One Reef...

One Man WANTS TO MAKE A... DIFFERENCE!

Patrimonito going on a holiday, to the Great Barrier Reef.

Patrimonito has arrived at the Peach Resort in Queensland.
Patrimonito decides to go for a snorkle in the Great Barrier Reef.

Later on, Patrimonito researches more on the white coral at the local library.

What is coral bleaching?
Coral bleaching is the loss of colour from corals under stressful environment conditions.

Patrimonito finds a website which tells him a lot about coral bleaching.

Patrimonito has an idea!
Patrimonito gathers the local community together and tells them about his idea.

His idea was to get the people involved with cleaning up at the reef and using more public transport and less cars.

People around town start to get serious about Patrimonito's idea.

Patrimonito says his goodbyes to the town and they promise him to keep it nice & clean.
13. Great job! Thumbs up!
