## UNITED NATIONS EDUCATIONAL, SCIENTIFIC AND CULTURAL ORGANIZATION

### TWENTY-THIRD SESSION OF THE GENERAL ASSEMBLY OF STATES PARTIES TO THE CONVENTION CONCERNING THE PROTECTION OF THE WORLD CULTURAL AND NATURAL HERITAGE

Paris, UNESCO Headquarters  
November 2021

**Item 7 of the Provisional Agenda: Determination of the amount of the contributions to the World Heritage Fund in accordance with the provisions of Article 16 of the World Heritage Convention**

#### SUMMARY

In accordance with Article 16 of the World Heritage Convention, the General Assembly of States Parties to the Convention is invited in the present document to determine the amount of the contributions to the World Heritage Fund in the form of a uniform percentage applicable to all States Parties.

The document also presents the most recent decisions taken by the World Heritage Committee in relation to the sustainability of the World Heritage Fund, as well as the follow-up to Resolution **22 GA 7**.

**Draft Resolution: 23 GA 7, see Part IV.**

## I. DETERMINATION OF THE AMOUNT OF THE STATES PARTIES' CONTRIBUTIONS

1. In accordance with Article 16.1 of the World Heritage Convention, the General Assembly of States Parties to the Convention determines every two years, in the form of a uniform percentage, the amount of contributions to be paid by States Parties to the World Heritage Fund.
2. Article 16.1 of the World Heritage Convention states that “in no case shall the compulsory contribution of States Parties to the Convention exceed 1% of the contribution to the regular budget of the United Nations Educational, Scientific and Cultural Organization” while the assessed voluntary contributions of States Parties “should not be less than the contributions which they should have paid if they had been bound by the provisions of paragraph 1 of this Article.” (Article 16.4).
3. Since the first General Assembly of States Parties in 1976, the percentage used to determine the amount of contributions to be paid by States Parties to the World Heritage Fund has been set by each General Assembly at **1%**, which is the maximum percentage allowed by the text of the Convention. It is proposed to retain this percentage for the financial period 2022-2023.

## II. SUSTAINABILITY OF THE WORLD HERITAGE FUND

4. Over the past years, the sustainability of the World Heritage Fund has been one of the most pressing issues of the World Heritage Convention. The decrease of the Fund by 21% in 2012 has not been compensated yet, while the number of sites inscribed on the World Heritage List continues to grow (+ 20% since 2012). Decisions of the 44<sup>th</sup> session of the World Heritage Committee alone resulted in 34 new sites being inscribed on the World Heritage List. In such a situation, combined with the increasing need for support to States Parties, the supplementary voluntary contributions are helpful but remain largely insufficient. The governing bodies of the Convention at previous sessions have discussed the issue of arrears, which are also detrimental to the sustainability of the World Heritage Fund (see also Part III below).
5. In the meantime, the World Heritage Committee has envisaged various ways of increasing the resources of the World Heritage Fund. Considering the need for a holistic, integrated and long-term line of action in this regard, the World Heritage Committee adopted a “Roadmap for Sustainability of the World Heritage Fund” in 2017<sup>1</sup> (Decision **41 COM 14**). Designed by the ad hoc working group 2016-2017, it integrates a set of complementary short-, medium-, and long-term actions to be implemented in a phased timeline.
6. Reporting on the results of the short-term actions (3-year time-span, 2018-2020) set in this Roadmap was made to the Committee at its extended 44th session in 2021. These results are limited: a third of the projects publicised on the “MarketPlace” have found donors; half of the target of 10 States Parties doubling their assessed contributions has been reached; around US\$ 19,000 have been provided by World Heritage sites. No additional human resources have been made available for fundraising; no State Party has provided in-kind/pro-bono consultancy, communication advice, etc. The mapping of advisory services inspired the cost-sharing model<sup>2</sup> for the evaluation of nominations which led to the Decision **43 COM 14** regarding the creation of the corresponding sub-account late 2019; this resulted in the receipt of US\$ 214,269 in 18 months, which is far from the amount of that could be theoretically expected (i.e. more than US\$ 800,000).

---

<sup>1</sup> The Roadmap can be found at <https://whc.unesco.org/en/decisions/6944/>

<sup>2</sup> See document WHC/18/42.COM/12A, Annex E at <http://whc.unesco.org/en/sessions/42COM/documents/>

