CONVENTION CONCERNING THE
PROTECTION OF THE WORLD CULTURAL
AND NATURAL HERITAGE

Adopted by the General Conference at its seventeenth session
Paris, 16 November 1972
CONVENTION CONCERNING THE PROTECTION
OF THE WORLD CULTURAL AND NATURAL HERITAGE

The General Conference of the United Nations Educational, Scientific and Cultural Organization meeting in Paris from 17 October to 21 November 1972, at its seventeenth session,

Noting that the cultural heritage and the natural heritage are increasingly threatened with destruction not only by the traditional causes of decay, but also by changing social and economic conditions which aggravate the situation with even more formidable phenomena of damage or destruction,

Considering that deterioration or disappearance of any item of the cultural or natural heritage constitutes a harmful impoverishment of the heritage of all the nations of the world,

Considering that protection of this heritage at the national level often remains incomplete because of the scale of the resources which it requires and of the insufficient economic, scientific, and technological resources of the country where the property to be protected is situated,

Recalling that the Constitution of the Organization provides that it will maintain, increase, and diffuse knowledge by assuring the conservation and protection of the world's heritage, and recommending to the nations concerned the necessary international conventions,

Considering that the existing international conventions, recommendations and resolutions concerning cultural and natural property demonstrate the importance, for all the peoples of the world, of safeguarding this unique and irreplaceable property, to whatever people it may belong,

Considering that parts of the cultural or natural heritage are of outstanding interest and therefore need to be preserved as part of the world heritage of mankind as a whole,

Considering that, in view of the magnitude and gravity of the new dangers threatening them, it is incumbent on the international community as a whole to participate in the protection of the cultural and natural heritage of outstanding universal value, by the granting of collective assistance which, although not taking the place of action by the State concerned, will serve as an efficient complement thereto,

Considering that it is essential for this purpose to adopt new provisions in the form of a convention establishing an effective system of collective protection of the cultural and natural heritage of outstanding universal value, organized on a permanent basis and in accordance with modern scientific methods,

Having decided, at its sixteenth session, that this question should be made the subject of an international convention,

Adopts this sixteenth day of November 1972 this Convention.
I. DEFINITION OF THE CULTURAL AND NATURAL HERITAGE

Article 1

For the purpose of this Convention, the following shall be considered as "cultural heritage":

monuments: architectural works, works of monumental sculpture and painting, elements or structures of an archaeological nature, inscriptions, cave dwellings and combinations of features, which are of outstanding universal value from the point of view of history, art or science;

groups of buildings: groups of separate or connected buildings which, because of their architecture, their homogeneity or their place in the landscape, are of outstanding universal value from the point of view of history, art or science;

sites: works of man or the combined works of nature and man, and areas including archaeological sites which are of outstanding universal value from the historical, aesthetic, ethnological or anthropological point of view.

Article 2

For the purposes of this Convention, the following shall be considered as "natural heritage":

natural features consisting of physical and biological formations or groups of such formations, which are of outstanding universal value from the aesthetic or scientific point of view;

generological and physiographical formations and precisely delineated areas which constitute the habitat of threatened species of animals and plants of outstanding universal value from the point of view of science or conservation;

natural sites or precisely delineated natural areas of outstanding universal value from the point of view of science, conservation or natural beauty.

Article 3

It is for each State Party to this Convention to identify and delineate the different properties situated on its territory mentioned in Articles 1 and 2 above.

II. NATIONAL PROTECTION AND INTERNATIONAL PROTECTION OF THE CULTURAL AND NATURAL HERITAGE

Article 4

Each State Party to this Convention recognizes that the duty of ensuring the identification, protection, conservation, presentation and transmission to future generations of the cultural and natural heritage referred to in Articles 1 and 2 and situated on its territory, belongs primarily to that State. It will do all it can to this end, to the utmost of its own resources and, where appropriate, with any international assistance and co-operation, in particular, financial, artistic, scientific and technical, which it may be able to obtain.
**Article 5**

To ensure that effective and active measures are taken for the protection, conservation and presentation of the cultural and natural heritage situated on its territory, each State Party to this Convention shall endeavor, in so far as possible, and as appropriate for each country:

(a) to adopt a general policy which aims to give the cultural and natural heritage a function in the life of the community and to integrate the protection of that heritage into comprehensive planning programmes;

(b) to set up within its territories, where such services do not exist, one or more services for the protection, conservation and presentation of the cultural and natural heritage with an appropriate staff and possessing the means to discharge their functions;

(c) to develop scientific and technical studies and research and to work out such operating methods as will make the State capable of counteracting the dangers that threaten its cultural or natural heritage;

(d) to take the appropriate legal, scientific, technical, administrative and financial measures necessary for the identification, protection, conservation, presentation and rehabilitation of this heritage; and

(e) to foster the establishment or development of national or regional centres for training in the protection, conservation and presentation of the cultural and natural heritage and to encourage scientific research in this field.

**Article 6**

1. Whilst fully respecting the sovereignty of the States on whose territory the cultural and natural heritage mentioned in Articles 1 and 2 is situated, and without prejudice to property right provided by national legislation, the States Parties to this Convention recognize that such heritage constitutes a world heritage for whose protection it is the duty of the international community as a whole to co-operate.

2. The States Parties undertake, in accordance with the provisions of this Convention, to give their help in the identification, protection, conservation and presentation of the cultural and natural heritage referred to in paragraphs 2 and 4 of Article 11 if the States on whose territory it is situated so request.

3. Each State Party to this Convention undertakes not to take any deliberate measures which might damage directly or indirectly the cultural and natural heritage referred to in Articles 1 and 2 situated on the territory of other States Parties to this Convention.

**Article 7**

For the purpose of this Convention, international protection of the world cultural and natural heritage shall be understood to mean the establishment of a system of international co-operation and assistance designed to support States Parties to the Convention in their efforts to conserve and identify that heritage.
III INTERGOVERNMENTAL COMMITTEE FOR THE PROTECTION OF THE WORLD CULTURAL AND NATURAL HERITAGE

Article 8

1. An Intergovernmental Committee for the Protection of the Cultural and Natural Heritage of Outstanding Universal Value, called "the World Heritage Committee", is hereby established within the United Nations Educational, Scientific and Cultural Organization. It shall be composed of 15 States Parties to the Convention, elected by States Parties to the Convention meeting in general assembly during the ordinary session of the General Conference of the United Nations Educational, Scientific and Cultural Organization. The number of States members of the Committee shall be increased to 21 as from the date of the ordinary session of the General Conference following the entry into force of this Convention for at least 40 States.

2. Election of members of the Committee shall ensure an equitable representation of the different regions and cultures of the world.

3. A representative of the International Centre for the Study of the Preservation and Restoration of Cultural Property (Rome Centre), a representative of the International Council of Monuments and Sites (ICOMOS) and a representative of the International Union for Conservation of Nature and Natural Resources (IUCN), to whom may be added, at the request of States Parties to the Convention meeting in general assembly during the ordinary sessions of the General Conference of the United Nations Educational, Scientific and Cultural Organization, representatives of other intergovernmental or non-governmental organizations, with similar objectives, may attend the meetings of the Committee in an advisory capacity.

Article 9

1. The term of office of States members of the World Heritage Committee shall extend from the end of the ordinary session of the General Conference during which they are elected until the end of its third subsequent ordinary session.

2. The term of office of one-third of the members designated at the time of the first election shall, however, cease at the end of the first ordinary session of the General Conference following that at which they were elected; and the term of office of a further third of the members designated at the same time shall cease at the end of the second ordinary session of the General Conference following that at which they were elected. The names of these members shall be chosen by lot by the President of the General Conference of the United Nations Educational, Scientific and Cultural Organization after the first election.

3. States members of the Committee shall choose as their representatives persons qualified in the field of the cultural or natural heritage.

Article 10

1. The World Heritage Committee shall adopt its Rules of Procedure.

2. The Committee may at any time invite public or private organizations or individuals to participate in its meetings for consultation on particular problems.

3. The Committee may create such consultative bodies as it deems necessary for the performance of its functions.
Article 11

1. Every State Party to this Convention shall, in so far as possible, submit to the World Heritage Committee an inventory of property forming part of the cultural and natural heritage, situated in its territory and suitable for inclusion in the list provided for in paragraph 2 of this Article. This inventory, which shall not be considered exhaustive, shall include documentation about the location of the property in question and its significance.

2. On the basis of the inventories submitted by States in accordance with paragraph 1, the Committee shall establish, keep up to date and publish, under the title of "World Heritage List," a list of properties forming part of the cultural heritage and natural heritage, as defined in Articles 1 and 2 of this Convention, which it considers as having outstanding universal value in terms of such criteria as it shall have established. An updated list shall be distributed at least every two years.

3. The inclusion of a property in the World Heritage List requires the consent of the State concerned. The inclusion of a property situated in a territory, sovereignty or jurisdiction over which is claimed by more than one State shall in no way prejudice the rights of the parties to the dispute.

4. The Committee shall establish, keep up to date and publish, whenever circumstances shall so require, under the title of "list of World Heritage in Danger", a list of the property appearing in the World Heritage List for the conservation of which major operations are necessary and for which assistance has been requested under this Convention. This list shall contain an estimate of the cost of such operations. The list may include only such property forming part of the cultural and natural heritage as is threatened by serious and specific dangers, such as the threat of disappearance caused by accelerated deterioration, large-scale public or private projects or rapid urban or tourist development projects; destruction caused by changes in the use or ownership of the land; major alterations due to unknown causes; abandonment for any reason whatsoever; the outbreak or the threat of an armed conflict; calamities and cataclysms; serious fires, earthquakes, landslides; volcanic eruptions; changes in water level, floods and tidal waves. The Committee may at any time, in case of urgent need, make a new entry in the List of World Heritage in Danger and publicize such entry immediately.

5. The Committee shall define the criteria on the basis of which a property belonging to the cultural or natural heritage may be included in either of the lists mentioned in paragraphs 2 and 4 of this article.

6. Before refusing a request for inclusion in one of the two lists mentioned in paragraphs 2 and 4 of this article, the Committee shall consult the State Party in whose territory the cultural or natural property in question is situated.

7. The Committee shall, with the agreement of the States concerned, co-ordinate and encourage the studies and research needed for the drawing up of the lists referred to in paragraphs 2 and 4 of this article.

Article 12

The fact that a property belonging to the cultural or natural heritage has not been included in either of the two lists mentioned in paragraphs 2 and 4 of Article 11 shall in no way be construed to mean that it does not have an outstanding universal value for purposes other than those resulting from inclusion in these lists.
Article 13

1. The World Heritage Committee shall receive and study requests for international assistance formulated by States Parties to this Convention with respect to property forming part of the cultural or natural heritage, situated in their territories, and included or potentially suitable for inclusion in the lists mentioned referred to in paragraphs 2 and 4 of Article 11. The purpose of such requests may be to secure the protection, conservation, presentation or rehabilitation of such property.

2. Requests for international assistance under paragraph 1 of this article may also be concerned with identification of cultural or natural property defined in Articles 1 and 2, when preliminary investigations have shown that further inquiries would be justified.

3. The Committee shall decide on the action to be taken with regard to these requests, determine where appropriate, the nature and extent of its assistance, and authorize the conclusion, on its behalf, of the necessary arrangements with the government concerned.

4. The Committee shall determine an order of priorities for its operations. It shall in so doing bear in mind the respective importance for the world cultural and natural heritage of the property requiring protection, the need to give international assistance to the property most representative of a natural environment or of the genius and the history of the peoples of the world, the urgency of the work to be done, the resources available to the States on whose territory the threatened property is situated and in particular the extent to which they are able to safeguard such property by their own means.

5. The Committee shall draw up, keep up to date and publicize a list of property for which international assistance has been granted.

6. The Committee shall decide on the use of the resources of the Fund established under Article 15 of this Convention. It shall seek ways of increasing these resources and shall take all useful steps to this end.

7. The Committee shall co-operate with international and national governmental and non-governmental organizations having objectives similar to those of this Convention. For the implementation of its programmes and projects, the Committee may call on such organizations, particularly the International Centre for the Study of the Preservation and Restoration of Cultural Property (the Rome Centre), the International Council of Monuments and Sites (ICOMOS) and the International Union for Conservation of Nature and Natural Resources (IUCN), as well as on public and private bodies and individuals.

8. Decisions of the Committee shall be taken by a majority of two-thirds of its members present and voting. A majority of the members of the Committee shall constitute a quorum.

Article 14

1. The World Heritage Committee shall be assisted by a Secretariat appointed by the Director-General of the United Nations Educational, Scientific and Cultural Organization.

2. The Director-General of the United Nations Educational, Scientific and Cultural Organization, utilizing to the fullest extent possible the services of the International Centre for the Study of the Preservation and the Restoration of Cultural Property (the Rome Centre), the International Council of Monuments and Sites (ICOMOS) and the International Union for Conservation of Nature and Natural Resources (IUCN) in their respective areas of competence and capability, shall prepare the Committee's documentation and the agenda of its meetings and shall have the responsibility for the implementation of its decisions.
Article 15

1. A Fund for the Protection of the World Cultural and Natural Heritage of Outstanding Universal Value, called "the World Heritage Fund", is hereby established.

2. The Fund shall constitute a trust fund, in conformity with the provisions of the Financial Regulations of the United Nations Educational, Scientific and Cultural Organization.

3. The resources of the Fund shall consist of:
   (a) compulsory and voluntary contributions made by States Parties to this Convention,
   (b) contributions, gifts or bequests which may be made by:
       (i) other States;
       (ii) the United Nations Educational, Scientific and Cultural Organization, other organizations of the United Nations system, particularly the United Nations Development Programme or other intergovernmental organizations;
       (iii) public or private bodies or individuals;
   (c) any interest due on the resources of the Fund;
   (d) funds raised by collections and receipts from events organized for the benefit of the fund; and
   (e) all other resources authorized by the Fund's regulations, as drawn up by the World Heritage Committee.

4. Contributions to the Fund and other forms of assistance made available to the Committee may be used only for such purposes as the Committee shall define. The Committee may accept contributions to be used only for a certain programme or project, provided that the Committee shall have decided on the implementation of such programme or project. No political conditions may be attached to contributions made to the Fund.

Article 16

1. Without prejudice to any supplementary voluntary contribution, the States Parties to this Convention undertake to pay regularly, every two years, to the World Heritage Fund, contributions, the amount of which, in the form of a uniform percentage applicable to all States, shall be determined by the General Assembly of States Parties to the Convention, meeting during the sessions of the General Conference of the United Nations Educational, Scientific and Cultural Organization. This decision of the General Assembly requires the majority of the States Parties present and voting, which have not made the declaration referred to in paragraph 2 of this Article. In no case shall the compulsory contribution of States Parties to the Convention exceed 1% of the contribution to the regular budget of the United Nations Educational, Scientific and Cultural Organization.

2. However, each State referred to in Article 31 or in Article 32 of this Convention may declare, at the time of the deposit of its instrument of ratification, acceptance or accession, that it shall not be bound by the provisions of paragraph 1 of this Article.
3. A State Party to the Convention which has made the declaration referred to in paragraph 2 of this Article may at any time withdraw the said declaration by notifying the Director-General of the United Nations Educational, Scientific and Cultural Organization. However, the withdrawal of the declaration shall not take effect in regard to the compulsory contribution due by the State until the date of the subsequent General Assembly of States parties to the Convention.

4. In order that the Committee may be able to plan its operations effectively, the contributions of States Parties to this Convention which have made the declaration referred to in paragraph 2 of this Article, shall be paid on a regular basis, at least every two years, and should not be less than the contributions which they should have paid if they had been bound by the provisions of paragraph 1 of this Article.

5. Any State Party to the Convention which is in arrears with the payment of its compulsory or voluntary contribution for the current year and the calendar year immediately preceding it shall not be eligible as a Member of the World Heritage Committee, although this provision shall not apply to the first election.

The terms of office of any such State which is already a member of the Committee shall terminate at the time of the elections provided for in Article 8, paragraph 1 of this Convention.

Article 17

The States Parties to this Convention shall consider or encourage the establishment of national public and private foundations or associations whose purpose is to invite donations for the protection of the cultural and natural heritage as defined in Articles 1 and 2 of this Convention.

Article 18

The States Parties to this Convention shall give their assistance to international fund-raising campaigns organized for the World Heritage Fund under the auspices of the United Nations Educational, Scientific and Cultural Organization. They shall facilitate collections made by the bodies mentioned in paragraph 3 of Article 15 for this purpose.

V. CONDITIONS AND ARRANGEMENTS FOR INTERNATIONAL ASSISTANCE

Article 19

Any State Party to this Convention may request international assistance for property forming part of the cultural or natural heritage of outstanding universal value situated within its territory. It shall submit with its request such information and documentation provided for in Article 21 as it has in its possession and as will enable the Committee to come to a decision.

