The 2011 UNESCO Recommendation on the Historic Urban Landscape

ANNEX III

UNESCO World Heritage Centre, Paris
Consolidated Results of the Third Member States Consultation on the Implementation of the 2011 Recommendation on the Historic Urban Landscape

Documentation of responses received from national and local level authorities towards the

National and Local Level Surveys held in 2022
List of Graphs

Graph 1.4 A1: Breakdown of responses from Member States across regions for measures in place in their country, to ensure that historic urban areas are adequately protected

Graph 1.4 A2: Responses from Member States for measures in place in their country, to ensure that historic urban areas are adequately protected

Graph 1.6 A1: Regional breakdown of responses by Member States on prevalence of national policies to integrate a culture-based approach into urban development in historic urban areas

Graph 1.6 A2: Prevalence of national policies to integrate a culture-based approach into urban development in historic urban areas across Member States

Graph 1.7: Regional breakdown of responses on whether historic urban areas in the country are required to have heritage management plans or other formal mechanisms

Graph 1.8 A1: Regional breakdown of responses by Member States for steps taken in their country to implement the 2011 HUL Recommendation

Graph 1.8 A2: Steps taken by Member States in their country to implement the 2011 HUL Recommendation

Graph 1.1 B1: Regional breakdown of responses from cities on whether historic urban areas in their city/settlement are protected

Graph 1.3 B1: Overview of responses on measures for the protection of historic urban areas

Graph 1.3 B2: Regional breakdown of responses on measures for the protection of historic urban areas

Graph 1.5 B1: Regional breakdown of responses on policies to conserve urban heritage

Graph 1.5 B2: Overview of responses on policies to conserve urban heritage

Graph 1.6 B1: Regional breakdown of responses on heritage management plans that apply in the case of historic urban areas in their cities/settlements

Graph 1.6 B2: Overview of responses on heritage management plan adopted

Graph 2.1 A1: Regional breakdown of responses for attributes, properties, and components in urban areas that are subject to inventory, mapping, or assessment

Graph 2.1 A2: Responses from Member States across regions on attributes, properties, and components that are subject to inventory, mapping, or assessment.

Graph 2.5 A1: Regional breakdown of responses by Member States on measures in place among their country to safeguard traditional building techniques and practices

Graph 2.5 A2: Overview of responses across regions for measures in place in their country to safeguard traditional building techniques and practices

Graph 2.6 A1: Regional breakdown of responses by Member States on whether building permits for new constructions, demolitions, or modifications to existing structures in historic urban areas have to be reviewed by heritage authorities.
Graph 2.7 A1: Regional breakdown of responses by Member States on whether building permits for new constructions, demolitions, or modifications to existing structures in historic urban areas have to be reviewed by heritage authorities.

Graph 2.7 A2: Global overview of whether building permits for new constructions, demolitions, or modifications to existing structures in historic urban areas have to be reviewed by heritage authorities.

Graph 2.8 A1: Regional breakdown of responses by Member States on how conservation and management of living heritage elements is ensured in historic urban areas

Graph 2.8 A2: Overview of responses to how conservation and management of living heritage elements is ensured in historic urban areas

Graph 2.1 B1: Regional breakdown of responses from cities on measures used in cities for promoting local building construction techniques, practitioners and local building materials.

Graph 2.1 B2: Overview of responses at the local level on measures used in cities for promoting local building construction techniques, practitioners and local building materials.

Graph 2.2 B1: Regional breakdown of attributes of urban heritage in city/settlement that are inventoried

Graph 2.2 B1: Overview of responses from cities on attributes of urban heritage in city/settlement that are inventoried in their city/settlement

Graph 2.4 B1: Responses from cities on policies, regulations, and guidance in place in their city or settlement to support the integration of contemporary interventions and new developments into historic urban areas to be compatible with the urban heritage.

Graph 2.6 B1: Region wise responses from cities to aspects included in building regulations to ensure compatibility of new constructions and modifications with the attributes of urban heritage

Graph 2.6 B2: Overview of responses from cities to aspects included in building regulations to ensure compatibility of new constructions and modifications with the attributes of urban heritage.

