SUMMARY

This document presents the Tentative Lists of all States Parties submitted in conformity with the *Operational Guidelines* as of 15 April 2017.

- Annex 1 presents a full list of States Parties indicating the date of the most recent Tentative List submission.
- Annex 2 presents new Tentative Lists (or additions to Tentative Lists) submitted by States Parties since 16 April 2016.
- Annex 3 presents a list of all sites included in the Tentative Lists of the States Parties to the *Convention*, in alphabetical order.

Draft Decision: 41 COM 8A, see Point II

I. EXAMINATION OF TENTATIVE LISTS

1. The *World Heritage Convention* provides that each State Party to the *Convention* shall submit to the World Heritage Committee an inventory of the cultural and natural sites situated within its territory, which it considers suitable for inscription on the World Heritage List, and which it intends to nominate during the following five to ten years. Over the years, the Committee has repeatedly confirmed the importance of these Lists, also known as Tentative Lists, for planning purposes, comparative analyses of nominations and for facilitating the undertaking of global and thematic studies. Since 2000, inclusion on the Tentative List is mandatory for all sites that the State Party intends to nominate for inscription on the World Heritage List.
2. According to paragraph 65 of the *Operational Guidelines*, States Parties shall submit Tentative Lists at least one year prior to the submission of any nomination. The submission format for national sites is presented in Annex 2A of the *Operational Guidelines*. The submission format for all transnational and transboundary sites is presented in Annex 2B of the *Operational Guidelines*. The Tentative List submission for such transnational and transboundary sites will be valid only after the submission by all the States Parties involved.
3. When developing Tentative Lists, States Parties should take into account the Global Strategy, comparative studies and the Advisory Bodies' gap analysis, involve local communities and indigenous peoples, and include public consultations in the process. The revision and update of Tentative Lists should identify types of properties suitable for nomination on (sub)regional level through regional harmonization. The size of a Tentative List should take into account the 10-year cycle recommended by the *Operational Guidelines* (paragraph 65). The resource manual *Preparing World Heritage Nominations* (<http://whc.unesco.org/en/preparing-world-heritage-nominations/>) may also prove useful for the preparation of Tentative Lists.
4. As noted in Document WHC/17/41.COM/9A in order for the Upstream Process to be more effective, the upstream support should ideally take place at the earliest stage of the nomination process, that is at the moment of the preparation or revision of the States Parties' Tentative Lists. Paragraph 71 of the *Operational Guidelines* encourages States Parties to seek, as early as possible, upstream advice during the development and revision of their Tentative Lists. The online Upstream Process Reflection Survey (see Document WHC/17/41.COM/9A) also showed that the vast majority of States Parties give priority to upstream support requests concerning preparation or revision of Tentative Lists and 87% have expressed readiness to work with the World Heritage Centre and the Advisory Bodies on the development or revision of their Tentative Lists.
5. At its 38th session (Doha, 2014), the World Heritage Committee in its Decision **38 COM 8A** requested "*the World Heritage Centre to present a proposal for revising the procedure of registration of Tentative Lists in the Operational Guidelines, for examination by the World Heritage Committee at its 39th session, in 2015*". At the 39th session (Bonn, 2015), the Working Group on the Revision of the *Operational Guidelines* could not reach a consensus on the proposed amendment and the Committee (Decision **39 COM 11**) decided to re-examine paragraph 68 as well as Annex 2A at its 40th session (Istanbul/UNESCO, 2016). However, at the 40th session the Working Group on the Revision of the *Operational Guidelines* again could not reach consensus and the World Heritage Committee (Decision **40 COM 11**) decided "*to include Paragraph 68 of the Operational Guidelines and its Annexes to the mandate of the ad-hoc Working Group and to include this item in the Agenda of the 41st session*". The outcomes of the ad-hoc Working Group's discussions and related proposals are presented in Document WHC/17/41.COM/12A.

6. As of 15 April 2017, of the 193 States Parties to the *Convention*, 182 have submitted Tentative Lists in accordance with the requirements specified in the *Operational Guidelines*. 11 States Parties have not submitted any Tentative Lists. All nominations submitted for examination in 2017 (see Document WHC/17/41.COM/8B) are included in the Tentative Lists of the States Parties concerned.
7. In conformity with Committee Decision **27 COM 8A**, paragraph 4, the Tentative Lists submissions received since 16 April 2016 are presented in Annex 2 of this document. Since 16 April 2016, 26 States Parties have submitted new Tentative Lists or have modified their existing Lists, which met all the requirements of paragraph 68 of the *Operational Guidelines*. The number of sites added to existing Tentative Lists is 82.
8. In conformity with paragraph 68 of the *Operational Guidelines*, inscribed properties and nominated sites which the Committee decides not to inscribe on the World Heritage List are removed from the Tentative Lists of States Parties.
9. In conformity with paragraph 69 the *Operational Guidelines*, the complete Tentative Lists of all States Parties are accessible to the public at the following web address of the World Heritage Centre: <http://whc.unesco.org/en/tentativelists>.
10. States Parties, which have not yet done so, are invited to submit Tentative Lists in accordance with the *Operational Guidelines*. Preparatory assistance can be provided if necessary and provided that it is requested by the State Party concerned.

II. DRAFT DECISION

Draft Decision: 41 COM 8A

¹ Note: This concerns the property entitled "Jerusalem - the Old City and Ramparts to include Mount Zion" proposed by Israel as an extension to the "Old City of Jerusalem and its Walls" inscribed on the World Heritage List in 1981, upon proposal by Jordan. The Committee at its 25th Session (Helsinki, 2001) endorsed the recommendation of the 25th session of its Bureau (Paris, June 2001) "to postpone further consideration of this nomination proposal until an agreement on the status of the City of Jerusalem in conformity with International Law is reached, or until the parties concerned submit a joint nomination". It should be noted that, the UNESCO General Conference in its Resolutions 32C/39 and 33C/50, affirmed that:

"(...) nothing in the present decision, which is aimed at the safeguarding of the cultural heritage of the Old City of Jerusalem, shall in any way affect the relevant United Nations resolutions and decisions, in particular the relevant Security Council resolutions on the legal status of Jerusalem".