Article 20

Subject to the provisions of paragraph 2 of Article 13, sub-paragraph (c) of Article 22 and Article 23, international assistance provided for by this Convention may be granted only to property forming part of the cultural and natural heritage which the World Heritage Committee has decided, or may decide, to enter in one of the lists mentioned in paragraphs 2 and 4 of Article 11.
Article 21

1. The World Heritage Committee shall define the procedure by which requests to it for international assistance shall be considered and shall specify the content of the request, which should define the operation contemplated, the work that is necessary, the expected cost thereof, the degree of urgency and the reasons why the resources of the State requesting assistance do not allow it to meet all the expenses. Such requests must be supported by experts' reports whenever possible.

2. Requests based upon disasters or natural calamities should, by reasons of the urgent work which they may involve, be given immediate, priority consideration by the Committee, which should have a reserve fund at its disposal against such contingencies.

3. Before coming to a decision, the Committee shall carry out such studies and consultations as it deems necessary.

Article 22

Assistance granted by the World Heritage Fund may take the following forms:

(a) studies concerning the artistic, scientific and technical problems raised by the protection, conservation, presentation and rehabilitation of the cultural and natural heritage, as defined in paragraphs 2 and 4 of Article 11 of this Convention;

(b) provisions of experts, technicians and skilled labour to ensure that the approved work is correctly carried out;

(c) training of staff and specialists at all levels in the field of identification, protection, conservation, presentation and rehabilitation of the cultural and natural heritage;

(d) supply of equipment which the State concerned does not possess or is not in a position to acquire;

(e) low-interest or interest-free loans which might be repayable on a long-term basis;

(f) the granting, in exceptional cases and for special reasons, of non-repayable subsidies.

Article 23

The World Heritage Committee may also provide international assistance to national or regional centres for the training of staff and specialists at all levels in the field of identification, protection, conservation, presentation and rehabilitation of the cultural and natural heritage.

Article 24

International assistance on a large scale shall be preceded by detailed scientific, economic and technical studies. These studies shall draw upon the most advanced techniques for the protection, conservation, presentation and rehabilitation of the natural and cultural heritage and shall be consistent with the objectives of this Convention. The studies shall also seek means of making rational use of the resources available in the State concerned.

Article 25

As a general rule, only part of the cost of work necessary shall be borne by the international community. The contribution of the State benefiting from international assistance shall constitute a substantial share of the resources devoted to each programme or project, unless its resources do not permit this.
Article 26

The World Heritage Committee and the recipient State shall define in the agreement they conclude the conditions in which a programme or project for which international assistance under the terms of this Convention is provided, shall be carried out. It shall be the responsibility of the State receiving such international assistance to continue to protect, conserve and present the property so safeguarded, in observance of the conditions laid down by the agreement.

VI. EDUCATIONAL PROGRAMMES

Article 27

1. The States Parties to this Convention shall endeavor by all appropriate means, and in particular by educational and information programmes, to strengthen appreciation and respect by their peoples of the cultural and natural heritage defined in Articles 1 and 2 of the Convention.

2. They shall undertake to keep the public broadly informed of the dangers threatening this heritage and of the activities carried on in pursuance of this Convention.

Article 28

States Parties to this Convention which receive international assistance under the Convention shall take appropriate measures to make known the importance of the property for which assistance has been received and the role played by such assistance.

VII. REPORTS

Article 29

1. The States Parties to this Convention shall, in the reports which they submit to the General Conference of the United Nations Educational, Scientific and Cultural Organization on dates and in a manner to be determined by it, give information on the legislative and administrative provisions which they have adopted and other action which they have taken for the application of this Convention, together with details of the experience acquired in this field.

2. These reports shall be brought to the attention of the World Heritage Committee.

3. The Committee shall submit a report on its activities at each of the ordinary sessions of the General Conference of the United Nations Educational, Scientific and Cultural Organization.
VIII FINAL CLAUSES

Article 30

This Convention is drawn up in Arabic, English, French, Russian and Spanish, the five texts being equally authoritative.

Article 31

1. This Convention shall be subject to ratification or acceptance by States members of the United Nations Educational, Scientific and Cultural Organization in accordance with their respective constitutional procedures.

2. The instruments of ratification or acceptance shall be deposited with the Director-General of the United Nations Educational, Scientific and Cultural Organization.

Article 32

1. This Convention shall be open to accession by all States not members of the United Nations Educational, Scientific and Cultural Organization which are invited by the General Conference of the Organization to accede to it.

2. Accession shall be effected by the deposit of an instrument of accession with the Director-General of the United Nations Educational, Scientific and Cultural Organization.

Article 33

This Convention shall enter into force three months after the date of the deposit of the twentieth instrument of ratification, acceptance or accession, but only with respect to those States which have deposited their respective instruments of ratification, acceptance or accession on or before that date. It shall enter into force with respect to any other State three months after the deposit of its instrument of ratification, acceptance or accession.

Article 34

The following provisions shall apply to those States Parties to this Convention which have a federal or non-unitary constitutional system:

(a) with regard to the provisions of this Convention, the implementation of which comes under the legal jurisdiction of the federal or central legislative power, the obligations of the federal or central government shall be the same as for those States parties which are not federal States;

(b) with regard to the provisions of this Convention, the implementation of which comes under the legal jurisdiction of individual constituent States, countries, provinces or cantons that are not obliged by the constitutional system of the federation to take legislative measures, the federal government shall inform the competent authorities of such States, countries, provinces or cantons of the said provisions, with its recommendation for their adoption.

Article 35

1. Each State Party to this Convention may denounce the Convention.

2. The denunciation shall be notified by an instrument in writing, deposited with the Director-General of the United Nations Educational, Scientific and Cultural Organization.
3. The denunciation shall take effect twelve months after the receipt of the instrument of denunciation. It shall not affect the financial obligations of the denouncing State until the date on which the withdrawal takes effect.

**Article 36**

The Director-General of the United Nations Educational, Scientific and Cultural Organization shall inform the States members of the Organization, the States not members of the Organization which are referred to in Article 32, as well as the United Nations, of the deposit of all the instruments of ratification, acceptance, or accession provided for in Articles 31 and 32, and of the denunciations provided for in Article 35.

**Article 37**

1. This Convention may be revised by the General Conference of the United Nations Educational, Scientific and Cultural Organization. Any such revision shall, however, bind only the States which shall become Parties to the revising convention.

2. If the General Conference should adopt a new convention revising this Convention in whole or in part, then, unless the new convention otherwise provides, this Convention shall cease to be open to ratification, acceptance or accession, as from the date on which the new revising convention enters into force.

**Article 38**

In conformity with Article 102 of the Charter of the United Nations, this Convention shall be registered with the Secretariat of the United Nations at the request of the Director-General of the United Nations Educational, Scientific and Cultural Organization.

Done in Paris, this twenty-third day of November 1972, in two authentic copies bearing the signature of the President of the seventeenth session of the General Conference and of the Director-General of the United Nations Educational, Scientific and Cultural Organization, which shall be deposited in the archives of the United Nations Educational, Scientific and Cultural Organization, and certified true copies of which shall be delivered to all the States referred to in Articles 31 and 32 as well as to the United Nations.

   - Rule 38 Suspension
I. FUNCTIONS OF THE ASSEMBLY

Rule 1 - Functions of the Assembly

Articles 8.1, 8.3 and 16.1 of the Convention concerning the Protection of the World Cultural and Natural Heritage, adopted by the General Conference on 16 November 1972 (hereinafter the “Convention”), provide for the functions of the General Assembly of States Parties to the Convention (hereinafter the “Assembly”).

II. PARTICIPATION

Rule 2 - Parties to the Convention

The representatives of all States Parties to the Convention may participate, with the right to vote, in the work of the Assembly.

Rule 3 - Observers

3.1 The representatives of Member States of UNESCO not parties to the Convention and of permanent observer missions to UNESCO may participate in the work of the Assembly as observers, without the right to vote and subject to Rule 16.3.

3.2 Representatives of the United Nations and organizations of the United Nations system and other intergovernmental organizations that have concluded mutual representation agreements with UNESCO, may participate in the work of the Assembly as observers, without the right to vote and subject to Rule 16.3.

3.3 Representatives of other intergovernmental and international non-governmental organizations, invited by the Director-General may participate in the work of the Assembly, without the right to vote and subject to Rule 16.3.

III. ORGANIZATION OF THE ASSEMBLY

Rule 4 - Ordinary and Extraordinary Sessions

4.1 The Assembly shall meet every two years in ordinary session in accordance with Articles 8.1 and 8.3 of the Convention.

4.2 The Assembly shall meet in extraordinary session if it so decides or at the request of at least one third of the States Parties.

Rule 5 - Date and Place

5.1 The Director-General shall determine the date of the ordinary session, in accordance with Articles 8.1 and 8.3 of the Convention. The Director-General shall communicate such date to all States Parties and observers.

5.2 Unless the date has been decided by the Assembly, the Director-General shall determine the date of the extraordinary session, which shall then be set no later than sixty days, unless logistically not possible, following the date of the request referred to in Rule 4.2. The Director-General shall communicate such date to all States Parties and observers.
5.3 Ordinary and extraordinary sessions shall be held at the Headquarters of UNESCO, unless the Assembly decides to meet elsewhere.

**Rule 6 - Online sessions**

6.1 The Assembly may hold online sessions only during periods of emergency or in exceptional circumstances rendering *in praesentia* meetings impracticable.

6.2 At an ordinary or extraordinary session, the Assembly may decide to hold an online session by simple majority of States Parties present and voting.

6.3 Should at least one third of the States Parties propose the holding of an online session while the Assembly is not in session, the Director-General shall consult all the States Parties by correspondence. The Assembly shall hold an online session unless one third of the States Parties disagrees to the proposal.

6.4 Elections by secret ballot held pursuant to the present Rules in the course of an online session shall be conducted *in praesentia*. The Secretariat shall make the necessary arrangements therefor, including the place and time of the election, which shall be notified to States Parties in advance of the ballot. Other voting held pursuant to the present Rules shall preferably be conducted *in praesentia*.

**Rule 7 - Provisional Agenda**

7.1 The provisional agenda of the session shall be prepared by the Director-General.

7.2 The provisional agenda of an ordinary session shall include:

   a) Any question required by the Convention and the present Rules of Procedure;
   b) Any question the inclusion of which has been decided by the Assembly at a previous session;
   c) Any question referred by the Committee;
   d) Any question proposed by the States Parties to the Convention;
   e) Any question proposed by the Director-General.

7.3 The provisional agenda for an extraordinary session shall only include those questions for which the session has been convened.

7.4 The Secretariat shall circulate to the States Parties and observers the provisional agenda at least sixty days before the opening of an ordinary session of the Assembly and as soon as possible, and preferably fifteen days before the opening of an extraordinary session.

**Rule 8 - Adoption of the Agenda**

The Assembly shall adopt its agenda at the beginning of each session.

**Rule 9 - Amendments, deletions and new items**

The Assembly may amend, delete or add new items to the agenda so adopted if so decided by a two-thirds majority of the States Parties present and voting.
IV. BUREAU

Rule 10 - Bureau

10.1 The Bureau shall consist of the Chairperson, the Vice-Chairperson(s) and the Rapporteur.

10.2 The Bureau shall coordinate the work of the Assembly and fix the order of business of the session. It shall also assist the Chairperson in carrying out her or his functions.

10.3 The Bureau, convened at the request of its Chairperson, shall meet as frequently as deemed necessary. The Bureau may, if the Chairperson deems it appropriate, be consulted by correspondence.

Rule 11 - Election of officers

11.1 The Assembly shall elect the Chairperson, four Vice-Chairpersons and the Rapporteur at the opening of each session in conformity with the principle of equitable geographical representation.

11.2 The term of office of the Chairperson, the Vice-Chairperson(s) and the Rapporteur will run from the opening of the session of the Assembly in which they are elected until the closing of the session.

Rule 12 - Powers and duties of the Chairperson

12.1 In addition to exercising the powers and duties which are conferred upon her or him elsewhere by the present Rules of Procedure, the Chairperson shall open and close each plenary meeting of the Assembly. S/he shall direct the discussions, ensure observance of the present Rules of Procedure, accord the right to speak, put questions to the vote and announce decisions. S/he shall rule on points of order and, subject to the present Rules of Procedure, shall control the proceedings and the maintenance of order. S/he shall not vote, but s/he may instruct another member of her or his delegation to vote in her or his place.

12.2 Should the Chairperson be absent during a meeting, or part thereof, her or his powers and duties shall be exercised by one of the Vice-Chairpersons, selected according to the English alphabetical order of the States members of the Bureau commencing with the country of the Chairperson. A Vice-Chairperson acting as Chairperson shall have the same powers and duties as the Chairperson.

V. CONDUCT OF BUSINESS

Rule 13 - Quorum

13.1 A quorum shall consist of a majority of the States Parties referred to in Rule 2 and represented at the Assembly.

13.2 The Assembly shall not decide on any matter unless a quorum is present.

Rule 14 - Public nature of meetings

Meetings shall be held in public unless decided otherwise by the Assembly.
Rule 15 - Subsidiary bodies

15.1 The Assembly may establish such subsidiary bodies, including working groups, as it deems necessary for the performance of its functions.

15.2 The Assembly shall define the composition and the terms of reference (including mandate and duration of office) and, if necessary, the quorum of such subsidiary bodies at the time of their establishment.

15.3 Each subsidiary body shall elect its Chairperson.

15.4 In appointing members of subsidiary bodies, due regard shall be given to principle of equitable geographical representation.

Rule 16 - Order and time-limit of speeches

16.1 The Chairperson shall call upon speakers in the order in which they signify their wish to speak.

16.2 For the convenience of the discussion, the Chairperson may limit the time to be allowed to each speaker.

16.3 The consent of the Chairperson must be obtained whenever an observer wishes to address the Assembly.

Rule 17 - Draft resolutions and amendments

17.1 Draft resolutions and amendments may be proposed by the States Parties and shall be transmitted in writing to the Secretariat of the Assembly, which shall circulate them to all participants.

17.2 As a general rule, no draft resolution or amendment shall be discussed or put to the vote unless it has been circulated sufficiently in advance to all participants in the working languages of the Assembly.

Rule 18 - Points of order

18.1 During the discussion of any matter, a State Party may rise to a point of order and the point of order shall be immediately ruled upon by the Chairperson.

18.2 A State Party may appeal against the ruling of the Chairperson. The appeal shall be put to the vote immediately, and the Chairperson’s ruling shall stand unless overruled by a majority of the States Parties present and voting.

Rule 19 - Procedural motions

During the discussion of any matter, a State Party may propose a procedural motion: suspension or adjournment of the meeting, adjournment of the debate or closure of the debate.
Rule 20 - Suspension or adjournment of the meeting

During the discussion of any matter, a State Party may move the suspension or the adjournment of the meeting. Such motions shall not be debated but shall be immediately put to the vote.

Rule 21 - Adjournment of the debate

During the discussion of any matter, a State Party may move the adjournment of the debate on the item under discussion. On moving the adjournment, the State Party shall indicate whether it moves the adjournment sine die or to a particular time which it shall specify. In addition to the proposer of the motion, one speaker may speak in favour of, and one against, the motion, after which the motion shall be immediately put to the vote. The Chairperson may limit the time to be allowed to speakers under this rule.

Rule 22 - Closure of the debate

During the discussion of any matter, a State Party may move the closure of the debate on the item under discussion, whether or not any other speaker has signified her or his wish to take part in the discussion. If application is made for permission to speak against the closure, it may be accorded to not more than two speakers, after which the motion shall be immediately put to the vote. If the Assembly is in favour of the closure, the Chairperson shall declare the closure of the debate. The Chairperson may limit the time to be allowed to speakers under this rule.

Rule 23 - Order of procedural motions

Subject to Rule 18.1, the following motions shall have precedence in the following order over all other proposals or motions before the meeting:

a) to suspend the meeting;
b) to adjourn the meeting;
c) to adjourn the debate on the item under discussion;
d) for the closure of the debate on the item under discussion.

VI. WORKING LANGUAGES

Rule 24 - Working languages

24.1 The working languages of the Assembly shall be Arabic, Chinese, English, French, Russian and Spanish.

24.2 Speeches made at the Assembly in one of the working languages shall be interpreted into the other languages.

24.3 Speakers may, however, speak in any other language, provided that they make their own arrangements for interpretation of their speeches into one of the working languages.

24.4 The documents of the Assembly shall be issued in all the working languages.
Rule 25 - Deadline for the distribution of documents

The documents relating to the items on the provisional agenda of each session of the Assembly shall be distributed, either in paper format or electronically, at the latest thirty days before the opening of the ordinary session, and as soon as possible in the case of an extraordinary session, to all States Parties and observers.

Rule 26 - Summary records

The Secretariat shall prepare summary records of all statements made during the plenary meetings of the Assembly in English and French for approval at the opening of the next session.

VII. VOTING

Rule 27 - Voting rights

Each State Party shall have one vote in the Assembly.

Rule 28 - Consensus

Every effort shall be made to adopt decisions in the Assembly by consensus. If consensus cannot be reached, decisions shall be adopted by vote.

Rule 29 - Conduct during voting

After the Chairperson has announced the beginning of voting, no one shall interrupt the voting except on a point of order in connection with the actual conduct of the voting.

Rule 30 - Simple majority

30.1 When the Assembly resorts to voting, decisions shall be taken by a simple majority of the States Parties present and voting, except as otherwise provided for in the present Rules of Procedure.

