions that maintain the Outstanding Universal Value?

No indigenous peoples are resident in or regularly using the World Heritage property and / or buffer zone

4.3.10 - Is there cooperation with industry (i.e. forestry, mining, agriculture, etc.) regarding the management of the World Heritage property, buffer zone and / or area surrounding the World Heritage property and buffer zone?

There is contact but only **some cooperation** with industry regarding the management of the World Heritage property, buffer zone and / or area surrounding the World Heritage property and buffer zone

4.3.11 - Comments, conclusions and / or recommendations related to human resources, expertise and training

4.3.12 - Please report any significant changes in the legal status and / or contractual / traditional protective measures and management

arrangements for the World Heritage property since inscription or the last Periodic report

4.4. Financial and Human Resources

4.4.1 - Costs related to conservation, based on the average of last five years (relative percentage of the funding sources)

0%
0%
1%
2%
0%
0%
97%
0%
0%

4.4.2 - International Assistance received from the World Heritage Fund (USD)

Comment

It's inadequate for the property.

4.4.3 - Is the current budget sufficient to manage the World Heritage property effectively?

The available budget is **acceptable** but could be further improved to fully meet the management needs

4.4.4 - Are the existing sources of funding secure and likely to remain so?

The existing sources of funding **are secure** in the mediumterm and planning is underway to secure funding in the longterm

4.4.5 - Does the World Heritage property provide economic benefits to local communities (e.g. income, employment)?

There is a **major flow** of economic benefits to local communities from activities in and around the World Heritage property

4.4.6 - Are available resources such as equipment, facilities and infrastructure sufficient to meet management needs?

There are adequate equipment and facilities

4.4.7 - Are resources such as equipment, facilities and infrastructure adequately maintained?

Equipment and facilities are well maintained

4.4.8 - Comments, conclusion, and / or recommendations related to finance and infrastructure

4.4.9 - Distribution of employees involved in managing the World Heritage property (% of total)

Full-time	100%
Part-time	

4.4.10 - Distribution of employees involved in managing the World Heritage property (% of total)

Permanent	72%
Seasonal	28%

4.4.11 - Distribution of employees involved in managing the World Heritage property (% of total)

Paid	99%
Volunteer	1%

4.4.12 - Are available human resources adequate to manage the World Heritage property?

Human resources are adequate for management needs

4.4.13 - Considering the management needs of the World Heritage property, please rate the availability of professionals in the following disciplines

Research and monitoring	Fair
Promotion	Fair
Community outreach	Fair
Interpretation	Fair
Education	Fair
Visitor management	Fair
Conservation	Fair
Administration	Fair
Risk preparedness	Fair
Tourism	Fair
Enforcement (custodians, police)	Fair

4.4.14 - Please rate the availability of training opportunities for the management of the World Heritage property in the following disciplines

increase property in the remotining allocipinites			
Medium			

4.4.15 - Do the management and conservation programmes at the World Heritage property help develop local expertise?

A capacity development plan or programme is in place and **partially implemented**; some technical skills are being transferred to those managing the property locally **but most of the technical work is carried out by external staff**

4.4.16 - Comments, conclusions and / or recommendations related to human resources, expertise and training

4.5. Scientific Studies and Research Projects

4.5.1 - Is there adequate knowledge (scientific or traditional) about the values of the World Heritage property to support planning, management and decision-making to ensure that Outstanding Universal Value is maintained?

Knowledge about the values of the World Heritage property is **sufficient** for most key areas **but there are gaps**

4.5.2 - Is there a planned programme of research at the property which is directed towards management needs and / or improving understanding of Outstanding Universal Value?

There is **considerable** research but it is **not directed** towards management needs and / or improving understanding of Outstanding Universal Value

4.5.3 - Are results from research programmes disseminated?

Research results are shared with local participants and some national agencies

- 4.5.4 Please provide details (i.e. authors, title, and web link) of papers published about the World Heritage property since the last Periodic Report
- 4.5.5 Comments, conclusions and / or recommendations related to scientific studies and research projects

4.6. Education, Information and Awareness Building

4.6.1 - At how many locations is the World Heritage emblem displayed at the property?

In many locations and easily visible to visitors

4.6.2 - Please rate the awareness and understanding of the existence and justification for inscription of the World Heritage property amongst the following groups

Local communities / residents	Excellent
Local / Municipal authorities within or adjacent to the property	Excellent
Local Indigenous peoples	Non-existent
Local landowners	Excellent
Visitors	Excellent
Tourism industry	Excellent
Local businesses and industries	Excellent

4.6.3 - Is there a planned education and awareness programme linked to the values and management of the World Heritage property?