7. On the other hand, the implementation of the four-year “Resource Mobilization and Communication (RMC) Plan” (2018-2021) in the framework of the “Resource mobilization and communication strategy” Framework document adopted by the Committee at its 42<sup>nd</sup> session (Manama, 2018 – see Decision **42 COM 14**, paragraph 16) gave encouraging results over its first 3 years: the target of US\$ 750,000 for the World Heritage Fund was reached whereas the target for extrabudgetary funds was largely exceeded. This demonstrates that “classical” fund raising with bilateral donors (mostly States Parties and the European Union) has remained effective, although with its usual shortcomings (unpredictability, lack of flexibility, funding limited to certain countries / topics / regions). The preference of donors for earmarked funding is not limited to the field of extrabudgetary resources: even under the World Heritage Fund, in 2018-2020 the contributions towards specific activities, i.e. not directly under the governance of the General Assembly and/or the Committee, represent US\$ 11,524,710 against US\$ 1,210,619 for lightly or non-earmarked contributions. The issue of attractiveness of lightly or non-earmarked schemes is not specific to the World Heritage Convention but rather concerns UNESCO as a whole and as such is addressed as part of the Structured Financing Dialogue initiated in the Organization in 2016. Any solution to increase lightly or non-earmarked funding will thus need to align with those of the Organization as a whole.
8. Finally, the sustainability of the World Heritage Fund has been a key issue in the final discussions on the set up of the reform of the nomination process. This reform entails the introduction of a first phase referred to as “Preliminary Assessment”, in addition to the current mechanism (as described in paragraph 128 of the Operational Guidelines) which will become a second phase. The reform has been adopted by the Committee at its extended 44<sup>th</sup> session in 2021 (Decisions **44 COM 11**, paragraph 6 and **44 COM 12**, paragraph 7). However, the sustainable funding of the Preliminary Assessment (i.e. the phase 1 one of the nomination process which will become mandatory in 2027) remains an open issue which will be dealt with by the next ad hoc working group (see Decision **44 COM 11**, paragraph 7). In addition to its mandate related to the Preliminary Assessment, the group has also been given the task of presenting concrete proposals on the long-term financial sustainability of funding under the World Heritage Convention as well as on the transparency, efficiency and potential cost savings on the use of the Convention’s financial resources (see Decision **44 COM 14**, paragraph 21). It will submit its report and recommendations to the 45<sup>th</sup> session of the Committee. The 44<sup>th</sup> session of the World Heritage Committee also decided to use 40% of the funds available in the sub-account for the evaluation of the nomination to fund the Preliminary Assessment activities in 2023 (Decision **44 COM 14**).

### III. FOLLOW-UP TO RESOLUTION 22 GA 7

9. By its Resolution **22 GA 7**, paragraph 9, the General Assembly of States Parties requested “the Secretariat to address a letter to all States Parties which are in arrears with the payment of their compulsory or voluntary contributions for the current year and the three calendar years immediately preceding it of an amount exceeding 50,000 USD, inviting them to make their payment, asking them whether a plan of payment would facilitate the settlement of their arrears, and urging them to provide a prompt answer”.
10. In paragraph 6 of the same Resolution **22 GA 7**, it also requested “the Secretariat to include the total amount of the (advance) assessed contributions for all States Parties”.
11. Pursuant to paragraph 9 of Resolution **22 GA 7**, letters of reminders were sent to five States Parties that were late in the payment of their compulsory and voluntary contributions for an amount exceeding 50,000 USD in the year of the 22e session of the General Assembly and the three years immediately preceding it. In accordance with the Resolution, they were invited to make their payment and were offered the possibility of

putting in place a plan of payment if this were to facilitate the settlement. No replies have been received to date.

12. In response to paragraph 6 of Resolution **22 GA 7**, the status of the assessed contributions for all States parties has been included as an annex to this document.
13. The follow-up to paragraph 11 of Resolution **22 GA 7** about the possible measures concerning arrears, including with respect to the examination of nominations, is presented in Document WHC/21/23.GA/8.

#### **IV. DRAFT RESOLUTION**

##### **Draft Resolution: 23 GA 7**

*The General Assembly,*

1. *Having examined Documents WHC/21/23.GA/7 and WHC/21/23.GA/INF.7,*
2. *Recalling Article 16 of the World Heritage Convention,*
3. *Decides to set the percentage for the calculation of the amount of the contributions to be paid to the World Heritage Fund by States Parties for the financial period 2022-2023 at 1% of their contributions to the regular budget of UNESCO;*
4. *Emphasizing the urgency of securing adequate financial resources to achieve the objectives of the World Heritage Convention to identify and conserve the world's cultural and natural heritage of Outstanding Universal Value, in particular in light of the 2030 Agenda for sustainable development and the unprecedented threats such as climate change, natural disasters, and deliberate attacks on cultural heritage in territories affected by armed conflicts and terrorism,*
5. *Notes the status of compulsory and voluntary contributions to the World Heritage Fund as presented in Document WHC/21/23.GA/INF.7;*
6. *Recalls, in this regard, that the payment of assessed annual contributions to the World Heritage Fund is a legal obligation incumbent on all States Parties which have ratified the Convention;*
7. *Reiterates the plea of the World Heritage Committee to States Parties to the Convention to pay their annual contributions by 31 January wherever possible in order to facilitate the timely implementation of the activities financed by the World Heritage Fund;*
8. *Takes note of Decision **44 COM 14** of the World Heritage Committee on the sustainability of the World Heritage Fund;*
9. *Invites States Parties to provide supplementary voluntary contributions to the various sub-accounts of the World Heritage Fund.*