30.2 The decision concerning the amount of the contributions, in the form of a uniform percentage applicable to all States Parties which have not made the declaration referred to in paragraph 2 of Article 16 of the Convention, shall be determined by a simple majority vote of the States Parties present and voting which have not made the above-mentioned declaration.

Rule 31 - Voting by show of hands and roll-call

31.1 Except as otherwise provided for in the present Rules of Procedure, voting shall be by show of hands.

31.2 When the result of a vote by show of hands is in doubt, the Chairperson may take a second vote by roll-call. Vote by roll-call shall also be taken if it is requested by not less than two States Parties. The request shall be made to the Chairperson before voting takes place or immediately after the vote by show of hands.

31.3 When a vote is taken by roll-call, the vote of each State Party participating shall be inserted in the summary records.
Rule 32 - Order of voting on proposals

32.1 If two or more proposals, other than amendments, relate to the same question, they shall, unless the Assembly decides otherwise, be voted on in the order in which they were submitted. The Assembly may, after each vote on a proposal, decide whether to vote on the next proposal.

32.2 A motion requiring that no decision be taken on a proposal shall have priority over that proposal.

Rule 33 - Voting on amendments

33.1 When an amendment to a proposal is moved, the amendment shall be voted on first. When two or more amendments to a proposal are moved, the Chairperson shall put them to the vote, starting with the amendment deemed by her or him to be the furthest removed in substance from the original proposal, and so on. In case of doubt, the Chairperson shall consult the Assembly.

33.2 If one or more amendments are adopted, the amended proposal shall then be put to the vote.

33.3 A motion is considered an amendment to a proposal if it merely adds to, deletes from or revises part of that proposal.

Rule 34 - Meaning of the expression “States Parties present and voting”

For the purpose of the present Rules of Procedure, the expression “States Parties present and voting” means States Parties casting an affirmative or negative vote. States Parties who abstain from voting are considered as not voting.

VIII. ELECTION AND TERM OF OFFICE OF THE COMMITTEE

35.1 - Procedures for the presentation of candidatures to the World Heritage Committee

a) The Secretariat shall ask all States Parties, at least three months prior to the opening of the General Assembly, whether they intend to stand for election to the World Heritage Committee. If so, its candidature should be sent to the Secretariat at least six weeks prior to the opening of the General Assembly.

b) Members of the World Heritage Committee may stand again for election after a gap of 6 years after the expiry of their mandate.

c) At least four weeks prior to the opening of the General Assembly the Secretariat shall send to all States Parties the provisional list of States Parties candidates. The Secretariat will also provide information on the status of all compulsory and voluntary contributions to the World Heritage Fund made by each of the candidates. This list of candidatures will be revised as necessary.

d) This list of candidatures shall be finalised 48 hours before the opening of the General Assembly. No other candidatures nor payments of compulsory and voluntary contributions to the World Heritage Fund (for the purpose of presenting

---

1 Resolution 13 GA 9 (paragraph 6) invites the States Parties to the World Heritage Convention, to voluntarily reduce their term of office from six to four years.
a candidature to the Committee) will be accepted in the 48-hour period prior to the opening of the General Assembly.

35.2 - Election of members of the World Heritage Committee

a) The election of members of the World Heritage Committee shall be conducted by secret ballot whenever five or more delegations having the right to vote so request, or if the Chairperson so decides.

b) The election of the members of the World Heritage Committee shall be conducted on the basis of the composition of the electoral groups of UNESCO, as determined by the UNESCO General Conference at its most recent session, it being understood that “Group V” shall consist of two separate groups, for the African States and Arab States respectively.

c) Seats shall be allocated for each electoral group as follows: two (2) seats for Group I, two (2) seats for Group II, two (2) seats for Group III, three (3) seats for Group IV, four (4) seats for Group Va, two (2) seats for Group Vb. An additional seat shall be allocated for Group III and Group IV on a rotational basis.

d) Notwithstanding, at each election, due consideration shall be given to the election of at least one State Party which has never served as a Member of the World Heritage Committee.

e) In case the above formula cannot be practically applied, an exceptional arrangement may be made to accommodate such special circumstances.

f) Ballot(s) for allocated seat(s) shall precede the ballot(s) for the remaining seats to be filled. Unsuccessful candidates in a ballot for any allocated seat shall be eligible to stand for election in subsequent ballot(s).

35.3 Before the election begins, the Chairperson shall appoint two tellers from among the delegates present; s/he shall hand to them the list of States Parties entitled to vote and the list of States Parties candidates. S/he shall announce the number of seats to be filled.

35.4 The Secretariat shall distribute to the delegations a voting paper in the form of a list of all the States Parties which are candidates.

35.5 Each delegation shall cast its vote by encircling the names of those States Parties for which it desires to vote.

35.6 The tellers shall collect from each delegation their voting paper and shall proceed to count the votes, under the supervision of the Chairperson.

35.7 Voting papers on which all names of States Parties have been circled shall be considered to be abstentions.

35.8 Voting papers on which more names have been circled than there are seats to be filled shall be considered invalid.

35.9 a) Ballot for the allocated seats

The candidate(s) obtaining in the first round the highest number of votes shall be declared elected in the sequential order of the number of votes obtained from the highest to the lowest, up to the number of seat(s) to be filled. In case two or more candidates obtain the same number of votes for the seat(s) remaining to be filled, a second round shall be held for those candidates to fill those remaining seat(s).
b) Ballot for the open (non allocated) seats

The candidate(s) obtaining in the first round, more than half of the valid votes cast by States Parties present and voting shall be declared elected in the sequential order of the number of votes obtained from the highest to the lowest, up to the number of seat(s) to be filled. If there still remain seat(s) to be filled, there shall be a second round.

35.10 In the second round, the candidate(s) obtaining the highest number of votes, up to the number of seat(s) to be filled, shall be declared elected.

35.11 If in the second round, two or more candidates obtain the same number of votes, and, as a result, the number of these candidates is greater than the remaining number of seats to be filled, there shall be an additional round of voting restricted to those candidates who obtained the same number of votes. If in this additional round of voting, two or more candidates obtain the same number of votes, the Chairperson shall decide by drawing lots among them in order to allocate the remaining seat(s).

35.12 After each round, the Chairperson shall announce the results.

IX. SECRETARIAT OF THE ASSEMBLY

Rule 36 - Secretariat

36.1 The Director-General of UNESCO or her or his representative shall participate in the work of the Assembly, its subsidiary bodies and the Bureau without the right to vote. S/he may, at any time, make either oral or written statements to the Assembly on any question under discussion.

36.2 The Director-General of UNESCO shall appoint an official of the Secretariat of UNESCO to act as Secretary to the Assembly, as well as other officials who shall together constitute the Secretariat of the Assembly.

36.3 The Secretariat shall receive, translate and distribute all documents; arrange for the interpretation of the discussions; prepare summary records; and publish the adopted resolutions and distribute them to the States Parties.

36.4 The Secretariat shall also perform all other duties necessary for the proper conduct of the work of the Assembly.

X. AMENDMENT TO AND SUSPENSION OF THE RULES OF PROCEDURE

Rule 37 - Amendment

The Assembly may amend the present Rules of Procedure by a decision taken in a plenary meeting by a two-thirds majority of States Parties present and voting, except when they reproduce provisions of the Convention.

Rule 38 - Suspension

The Assembly may suspend the application of any of the present Rules of Procedure, except when they reproduce provisions of the Convention, by a decision taken in a plenary meeting by a two-thirds majority of the States Parties present and voting.

I. MEMBERSHIP

Rule 1. The World Heritage Committee

The Intergovernmental Committee for the Protection of the World Cultural and Natural Heritage called the World Heritage Committee and hereinafter referred to as the "Committee" is composed of the States Parties to the Convention elected in accordance with Article 8 of the Convention concerning the Protection of the World Cultural and Natural Heritage hereinafter referred to as the "Convention".

II. SESSIONS

Rule 2. Ordinary and Extraordinary Sessions

2.1 The Committee shall meet at least once per year in ordinary session.

2.2 The Committee shall meet in extraordinary session at the request of at least two-thirds of the States members.

Rule 3. Convocation

3.1 Sessions of the Committee shall be convened by the Chairperson of the Committee, hereinafter referred to as "the Chairperson", in consultation with the Director-General of UNESCO, hereinafter referred to as "the Director-General".

3.2 The Director-General shall notify the States members of the Committee, the date, place and provisional agenda of each session, not less than sixty days in advance in the case of an ordinary session and, if possible, not less than thirty days in advance in the case of an extraordinary session.

3.3 The Director-General shall, at the same time, notify to the States, organizations and individuals mentioned in Rules 6, 7 and 8, the date, place and provisional agenda of each session.

---

4 Rule 2.1 amended by the Committee at its sixth extraordinary session (Paris, 2003)

5 By Decision 35 COM 12B (paragraph 9) adopted at its 35th session (UNESCO, 2011), the World Heritage Committee decided that three ordinary (not extended) sessions of the Committee should be held each biennium as follows:
   a) Even years – host country; agenda: reports, budget, nomination and state of conservation reports;
   b) Odd years – host country; agenda: reports, budget, nomination and state of conservation reports,
   c) Odd years – UNESCO Headquarters immediately after the General Assembly; agenda: strategic and policy issues and as necessary, reports on the state of conservation needing urgent examination

6 Rule 3.1 amended by the Committee at its sixth extraordinary session (Paris, 2003)
Rule 4. Date and Place

4.1 The Committee shall determine at each session, in consultation with the Director-General, the date and the place of the next session. The date and/or place may be modified, if necessary, by the Bureau, in consultation with the Director-General.

4.2 Any State member of the Committee may invite the Committee to hold a session in its territory.

4.3 In determining the place of the next session, the Committee shall give due regard to the need to ensure an equitable rotation among the different regions and cultures of the world.

III. PARTICIPANTS

Rule 5. Delegations

5.1 Each State member of the Committee shall be represented by one delegate, who may be assisted by alternates, advisers and experts.

5.2 States members of the Committee shall choose as their representatives persons qualified in the field of cultural or natural heritage. They are strongly encouraged to include in their delegation persons qualified in both fields.

5.3 States members of the Committee shall transmit to the Secretariat in writing the names, designations and qualifications of their representatives.

5.4 In order to ensure a fair representation within the Committee of the various geographical and cultural areas, the Committee allocates in its budget a sum intended to cover the cost of participation, in its sessions and sessions of its Bureau, of representatives of developing countries, but only for persons who are experts in cultural or natural heritage. And, if the budget allows, representatives of developing countries who are non-members of the Committee may also be supported; their representatives too must be experts in cultural or natural heritage.

5.5 Requests for assistance to participate in the Bureau and Committee meetings should reach the Secretariat at least four weeks before the session concerned. These requests shall be considered within the resources available as decided by the Committee, in increasing order of GNP income per capita of each member of the Committee. In no event may the World Heritage Fund finance more than two representatives of each State member, who must in this case be one expert in the natural and one in the cultural heritage field. If financial resources permit, other requests for assistance to attend shall be considered.

7 Rule 5.2 amended and Rules 5.3, 5.4 and 5.5 adopted by the Committee at its sixth extraordinary session (Paris, 2003)
Rule 6. Organizations attending in an advisory capacity

A representative of the International Centre for the Study of the Preservation and Restoration of Cultural Property (ICCROM), a representative of the International Council on Monuments and Sites (ICOMOS) and a representative of the World Conservation Union, formerly International Union for Conservation of Nature and Natural Resources (IUCN), to whom may be added, at the request of States Parties to the Convention meeting in General Assembly during the ordinary sessions of the General Conference of the United Nations Educational, Scientific and Cultural Organization, representatives of other intergovernmental or non-governmental organizations, with similar objectives, may attend the meetings of the Committee in an advisory capacity.

Rule 7. Invitations for consultation

The Committee may at any time invite public or private organizations or individuals to participate in its sessions for consultation on particular problems.

Rule 8. Observers

8.1 States Parties to the Convention which are not members of the Committee may attend the sessions of the Committee and its Bureau as observers. They shall be consulted by the Committee on all matters in respect of which consultation is prescribed by the Convention.

8.2 Non States Parties to the Convention who are Member States of UNESCO or of the United Nations may also be permitted by the Committee, upon written request, to attend the sessions of the Committee and its Bureau as observers.

8.3 The United Nations and organizations of the United Nations system, as well as, upon written request, at least 15 days prior to the date of the session of the Committee, other international governmental and non-governmental organizations, permanent observer missions to UNESCO and non profit-making institutions having activities in the fields covered by the Convention, according to criteria defined by the World Heritage Committee, may be authorized by the Committee to participate in the sessions of the Committee as observers.

---

8 Not to confuse the Advisory Bodies (Article 8.3 of the World Heritage Convention and Rule 6 of the Rules of Procedure of the World Heritage Committee) with the consultative bodies (Article 10.3 of the World Heritage Convention and Rule 20 of the Rules of Procedure of the World Heritage Committee).

9 Rule 6 amended by the Committee at its sixth extraordinary session (Paris, 2003)

10 Rule 7 amended by the Committee at its sixth extraordinary session (Paris, 2003)

11 Title and Rule 8.1 amended and Rule 8.2 adopted by the Committee at its sixth extraordinary session (Paris, 2003); Rule 8.3 amended by the Committee at its twenty-fifth ordinary session (Helsinki, 2001), at its sixth extraordinary session (Paris, 2003), at its thirty-fourth ordinary session (Brasilia, 2010) and at its thirty-fifth ordinary session (UNESCO, 2011)
8.4 The Director-General may provisionally invite any organization referred to in Rule 8.3 subject to subsequent confirmation by the Committee.

IV. AGENDA

Rule 9. Provisional Agenda

9.1 The provisional agenda of the sessions of the Committee shall be prepared by the Director-General, utilizing to the fullest extent possible the services of the International Centre for the Study of the Preservation and the Restoration of Cultural Property (ICCROM), the International Council on Monuments and Sites (ICOMOS) and the World Conservation Union, formerly International Union for Conservation of Nature and Natural Resources (IUCN), in their respective areas of competence.

9.2 The provisional agenda of an ordinary session of the Committee shall include:

   a. all questions, the inclusion of which has been decided by the Committee at previous sessions;

   b. all questions proposed by members of the Committee;

   c. all questions proposed by States Parties to the Convention not members of the Committee;

   d. all questions proposed by the Director-General.

9.3 The provisional agenda of an extraordinary session shall include only those questions for the consideration of which the session has been convened.

Rule 10. Adoption of the Agenda

The Committee shall adopt its agenda at the beginning of each session.

Rule 11. Amendments, deletions and new items

The Committee may amend, delete or add items to the agenda so adopted if so decided by a two-thirds majority of the members present and voting.

---

12 Rule 9.1 amended by the Committee at its sixth extraordinary session (Paris, 2003)
V. BUREAU\textsuperscript{13}

Rule 12. Bureau\textsuperscript{14}

12.1 The Bureau of the Committee shall consist of the Chairperson, the five Vice-Chairpersons and the Rapporteur. The Bureau shall co-ordinate the work of the Committee and fix the dates, hours and order of business of meetings. The Vice-Chairpersons and the Rapporteur shall assist the Chairperson in carrying out his duties.

12.2 The Bureau shall meet during the sessions of the Committee as frequently as deemed necessary.

Rule 13. Elections\textsuperscript{15}

13.1 The Committee, at the end of each ordinary session, shall elect, from amongst those members whose term continues through the next ordinary session, a Chairperson, five Vice-Chairpersons and a Rapporteur who shall remain in office until the end of that session.

13.2 The Chairperson, the Vice-Chairpersons and the Rapporteur shall be eligible for immediate re-election for a second term of office.

13.3 In electing the Bureau, due regard shall be given to the need to ensure an equitable representation of the different regions and cultures of the world and a proper balance between the cultural and natural heritage as provided in the Convention.

Rule 14. Duties of the Chairperson, Vice-Chairpersons and Rapporteur\textsuperscript{16}

14.1 In addition to exercising the powers which are conferred upon him elsewhere by the present Rules, the Chairperson shall open and close each plenary meeting of the Committee. He shall direct the discussions, ensure observance of these Rules, accord the right to speak, put questions to the vote and announce decisions. He shall rule on points of order and, subject to the present Rules, shall control the proceedings and the maintenance of order. He shall not vote, but he may instruct another member of his delegation to vote on his behalf. He shall work, with the assistance of the vice-chairpersons at his discretion, to anticipate and address potentially contentious issues, including out of session. He shall exercise all other functions given to him by the Committee.

---

\textsuperscript{13} Title amended by the Committee at its sixth extraordinary session (Paris, 2003) with respect to the English version

\textsuperscript{14} Rule 12.1 amended by the Committee at its second ordinary session (Washington D.C., 1978) and Rule 12.2 adopted by the Committee at its sixth extraordinary session (Paris, 2003)

\textsuperscript{15} Rule 13.1 amended by the Committee at its second (Washington D.C., 1978) and twentieth (Mérida 1996) ordinary sessions and at its sixth extraordinary session (Paris, 2003)

\textsuperscript{16} Title, Rule 14.1 and Rule 14.2 amended by the Committee at its thirty-fifth ordinary session (UNESCO, 2011); Rule 14.4 adopted by the Committee at its thirty-fifth ordinary session (UNESCO, 2011)
14.2 Should the Chairperson be absent during a meeting, or any part thereof, he shall be replaced by a Vice-Chairperson. A Vice-Chairperson acting as Chairperson shall have the same powers and duties as the Chairperson.