Graph 2.7 B1: Breakdown of responses from cities on projects and initiatives carried out in the historic urban areas of their city/settlement

Graph 2.7 B2: Overview of responses from cities on projects and initiatives carried out in the historic urban areas of their city/settlement

Graph 2.8 B1: Breakdown of responses on aspects that apply to the management of living heritage elements (such as music, dance, processions, festivals) in historic urban areas in your city/settlement

Graph 2.8 B2: Overview of responses on aspects that apply to the management of living heritage elements (such as music, dance, processions, festivals) in historic urban areas in your city/settlement

Graph 3.1 A1: Breakdown of responses from Member States across regions on measures in place to ensure a people-centred and inclusive approach to managing historic urban areas

Graph 3.1 A2: Overview of responses from Member States on measures in place to ensure a people-centred and inclusive approach to managing historic urban areas

Graph 3.2 A1: Breakdown of responses from Member States on the management of historic urban areas in their country

Graph 3.2 A2: Overview of responses from Member States on the management of historic urban areas in their country
Graph 3.2 B1: Breakdown of responses from cities on groups that participate in preparing plans and decisions regarding conservation and development programmes including heritage management plans and new development projects

Graph 3.2 B2: Breakdown of responses from cities on groups that participate in preparing plans and decisions regarding conservation and development programmes including heritage management plans and new development projects

Graph 3.3 B1: Breakdown of responses from cities on how stakeholders participate in conservation and development programmes and decisions in their city / settlement

Graph 3.3 B2: Overview of responses from cities on how stakeholders participate in conservation and development programmes and decisions in their city / settlement

Graph 3.4 B1: Breakdown of responses from cities on policies or programmes in place to ensure social inclusion and people-centred spaces

Graph 3.4 B2: Overview of responses from cities on policies or programmes in place to ensure social inclusion and people-centred spaces

Graph 3.5 B1: Breakdown of responses from cities on how younger generations encouraged to engage with heritage in their city

Graph 3.5 B2: Overview of responses from cities on how younger generations encouraged to engage with heritage in their city

Graph 4.1 A1: Regional breakdown of responses on measures in place to support conservation and sustainable urban development in historic urban areas at the national level

Graph 4.1 A2: Overview of responses from Member States on measures in place to support conservation and sustainable urban development in historic urban areas at the national level

Graph 4.2 A1: Regional breakdown of responses on measures in place to support conservation and sustainable urban development in historic urban areas at the national level

Graph 4.2 A2: Overview of responses on measures in place to support conservation and sustainable urban development in historic urban areas at the national level

Graph 4.1 B1: Regional breakdown of responses from cities on policies or programmes which are in place in their city/settlement to ensure inclusive and equitable economic benefits

Graph 4.1 B2: Overview of responses from cities on policies or programmes which are in place in their city/settlement to ensure inclusive and equitable economic benefits

Graph 4.2 B1: Regional breakdown of responses from cities on financial tools, instruments, or policies in place at the local level

Graph 4.2 B2: Overview of responses from cities across regions on financial tools, instruments, or policies in place

Graph 4.3 B1: Responses from cities on means through which they have supported major conservation / revitalization / regeneration activity

Graph 4.3 B2: Overview of responses from cities across regions on how they have supported major conservation / revitalization / regeneration activity

Graph 4.4 B1: Regional breakdown of responses from cities on whether they have policies or programmes to promote and support traditional artisans and safeguard their skills, including in the context of the COVID-19 pandemic.
Graph 4.5 B1:Regional breakdown of responses from cities on whether they have policies or programmes to promote micro-, small- and medium-sized cultural enterprises in historic urban areas

Graph 5.1 A1:Regional breakdown of responses from Member States on measures in place for implementation of international conventions and recommendations

Graph 5.1 A2:Overview of responses from Member States on measures in place for implementation of international conventions and recommendations

Graph 5.2 A1:Regional breakdown of responses from Member States on policies and tools which are used to promote mainstreaming of sustainable development in historic urban areas

Graph 5.2 A2:Overview of responses from Member States on policies and tools which are used to promote mainstreaming of sustainable development in historic urban areas

Graph 5.3 A1:Regional breakdown of responses on measures in place for protection of water bodies, wells, marshlands, and urban green areas in and around historic urban areas

Graph 5.3 A2:Overview of responses from Member States on measures in place for protection of water bodies, wells, marshlands, and urban green areas in and around historic urban areas

Graph 5.4 A1:Regional breakdown of responses on measures in place to promote ecological sustainability, energy transition and climate action in historic urban areas

Graph 5.4 A2:Overview of responses from Member States on measures in place to promote ecological sustainability, energy transition and climate action in historic urban areas

