## **World Heritage Fund**

### **Notes to the Financial Statements for the biennium ended 31 December 2009**

---

#### **1. Objectives**

The World Heritage Fund (WHF) was established as a Trust Fund of the United Nations Education, Scientific and Cultural Organization (UNESCO) further to the adoption on 16 November 1972 of the convention for the protection of World Cultural and Natural Heritage by the seventeenth session of the General Conference of UNESCO, with the objective of complementing the protection of cultural and natural heritage of outstanding universal value. An intergovernmental committee, called the World Heritage Committee, was established by the same convention to decide on the use of the resources of the WHF. The Committee is assisted by a Secretariat appointed by the Director-General of UNESCO.

#### **2. Significant accounting policies**

##### **a) Financial Statements**

The WHF financial statements are maintained in accordance with the special financial regulations of the WHF as noted by the Executive Board of UNESCO at its ninety-third session. They are presented in United States dollars (US dollars).

##### **b) Allocation**

Allocations represent amounts that have been approved by the World Heritage Committee for different programme elements, which can be spent for the purpose for which they have been voted, to the extent that funds are available.

##### **c) Income**

Income is recognized on an accrual basis of accounting except for voluntary assessed and other contributions that are recognized only when funds are received.

##### **d) Expenditure**

Expenditure includes amounts for goods supplied and services rendered in the financial period as well as amounts for legal obligations.

e) Translation of Foreign Currencies

Transactions carried out during the period in currencies other than US dollars are translated to US dollars using the United Nations operational rate of exchange at the date of the transaction. At the year end, accounts expressed in currencies other than US dollars are translated at the UN operational rate of exchange then prevailing.

**3. Earmarked income**

Earmarked income relates to contributions received from donors for specific purposes within the World Heritage programme approved by the Committee. This income is used for project expenditures pertaining to the purpose of the donor's contribution.

**4. Non-earmarked income**

Non-earmarked income relates to contributions to the WHF which have no specific purpose. Funds so received are included with the operating reserve.

**5. Cash and term deposits**

These deposits are principally term deposits that are pooled with other UNESCO Special Accounts and Trust Funds. The average interest rate earned by these pooled term deposits was approximately 2.6%.

**6. Compulsory assessed contributions receivable**

Of the balance of \$121,476 due by States Parties at 31 December 2009, \$55,282 relates to 2009 assessments and \$66,194 to earlier years.

**7. Contingency reserve**

The amount of the contingency reserve, \$ 700,000, remains unchanged compared to the previous biennium.

**8. Transfer (to) / from other funds**

a) Emergency Reserve Fund

In accordance with Financial Regulations, Article 5.1, a reserve fund for emergency assistance has been agreed at a level of \$400,000 by the World Heritage Committee for the biennium 2008/2009.

## **9      Savings on prior periods' obligations**

The savings on prior periods' obligations represent the difference between the unliquidated obligation balance at the end of the period less the disbursements against the same obligation made during the current period when the obligation was liquidated.

## **10     Staff cost contribution**

In the biennium UNESCO's Regular Programme provided services without charge to the World Heritage Fund in respect of the Secretariat administering the World Heritage Fund. The estimated cost of these services during the biennium was \$ 6,941,814.