14.3 The Chairperson and Vice-Chairperson, or Vice-Chairpersons, of a subsidiary body of the Committee shall have the same duties with regard to the bodies over which they are called upon to preside as the Chairperson and the Vice-Chairpersons of the Committee.

14.4 In addition to exercising the powers which are conferred upon him elsewhere by the present Rules, the Rapporteur shall certify that the Secretariat has accurately recorded the Committee’s decisions. He shall work with the Secretariat to monitor and record Committee debate on amendments.

**Rule 15. Replacement of Chairperson**\(^{17}\)

15.1 If the Chairperson is unable to act at any session of the Committee or Bureau, or part thereof, his functions shall be exercised by a Vice-Chairperson, in the English alphabetical order of States members of the Bureau commencing with the country of the Chairperson.

15.2 If the Chairperson ceases to represent a State member of the Committee or is for any reason unable to complete his term of office, he is replaced by a Vice-Chairperson, in the English alphabetical order of States members of the Bureau commencing with the country of the Chairperson, for the remainder of the term of office.

15.3 The Chairperson shall abstain from exercising his functions for all issues relating to a property situated on the territory of the State Party of which he is a national.

**Rule 16. Replacement of the Rapporteur**\(^{18}\)

16.1 If the Rapporteur is unable to act at any session of the Committee or Bureau, or part thereof, his functions shall be exercised by a Vice-Chairperson in the English alphabetical order of States members of the Bureau commencing with the country of the Rapporteur.

16.2 If the Rapporteur ceases to represent a State member of the Committee or if he is for any reason unable to complete his term of office, he is replaced by a Vice-Chairperson, in the English alphabetical order of States members of the Bureau commencing with the country of the Rapporteur, for the remainder of the term of office.

\(^{17}\) Rules 15.1 and 15.2 amended and Rule 15.3 adopted by the Committee at its sixth extraordinary session (Paris, 2003)

\(^{18}\) Rules 16.1 and 16.2 adopted by the Committee at its third ordinary session (Luxor, 1979) and amended at its sixth extraordinary session (Paris, 2003)
VI. CONDUCT OF BUSINESS

Rule 17. Quorum

17.1 At plenary meetings, a quorum shall consist of a majority of the States members of the Committee.

17.2 At meetings of subsidiary bodies, a quorum shall consist of a majority of the States which are members of the bodies concerned.

17.3 Neither the Committee nor its subsidiary bodies shall decide on any matter unless a quorum is present.

Rule 18. Public meetings

Meetings shall be held in public unless decided otherwise by the Committee. This rule cannot be suspended by the Bureau.

Rule 19. Private meetings

19.1 When in exceptional circumstances, the Committee decides to hold a private meeting, it shall determine the persons who, in addition to the representatives of States members, shall be present.

19.2 Any decision taken by the Committee at a private meeting shall be presented in written form at a subsequent public meeting.

19.3 At each private meeting, the Committee shall decide whether the Summary Record and the working documents of that meeting shall be published. Documents resulting from private meetings shall be made public after a period of twenty years.

Rule 20. Consultative bodies

20.1 The Committee may create such consultative bodies as it deems necessary for the performance of its functions.

20.2 The composition and the terms of reference (including mandate and duration of office) of such consultative bodies shall be defined by the Committee at the time of their creation. These bodies can include States non members of the Committee.

20.3 The Committee shall also determine the extent to which the present Rules shall apply to any such consultative body.

---

19 Rule 18 amended by the Committee at its sixth extraordinary session (Paris, 2003)
20 Rules 19.2 and 19.3 adopted by the Committee at its sixth extraordinary session (Paris, 2003)
21 Rules 20.2 and 20.3 amended by the Committee at its sixth extraordinary session (Paris, 2003) and Rule 20.5 adopted at the twenty-fourth ordinary session of the Committee (Cairns, 2000) and amended by the Committee at its sixth extraordinary session (Paris, 2003)
20.4 Each consultative body shall elect its Chairperson and, if necessary, its Rapporteur.

20.5 In appointing members of consultative bodies, due regard shall be given to the need to ensure an equitable representation of the different regions and cultures of the world.

**Rule 21. Subsidiary bodies**

21.1 The Committee may establish such subsidiary bodies as it deems necessary for the conduct of its work, within the limits of the technical facilities available.

21.2 The composition and the terms of reference (including mandate and duration of office) of such subsidiary bodies shall be defined by the Committee at the time of their creation. These bodies can only be constituted from amongst States members of the Committee.

21.3 These Rules shall be applicable *mutatis mutandis* to the subsidiary bodies, unless otherwise decided by the Committee.

21.4 Each subsidiary body shall itself elect its Chairperson and, if necessary, its Rapporteur.

21.5 In appointing members of subsidiary bodies, due regard shall be given to the need to ensure an equitable representation of the different regions and cultures of the world.

21.6 Subsidiary bodies’ recommendations to the World Heritage Committee should be made in the form of draft decisions.

**Rule 22. Order and time-limit of speeches**

22.1 The Chairperson shall call upon speakers in the order in which they signify their wish to speak.

22.2 The Chairperson may limit the time allowed to each speaker if the circumstances make this desirable.

22.3 The Chairperson, at his discretion, shall call on speakers from the Advisory Bodies and the Secretariat prior to the Committee taking a final decision.

---

22 Rules 21.2 and 21.3 adopted and Rule 21.4 amended by the Committee at its sixth extraordinary session (Paris, 2003); Rule 21.5 adopted by the Committee at its twenty-fourth ordinary session (Cairns, 2000) and amended at its sixth extraordinary session (Paris, 2003); Rule 21.6 adopted by the Committee at its thirtieth ordinary session (Vilnius, 2006)

23 Rules 22.1 and 22.2 amended by the Committee at its sixth extraordinary session (Paris, 2003); Rule 22.3, Rule 22.5 and Rule 22.6 adopted by the Committee at its thirty-fifth ordinary session (UNESCO, 2011); Rule 22.6 amended by the Committee at its thirty-seventh ordinary session (Phnom Penh, 2013); Rule 22.7 adopted by the Committee at its sixth extraordinary session (Paris, 2003) and amended by the Committee at its thirty-fifth ordinary session (UNESCO, 2011), at its thirty-seventh ordinary session (Phnom Penh, 2013) and at its thirty-ninth ordinary session (Bonn, 2015)
22.4 The representatives of organizations, individuals and observers referred to in Rules 6, 7 and 8 may address the meeting with the prior consent of the Chairperson.

22.5 The Chairperson shall put Committee members’ questions to a State Party once at the end of the Committee’s debate on the property.

22.6 States Parties shall not speak to World Heritage properties in their own territories, except at the explicit invitation of the Chairperson within the allowed time for their speech and in response to specific questions posed.

22.7 Representatives of a State Party, whether or not a member of the Committee, may be invited by the Chairperson to present their views after the Advisory Bodies have presented their evaluation of the site proposed by the State for inscription. The presentation shall be limited to a clarification or an update on the proposed site. After this permitted time, the State Party may be allowed to take the floor again, but only in order to answer questions, within a limited time, that have been asked. This provision also applies to other observers mentioned in Rule 8.

Rule 23. Text of proposals

23.1 At the request of any member of the Committee, supported by two other members, discussion of any motion, resolution or amendment may be suspended until the written text is circulated in the working languages to all Committee members present.

23.2 The proposed amendments or Decisions will only be accepted and communicated to the members of the Committee if they are signed only by the member of the Committee who is author.

23.3: New draft decisions/proposals and amendments thereto should, whenever possible, be submitted to the Secretariat at least 24 hours before the discussion of the agenda item concerned. The Rapporteur shall work with the Secretariat to distribute such draft decisions/proposals and amendments to all Committee Members in a timely manner.

Rule 24. Division of proposals

Part of a proposal shall be voted on separately if a member of the Committee requests that the proposal be divided.

---

24 Title and Rule 23.1 adopted by the Committee at its sixth extraordinary session (Paris, 2003) and amended by the Committee at its thirty-seventh ordinary session (Phnom Penh, 2013); Rule 23.2 adopted by the Committee at its thirty-seventh ordinary session (Phnom Penh, 2013); Rule 23.3 adopted by the Committee at its thirty-ninth ordinary session (Bonn, 2015)

25 Title and Rule 24 adopted by the Committee at its sixth extraordinary session (Paris, 2003)
Rule 25. Voting on amendments

25.1 When an amendment to a proposal is moved, the amendment shall be voted on first. When two or more amendments to a proposal are moved, the Committee shall first vote on the amendment deemed by the Chairperson to be furthest removed in substance from the original proposal, and then on the amendment next furthest removed therefrom and so on, until all the amendments have been put to the vote.

25.2 If one or more amendments are adopted, the amended proposal shall then be voted upon as a whole.

25.3 A motion is considered an amendment to a proposal if it merely adds to, deletes from or revises part of that proposal.

Rule 26. Voting on proposals

If two or more proposals relate to the same question, the Committee shall, unless it decides otherwise, vote on the proposals in the order in which they have been submitted. The Committee may, after each vote on a proposal, decide whether to vote on the next proposal.

Rule 27. Withdrawal of proposals

A proposal may be withdrawn by its proposer at any time before voting on it has begun, provided that the proposal has not been amended. A proposal withdrawn may be reintroduced by any State member of the Committee.

Rule 28. Points of order

28.1 During a discussion, any State member may raise a point of order; such point of order shall be immediately decided upon by the Chairperson.

28.2 An appeal may be made against the ruling of the Chairperson. Such appeal shall be put to the vote immediately and the Chairperson's ruling shall stand unless overruled.

Rule 29. Procedural motions

During the discussion on any matter, a member of the Committee may propose a procedural motion: suspension or adjournment of the meeting, adjournment of the debate or closure of the debate.

26 Rule 25.1 amended by the Committee at its sixth extraordinary session (Paris, 2003) with respect to the English version

27 Rule 28.1 amended and Rule 28.2 (with respect to the English version) amended by the Committee at its sixth extraordinary session (Paris, 2003)

28 Title and Rule 29 adopted by the Committee at its sixth extraordinary session (Paris, 2003)
Rule 30. Suspension or adjournment of the meeting

During the discussion of any matter, any State member of the Committee may move the suspension or adjournment of the meeting. Such motions shall not be debated but shall be immediately put to the vote.

Rule 31. Adjournment of debate

During the discussion of any matter, any State member of the Committee may move the adjournment of the debate on the item under discussion. On moving the adjournment the State member shall indicate whether he moves the adjournment sine die or to a particular time which he shall specify. In addition to the proposer of the motion, one speaker may speak in favour of, and one against, the motion.

Rule 32. Closure of debate

A State member of the Committee may at any time move the closure of the debate, whether or not any other speaker has signified his wish to take part in the discussion. If application is made for permission to speak against the closure, it may be accorded to not more than two speakers. The Chairperson shall then put to the vote the motion for closure and, if the Committee is in favour of the motion, he shall declare the closure of the debate.

Rule 33. Order of procedural motions

Subject to Rule 28 the following motions shall have precedence in the following order over all other proposals or motions before the meeting:

a) suspension of the meeting;

b) adjournment of the meeting;

c) adjournment of the debate on the question under discussion;

d) closure of the debate on the question under discussion.

Rule 34. Decisions

34.1 The Committee shall adopt such decisions and recommendations as it may deem appropriate.

34.2 The text of each decision shall be adopted at the end of the discussion of the agenda item.

29 Title amended and Rule 34.2 adopted by the Committee at its sixth extraordinary session (Paris, 2003)
VII. VOTING

Rule 35. Voting rights
Each State member of the Committee shall have one vote in the Committee.

Rule 36. Conduct during voting
After the Chairperson has announced the beginning of voting, no one shall interrupt the voting except on a point of order in connection with the actual conduct of the voting.

Rule 37. Two-thirds majority
Decisions of the Committee on matters covered by the provisions of the Convention shall be taken by a majority of two-thirds of its members present and voting.

Rule 38. Simple majority
38.1 Except where otherwise specified in the present Rules, all other decisions of the Committee shall be taken by a majority of the States members present and voting.

38.2 Decisions as to whether a particular matter is covered by the provisions of the Convention and decisions on any other matters not covered by the present Rules shall be taken by a majority of the States members present and voting.

Rule 39. Counting of votes
For the purpose of the present Rules, the expression "States members present and voting" shall mean States members casting an affirmative or negative vote. States members abstaining from voting shall be regarded as not voting.

Rule 40. Show of hands
40.1 Voting shall normally be by a show of hands.

---

30 Title adopted by the Committee at its sixth extraordinary session (Paris, 2003)
31 Title and Rule 35 amended by the Committee at its sixth extraordinary session (Paris, 2003)
32 Title and Rule 36 adopted by the Committee at its sixth extraordinary session (Paris, 2003)
33 Title adopted by the Committee at its sixth extraordinary session (Paris, 2003)
34 Title adopted by the Committee at its sixth extraordinary session (Paris, 2003)
35 Title adopted by the Committee at its sixth extraordinary session (Paris, 2003)
36 Title adopted and Rule 40.2 amended (with respect to the English version) by the Committee at its sixth extraordinary session (Paris, 2003)
40.2 When the result of a vote by a show of hands is in doubt, the Chairperson may take a second vote by a roll-call.

40.3 A vote by a roll-call shall also be taken if it is requested by not less than two States members before the voting takes place.

**Rule 41. Secret ballot**

A decision shall be voted on by secret ballot whenever two or more States members shall so request or if the Chairperson so decides.

**Rule 42. Conduct of voting by secret ballot**

42.1 Before the vote begins, the Chairperson shall appoint two tellers from amongst the Delegations of the members of the Committee to scrutinize the votes cast.

42.2 When the counting of the votes is completed and the tellers have reported to the Chairperson, he shall announce the results of the ballot bearing in mind that the voting will be recorded as follows:

From the total number of members of the Committee will be deducted:

a) the number of members absent, if any;
b) the number of blank ballot papers, if any;
c) the number of invalid ballot papers, if any.

The remaining number will constitute the number of votes recorded.

**VIII. SECRETARIAT OF THE COMMITTEE**

**Rule 43. The Secretariat**

43.1 The Committee shall be assisted by a Secretariat appointed by the Director-General.

43.2 The Director-General, utilizing to the fullest extent possible the services of the International Centre for the Study of the Preservation and the Restoration of Cultural Property (ICCROM), the International Council of Monuments and Sites (ICOMOS) and the World Conservation Union, formerly International Union for Conservation of Nature and Natural Resources (IUCN), in their respective areas of competence and capability, shall prepare the Committee's documentation and shall have the responsibility for the implementation
of its decisions.

43.3 The Director-General or his representative shall participate in the work of the Committee, the consultative and subsidiary bodies without the right to vote. He may at any time make either oral or written statements on any question under consideration.

43.4 The Director-General shall appoint an official of the Secretariat of UNESCO to act as Secretary to the Committee, and other officials who shall together constitute the Secretariat of the Committee.

43.5 The Secretariat shall receive, translate and distribute all official documents of the Committee and shall arrange for the interpretation of the discussions, as provided in Rule 44.

43.6 The Secretariat shall perform all other duties necessary for the proper conduct of the work of the Committee.

IX. WORKING LANGUAGES AND REPORTS 40

Rule 44. Working languages 41

44.1 The working languages of the Committee shall be English and French. When the conditions permit, the official languages recognized by the United Nations may be used as well as the working languages.

44.2 Interventions made at a meeting of the Committee in one of the working languages shall be interpreted into the other language.

44.3 Speakers may, however, speak in any other language, provided they make their own arrangements for interpretation of their speeches into one of the working languages.

44.4 The documents of the Committee shall be issued simultaneously in English and French. When the conditions permit, they shall also be issued in the official languages recognized by the United Nations.

Rule 45. Deadline for distribution of documents 42

The documents relating to the items on the Provisional Agenda of each session of the Committee shall be distributed at the latest six weeks before the beginning of the session in the two working languages to the Members of the Committee, and to the International Center for the Study of the Preservation and the Restoration of Cultural Property (ICCROM), the International Council on Monuments and Sites (ICOMOS) and the World Conservation Union, formerly International

40 Title amended by the Committee at its sixth extraordinary session (Paris, 2003)
41 Rules 44.1, 44.2 and 44.4 amended by the Committee at its sixth extraordinary session (Paris, 2003)
42 Title and Rule 45 adopted by the Committee at its sixth extraordinary session (Paris, 2003)
Union for Conservation of Nature and Natural Resources (IUCN), as well as to all other organizations invited to the session. They shall also be made available to States Parties non members of the Committee in electronic format.

Rule 46. Reports of the Session

At the closure of each session, the Committee shall adopt its report of the session comprising a list of Decisions. This shall be published in the month that follows the closure of the said session.