Graph 5.5 B1:Overview of responses from cities on impacts of climate change that affect urban heritage

Graph 5.2 B1:Overview of responses from cities on whether they have a climate change adaptation strategy for the city/settlement (or region) that includes the historic urban area

Graph 5.3 B1:Overview of responses from cities on whether they have mitigation or adaptation strategies in response to Climate Change to diminish their impact on urban heritage

Graph 5.4 B1:Overview of responses from cities on whether their city/settlement has a Disaster Risk Reduction strategy as part of the management plan of the historic urban area or does the city/settlement have one that includes the historic urban area

Graph 5.5 B1:Regional breakdown of responses from cities on measures in place regarding sustainable tourism

Graph 5.5 B2:Overview of responses from cities on measures in place with regard to sustainable tourism

Graph 5.6 B1:Regional breakdown of responses from cities on whether they carry out impact assessments, assessment reviews for climate change and disaster risk

Graph 5.6 B2:Overview of responses from cities on whether they carry out impact assessments, assessment reviews for climate change and disaster risk

Graph 5.7 B1:Regional breakdown of responses from cities on policies, regulations, or programmes are in place in your city/historic urban area

Graph 5.7 B2:Overview of responses from cities on policies, regulations, or programmes are in place in their city/historic urban area
Consolidated Results of the Third Member States Consultation on the Implementation of the 2011 Recommendation on the Historic Urban Landscape

Graph 5.8 B1: Regional breakdown of responses from cities by region on initiatives which have been carried out in their city / settlement to make the historic urban area more sustainable

Graph 5.8 B2: Overview of responses from cities on initiatives which have been carried out in their city / settlement to make the historic urban area more sustainable

Graph 6.1 A1: Regional breakdown of responses from the Member States on steps taken in their country to develop knowledge and support capacity building related to the 2011 Recommendation

Graph 6.1 A2: Overview of responses from Member States on steps taken in their country to develop knowledge and support capacity building related to the 2011 Recommendation

Graph 6.2 A1: Regional breakdown of responses from regions on digital tools used in historic urban areas in that country

Graph 6.2 A2: Overview of responses from Member States on digital tools used in historic urban areas in that country

Graph 6.4 A1: Regional breakdown of responses from regions on platforms / activities they engaged with in the context of urban heritage management

Graph 6.4 A2: Overview of responses from Member States on platforms / activities they engaged with in the context of urban heritage management

Graph 6.1 B1: Regional breakdown of responses from cities on whether they had access to any guidance on HUL in their respective national language

Graph 6.2 B1: Regional breakdown of responses from cities on training and educational approaches being used to promote the 2011 HUL Recommendation approach in their city / settlement

Graph 6.2 B2: Overview of responses from cities on training and educational approaches being used to promote the 2011 Recommendation approach in their city / settlement

Graph 6.3 B1: Regional breakdown of responses from cities on types of educational programmes available to youth on urban heritage and the HUL Recommendation

Graph 6.3 B2: Overview of responses from cities on types of educational programmes available to youth on urban heritage and the HUL Recommendation

Graph 6.4 B1: Regional breakdown of responses from cities on whether any research on the approach or implementation of the 2011 HUL Recommendation related to their city/urban area has been carried out by academic institutes or other research institutes

Graph 6.5 B1: Regional breakdown of responses to which digital tools are used by cities to support the implementation of the 2011 HUL Recommendation approach

Graph 6.5 B2: Overview of responses to digital tools used by cities to support the implementation of the 2011 Recommendation approach

Graph 6.6 B1: Regional breakdown of responses from cities on participation in activities, events and dialogues related to urban heritage

Graph 6.6 B2: Overview of responses from cities on participation in activities, events and dialogues related to urban heritage
1.0 GOVERNANCE AND PLANNING
Responses to National Level Survey
1.4 Which of the following measures are in place to ensure that historic urban areas are adequately protected?

**Graph 1.4 A1:** Breakdown of responses from Member States across regions for measures in place in their country, to ensure that historic urban areas are adequately protected.

**Graph 1.4 A2:** Responses from Member States for measures in place in their country, to ensure that historic urban areas are adequately protected.
1.6 Are there national policies to integrate a culture-based approach into urban development in historic urban areas?

