Item 8 of the Provisional Agenda: Establishment of the World Heritage List and of the List of World Heritage in Danger

8A. Tentative Lists submitted by States Parties as of 15 April 2013, in conformity with the Operational Guidelines

SUMMARY

This document presents the Tentative Lists of all States Parties submitted in conformity with the Operational Guidelines as of 15 April 2013 and subject to the procedure requested in Decision 31 COM 8A.3. The World Heritage Committee is requested to note that all nominations of properties to be examined by the 37th session of the Committee are included in the Tentative Lists of the respective States Parties.

- Annex 1 presents a full list of States Parties indicating the date of the most recent Tentative List submission;
- Annex 2 presents new Tentative Lists (or additions to Tentative Lists) submitted by States Parties since the last session of the World Heritage Committee;
- Annex 3 presents a list of all properties submitted on Tentative Lists received from the States Parties, in alphabetical order.

Draft Decision: 37 COM 8A, See Point II
I. EXAMINATION OF TENTATIVE LISTS

1. The World Heritage Committee requests each State Party to submit an inventory of the cultural and natural properties situated within its territory, which it considers suitable for inscription on the World Heritage List, and which it intends to nominate during the following five to ten years. The purpose of these inventories, also known as Tentative Lists, is to enable the World Heritage Committee to evaluate, within the widest possible context, the “Outstanding Universal Value” of each property nominated to the List. At its 24th session (Cairns, 2000), the Committee confirmed the importance of these Lists for planning purposes, comparative analyses of nominations and for facilitating the undertaking of global and thematic studies. It also decided that inclusion in the Tentative List would be mandatory for all properties which the State Party intends to nominate for inscription on the World Heritage List.

2. According to paragraph 65 of the Operational Guidelines, States Parties shall submit Tentative Lists at least one year prior to the submission of any nomination. Annex 2A of the Operational Guidelines shall be used as the Tentative List submission format for national future nominations. Annex 2B of the Operational Guidelines shall be used for all transnational and transboundary future nominations, the submission of such Tentative List will be valid only when all the States Parties involved have sent their submissions.

3. In considering the use of Tentative Lists as a means for achieving the objectives of the Global Strategy, the Special Expert Meeting on “The Concept of Outstanding Universal Value”, Kazan, Russian Federation, (April 2005), recommended that:

- States Parties should each establish a coordination mechanism with an interdisciplinary composition to undertake and oversee effectively the implementation of the World Heritage Convention and the preparation and review of Tentative Lists in particular;
- Tentative Lists should be seen as part of the effort of conservation of national heritage;
- Properties on Tentative Lists should have national and/or other appropriate recognition;
- Compilation of Tentative Lists should involve local communities and indigenous peoples and should include public consultation where appropriate;
- The compilation of Tentative Lists should take account of the Global Strategy, comparative studies and the Advisory Bodies gap analysis;
- The preparation of Tentative Lists should have due regard to other international conventions and programmes;
- In preparation of their Tentative Lists, States Parties should be rigorous in their local evaluation to ensure that expectations of inscription match reality;
- The size of a Tentative List should take into account the Cairns-Suzhou decision (Decision 28 COM 13.1) and the 10 years cycle of the Tentative List recommended by the Operational Guidelines (paragraph 65);
- The comparative analysis should be developed by regions and themes;
- Regional meetings on harmonization of Tentative Lists should identify types of properties for nomination in a given region, and those for possible inclusion as transnational and transboundary properties;
- The Advisory Bodies should complete their thematic studies and initiate and facilitate appropriate regional and comparative studies as soon as possible and in a time scale to allow States Parties to identify categories and themes of heritage that are relevant for completion of all Tentative Lists in 2007 and the revision of existing Tentative Lists;
- States Parties with no Tentative List should be encouraged to request preparatory International Assistance if necessary for preparing their Tentative List;
- The Advisory Bodies, within their available resources, should comment on the Tentative
The World Heritage Centre and the Advisory Bodies should provide a compilation of best practices and publish a number of training manuals;

- The World Heritage Centre should prepare a handbook to inform property owners and stakeholders about the process and requirements for inscription on the List of World Heritage, and to clarify expectations concerning the benefits and commitments that may result from being inscribed as a World Heritage property.

5. Additionally, the expert meeting on “Upstream processes to nominations: creative approaches in the nomination process” held in Phuket, Thailand (April 2010) also stressed the significant role of Tentative Lists in the nomination process. While agreeing that the Tentative Lists are an important part of the process required before submission of a nomination, they also play a variety of other separate, but mutually compatible roles. The experts concluded that processes related to Tentative Lists could be refined to provide States Parties with opportunities for further guidance and that benefits should also be derived from the harmonisation processes. The expert meeting identified a need to explore ways to offer, on a voluntary basis, assistance to States Parties by enabling the Advisory Bodies to provide advice concerning the prioritisation of properties on a State Party’s Tentative List. The follow up to Decision 34 COM 12.22 can be found in Document WHC-13/37.COM/9.

6. As of 15 April 2013, of the 190 States Parties which have ratified the Convention, 172 had submitted Tentative Lists in accordance with the requirements specified in the Operational Guidelines, and 18 States Parties had not submitted any Tentative List. All nominations submitted for examination in 2013 (see Document WHC-13/37.COM/8B) are included on the Tentative Lists of the States Parties concerned.

7. In conformity with Committee Decision 27 COM 8A, paragraph 4, this document presents the Tentative Lists submissions received since the last session of the World Heritage Committee in a separate annex. Since the 36th session of the Committee, 33 States Parties have submitted new Tentative Lists or modified existing Lists. The number of new properties added to existing Tentative Lists is 80. These properties are presented in Annex 2 of this document.

8. In conformity with Committee Decision 7 EXT.COM 4A, properties already inscribed on the World Heritage List were removed from the Tentative Lists of States Parties.

9. In conformity with the Committee Decision 27 COM 8A, paragraph 5, the complete Tentative Lists of all States Parties are accessible to the public at the following web address of the World Heritage Centre: http://whc.unesco.org/en/tentativelists.

10. Moreover, the World Heritage Committee invites States Parties, which have not yet done so, to submit as early as possible Tentative Lists in accordance with the Operational Guidelines. Preparatory assistance can be provided if necessary and requested by the State Party concerned.

II. DRAFT DECISION

Draft Decision: 37 COM 8A

The World Heritage Committee,

1. Having examined Document WHC-13/37.COM/8A,
2. **Stressing the importance of the process of revision and updating of Tentative Lists, as a tool for the regional harmonisation of the World Heritage List and of long term planning of its development;**

3. **Takes note of the Tentative Lists presented in Annexes 2 and 3 of this document.**

¹ Note: This concerns the property entitled “Jerusalem - the Old City and Ramparts to include Mount Zion” proposed by Israel as an extension to the “Old City of Jerusalem and its Walls” inscribed on the World Heritage List in 1981, upon proposal by Jordan. The Committee at its 25th Session (Helsinki, 2001) endorsed the recommendation of the 25th session of its Bureau (Paris, June 2001) “to postpone further consideration of this nomination proposal until an agreement on the status of the City of Jerusalem in conformity with International Law is reached, or until the parties concerned submit a joint nomination”. It should be noted that, the UNESCO General Conference in its Resolutions 32C/39 and 33C/50, affirmed that:

“(...) nothing in the present decision, which is aimed at the safeguarding of the cultural heritage of the Old City of Jerusalem, shall in any way affect the relevant United Nations resolutions and decisions, in particular the relevant Security Council resolutions on the legal status of Jerusalem”.