Rule 47. Summary Record

47.1 The Secretariat shall prepare a Summary Record of all the interventions made during the Plenary session of the Committee. A provisional text of the Summary Record, which is not intended to be published, shall be submitted as soon as possible to the Members of the Committee and the representatives of organizations, individuals and observers mentioned in Rules 6, 7 and 8 so that they may indicate any corrections to their own statements.

47.2 The final version of the Summary Record shall be published as an information document within three months following the closure of the said session.

Rule 48. Communication of the documentation

The Reports of the sessions, the Summary Records and all final documents, once published, shall be transmitted to the States members of the Committee, and to the International Centre for the Study of the Preservation and the Restoration of Cultural Property (ICCROM), the International Council on Monuments and Sites (ICOMOS) and the World Conservation Union, formerly International Union for Conservation of Nature and Natural Resources (IUCN), as well as to all other organizations invited to the session.

Rule 49. Reports to the General Assembly of States Parties and to the UNESCO General Conference

49.1 The Committee shall submit a report on its activities at each General Assembly of States Parties and at each of the ordinary sessions of the General Conference of UNESCO.

49.2 The Committee may authorize its Chairperson to submit these reports on its behalf.

---

43 Title and Rule 46 adopted by the Committee at its sixth extraordinary session (Paris, 2003)
44 Title and Rules 47.1 and 47.2 adopted by the Committee at its sixth extraordinary session (Paris, 2003)
45 Rule 48 amended by the Committee at its sixth extraordinary session (Paris, 2003)
46 Title and Rules 49.1, 49.2 and 49.3 amended by the Committee at its sixth extraordinary session (Paris, 2003)
49.3 Copies of these reports shall be sent to all States Parties to the Convention.

X. ADOPTION, AMENDMENT AND SUSPENSION OF THE RULES OF PROCEDURE

<table>

| Rule 51. Amendment              |
| The Committee may amend these Rules of Procedure except when they reproduce provisions of the Convention by a decision taken in plenary meeting by a two-thirds majority of the States members present and voting, provided the proposal has been included in the agenda of the session in accordance with Rules 9 and 10. |

| Rule 52. Suspension             |
| The Committee may suspend the application of any of these Rules, except when they reproduce provisions of the Convention, by a decision taken in plenary meeting by a two-thirds majority of the States members present and voting. |
Article 15 of the Convention concerning the Protection of the World Cultural and Natural Heritage (hereinafter referred to as "the Convention"), establishes a Fund, called "the World Heritage Fund" hereinafter referred to as "the Fund" which is to constitute a trust fund, in conformity with the provisions of the Financial Regulations of UNESCO. Consequently, in accordance with Regulation 6.7 of the Financial Regulations of the Organization, the Director-General has established the following special financial regulations to govern the operations of this Fund.

1. **Purpose of the Fund**

   1.1. The purpose of this Fund shall be to receive contributions from the sources indicated in 3.1 below and to make payments there from to assist in the protection of properties forming part of the World Cultural and Natural Heritage of Outstanding Universal Value in accordance with the terms of the Convention and of the present Regulations.

2. **Financial period of the Fund**

   2.1. The financial period shall be two consecutive calendar years coinciding with the financial period of the Regular Budget of UNESCO.

3. **Provision of funds**

   3.1. The resources of the Fund shall consist of:

   (a) contributions made by the States Parties to the Convention, in accordance with its Article 16;

   (b) contributions, gifts or bequests which may be made by:

       i) other States;
ii) the United Nations Educational Scientific and Cultural Organization, other organizations of the United Nations system, particularly the United Nations Development Programme or other intergovernmental organizations;

iii) public or private bodies or individuals;

(c) any interest due on the resources of the Fund;

(d) funds raised by collections and receipts from events organized for the benefit of the Fund; and

(e) any other resources acceptable to the World Heritage Committee.

3.2. As stipulated in Article 16 of the Convention, the contributions of States which have not made the declaration referred to in paragraph 2 of that Article shall be made according to the scale of assessments determined every two years by the General Assembly of States Parties to the Convention.

3.3. The method and the procedure for the payment of all contributions of States Parties are those determined by the first General Assembly of States Parties to the Convention.

4. **Expenditure**

4.1. The resources of the Fund may be used only for such purposes as the World Heritage Committee shall define and may take the following form:

(a) studies concerning the artistic, scientific and technical problems raised by the protection, conservation, presentation and rehabilitation of the cultural and natural heritage, as defined under the terms of the Convention:

(b) provision of experts, technicians and skilled labour to ensure that the approved work is correctly carried out;

(c) training of staff and specialists at all levels in the field of identification, protection, conservation, presentation and rehabilitation of the cultural and natural heritage;

(d) supply of equipment which the State concerned does not possess or is not in a position to acquire;

(e) low-interest or interest-free loans which might be repayable on a long-term basis;

(f) the granting, in exceptional cases and for special reasons, of non-repayable subsidies.
4.2. Expenditure shall be made within the limits of funds available.

4.3. The undisposed balance of the Fund may be carried forward from one financial period to the next.

5. Reserve Fund

5.1. There shall be established a reserve fund to meet requests for assistance resulting from disasters or natural calamities, as foreseen under Article 21 (2) of the Convention. The amount of the reserve fund which shall be credited with transfers from "the World Heritage Fund" shall be determined from time to time by the Director-General.

6. Accounts

6.1. The Director-General shall maintain such accounting records as are necessary and shall include in his annual financial report accounts showing for the financial period to which they relate the receipts and disbursements of the Fund.

6.2. The annual accounts of the Fund shall be presented in dollars of the United States of America. Accounting records may, however, be kept in such currency or currencies as the Director-General may deem necessary.

6.3. The annual accounts shall be submitted by the Director-General for audit to the External Auditor of UNESCO.

6.4. The accounts shall be submitted by the Director-General to the General Assembly of States Parties to the Convention.

7. Custody of Funds

7.1. The Director-General shall designate the bank or banks in which the resources of the Fund shall be kept.

8. Investment of Funds

8.1. The Director-General may make short-term investment of sums standing to the credit of the Fund.

8.2. Interest earned on these investments shall be credited to the Fund.

9.1. Except as provided for in the above Regulations, the Fund shall be administered in accordance with the Financial Regulations of UNESCO.
The Operational Guidelines are periodically revised to reflect the decisions of the World Heritage Committee. Please verify that you are using the latest version of the Operational Guidelines by checking the date of the Operational Guidelines on the UNESCO World Heritage Centre website indicated below.

I INTRODUCTION

I.A The Operational Guidelines

1. The Operational Guidelines for the Implementation of the World Heritage Convention (hereinafter referred to as the Operational Guidelines) aim to facilitate the implementation of the Convention concerning the Protection of the World Cultural and Natural Heritage (hereinafter referred to as “the World Heritage Convention” or “the Convention”), by setting forth the procedures for:

a) the inscription of properties on the World Heritage List and the List of World Heritage in Danger;

b) the protection and conservation of World Heritage properties;

c) the granting of International Assistance under the World Heritage Fund; and

d) the mobilization of national and international support in favor of the Convention.

2. The Operational Guidelines are periodically revised to reflect the decisions of the World Heritage Committee.

3. The key users of the Operational Guidelines are:

a) the States Parties to the World Heritage Convention;

b) the Intergovernmental Committee for the Protection of the Cultural and Natural Heritage of Outstanding Universal Value, hereinafter referred to as “the World Heritage Committee” or “the Committee”;

b) the UNESCO World Heritage Centre as Secretariat to the World Heritage Committee, hereinafter referred to as “the Secretariat”;

d) the Advisory Bodies to the World Heritage Committee;

e) site managers, stakeholders and partners in the protection of World Heritage properties.

I.B The World Heritage Convention

4. The cultural and natural heritage is among the priceless and irreplaceable assets, not only of each nation, but of humanity as a whole. The loss, through deterioration or disappearance, of any of these most prized assets constitutes an impoverishment of the heritage of all the peoples of the world. Parts of this heritage, because of their exceptional qualities, can be considered to be of “Outstanding Universal Value” and as such worthy of special protection against the dangers which increasingly threaten them.
5. To ensure, as far as possible, the proper identification, protection, conservation and presentation of the world's heritage, the Member States of UNESCO adopted the World Heritage Convention in 1972. The Convention foresees the establishment of a “World Heritage Committee” and a “World Heritage Fund”. Both the Committee and the Fund have been in operation since 1976.

6. Since the adoption of the Convention in 1972, the international community has embraced the concept of “sustainable development”. The protection and conservation of the natural and cultural heritage constitute a significant contribution to sustainable development.

7. The Convention aims at the identification, protection, conservation, presentation and transmission to future generations of cultural and natural heritage of Outstanding Universal Value.

8. The criteria and conditions for the inscription of properties on the World Heritage List have been developed to evaluate the Outstanding Universal Value of properties and to guide States Parties in the protection and management of World Heritage properties.

9. When a property inscribed on the World Heritage List is threatened by serious and specific dangers, the Committee considers placing it on the List of World Heritage in Danger. When the Outstanding Universal Value of the property which justified its inscription on the World Heritage List is lost, the Committee considers deleting the property from the World Heritage List.

I.C. The States Parties to the World Heritage Convention

10. States are encouraged to become party to the Convention. Model instruments for ratification/acceptance and accession are included as Annex 1. The original signed version should be sent to the Director-General of UNESCO.

11. The list of States Parties to the Convention is available at: https://whc.unesco.org/en/statesparties

12. States Parties to the Convention are encouraged to adopt a human-rights based approach, and ensure gender-balanced participation of a wide variety of stakeholders and rights-holders, including site managers, local and regional governments, local communities, indigenous peoples, non-governmental organizations (NGOs) and other interested parties and partners in the identification, nomination, management and protection processes of World Heritage properties.

13. States Parties to the Convention should provide the Secretariat with the names and contact details of the governmental organization(s) primarily responsible as national focal point(s) for the implementation of the Convention, so that copies of all official correspondence and documents can be sent by the Secretariat to these national focal points as appropriate.

14. States Parties are encouraged to bring together their cultural and natural heritage experts at regular intervals to discuss the implementation of the Convention. States Parties may wish to involve representatives of the Advisory Bodies and other experts and partners as appropriate.
14bis. States Parties are encouraged to mainstream into their programmes and activities related to the *World Heritage Convention* the principles of the relevant policies adopted by the World Heritage Committee, the General Assembly of States Parties to the *Convention* and the UNESCO Governing Bodies, such as the Policy Document for the Integration of a Sustainable Development Perspective into the Processes of the *World Heritage Convention* and the UNESCO policy on engaging with indigenous peoples, as well as other related policies and documents, including the 2030 Agenda for Sustainable Development and international human rights standards.

15. While fully respecting the sovereignty of the States on whose territory the cultural and natural heritage is situated, States Parties to the *Convention* recognize the collective interest of the international community to cooperate in the protection of this heritage. States Parties to the *World Heritage Convention*, have the responsibility to:

a) ensure the identification, nomination, protection, conservation, presentation, and transmission to future generations of the cultural and natural heritage found within their territory, and give help in these tasks to other States Parties that request it;

b) adopt general policies to give the heritage a function in the life of the community;

c) integrate heritage protection into comprehensive planning programmes and coordination mechanisms, giving consideration in particular to the resilience of socio-ecological systems of properties;

d) establish services for the protection, conservation and presentation of the heritage;

e) develop scientific and technical studies to identify actions that would counteract the dangers that threaten the heritage;

f) take appropriate legal, scientific, technical, administrative and financial measures to protect the heritage;

g) foster the establishment or development of national or regional centres for training in the protection, conservation and presentation of the heritage and encourage scientific research in these fields;

h) not take any deliberate measures that directly or indirectly damage their heritage or that of another State Party to the *Convention*;

i) submit to the World Heritage Committee an inventory of properties suitable for inscription on the World Heritage List (referred to as a Tentative List);

j) make regular contributions to the World Heritage Fund, the amount of which is determined by the General Assembly of States Parties to the *Convention*;

k) consider and encourage the establishment of national, public and private foundations or associations to facilitate donations for the protection of World Heritage;

l) give assistance to international fundraising campaigns organized for the World Heritage Fund;

Article 6(1) of the *World Heritage Convention*.

Decision 43 COM 11A

Article 6(3) of the *World Heritage Convention*.

Article 11(1) of the *World Heritage Convention*.

Article 16(1) of the *World Heritage Convention*.

Article 17 of the *World Heritage Convention*.

Article 18 of the *World Heritage Convention*. 
m) use educational and information programmes to strengthen appreciation and respect by their peoples of the cultural and natural heritage defined in Articles 1 and 2 of the Convention, and to keep the public informed of the dangers threatening this heritage;

n) provide information to the World Heritage Committee on the implementation of the World Heritage Convention and the state of conservation of properties; and

o) contribute to and comply with the sustainable development objectives, including gender equality, in the World Heritage processes and in their heritage conservation and management systems.

16. States Parties are encouraged to attend sessions of the World Heritage Committee and its subsidiary bodies.

I.D The General Assembly of States Parties to the World Heritage Convention

18. The General Assembly determines the uniform percentage of contributions to the World Heritage Fund applicable to all States Parties and elects members to the World Heritage Committee. Both the General Assembly and General Conference of UNESCO receive a report from the World Heritage Committee on its activities.

I.E The World Heritage Committee

19. The World Heritage Committee is composed of 21 members and meets at least once a year (June/July). It establishes its Bureau, which meets during the sessions of the Committee as frequently as deemed necessary. The composition of the Committee and its Bureau is available at: https://whc.unesco.org/en/committee

20. The Committee manages its meetings according to its Rules of Procedure, available at: https://whc.unesco.org/en/committee

21. The term of office of Committee members is six years but, in order to ensure equitable representation and rotation, States Parties are invited by the General Assembly to consider voluntarily reducing their term of office from six to four years and are discouraged from seeking consecutive terms of office.

22. At each election, due consideration shall be given to the election of at least one State Party which has never served as a Member of the World Heritage Committee.

23. Committee decisions are based on objective and scientific considerations, and any appraisal made on its behalf must be thoroughly and responsibly carried out. The Committee recognizes that such decisions depend upon:

Article 7(1), of the World Heritage Convention.

Article 9(1) of the World Heritage Convention.

Decision 43 COM 11A

Decision 43 COM 11A

Article 27 of the World Heritage Convention.

Article 29 of the World Heritage Convention.

Article 27 of the World Heritage Convention.

Article 29 of the World Heritage Convention.
a) carefully prepared documentation;
b) thorough and consistent procedures;
c) evaluation by qualified experts; and
d) if necessary, the use of expert referees.

24. The main functions of the Committee are, in cooperation with States Parties, to:

a) identify, on the basis of Tentative Lists and nominations submitted by States Parties, cultural and natural properties of Outstanding Universal Value which are to be protected under the Convention and to inscribe those properties on the World Heritage List;
b) examine the state of conservation of properties inscribed on the World Heritage List through processes of Reactive Monitoring (see Chapter IV) and Periodic Reporting (see Chapter V);
c) decide which properties inscribed on the World Heritage List are to be inscribed on, or removed from the List of World Heritage in Danger;
d) decide whether a property should be deleted from the World Heritage List (see Chapter IV);
e) define the procedure by which requests for International Assistance are to be considered and carry out studies and consultations as necessary before coming to a decision (see Chapter VII);
f) determine how the resources of the World Heritage Fund can be used most advantageously to assist States Parties in the protection of their properties of Outstanding Universal Value;
g) seek ways to increase the World Heritage Fund;
h) submit a report on its activities every two years to the General Assembly of States Parties and to the UNESCO General Conference;
i) review and evaluate periodically the implementation of the Convention;
j) revise and adopt the Operational Guidelines.

25. In order to facilitate the implementation of the Convention, the Committee develops Strategic Objectives; they are periodically reviewed and revised to define the goals and objectives of the Committee to ensure that new threats placed on World Heritage are addressed effectively.

26. The current Strategic Objectives (also referred to as “the 5 Cs”) are the following:

1. Strengthen the Credibility of the World Heritage List;
2. Ensure the effective Conservation of World Heritage Properties;
3. Promote the development of effective **Capacity building** in States Parties;

4. Increase public awareness, involvement and support for World Heritage through **Communication**;

5. Enhance the role of **Communities** in the implementation of the *World Heritage Convention*.

**I.F The Secretariat to the World Heritage Committee**

**World Heritage Centre**

27. The World Heritage Committee is assisted by a Secretariat appointed by the Director-General of UNESCO. The function of the Secretariat is currently assumed by the World Heritage Centre, established in 1992 specifically for this purpose. The Director-General designated the Director of the World Heritage Centre as Secretary to the Committee. The Secretariat assists and collaborates with the States Parties and the Advisory Bodies. The Secretariat works in close cooperation with other sectors and field offices of UNESCO.