Graph 1.6 A1: Regional breakdown of responses by Member States on prevalence of national policies to integrate a culture-based approach into urban development in historic urban areas

Graph 1.6 A2: Prevalence of national policies to integrate a culture-based approach into urban development in historic urban areas across Member States
1.7 Are all historic urban areas in your country required to have heritage management plans or other formal management mechanisms?

Graph 1.7: Regional breakdown of responses on whether historic urban areas in the country are required to have heritage management plans or other formal mechanisms

1.8 Which of the following steps have been taken in your country to implement the 2011 HUL Recommendation?

Graph 1.8 A1: Regional breakdown of responses by Member States for steps taken in their country to implement the 2011 HUL Recommendation
Graph 1.8 A2: Steps taken by Member States in their country to implement the 2011 HUL Recommendation
Responses to Local Level Survey
1.1 Is the historic urban area(s) in your city / settlement classified / registered / listed / protected?

Graph 1.1 B1: Regional breakdown of responses from cities on whether historic urban areas in their city/ settlement are protected
1.3 Which of the following measures are in place to ensure that historic urban areas are adequately protected?

Graph 1.3 B1: Overview of responses on measures for the protection of historic urban areas

Graph 1.3 B2: Regional breakdown of responses on measures for the protection of historic urban areas
1.5 Which of the following policies are in place to support conservation of urban heritage in your city / settlement?

**Graph 1.5 B1: Regional breakdown of responses on policies to conserve urban heritage**

- **To protect the urban fabric around monuments**
- **To protect water bodies (such as historical lakes, canals, ponds and wells)**
- **To protect historic public spaces**
- **To ensure heritage protection in development planning**
- **Related to COVID-19 pandemic recovery and resilience**
- **Other**

**Graph 1.5 B2: Overview of responses on policies to conserve urban heritage**
1.6 Which of the following statements about heritage management plans apply in the case of the historic urban area(s) in your city / settlement?

Graph 1.6 B1: Regional breakdown of responses on heritage management plans that apply in the case of historic urban areas in their cities/ settlements

Graph 1.6 B2: Overview of responses on heritage management plan adopted
2.0 URBAN HERITAGE AND LAYERING
Responses to National Level Survey
2.1 Please indicate which of the following attributes, properties, and components in urban areas in your country are subject to inventory, mapping, or assessment

Graph 2.1 A1: Regional breakdown of responses for attributes, properties, and components in urban areas that are subject to inventory, mapping, or assessment

Graph 2.1 A2: Responses from Member States across regions on attributes, properties, and components that are subject to inventory, mapping, or assessment.
2.5 Which of the following measures are in place in your country in order to safeguard traditional building techniques and practices, especially those that might be disappearing or diminishing?

Graph 2.5 A1: Regional breakdown of responses by Member States on measures in place among their country to safeguard traditional building techniques and practices

Graph 2.5 A2: Overview of responses across regions for measures in place in their country to safeguard traditional building techniques and practices
2.6 Do building permits for any new constructions, demolitions, or modifications to existing structures in historic urban areas have to be reviewed by heritage authorities?

Graph 2.6 A1: Regional breakdown of responses by Member States on whether building permits for new constructions, demolitions, or modifications to existing structures in historic urban areas have to be reviewed by heritage authorities.
2.7 In relation to new constructions, demolitions or modifications to existing structures in historic urban areas, please indicate the aspects where authorities ensure compliance with building regulations before issuing building permits

Graph 2.7 A1: Regional breakdown of responses by Member States on whether building permits for new constructions, demolitions, or modifications to existing structures in historic urban areas have to be reviewed by heritage authorities.

Graph 2.7 A2: Global overview of whether building permits for new constructions, demolitions, or modifications to existing structures in historic urban areas have to be reviewed by heritage authorities.
2.8 How is the conservation and management of living heritage elements ensured in historic urban areas

Graph 2.8 A1: Regional breakdown of responses by Member States on how conservation and management of living heritage elements is ensured in historic urban areas

Graph 2.8 A2: Overview of responses to how conservation and management of living heritage elements is ensured in historic urban areas
Responses to Local Level Survey
2.1 Which of the following are being used in your city/settlement

Graph 2.1 B1: Regional breakdown of responses from cities on measures used in cities for promoting local building construction techniques, practitioners and local building materials.

