Respondents are kindly requested to complete the online survey, which will be made available at whc.unesco.org in October 2016

Background Information:

The Helsinki Action Plan set a number of regional targets relating to the objectives that emerged from the Second Cycle of Periodic Reporting in Europe. This survey is designed to allow States Parties to report on progress made on relevant targets towards the implementation of the Helsinki Action Plan. It is scheduled to take place once every two years, in line with the schedule of Periodic Reporting.

National World Heritage Focal Points are asked to fill in the survey with quantitative information on the progress made towards the specific action points which are relevant to them.

The World Heritage Centre will produce a short report based on the results and present it to the World Heritage Committee, in accordance with Decision **39 COM 10B.5**.

For ease of reference, you can find the Helsinki Action Plan and the Final Report for Europe at the following link: <http://whc.unesco.org/document/137745>

Instructions

The survey mirrors the Helsinki Action Plan in order to provide updated information on each action, point by point. Please note that responses are quantitative, and therefore some preparation and consultation with responsible authorities will be necessary.

Like the Action Plan, the survey is divided in three distinct parts:

- Part A: Identification and protection of Outstanding Universal Value
- Part B: Effective management of World Heritage properties
- Part C: Increased awareness of the World Heritage Convention

Each part contains a number of objectives with associated actions, which are then the subject of one or more simple questions. There are 45 questions in total.

The survey will take around 30 minutes to complete. It must be completed in one session. Progress on the survey cannot be saved and returned to at a later point in time.

We invite respondents to reply to as many questions as possible, with as much precision as possible, to facilitate the collection of a complete data set.

Only one response per State Party is accepted.

Additional Information

Please note that Actions 3, 10, 11, 12 and 31 are excluded from the survey, as they relate to the priority actions of the World Heritage Centre or the Advisory Bodies.

Please get in touch with the World Heritage Centre in case of technical difficulties or if clarifications are required: wh-periodicreporting@unesco.org