28. The Secretariat's main tasks are:

   a) the organization of the meetings of the General Assembly and the Committee;
   
   b) the implementation of decisions of the World Heritage Committee and resolutions of the General Assembly and reporting on their execution;
   
   c) the receipt, registration, checking the completeness, archiving and transmission to the relevant Advisory Bodies of nominations to the World Heritage List;
   
   d) the co-ordination of studies and activities as part of the Global Strategy for a Representative, Balanced and Credible World Heritage List;
   
   e) the organization of Periodic Reporting;
f) coordination and conduct of Reactive Monitoring, including Reactive Monitoring missions, as well as coordination of and participation in Advisory missions, as appropriate;

g) the coordination of International Assistance;

h) the mobilization of extra-budgetary resources for the conservation and management of World Heritage properties;

i) the assistance to States Parties in the implementation of the Committee's programmes and projects; and

j) the promotion of World Heritage and the Convention through the dissemination of information to States Parties, the Advisory Bodies and the general public.

29. These activities follow the decisions and Strategic Objectives of the Committee and the resolutions of the General Assembly of the States Parties and are conducted in close cooperation with the Advisory Bodies.

I.G The Advisory Bodies to the World Heritage Committee

30. The Advisory Bodies to the World Heritage Committee are ICCROM (the International Centre for the Study of the Preservation and Restoration of Cultural Property), ICOMOS (the International Council on Monuments and Sites), and IUCN (the International Union for Conservation of Nature).

31. The roles of the Advisory Bodies are to:

a) advise on the implementation of the World Heritage Convention in the field of their expertise;

b) assist the Secretariat, in the preparation of the Committee's documentation, the agenda of its meetings and the implementation of the Committee's decisions;

---

1 Reactive Monitoring missions are part of the statutory reporting by the Secretariat and the Advisory Bodies to the World Heritage Committee on the state of conservation of specific properties that are under threat (see Paragraph 169). They are requested by the World Heritage Committee to ascertain, in consultation with the State Party concerned, the condition of the property, the dangers to the property and the feasibility of adequately restoring the property or to assess progress made in implementing such corrective measures, and include a reporting back to the Committee on the findings of the mission (see Paragraph 176.e). The terms of reference of Reactive Monitoring missions are proposed by the World Heritage Centre, in line with the decision adopted by the World Heritage Committee, and consolidated in consultation with the State Party and the relevant Advisory Body(ies). Experts for such missions shall not be nationals of the country where the property is located. It is however encouraged that, where possible, they be from the same region as the property. The costs of the Reactive Monitoring missions are borne by the World Heritage Fund.

2 Advisory missions are not part stricto sensu of the statutory and mandatory processes, as they are voluntarily initiated by States Parties and depend on the considerations and judgement of the States Parties requesting them. Advisory missions are to be understood as missions providing expert advice to a State Party on specific matters. They can concern provision of “upstream” support and advice on identification of sites, Tentative Lists or nomination of sites on the World Heritage List or alternatively, they can relate to the state of conservation of properties and provide advice in evaluating possible impact of a major development project on the Outstanding Universal Value of the property, advice in the preparation/revision of a management plan, or in the progress achieved in the implementation of specific mitigation measures, etc. The terms of reference of Advisory missions are proposed by the State Party itself, and consolidated in consultation with the World Heritage Centre and the relevant Advisory Body(ies), other organization(s) or experts. Experts for such missions shall not be nationals of the country where the property is located. It is however encouraged that, where possible, they be from the same region as the property. The entire costs of Advisory missions are borne by the State Party inviting the mission, except where the State Party is eligible for relevant International Assistance or funding from the new budget line for Advisory missions approved by Decision 38 COM 12.
c) assist with the development and implementation of the Global Strategy for a Representative, Balanced and Credible World Heritage List, the World Heritage Capacity Building Strategy, Periodic Reporting, and the strengthening of the effective use of the World Heritage Fund;

d) monitor the state of conservation of World Heritage properties (including through Reactive Monitoring missions at the request of the Committee and Advisory missions at the invitation of the States Parties) and review requests for International Assistance;

e) in the case of ICOMOS and IUCN, evaluate properties nominated for inscription on the World Heritage List, in consultation and dialogue with nominating States Parties, and present evaluation reports to the Committee; and

f) attend meetings of the World Heritage Committee and the Bureau in an advisory capacity.

### ICCROM

32. ICCROM (the International Centre for the Study of the Preservation and Restoration of Cultural Property) is an international intergovernmental organization with headquarters in Rome, Italy. Established by UNESCO in 1956, ICCROM’s statutory functions are to carry out research, documentation, technical assistance, training and public awareness programmes to strengthen conservation of immovable and moveable cultural heritage.

33. The specific role of ICCROM in relation to the Convention includes: being the priority partner in training for cultural heritage, monitoring the state of conservation of World Heritage cultural properties, reviewing requests for International Assistance submitted by States Parties, and providing input and support for capacity building activities.

### ICOMOS

34. ICOMOS (the International Council on Monuments and Sites) is a non-governmental organization with headquarters in Charenton-le-Pont, France. Founded in 1965, its role is to promote the application of theory, methodology and scientific techniques to the conservation of the architectural and archaeological heritage. Its work is based on the principles of the 1964 International Charter on the Conservation and Restoration of Monuments and Sites (the Venice Charter).

35. The specific role of ICOMOS in relation to the Convention includes: evaluation of properties nominated for inscription on the World Heritage List, monitoring the state of conservation of World Heritage cultural properties, reviewing requests for International Assistance submitted by States Parties, and providing input and support for capacity building activities.
36. IUCN – The International Union for Conservation of Nature was founded in 1948 and brings together national governments, NGOs, and scientists in a worldwide partnership. IUCN has its headquarters in Gland, Switzerland. Its mission is to influence, encourage and assist societies throughout the world to conserve the integrity and diversity of nature and to ensure that any use of natural resources is equitable and ecologically sustainable.

37. The specific role of IUCN in relation to the Convention includes: evaluation of properties nominated for inscription on the World Heritage List, monitoring the state of conservation of World Heritage natural properties, reviewing requests for International Assistance submitted by States Parties, and providing input and support for capacity building activities.

I.H Other organizations

38. The Committee may call on other international and non-governmental organizations with appropriate competence and expertise to assist in the implementation of its programmes and projects, including for Reactive Monitoring missions.

I.I Partners in the protection of World Heritage

39. A partnership approach, underpinned by inclusive, transparent and accountable decision-making, to nomination, management and monitoring provides a significant contribution to the protection of World Heritage properties and the implementation of the Convention.

40. Partners in the protection and conservation of World Heritage can be those individuals and other stakeholders, especially local communities, indigenous peoples, governmental, non-governmental and private organizations and owners who have an interest and involvement in the conservation and management of a World Heritage property.

I.J Other Conventions, Recommendations and Programmes

41. The World Heritage Committee recognizes the benefits of closer coordination of its work with other UNESCO programmes and their relevant conventions. For a list of relevant global conservation instruments, conventions and programmes see paragraph 44.

42. The World Heritage Committee with the support of the Secretariat will ensure appropriate coordination and information-sharing between the World Heritage Convention and other conventions, programmes and international organizations related to the conservation of cultural and natural heritage.

43. The Committee may invite representatives of the intergovernmental bodies under related conventions to attend its meetings as observers. It may appoint a representative to observe meetings of the other intergovernmental bodies upon receipt of an invitation.
44. Selected global conventions and programmes relating to the protection of cultural and natural heritage

II THE WORLD HERITAGE LIST

II.A Definition of World Heritage

Cultural and Natural Heritage

45. Cultural and natural heritage are defined in Articles 1 and 2 of the World Heritage Convention.

Article 1

For the purposes of this Convention, the following shall be considered as “cultural heritage”:

- monuments: architectural works, works of monumental sculpture and painting, elements or structures of an archaeological nature, inscriptions, cave dwellings and combinations of features, which are of Outstanding Universal Value from the point of view of history, art or science;

- groups of buildings: groups of separate or connected buildings which, because of their architecture, their homogeneity or their place in the landscape, are of Outstanding Universal Value from the point of view of history, art or science;

- sites: works of man or the combined works of nature and of man, and areas including archaeological sites which are of Outstanding Universal Value from the historical, aesthetic, ethnological or anthropological points of view.

Article 2

For the purposes of this Convention, the following shall be considered as “natural heritage”:
- natural features consisting of physical and biological formations or groups of such formations, which are of Outstanding Universal Value from the aesthetic or scientific point of view;

geological and physiographical formations and precisely delineated areas which constitute the habitat of threatened species of animals and plants of Outstanding Universal Value from the point of view of science or conservation;

- natural sites or precisely delineated natural areas of Outstanding Universal Value from the point of view of science, conservation or natural beauty.

Mixed Cultural and Natural Heritage

46. Properties shall be considered as “mixed cultural and natural heritage” if they satisfy a part or whole of the definitions of both cultural and natural heritage laid out in Articles 1 and 2 of the Convention.

Cultural landscapes

Definition

47. Cultural landscapes inscribed on the World Heritage List are cultural properties and represent the “combined works of nature and of man” designated in Article 1 of the Convention. They are illustrative of the evolution of human society and settlement over time, under the influence of the physical constraints and/or opportunities presented by their natural environment and of successive social, economic and cultural forces, both external and internal.

They should be selected on the basis both of their Outstanding Universal Value and of their representativity in terms of a clearly defined geo-cultural region. They should be selected also for their capacity to illustrate the essential and distinct cultural elements of such regions.

The term “cultural landscape” embraces a diversity of manifestations of the interaction between humankind and the natural environment.

Cultural landscapes often reflect specific techniques of sustainable land use, considering the characteristics and limits of the natural environment they are established in, and may reflect a specific spiritual relationship to nature. Protection of cultural landscapes can contribute to current techniques of sustainable land use and can maintain or enhance natural values in the landscape. The continued existence of traditional forms of land use supports biological diversity in many regions of the world. The protection of traditional cultural landscapes is therefore helpful in maintaining biological diversity.

Types

47bis. Cultural landscapes fall into three main types, namely:

(i) The most easily identifiable is the clearly defined landscape designed and created intentionally by people. This embraces garden and parkland landscapes constructed for aesthetic reasons which are often (but not always) associated with religious or other monumental buildings and ensembles.
(ii) The second type is the **organically evolved landscape**. This results from an initial social, economic, administrative, and/or religious imperative and has developed its present form by association with and in response to its natural environment. Such landscapes reflect that process of evolution in their form and component features. They fall into two sub-types:

a) a relict (or fossil) landscape is one in which an evolutionary process came to an end at some time in the past, either abruptly or over a period. Its significant distinguishing features are, however, still visible in material form;

b) a continuing landscape is one which retains an active social role in contemporary society closely associated with the traditional way of life, and in which the evolutionary process is still in progress. At the same time it exhibits significant material evidence of its evolution over time;

(iii) The final type is the **associative cultural landscape**. The inscription of such landscapes on the World Heritage List is justifiable by virtue of the powerful religious, artistic or cultural associations of the natural element rather than material cultural evidence, which may be insignificant or even absent.

**Inscription of Cultural Landscapes on the World Heritage List**

**47ter.** The extent of a cultural landscape for inscription on the World Heritage List is relative to its functionality and intelligibility. In any case, the sample selected must be substantial enough to represent adequately the totality of the cultural landscape that it illustrates. The possibility of designating long linear areas which represent culturally significant transport and communication networks should not be excluded.

General criteria for protection and management are equally applicable to cultural landscapes. It is important that due attention be paid to the full range of values represented in the landscape, both cultural and natural. The nominations should be prepared in collaboration with and the full approval of local communities.

The existence of a category of “cultural landscape”, included on the World Heritage List on the basis of the criteria set out in Paragraph 77 of the *Operational Guidelines*, does not exclude the possibility of properties of exceptional importance in relation to both cultural and natural criteria continuing to be inscribed (see definition of mixed properties as set out in Paragraph 46). In such cases, their Outstanding Universal Value must be justified under both cultural and natural criteria (see Paragraph 77).

**Movable Heritage**

**48.** Nominations of immovable heritage which are likely to become movable will not be considered.
Outstanding Universal Value

49. Outstanding Universal Value means cultural and/or natural significance which is so exceptional as to transcend national boundaries and to be of common importance for present and future generations of all humanity. As such, the permanent protection of this heritage is of the highest importance to the international community as a whole. The Committee defines the criteria for the inscription of properties on the World Heritage List.

50. States Parties are invited to submit nominations of properties of cultural and/or natural value considered to be of “Outstanding Universal Value” for inscription on the World Heritage List.

51. At the time of inscription of a property on the World Heritage List, the Committee adopts a Statement of Outstanding Universal Value (see paragraph 154) which will be the key reference for the future effective protection and management of the property.

52. The Convention is not intended to ensure the protection of all properties of great interest, importance or value, but only for a select list of the most outstanding of these from an international viewpoint. It is not to be assumed that a property of national and/or regional importance will automatically be inscribed on the World Heritage List.

53. Nominations presented to the Committee shall demonstrate the full commitment of the State Party to preserve the heritage concerned, within its means. Such commitment shall take the form of appropriate policy, legal, scientific, technical, administrative and financial measures adopted and proposed to protect the property and its Outstanding Universal Value.

II.B A Representative, Balanced and Credible World Heritage List

54. The Committee seeks to establish a representative, balanced and credible World Heritage List in conformity with the four Strategic Objectives it adopted at its 26th session (Budapest, 2002).

The Global Strategy for a Representative, Balanced and Credible World Heritage List

55. The Global Strategy for a Representative, Balanced and Credible World Heritage List is designed to identify and fill the major gaps in the World Heritage List. It does this by encouraging more countries to become States Parties to the Convention and to develop Tentative Lists as defined in paragraph 62 and nominations of properties for inscription on the World Heritage List (see https://whc.unesco.org/en/globalstrategy).

56. States Parties and the Advisory Bodies are encouraged to participate in the implementation of the Global Strategy in cooperation with the Secretariat and other partners. Regional and thematic Global Strategy meetings and comparative and thematic studies are organized for this purpose. The results of these meetings and studies are available to assist States Parties in preparing Tentative Lists and nominations. The reports of the expert meetings and studies presented to the World Heritage Committee are available at: https://whc.unesco.org/en/globalstrategy.
57. All efforts should be made to maintain a reasonable balance between cultural and natural heritage on the World Heritage List.

58. No formal limit is imposed on the total number of properties to be inscribed on the World Heritage List.

Other measures

59. To promote the establishment of a representative, balanced and credible World Heritage List, States Parties are requested to consider whether their heritage is already well represented on the List and if so, to slow down their rate of submission of further nominations by:

a) spacing voluntarily their nominations according to conditions that they will define, and/or;

b) proposing only properties falling into categories still under-represented, and/or;

c) linking each of their nominations with a nomination presented by a State Party whose heritage is under-represented; or

d) deciding, on a voluntary basis, to suspend the presentation of new nominations.

60. States Parties whose heritage of Outstanding Universal Value is under-represented on the World Heritage List are requested to:

a) give priority to the preparation of their Tentative Lists and nominations;

b) initiate and consolidate partnerships at the regional level based on the exchange of technical expertise;

c) encourage bilateral and multilateral cooperation so as to increase their expertise and the technical capacities of institutions in charge of the protection, safeguarding and management of their heritage; and,

d) participate, as much as possible, in the sessions of the World Heritage Committee.

60bis. The Committee has decided to apply the following annual limits and system of prioritization concerning Preliminary Assessments (see Section III):

a) Advisory Bodies will review up to one complete Preliminary Assessment request per State Party;

b) set at 35 the annual limit on the number of Preliminary Assessment requests to be reviewed by Advisory Bodies;

c) should the number of Preliminary Assessment requests exceed 35, the order of priorities applied will be the same as set in paragraph 61.c);
d) the States Parties co-authors of a future transboundary or transnational serial nomination can choose, amongst themselves and with a common understanding, the State Party which will be submitting the Preliminary Assessment request; and this Preliminary Assessment request can be registered exclusively within the ceiling of the bearing State Party.

61. The Committee has decided to apply the following mechanism concerning examination of nominations:

a) examine one complete nomination per State Party, or two complete nominations per State Party if one of them was previously referred or deferred by the Committee;

b) set at 35 the annual limit on the number of nominations it will review, inclusive of nominations deferred and referred by previous sessions of the Committee, extensions (except minor modifications of limits of the property), transboundary and transnational serial nominations,

c) the following order of priorities will be applied in case the overall annual limit of 35 nominations is exceeded:

   i) nominations of properties submitted by States Parties with no properties inscribed on the List,

   ii) nominations of properties submitted by States Parties having up to 3 properties inscribed on the List,

   iii) resubmitted referred and deferred nominations,

   iv) nominations of properties that have been previously excluded due to the annual limit of 35 nominations and the application of these priorities,

   v) nominations of properties submitted in the 5th year following the report by the Advisory Bodies on the related Preliminary Assessment (see Paragraph 122.g),

   vi) nominations of properties for natural heritage,

   vii) nominations of properties for mixed heritage,

   viii) nominations of transboundary/transnational properties,

   ix) nominations from States Parties in Africa, the Pacific and the Caribbean,

   x) nominations of properties submitted by States Parties having ratified the *World Heritage Convention* during the last twenty years,

   xi) nominations of properties submitted by States Parties that have not submitted nominations for five years or more,

   xii) nominations of States Parties, former Members of the Committee, who accepted on a voluntary basis not to have a nomination reviewed by the Committee during their mandate. This priority will be applied for 4 years after the end of their mandate on the Committee,
xiii) when applying this priority system, date of receipt of full and complete nominations by the World Heritage Centre shall be used as a secondary factor to determine the priority between those nominations that would not be designated by the previous points.

d) the States Parties co-authors of a transboundary or transnational serial nomination can choose, amongst themselves and with a common understanding, the State Party which will be bearing this nomination; and this nomination can be registered exclusively within the ceiling of the bearing State Party.