Graph 2.1 B2: Overview of responses at the local level on measures used in cities for promoting local building construction techniques, practitioners and local building materials.
2.2 Please indicate which of the following attributes of urban heritage in your city/settlement are inventoried

Graph 2.2 B1: Regional breakdown of attributes of urban heritage in city/settlement that are inventoried

Graph 2.2 B2: Overview of responses from cities on attributes of urban heritage in city/settlement that are inventoried in their city/settlement
2.4 Do building permits for any new constructions, demolitions, or modifications to existing structures in the historic urban area have to be reviewed by the local heritage authority?

Graph 2.4 B1: Responses from cities on policies, regulations, and guidance in place in their city or settlement to support the integration of contemporary interventions and new developments into historic urban areas to be compatible with the urban heritage.
2.6 Please indicate what aspects are included in building regulations applicable to the historic urban areas to ensure the compatibility of new constructions and modifications with the attributes of urban heritage:

Graph 2.6 B1: Region wise responses from cities to aspects included in building regulations to ensure compatibility of new constructions and modifications with the attributes of urban heritage.

Graph 2.6 B2: Overview of responses from cities to aspects included in building regulations to ensure compatibility of new constructions and modifications with the attributes of urban heritage.
2.7 Please indicate which of the following projects and initiatives have been carried out in the historic urban area of your city-settlement

Graph 2.7 B1: Breakdown of responses from cities on projects and initiatives carried out in the historic urban areas of their city-settlement

Graph 2.7 B2: Overview of responses from cities on projects and initiatives carried out in the historic urban areas of their city-settlement
2.8 Please indicate which of the statements below apply to the management of living heritage elements (such as music, dance, processions, festivals) in historic urban areas in your city/settlement

Graph 2.8 B1: Breakdown of responses on aspects that apply to the management of living heritage elements (such as music, dance, processions, and festivals) in historic urban areas in your city/settlement

Graph 2.8 B2: Overview of responses on aspects that apply to the management of living heritage elements (such as music, dance, processions, festivals) in historic urban areas in your city/settlement
3.0 INCLUSION AND PARTICIPATION
Responses to National Level Survey
3.1 Please indicate which of the following are in place in your country to ensure a people centred and inclusive approach to managing historic urban areas

Graph 3.1 A1: Breakdown of responses from Member States across regions on measures in place to ensure a people-centred and inclusive approach to managing historic urban areas

Graph 3.1 A2: Overview of responses from Member States on measures in place to ensure a people-centred and inclusive approach to managing historic urban areas
3.2 Please indicate which of the following statements apply to the management of historic urban areas in your country

Graph 3.2 A1: Breakdown of responses from Member States on the management of historic urban areas in their country

Graph 3.2 A2: Overview of responses from Member States on the management of historic urban areas in their country
Responses to Local Level Survey
3.2 Which groups participate in preparing plans and decisions regarding conservation and development programmes including heritage management plans and new development projects?

Graph 3.2 B1: Breakdown of responses from cities on groups that participate in preparing plans and decisions regarding conservation and development programmes including heritage management plans and new development projects

Graph 3.2 B2: Breakdown of responses from cities on groups that participate in preparing plans and decisions regarding conservation and development programmes including heritage management plans and new development projects
3.3 How do stakeholders participate in conservation and development programmes and decisions in your city / settlement?

Graph 3.3 B1: Breakdown of responses from cities on how stakeholders participate in conservation and development programmes and decisions in their city / settlement

Graph 3.3 B2: Overview of responses from cities on how stakeholders participate in conservation and development programmes and decisions in their city / settlement
3.4 Which of the following policies or programmes are in place to ensure social inclusion and people-centred spaces?

Graph 3.4 B1: Breakdown of responses from cities on policies or programmes in place to ensure social inclusion and people-centred spaces

Graph 3.4 B2: Overview of responses from cities on policies or programmes in place to ensure social inclusion and people-centred spaces
3.5 How are younger generations encouraged to engage with heritage in your city?

Graph 3.5 B1: Breakdown of responses from cities on how younger generations encouraged to engage with heritage in their city

Graph 3.5 B2: Overview of responses from cities on how younger generations encouraged to engage with heritage in their city
4.0 INCLUSIVE ECONOMIC BENEFITS
Responses to National Level Survey
4.1 Which of the following measures are in place in your country to support conservation and sustainable urban development in historic urban areas?