There is a planned education and awareness programme but it only **partly meets the needs** and could be improved

4.6.4 - What role, if any, has designation as a World Heritage property played with respect to education, information and awareness building activities?

World Heritage status has been an **important influence** on education, information and awareness building activities

4.6.5 - How well is the information on Outstanding Universal Value of the property presented and interpreted?

The Outstanding Universal Value of the property is adequately presented and interpreted **but improvements could be made**

4.6.6 - Please rate the adequacy for education, information and awareness building of the following visitor facilities and services at the World Heritage property

Visitor centre Exceller	
Site museum	Not provided but needed
Information booths	Adequate
Guided tours	Adequate
Trails / routes	Adequate
Information materials	Adequate
Transportation facilities	Adequate
Other	Adequate

4.6.7 - Comments, conclusions and / or recommendations related to education, information and awareness building

4.7. Visitor Management

4.7.1 - Please provide the trend in annual visitation for the last five years

Last year	Minor Increase
Two years ago	Minor Increase
Three years ago	N/A
Four years ago	Major Increase (100%+)
Five years ago	Major Increase (100%+)

4.7.2 - What information sources are used to collect trend data on visitor statistics?

Entry tickets and registries
Visitor surveys

4.7.3 - Visitor management documents

Comment

Guideline For tourists Brochures

4.7.4 - Is there an appropriate visitor use management plan (e.g. specific plan) for the World Heritage property which ensures that its Outstanding Universal Value is maintained?

Visitor use of the World Heritage property is managed but **improvements could be made**

4.7.5 - Does the tourism industry contribute to improving visitor experiences and maintaining the values of the World Heritage property?

There is **excellent co-operation** between those responsible for the World Heritage property and the tourism industry to present the Outstanding Universal Value and increase appreciation

4.7.6 - If fees (i.e. entry charges, permits) are collected, do they contribute to the management of the World Heritage property?

The fee is collected and makes a **substantial contribution** to the management of the World Heritage property

4.7.7 - Comments, conclusions and / or recommendations related to visitor use of the World Heritage property

4.8. Monitoring

4.8.1 - Is there a monitoring programme at the property which is directed towards management needs and / or improving understanding of Outstanding Universal Value?

There is a **comprehensive**, **integrated programme** of monitoring, which is relevant to management needs and / or improving understanding of Outstanding Universal Value

4.8.2 - Are key indicators for measuring the state of conservation used to monitor how the Outstanding Universal Value of the property is maintained?

Information on the values of the World Heritage property is sufficient and key indicators have been defined but monitoring the status of indicators could be improved

4.8.3 - Please rate the level of involvement in monitoring of the following groups

World Heritage managers / coordinators and staff	Average
Local / Municipal authorities	Average
Local communities	Poor
Researchers	Average
NGOs	Not applicable
Industry	Average
Local indigenous peoples	Not applicable

4.8.4 - Has the State Party implemented relevant recommendations arising from the World Heritage Committee?

Implementation is underway

- 4.8.5 Please provide comments relevant to the implementation of recommendations from the World Heritage Committee
- 4.8.6 Comments, conclusions and / or recommendations related to monitoring
- 4.9. Identification of Priority Management Needs
- 4.9.1 Please select the top 6 managements needs for the property (if more than 6 are listed below)

Please refer to question 5.2

5. Summary and Conclusions

5.1. Summary - Factors affecting the Property

5.1.1 - Summary - Factors affecting the Property

		World Heritage criteria and attributes affected	Actions	Monitoring	Timeframe	Lead agency (and others involved)	More info / comment
3.7	7 Local conditions affecting physical fabric						
3.7.3	Temperature	Criteria VII, the carbonate deposits.	monitoring and study.	monitoring on temperature and the speed of the carbonate deposits.	study on the relationship between temperature and the landscape, 2010-2012 monitoring, long-term	the Administration of Jiuzhaigou National Park Sichuan University	none
3.7.6	Water (rain/water table)	criteria VII, lakes and waterfalls.	monistoring and study	water quality, hydrology	long- term monitoring	the administration of Jiuzhaigou national park	none
3.8	Social/cultural	uses of heritage					
3.8.4	Changes in traditional ways of life and knowledge system	cultual value	investigation and record	changes of life and knowledge system of the local community	long-term	the administration of Jiuzhaigou National Park	none
3.10	Climate change	and severe weather	events	<u> </u>		-	!
3.10.6	Temperature change	Criteria Vii, the natural beauty of the property	monitoring	weather monitoring	long-term	the administration of Jiuzhaigou National Park	none
3.11	Sudden ecolog	ical or geological eve	nts		•	•	
3.11.5	Erosion and siltation/ deposition	criteria VII, the karst landform of the property	the cooperative research with the outside institute	a comprehensive monitoring system	Long-term	the administration of Jiuzhaigou National Park	none
3.13	Management and institutional factors						
3.13.3	Management activities	criteria vII, the remarkable natural beauty of the property	using the high-tech method in management, increasing the capacity of management.	a comprehensive management system incluing the monitoring and reviewing.	long-term	the administration of Jiuzhagiou National Park	none