II.C Tentative Lists

Procedure and Format

62. A Tentative List is an inventory of those sites situated on its territory which each State Party considers suitable for nomination to the World Heritage List. States Parties should therefore include, in their Tentative Lists, details of those sites which they consider to be of potential Outstanding Universal Value and which they intend to nominate during the following years.

63. A nomination dossier will not be considered complete unless the nominated property has already been included on the State Party's Tentative List and has undergone a Preliminary Assessment.

64. States Parties are encouraged to prepare their Tentative Lists with the full, effective and gender-balanced participation of a wide variety of stakeholders and rights-holders, including site managers, local and regional governments, local communities, indigenous peoples, NGOs and other interested parties and partners. In the case of sites affecting the lands, territories or resources of indigenous peoples, States Parties shall consult and cooperate in good faith with the indigenous peoples concerned through their own representative institutions in order to obtain their free, prior and informed consent before including the sites on their Tentative List.

65. States Parties shall submit Tentative Lists to the Secretariat, at least one year prior to the submission of a Preliminary Assessment request to the Secretariat for review by the Advisory Bodies. States Parties are encouraged to re-examine and re-submit their Tentative List at least every ten years.

66. States Parties are requested to submit their Tentative Lists in English or French using the standard formats in Annex 2A and Annex 2B (for transnational and transboundary future nominations), containing the name of the sites, their geographical location, a brief description of the sites, and justification of their potential Outstanding Universal Value.

67. The original duly signed version of the completed Tentative List shall be submitted by the State Party, to:

UNESCO World Heritage Centre
7, place de Fontenoy
75352 Paris 07 SP
France
Tel: +33 (0) 1 4568 1104
E-mail: wh-tentativelists@unesco.org

Articles 1, 2 and 11(1) of the World Heritage Convention.
Decision 39 COM 11

Decision 24 COM para VI.2.3.2

Decision 43 COM 11A

Decision 39 COM 11
68. Upon reception of the Tentative Lists from the States Parties, the World Heritage Centre checks for compliance of the documentation with Annex 2. If the documentation is not considered in compliance with Annex 2, the World Heritage Centre refers it back to the State Party. When all information has been provided, the Tentative List is registered by the Secretariat and transmitted to the relevant Advisory Bodies for information. A summary of all Tentative Lists is presented annually to the Committee. The Secretariat, in consultation with the States Parties concerned, updates its records, in particular by removing from the Tentative Lists the inscribed properties and nominated properties which were not inscribed.

The Tentative Lists of States Parties are published by the World Heritage Centre on its website and/or in working documents in order to ensure transparency, access to information and to facilitate harmonization of Tentative Lists at regional and thematic levels.

The sole responsibility for the content of each Tentative List lies with the State Party concerned. The publication of the Tentative Lists does not imply the expression of any opinion whatsoever of the World Heritage Committee or of the World Heritage Centre or of the Secretariat of UNESCO concerning the legal status of any country, territory, city or area or of its boundaries.

69. The Tentative Lists of States Parties are available at: https://whc.unesco.org/en/tentativelists

Tentative Lists as a planning and evaluation tool

70. Tentative Lists are a useful and important planning tool for States Parties, the World Heritage Committee, the Secretariat, and the Advisory Bodies, as they provide an indication of future nominations.

71. Tentative Lists should be established selectively and on the basis of evidence that supports potential Outstanding Universal Value. States Parties are encouraged to consult the analyses of both the World Heritage List and Tentative Lists prepared at the request of the Committee by ICOMOS and IUCN to identify the gaps in the World Heritage List. These analyses could enable States Parties to compare themes, regions, geo-cultural groupings and bio-geographic provinces for prospective World Heritage properties. States Parties are encouraged to seek as early as possible upstream advice from the Advisory Bodies during the development of their Tentative Lists as appropriate.

72. In addition, States Parties are encouraged to consult the specific thematic studies carried out by the Advisory Bodies (see paragraph 147). These studies are informed by a review of the Tentative Lists submitted by States Parties and by reports of meetings on the harmonization of Tentative Lists, as well as by other technical studies performed by the Advisory Bodies and qualified organizations and individuals. A list of studies already completed is available at: https://whc.unesco.org/en/globalstrategy

Decision 7 EXT.COM 4A
Decision 41 COM 11
Decision 27 COM 8A
Decision 24 COM para. VI.2.3.2(ii)
Decision 39 COM 11
https://whc.unesco.org/document/5297 (ICOMOS) and
https://whc.unesco.org/document/5298 (IUCN)

Thematic studies are different than the comparative analysis to be prepared by States Parties when nominating properties for inscription in the World Heritage List (see paragraph 132).
73. States Parties are encouraged to harmonize their Tentative Lists at regional and thematic levels. Harmonization of Tentative Lists is the process whereby States Parties, with the assistance of the Advisory Bodies, collectively assess their respective Tentative List to review gaps and identify common themes. The harmonization has considerable potential to generate fruitful dialogue between States Parties and different cultural communities, promoting respect for common heritage and cultural diversity and can result in improved Tentative Lists, new nominations from States Parties and cooperation amongst groups of States Parties in the preparation of nominations.

**Assistance and Capacity Building for States Parties in the preparation of Tentative Lists**

74. To implement the Global Strategy, cooperative efforts in capacity building and training for diverse groups of beneficiaries may be necessary to assist States Parties in acquiring and/or consolidating expertise in the preparation, updating and harmonization of their Tentative List and the preparation of nominations.

75. International Assistance may be requested by States Parties for the purpose of preparing, updating and harmonizing Tentative Lists (see Chapter VII). This can include use of the Upstream Process (see Paragraph 121).

76. The Advisory Bodies and the Secretariat will use the opportunity of evaluation missions to hold regional training workshops to assist under-represented States in the methods of preparation of their Tentative List and nominations.

**II.D Criteria for the assessment of Outstanding Universal Value**

77. The Committee considers a property as having Outstanding Universal Value (see paragraphs 49-53) if the property meets one or more of the following criteria. Nominated properties shall therefore:

(i) represent a masterpiece of human creative genius;

(ii) exhibit an important interchange of human values, over a span of time or within a cultural area of the world, on developments in architecture or technology, monumental arts, town-planning or landscape design;

(iii) bear a unique or at least exceptional testimony to a cultural tradition or to a civilization which is living or which has disappeared;

(iv) be an outstanding example of a type of building, architectural or technological ensemble or landscape which illustrates (a) significant stage(s) in human history;

(v) be an outstanding example of a traditional human settlement, land-use, or sea-use which is representative of a culture (or cultures), or human interaction with the environment especially when it has become vulnerable under the impact of irreversible change;

(vi) be directly or tangibly associated with events or living traditions, with ideas, or with beliefs, with artistic and literary works of outstanding universal significance. (The Committee considers that this criterion should preferably be used in conjunction with other criteria);

Decision 43 COM 11A

These criteria were formerly presented as two separate sets of criteria - criteria (i) - (vi) for cultural heritage and (i) - (iv) for natural heritage.

The 6th extraordinary session of the World Heritage Committee decided to merge the ten criteria (Decision 6 EXT.COM 5.1).
(vii) contain superlative natural phenomena or areas of exceptional natural beauty and aesthetic importance;

(viii) be outstanding examples representing major stages of earth's history, including the record of life, significant on-going geological processes in the development of landforms, or significant geomorphic or physiographic features;

(ix) be outstanding examples representing significant on-going ecological and biological processes in the evolution and development of terrestrial, fresh water, coastal and marine ecosystems and communities of plants and animals;

(x) contain the most important and significant natural habitats for in-situ conservation of biological diversity, including those containing threatened species of Outstanding Universal Value from the point of view of science or conservation.

78. To be deemed of Outstanding Universal Value, a property must also meet the conditions of integrity and/or authenticity and must have an adequate protection and management system to ensure its safeguarding.

II.E Authenticity and/or integrity

Authenticity

79. Properties nominated under criteria (i) to (vi) must meet the conditions of authenticity. Annex 4, which includes the Nara Document on Authenticity, provides a practical basis for examining the authenticity of such properties and is summarized below.

80. The ability to understand the value attributed to the heritage depends on the degree to which information sources about this value may be understood as credible or truthful. Knowledge and understanding of these sources of information, in relation to original and subsequent characteristics of the cultural heritage, and their meaning as accumulated over time, are the requisite bases for assessing all aspects of authenticity.

81. Judgments about value attributed to cultural heritage, as well as the credibility of related information sources, may differ from culture to culture, and even within the same culture. The respect due to all cultures requires that cultural heritage must be considered and judged primarily within the cultural contexts to which it belongs.

82. Depending on the type of cultural heritage, and its cultural context, properties may be understood to meet the conditions of authenticity if their cultural values (as recognized in the nomination criteria proposed) are truthfully and credibly expressed through a variety of attributes including:

- form and design;
- materials and substance;
- use and function;
- traditions, techniques and management systems;
- location and setting;
- language, and other forms of intangible heritage;
• spirit and feeling; and
• other internal and external factors.

83. Attributes such as spirit and feeling do not lend themselves easily to practical applications of the conditions of authenticity, but nevertheless are important indicators of character and sense of place, for example, in communities maintaining tradition and cultural continuity.

84. The use of all these sources permits elaboration of the specific artistic, historic, social, and scientific dimensions of the cultural heritage being examined. “Information sources” are defined as all physical, written, oral, and figurative sources, which make it possible to know the nature, specificities, meaning, and history of the cultural heritage.

85. When the conditions of authenticity are considered in preparing a nomination for a property, the State Party should first identify all of the applicable significant attributes of authenticity. The statement of authenticity should assess the degree to which authenticity is present in, or expressed by, each of these significant attributes.

86. In relation to authenticity, the reconstruction of archaeological remains or historic buildings or districts is justifiable only in exceptional circumstances. Reconstruction is acceptable only on the basis of complete and detailed documentation and to no extent on conjecture.

Integrity

87. All properties nominated for inscription on the World Heritage List shall satisfy the conditions of integrity.

88. Integrity is a measure of the wholeness and intactness of the natural and/or cultural heritage and its attributes. Examining the conditions of integrity, therefore requires assessing the extent to which the property:

a) includes all elements necessary to express its Outstanding Universal Value;

b) is of adequate size to ensure the complete representation of the features and processes which convey the property’s significance;

c) suffers from adverse effects of development and/or neglect.

This should be presented in a statement of integrity.

89. For properties nominated under criteria (i) to (vi), the physical fabric of the property and/or its significant features should be in good condition, and the impact of deterioration processes controlled. A significant proportion of the elements necessary to convey the totality of the value conveyed by the property should be included. Relationships and dynamic functions present in cultural landscapes, historic towns or other living properties essential to their distinctive character should also be maintained.

Decision 20 COM IX.13

Examples of the application of the conditions of integrity to properties nominated under criteria (i) - (vi) are under development.
For all properties nominated under criteria (vii) - (x), bio-physical processes and landform features should be relatively intact. However, it is recognized that no area is totally pristine and that all natural areas are in a dynamic state, and to some extent involve contact with people. Biological diversity and cultural diversity can be closely linked and interdependent and human activities, including those of traditional societies, local communities and indigenous peoples, often occur in natural areas. These activities may be consistent with the Outstanding Universal Value of the area where they are ecologically sustainable.

In addition, for properties nominated under criteria (vii) to (x), a corresponding condition of integrity has been defined for each criterion.

Properties proposed under criterion (vii) should be of Outstanding Universal Value and include areas that are essential for maintaining the beauty of the property. For example, a property whose scenic value depends on a waterfall, would meet the conditions of integrity if it includes adjacent catchment and downstream areas that are integrally linked to the maintenance of the aesthetic qualities of the property.

Properties proposed under criterion (viii) should contain all or most of the key interrelated and interdependent elements in their natural relationships. For example, an “ice age” area would meet the conditions of integrity if it includes the snow field, the glacier itself and samples of cutting patterns, deposition and colonization (e.g. striations, moraines, pioneer stages of plant succession, etc.); in the case of volcanoes, the magmatic series should be complete and all or most of the varieties of effusive rocks and types of eruptions be represented.

Properties proposed under criterion (ix) should have sufficient size and contain the necessary elements to demonstrate the key aspects of processes that are essential for the long term conservation of the ecosystems and the biological diversity they contain. For example, an area of tropical rain forest would meet the conditions of integrity if it includes a certain amount of variation in elevation above sea level, changes in topography and soil types, patch systems and naturally regenerating patches; similarly a coral reef should include, for example, seagrass, mangrove or other adjacent ecosystems that regulate nutrient and sediment inputs into the reef.

Properties proposed under criterion (x) should be the most important properties for the conservation of biological diversity. Only those properties which are the most biologically diverse and/or representative are likely to meet this criterion. The properties should contain habitats for maintaining the most diverse fauna and flora characteristic of the bio-geographic province and ecosystems under consideration. For example, a tropical savannah would meet the conditions of integrity if it includes a complete assemblage of co-evolved herbivores and plants; an island ecosystem should include habitats for maintaining endemic biota; a property containing wide ranging species should be large enough to include the most critical habitats essential to ensure the survival of viable populations of those species; for an area containing migratory species, seasonal breeding and nesting sites, and migratory routes, wherever they are located, should be adequately protected.
II.F Protection and management

96. Protection and management of World Heritage properties should ensure that their Outstanding Universal Value, including the conditions of integrity and/or authenticity at the time of inscription, are sustained or enhanced over time. A regular review of the general state of conservation of properties, and thus also their Outstanding Universal Value, shall be done within a framework of monitoring processes for World Heritage properties, as specified within the Operational Guidelines3.

97. All properties inscribed on the World Heritage List must have adequate long-term legislative, regulatory, institutional and/or traditional protection and management to ensure their safeguarding. This protection should include adequately delineated boundaries. Similarly States Parties should demonstrate adequate protection at the national, regional, municipal, and/or traditional level for the nominated property. They should append appropriate texts to the nomination with a clear explanation of the way this protection operates to protect the nominated property. Information on protection and management should also be included at the stage of the Preliminary Assessment.

Legislative, regulatory and contractual protection measures

98. Legislative and regulatory measures at national and local levels should assure the protection of the property from social, economic and other pressures or changes that might negatively impact the Outstanding Universal Value, including the integrity and/or authenticity of the property. States Parties should also assure the full and effective implementation of such measures.

Boundaries for effective protection

99. The delineation of boundaries is an essential requirement in the establishment of effective protection of nominated properties. Boundaries should be drawn to incorporate all the attributes that convey the Outstanding Universal Value and to ensure the integrity and/or authenticity of the property.

100. For properties nominated under criteria (i) - (vi), boundaries should be drawn to include all those areas and attributes which are a direct tangible expression of the Outstanding Universal Value of the property, as well as those areas which, in the light of future research possibilities, offer potential to contribute to and enhance such understanding.

101. For properties nominated under criteria (vii) - (x), boundaries should reflect the spatial requirements of habitats, species, processes or phenomena that provide the basis for their inscription on the World Heritage List. The boundaries should include sufficient areas immediately adjacent to the area of Outstanding Universal Value in order to protect the property's heritage values from direct effects of human encroachments and impacts of resource use outside of the nominated area.

3 The processes of monitoring specified in the Operational Guidelines are Reactive Monitoring (see paragraphs 169-176) and Periodic Reporting (see paragraphs 199-210).
The boundaries of the nominated property may coincide with one or more existing or proposed protected areas, such as national parks or nature reserves, biosphere reserves or protected cultural or historic districts or other areas and territories. While such established areas for protection may contain several management zones, only some of those zones may satisfy requirements for inscription.

Buffer zones

Wherever necessary for the proper protection of the property, an adequate buffer zone should be provided.

For the purposes of effective protection of the nominated property, a buffer zone is an area surrounding the nominated property which has complementary legal and/or customary restrictions placed on its use and development in order to give an added layer of protection to the property. This should include the immediate setting of the nominated property, important views and other areas or attributes that are functionally important as a support to the property and its protection. The area constituting the buffer zone should be determined in each case through appropriate mechanisms. Details on the size, characteristics and authorized uses of a buffer zone, as well as a map indicating the precise boundaries of the property and its buffer zone, should be provided in the nomination.

A clear explanation of how the buffer zone protects the property should also be provided.

Where no buffer zone is proposed, the nomination should include a statement as to why a buffer zone is not required.

Although buffer zones are not part of the nominated property, any modifications to or creation of buffer zones subsequent to inscription of a property on the World Heritage List should be approved by the World Heritage Committee using the procedure for a minor boundary modification (see paragraph 164 and Annex 11). The creation of buffer zones subsequent to inscription is normally considered to be a minor boundary modification⁴.

Management systems

Each nominated property should have an appropriate management plan or other documented management system which must specify how the Outstanding Universal Value of a property should be preserved, preferably through participatory means.

