

## WHV – International Heritage Camp

### Chhatrapati Shivaji Terminus (formerly Victoria Terminus), India

Cultural property inscribed on the  
World Heritage List since 2004

03/11/2018 – 12/11/2018

The Chhatrapati Shivaji Terminus, formerly known as Victoria Terminus Station, in Mumbai, is an outstanding example of Victorian Gothic Revival architecture in India, blended with themes deriving from Indian traditional architecture. The building, became the symbol of Bombay as the 'Gothic City' and the major international mercantile port of India. It is an outstanding example of the meeting of two cultures, as British architects worked with Indian craftsmen to include Indian architectural tradition and idioms thus forging a new style unique to Bombay.

#### Project objectives:

The project, aiming at multiplying the impact of the first 'Let's Heritage' program implemented in 2017 by the Elixir Foundation at Rani-ki-Vav, aims at promoting heritage preservation among youth and local communities, documenting and spreading examples of active participation, stimulating a sense of responsibility and connecting international and local people with the site management and conservation authorities.

#### Project activities:

The volunteers will organize and take part in different awareness raising actions, from a heritage walk to classes, quizzes, treasure hunts and art performances with local youth, school students and community representatives. They will also organize painting and photo contexts and promote the site and youth involvement in heritage protection across different social media.

#### Partners:

infoAnalytica, Global Shapers Community, Government of Maharashtra, Hi-World, Youth Opportunities, Municipal Corporation of Greater Mumbai, St. Xaviers College.