5.2. Summary - Management Needs

5.2.2 - Summary - Management Needs

4.1 Bour	4.1 Boundaries and Buffer Zones				
		Actions	Timeframe	Lead agency (and others involved)	More info / comment
4.1.4	World Heritage property	strengthen the cooperation with the local government and increase the awareness of the local community	Long-term	the administration of Jiuzhaigou National Park	none
4.1.5	World Heritage property are not known by local	strengthen the cooperation with the local government and increase the awareness of the local community	Long-term	the administration of Jiuzhaigou National Park	none

5.3. Conclusions on the State of Conservation of the Property

5.3.1 - Current state of Authenticity

The authenticity of the World Heritage property has been **preserved**

5.3.2 - Current state of Integrity

The integrity of the World Heritage property is intact

5.3.3 - Current state of the World Heritage property's Outstanding Universal Value

The World Heritage property's Outstanding Universal Value has been **maintained**.

5.3.4 - Current state of the property's other values

Other important cultural and / or natural values and the state of conservation of the World Heritage property are **predominantly intact**

5.4. Additional comments on the State of Conservation of the Property

5.4.1 - Comments

6. World Heritage Status and Conclusions on Periodic Reporting Exercise

6.1 - Please rate the impacts of World Heritage status of the property in relation to the following areas

Conservation	Positive
Research and monitoring	Positive
Management effectiveness	Positive
Quality of life for local communities and indigenous peoples	Positive
Recognition	Very positive
Education	Positive
Infrastructure development	Positive
Funding for the property	Positive
International cooperation	Positive
Political support for conservation	Positive
Legal / Policy framework	Positive
Lobbying	Not applicable
Institutional coordination	Positive
Security	Positive
Other (please specify)	Not applicable

6.2 - Comments, conclusions and / or recommendations related to World Heritage status

6.3 - Entities involved in the preparation of this Section of the Periodic Report

Governmental institution responsible for the property	
Site Manager/Coordinator/World Heritage property staff	
Staff from other World Heritage properties	

6.4 - Was the Periodic Reporting questionnaire easy to use and clearly understandable?

yes

6.5 - Please provide suggestions for improvement of the Periodic Reporting questionnaire

6.6 - Please rate the level of support for completing the Periodic Report questionnaire from the following entities

UNESCO	Good
State Party Representative	Good
Advisory Body	

6.7 - How accessible was the information required to complete the Periodic Report?

Most of the required information was accessible

6.8 - The Periodic Reporting process has improved the understanding of the following

The World Heritage Convention		
The concept of Outstanding Universal Value		
The property's Outstanding Universal Value		
The concept of Integrity and / or Authenticity		
The property's Integrity and / or Authenticity		
Managing the property to maintain the Outstanding Universal Value		
Monitoring and reporting		
Management effectiveness		

6.9 - Please rate the follow-up to conclusions and recommendations from previous Periodic Reporting exercise by the following entities

UNESCO	Satisfactory
State Party	Satisfactory
Site Managers	Satisfactory
Advisory Bodies	Not Applicable

6.10 - Summary of actions that will require formal consideration by the World Heritage Committee

• Statement of Outstanding Universal Value / Statement of Significance

Reason for update: It's under preparation.

Geographic Information Table
Reason for update: According to IUCN's assessment
report for Jiuzhaigou valley scenic and historic interest
area, the site extends over 72,000 ha, with a buffer
zone of an additional 60,000 ha. So Jiuzhaigou covers a
area of 1,320,000 ha including a buffer zone of 60,000
ha

6.11 - Comments, conclusions and / or recommendations related to the Assessment of the Periodic Reporting exercise