Graph 4.1 A1: Regional breakdown of responses on measures in place to support conservation and sustainable urban development in historic urban areas at the national level

Graph 4.1 A2: Overview of responses from Member States on measures in place to support conservation and sustainable urban development in historic urban areas at the national level
4.2 Which of the following measures are in place in your country to promote a diversity of cultural entrepreneurs and livelihoods in historic urban areas

Graph 4.2 A1: Regional breakdown of responses on measures in place to support conservation and sustainable urban development in historic urban areas at the national level

Graph 4.2 A2: Overview of responses on measures in place to support conservation and sustainable urban development in historic urban areas at the national level
Responses to Local Level Survey
4.1 Which of the following policies or programmes are in place in your city/settlement to ensure inclusive and equitable economic benefits?

Graph 4.1 B1: Regional breakdown of responses from cities on policies or programmes which are in place in their city/settlement to ensure inclusive and equitable economic benefits

Graph 4.1 B2: Overview of responses from cities on policies or programmes which are in place in their city/settlement to ensure inclusive and equitable economic benefits
4.2 Do you have any financial tools, instruments, or policies in place for the following aims?

Graph 4.2 B1: Regional breakdown of responses from cities on financial tools, instruments, or policies in place at the local level

Graph 4.2 B2: Overview of responses from cities across regions on financial tools, instruments, or policies in place
4.3 How has your city / settlement supported major conservation / revitalization / regeneration activity?

**Graph 4.3 B1: Responses from cities on means through which they have supported major conservation / revitalization / regeneration activity**

**Graph 4.3 B2: Overview of responses from cities across regions on how they have supported major conservation / revitalization / regeneration activity**
4.4 Does your city/settlement have policies or programmes to promote and support traditional artisans and safeguard their skills, including in the context of the COVID-19 pandemic?

Graph 4.4 B1: Regional breakdown of responses from cities on whether they have policies or programmes to promote and support traditional artisans and safeguard their skills, including in the context of the COVID-19 pandemic
4.5 Does your city/settlement have policies or programmes to promote micro-, small- and medium-sized cultural enterprises in historic urban areas (for example, small loans or micro-credit)?

Graph 4.5 B1: Regional breakdown of responses from cities on whether they have policies or programmes to promote micro-, small- and medium-sized cultural enterprises in historic urban areas.
5.0 SUSTAINABLE DEVELOPMENT AND CLIMATE RESILIENCE
Responses to National Level Survey
5.1 Please indicate which of the following measures have been taken in your country?

Graph 5.1 A1: Regional breakdown of responses from Member States on measures in place for implementation of international conventions and recommendations

Graph 5.1 A2: Overview of responses from Member States on measures in place for implementation of international conventions and recommendations
5.2 Please indicate which of the following policies and tools are used to promote mainstreaming of sustainable development in historic urban areas

Graph 5.2 A1: Regional breakdown of responses from Member States on policies and tools which are used to promote mainstreaming of sustainable development in historic urban areas

Graph 5.2 A2: Overview of responses from Member States on policies and tools which are used to promote mainstreaming of sustainable development in historic urban areas
5.3 Please indicate which of the following policies / measures are in place with regard to water bodies including wells, marshlands, and urban green areas within and around the historic urban areas:

Graph 5.3 A1: Regional breakdown of responses on measures in place for protection of water bodies, wells, marshlands, and urban green areas in and around historic urban areas
5.4 Please indicate which of the following policies or measures are in place to promote ecological sustainability, energy transition, and climate action in historic urban areas

Graph 5.4 A1: Regional breakdown of responses on measures in place to promote ecological sustainability, energy transition and climate action in historic urban areas

Graph 5.4 A2: Overview of responses from Member States on measures in place to promote ecological sustainability, energy transition and climate action in historic urban areas
Responses to Local Level Surveys
5.1 Is your city/settlement experiencing any impact of climate change that affects urban heritage?

Graph 5.1 B1: Overview of responses from cities on impacts of climate change that affect urban heritage
5.2 Do you have a climate change adaptation strategy for the city/settlement (or region) that includes the historic urban area?

Graph 5.2 B1: Overview of responses from cities on whether they have a climate change adaptation strategy for the city/settlement (or region) that includes the historic urban area.
5.3 Does your city/settlement have mitigation or adaptation strategies in response to Climate Change to reduce its impact on urban heritage?

Graph 5.3 B1: Overview of responses from cities on whether they have mitigation or adaptation strategies in response to Climate Change to diminish their impact on urban heritage
5.4 Do you have a Disaster Risk Reduction strategy as part of the management plan of the historic urban area or does the city / settlement have one that includes the historic urban area?

Graph 5.4 B1: Overview of responses from cities on whether their city/ settlement has a Disaster Risk Reduction strategy as part of the management plan of the historic urban area or does the city / settlement have one that includes the historic urban area.
5.5 Which measures are in place with regards to sustainable tourism in your city?

**Graph 5.5 B1: Regional breakdown of responses from cities on measures in place regarding sustainable tourism**

**Graph 5.5 B2: Overview of responses from cities on measures in place with regard to sustainable tourism**
5.6 Is the historic urban area(s) in your city / settlement classified / registered / listed / protected?

Graph 5.6 B1: Regional breakdown of responses from cities on whether they carry out impact assessments, assessment reviews for climate change and disaster risk

Graph 5.6 B2: Overview of responses from cities on whether they carry out impact assessments, assessment reviews for climate change and disaster risk
5.7 Which of the following policies, regulations, or programmes are in place in your city / historic urban area?

Graph 5.7 B1: Regional breakdown of responses from cities on policies, regulations, or programmes are in place in your city / historic urban area
Graph 5.7 B2: Overview of responses from cities on policies, regulations, or programmes are in place in their city/historic urban area.
5.8 Which of the following initiatives have been carried out in your city / settlement to make the historic urban area more sustainable?

Graph 5.8 B1: Regional breakdown of responses from cities by region on initiatives which have been carried out in their city / settlement to make the historic urban area more sustainable

Graph 5.8 B2: Overview of responses from cities on initiatives which have been carried out in their city / settlement to make the historic urban area more sustainable
6.0 KNOWLEDGE AND CAPACITY BUILDING
6.1 Please indicate which of the following steps have been taken in your country to develop knowledge and support capacity building related to the 2011 HUL Recommendation

Graph 6.1 A1: Regional breakdown of responses from the Member States on steps taken in their country to develop knowledge and support capacity building related to the 2011 Recommendation

Graph 6.1 A2: Overview of responses from Member States on steps taken in their country to develop knowledge and support capacity building related to the 2011 Recommendation
6.2 Please indicate which of the following digital tools have been used in historic urban areas in your country

**Graph 6.2 A1:** Regional breakdown of responses from regions on digital tools used in historic urban areas in that country

**Graph 6.2 A2:** Overview of responses from Member States on digital tools used in historic urban areas in that country
6.4 Which of the following platforms / activities have you engaged with in the context of urban heritage management?

Graph 6.4 A1: Regional breakdown of responses from regions on platforms / activities they engaged with in the context of urban heritage management

Graph 6.4 A2: Overview of responses from Member States on platforms / activities they engaged with in the context of urban heritage management
Responses to Local Level Survey
6.1 Have you had access to any guidance on HUL in your national language?

Graph 6.1 B1: Regional breakdown of responses from cities on whether they had access to any guidance on HUL in their respective national language.
Q6.2 What kind of training and educational approaches are being used to promote the 2011 HUL Recommendation approach in your city / settlement?

Graph 6.2 B1: Regional breakdown of responses from cities on training and educational approaches being used to promote the 2011 HUL Recommendation approach in their city / settlement

Graph 6.2 B2: Overview of responses from cities on training and educational approaches being used to promote the 2011 Recommendation approach in their city / settlement
6.3 What educational programmes are available to youth on urban heritage and the HUL Recommendation?

Graph 6.3 B1: Regional breakdown of responses from cities on types of educational programmes available to youth on urban heritage and the HUL Recommendation

Graph 6.3 B2: Overview of responses from cities on types of educational programmes available to youth on urban heritage and the HUL Recommendation
6.4 Has any research on the approach or implementation of the 2011 HUL Recommendation related to your city/urban area been carried out by academic institutes or other research institutes?

Graph 6.4 B1: Regional breakdown of responses from cities on whether any research on the approach or implementation of the 2011 HUL Recommendation related to their city/urban area has been carried out by academic institutes or other research institutes.
6.5 Which of the following digital tools are used to support the implementation of the 2011 HUL Recommendation approach?

Graph 6.5 B1: Regional breakdown of responses to which digital tools are used by cities to support the implementation of the 2011 HUL Recommendation approach

Graph 6.5 B2: Regional breakdown of responses to which digital tools are used by cities to support the implementation of the 2011 HUL Recommendation approach