The purpose of a management system is to ensure the effective protection of the nominated property for present and future generations.

---

⁴ With regards to transnational/transboundary properties, any modification will need the agreement of all States Parties concerned.
110. An effective management system depends on the type, characteristics and needs of the nominated property and its cultural and natural context. Management systems may vary according to different cultural perspectives, the resources available and other factors. They may incorporate traditional practices, existing urban or regional planning instruments, and other planning control mechanisms, both formal and informal. Impact assessments for proposed interventions are essential for all World Heritage properties.

111. In recognizing the diversity mentioned above, common elements of an effective management system could include:

a) a thorough shared understanding of the property, its universal, national and local values and its socio-ecological context by all stakeholders, including local communities and indigenous peoples;

b) a respect for diversity, equity, gender equality and human rights and the use of inclusive and participatory planning and stakeholder consultation processes;

c) a cycle of planning, implementation, monitoring, evaluation and feedback;

d) an assessment of the vulnerabilities of the property to social, economic, environmental and other pressures and changes, including disasters and climate change, as well as the monitoring of the impacts of trends and proposed interventions;

e) the development of mechanisms for the involvement and coordination of the various activities between different partners and stakeholders;

f) the allocation of necessary resources;

g) capacity building;

h) an accountable, transparent description of how the management system functions.

112. Effective management involves a cycle of short, medium and long-term actions to protect, conserve and present the nominated property. An integrated approach to planning and management is essential to guide the evolution of properties over time and to ensure maintenance of all aspects of their Outstanding Universal Value. This approach goes beyond the property to include any buffer zone(s), as well as the wider setting. The wider setting may relate to the property’s topography, natural and built environment, and other elements such as infrastructure, land use patterns, spatial organization, and visual relationships. It may also include related social and cultural practices, economic processes and other intangible dimensions of heritage such as perceptions and associations. Management of the wider setting is related to its role in supporting the Outstanding Universal Value. Its effective management may also contribute to sustainable development, through harnessing the reciprocal benefits for heritage and society.

113. Moreover, in the context of the implementation of the Convention, the World Heritage Committee has established a process of Reactive Monitoring (see Chapter IV) and a process of Periodic Reporting (see Chapter V).
114. In the case of serial properties, whether national or transnational, a management system or mechanisms for ensuring the coordinated management of the separate components are essential and should be documented in the nomination (see Paragraphs 137 -139).

115. [Deleted]

116. Where the intrinsic qualities of a nominated site are threatened by human action and yet meet the criteria and the conditions of authenticity or integrity set out in paragraphs 78-95, an action plan outlining the corrective measures required should be submitted with the nomination file. Should the corrective measures submitted by the nominating State Party not be taken within the time proposed by the State Party, the property will be considered by the Committee for delisting in accordance with the procedure adopted by the Committee (see Chapter IV.C).

117. States Parties are responsible for implementing effective management activities for a World Heritage property. States Parties should do so in close collaboration with property managers, the agency with management authority and other partners, local communities and indigenous peoples, rights-holders and stakeholders in property management, by developing, when appropriate, equitable governance arrangements, collaborative management systems and redress mechanisms.

118. The Committee recommends that States Parties include disaster, climate change and other risk preparedness as an element in their World Heritage site management plans and training strategies.

118bis. Notwithstanding Paragraphs 179 and 180 of the Operational Guidelines, States Parties shall ensure that Environmental Impact Assessments, Heritage Impact Assessments, and/or Strategic Environmental Assessments be carried out as a pre-requisite for development projects and activities that are planned for implementation within or around a World Heritage property. These assessments should serve to identify development alternatives, as well as both potential positive and negative impacts on the Outstanding Universal Value of the property and to recommend mitigation measures against degradation or other negative impacts on the cultural or natural heritage within the property or its wider setting. This will ensure the long-term safeguarding of the Outstanding Universal Value, and the strengthening of heritage resilience to disasters and climate change.

Sustainable use

119. World Heritage properties may sustain biological and cultural diversity and provide ecosystem services and other benefits, which may contribute to environmental and cultural sustainability. Properties may support a variety of ongoing and proposed uses that are ecologically and culturally sustainable and which may enhance the quality of life and well-being of communities concerned. The State Party and its partners must ensure their use is equitable and fully respects the Outstanding Universal Value of the property. For some properties, human use would not be appropriate. Legislation, policies and strategies affecting World Heritage properties should ensure the protection of the Outstanding Universal Value, support the wider conservation of natural and cultural heritage, and promote and encourage the effective, inclusive and equitable participation of the communities, indigenous peoples

Decision 43 COM 11A
and other stakeholders concerned with the property as necessary conditions to its sustainable protection, conservation, management and presentation.

III PROCESS FOR THE INSCRIPTION OF PROPERTIES ON THE WORLD HERITAGE LIST

The Process for the inscription of properties on the World Heritage List starts with the inclusion of a site on the Tentative List (see Section II.C), then there are two phases in the preparation of a nomination, the Preliminary Assessment and the full nomination dossier.

III.A Preparation of Nominations

120. Before States Parties begin to prepare a nomination of a site for inscription on the World Heritage List (i.e. before submission of a Preliminary Assessment request and completion of that Assessment), they should become familiar with the nomination cycle (including the requirement for a completed Preliminary Assessment), described in Paragraph 168. It is desirable to carry out initial preparatory work to establish that a site has the potential to justify Outstanding Universal Value, including integrity and/or authenticity, at the earliest stage, possibly well before the development of a full nomination (including a Preliminary Assessment) which could be expensive and time-consuming. Such preparatory work might include the collection of available information on the site, thematic studies, scoping studies on the potential for demonstrating Outstanding Universal Value, including integrity and/or authenticity, or an initial comparative study of the site in its regional or wider global context, including an analysis in the context of the Gap Studies produced by the Advisory Bodies. This work will help to establish the feasibility of a possible nomination and avoid the use of resources in the preparation of nominations that may be unlikely to succeed. States Parties are encouraged to seek upstream advice from the relevant Advisory Body(ies) as well as to contact the World Heritage Centre at the earliest opportunity to seek information and guidance. Before the submission of nominations, States Parties are also encouraged to avoid, through constructive dialogue, as much as feasible, potential issues which may concern other States Parties.

Upstream Process

121. In relation to the nomination of sites for inscription on the World Heritage List, the voluntary “Upstream Process” comprises advice, consultation and analysis that occurs prior to the Preliminary Assessment and the preparation of a nomination dossier and is aimed at reducing the number of nominations that experience significant problems during the evaluation process. The basic principle of the Upstream Process is to enable the Advisory Bodies and the World Heritage Centre to provide guidance and capacity building directly to States Parties, throughout the whole process leading up to the preparation of a possible World Heritage nomination. For the upstream support to be effective, it should be undertaken from the earliest stage in the nomination process, at the moment of the preparation or revision of the States Parties’ Tentative Lists. The Upstream Process can also take place after a site is included on the State Party’s Tentative List (see Paragraphs 62-76), but before any Preliminary Assessment request is submitted. The Upstream
Process advice may be desk based, but could involve a site visit and/or holding a workshop.

The purpose of the advice given in the context of a nomination is limited to providing guidance on the technical merit of the nomination and the technical framework needed, in order to offer the State(s) Party(ies) the essential tools that enable it(them) to assess the feasibility and/or actions necessary to prepare a possible nomination.

The Upstream Process advice provided regarding a site will not prejudge the results of any future Preliminary Assessment.

Requests for the Upstream Process shall be submitted by the annual deadline of 31 March, using the official format (Annex 15 of the Operational Guidelines). Should the number of requests exceed the capacity, then the prioritization system as per Paragraph 61.c) will be applied.

Preliminary Assessment

122. The Preliminary Assessment is a mandatory desk-based process for all sites that may be nominated to the World Heritage List and is undertaken following a request by the relevant State(s) Party(ies). Information included in the Preliminary Assessment request should build on the information provided in the Tentative List and also on any Upstream Process advice and/or Preparatory Assistance and its outcome must be provided at least one year before a full nomination dossier can be submitted by the State(s) Party(ies).

In particular:

a) The Preliminary Assessment provides States Parties with an opportunity for enhanced dialogue with the Advisory Bodies, and it will help to establish the feasibility of a potential nomination and avoid the use of resources in the preparation of nominations that may be unlikely to succeed.

b) The Preliminary Assessment provides guidance on the potential of a site to justify Outstanding Universal Value, including integrity and/or authenticity, and, if information is provided, on the requirements for protection and management. The decision to prepare a full nomination dossier, regardless of the outcome of the Preliminary Assessment, will rest with the concerned State(s) Party(ies).

c) States Parties shall submit their Preliminary Assessment request to the World Heritage Centre according to the timetable set in paragraph 168, and using the standard format provided in Annex 3. The request shall be submitted in English or French, in paper and electronic formats (Word and/or PDF format) and in the required number of printed copies (same as for nomination dossiers): 2 identical copies for cultural and natural sites, and 3 identical copies for mixed sites and cultural landscapes.

d) On receipt of Preliminary Assessment requests from States Parties, the Secretariat will acknowledge receipt, check for completeness (in compliance with Annex 3) and register them. The Secretariat will forward, according to the timetable set in paragraph 168, complete Preliminary Assessment requests to the relevant Advisory Body(ies) for
desk review. If necessary, the Advisory Body(ies) will request any additional information from the State(s) Party(ies), which should be submitted to the Secretariat. From the commencement of the Preliminary Assessment, the Advisory Body(ies) will initiate a dialogue with the concerned State(s) Party(ies) to establish a point of contact and agree on the process of exchange. States Parties are encouraged to appoint a technical focal point to ensure that dialogue is effective throughout the process, and to ensure that the conclusions of the Preliminary Assessment are communicated to the relevant stakeholders.

e) The Preliminary Assessment will be undertaken by ICOMOS and IUCN on a joint basis whenever relevant, and will be an independent desk review, which will include consultation with expert reviewers. No mission to the site will be undertaken (see Annex 6). Based on available information, the conclusions of the assessment will include an indication of whether the site may have potential to justify Outstanding Universal Value. If so, specific guidance and advice, in the form of recommendations, will be provided to assist the State(s) Party(ies) in the development of the nomination dossier. The Preliminary Assessment Report by the Advisory Bodies shall be provided to the State(s) Party(ies) via the Secretariat in one of the two working languages of the Convention.

f) The Preliminary Assessment Report by the Advisory Bodies is relevant for up to 5 years. A new Preliminary Assessment is required if a nomination is not submitted by 1 February on the fifth year following the transmission of the Report to the concerned State(s) Party(ies).

g) A State Party may withdraw a Preliminary Assessment request it has submitted, at any time. In such circumstances, any further consideration of a possible nomination will need to be subject to a new request for a Preliminary Assessment.

h) At each session of the World Heritage Committee, the Secretariat will provide a list of Preliminary Assessments requests received and those undertaken, but will not indicate the guidance given by the Advisory Bodies to the concerned State(s) Party(ies) in a completed Preliminary Assessment. However, once a nomination is submitted, the related Preliminary Assessment Report shall be annexed to it.

i) Both Upstream Process and Preliminary Assessment imply guidance at an early stage, prior to the preparation of a nomination, however they are different mechanisms. The Upstream Process is not mandatory. The Preliminary Assessment is a mandatory phase possibly allowing access to the preparation of a nomination dossier. Within an Upstream Process a visit to the site may be possible, while the Preliminary Assessment is carried out exclusively on the basis of a desk review. The Upstream Process may provide general advice, in relation to revision of a Tentative List, while the Preliminary Assessment is undertaken on a single site (whether serial or not) already included on a State Party’s Tentative List. While in general the costs of Upstream Process requests are borne by the requesting State(s) Party(ies), the costs of Preliminary Assessments, being part of the nomination process, are included in the related evaluation process (see also Paragraph 168bis).

5 States Parties exempted: see Decision 41 COM 9A paragraph 14
In terms of sequence, Upstream Process advice should precede the Preliminary Assessment.

Participation in the nomination process

123. Effective and inclusive participation in the nomination process of local communities, indigenous peoples, governmental, non-governmental and private organizations and other stakeholders is essential to enable them to have a shared responsibility with the State Party in the maintenance of the property. States Parties are encouraged to ensure that Preliminary Assessment requests involve appropriate stakeholders and rights-holders engagement. They are also encouraged to prepare nominations with the widest possible participation of stakeholders and shall demonstrate, as appropriate, that the free, prior and informed consent of indigenous peoples has been obtained, through, inter alia, making the nominations publicly available in appropriate languages and public consultations and hearings. Where appropriate, States Parties are also encouraged to consult potentially concerned States Parties, including neighbouring States Parties, to promote consensus, collaboration and to celebrate cultural diversity.

Preparatory Assistance for the preparation of nominations

124. Preparatory Assistance, as described in Chapter VII.E, may be requested by States Parties for the preparation of nominations, and in evaluating such requests consideration will be given to the outcome of Preliminary Assessments.

Secretariat assistance throughout the nomination process

125. States Parties are encouraged to contact the Secretariat, which can provide assistance throughout the nomination process.

126. The Secretariat can also provide:

   a) guidance on mapping and cartographic requirements;
   b) examples of successful nominations, of management and legislative provisions;
   c) guidance for nominating different types/categories of sites;
   d) guidance for nominating serial and transboundary sites (see Paragraphs 134-139).

Deadlines for the submission of draft nominations and nomination dossiers

127. States Parties may submit draft nomination dossiers to the Secretariat for comment and review at any time during the year. However, States Parties are strongly encouraged to transmit to the Secretariat by 30 September of the preceding year (see Paragraph 168), the draft nomination dossiers that they wish to submit by the 1 February deadline. This submission of a draft nomination dossiers should include maps showing the boundaries for the proposed site. Draft nomination dossiers could be submitted either in electronic format or in printed version (only in 1 copy without annexes except for maps). In both cases they should be accompanied by a cover letter.
128. Nomination dossiers may be submitted at any time during the year, but only those nomination dossiers that are “complete” (see paragraph 132 and Annex 5) and received by the Secretariat on or before 1 February\(^6\) will be considered for inscription on the World Heritage List by the World Heritage Committee during the following year. Only nomination dossiers of sites included in the State Party's Tentative List and which have undergone a complete Preliminary Assessment will be examined by the Committee (see Paragraphs 63, 65 and 122).

III.B Format and content of nomination dossiers

129. The nomination dossier is the primary basis on which the Committee considers the inscription of properties on the World Heritage List. All relevant information should be included in the nomination dossier and it should be cross-referenced to the source of information. Nomination dossiers of properties for inscription on the World Heritage List should be prepared in accordance with the format set out in Annex 5.

130. The format includes the following sections:

1. Identification of the nominated property
2. Description of the nominated property
3. Justification for Inscription
4. State of conservation and factors affecting the nominated property
5. Protection and Management
6. Monitoring
7. Documentation
8. Contact Information of responsible authorities
9. Signature on behalf of the State Party(ies)

131. Nomination dossiers to the World Heritage List are evaluated on content rather than on appearance of the dossier or the quantity of annexes.

132. For a nomination dossier to be considered as “complete”, the following requirements (see format in Annex 5, including Explanatory Notes for each section, and Paragraph 128) are to be met:

**Executive Summary**

An Executive Summary shall include essential information (see Annex 5) extracted from the main text of the nomination dossier including a reduced size version of the map(s) indicating the boundaries of the nominated property and of the buffer zone (where appropriate) and the draft Statement of Outstanding Universal Value (the same text presented in Section 3.3 of the main text of the nomination dossier).

1. Identification of the nominated property

The boundaries of the nominated property shall be clearly defined, unambiguously distinguishing between the nominated property and any buffer zone (when present) (see Paragraphs 103-107). Maps shall be sufficiently detailed to determine precisely which area of land and/or water is nominated. Officially up-to-date published topographic maps of the State Party annotated to show the nominated property boundaries and any buffer

---

\(^6\) If 1 February falls on a weekend, the nomination dossier must be received by 17h00 GMT the preceding Friday.
zone (when present) shall be provided if available in printed version. A nomination dossier shall be considered “incomplete” if it does not include clearly defined boundaries.

2. Description of the nominated property

The Description of the nominated property shall include the identification of the nominated property and an overview of its history and development. All component parts that are mapped shall be identified and described. In particular, where serial properties are nominated, each of the component parts shall be clearly described.

The History and Development of the nominated property shall describe how the nominated property has reached its present form and the significant changes that it has undergone. This information shall provide the important facts needed to support and give substance to the argument that the nominated property meets the criteria of Outstanding Universal Value and conditions of integrity and/or authenticity.

3. Justification for inscription

This section must make clear why the nominated property is considered to be of Outstanding Universal Value.

The text in sections from 3.1.a to 3.1.e should contain more detailed information to support the text of the proposed Statement of Outstanding Universal Value (section 3.3).

Section 3.1.b shall indicate the World Heritage criteria (see Paragraph 77) under which the nominated property is proposed, together with a clearly stated argument for the use of each criterion. Statements of integrity and (when cultural criteria are proposed) of authenticity shall be included and shall demonstrate how the nominated property satisfies the conditions outlined in Paragraphs 78-95.

In section 3.2, a comparative analysis of the nominated property in relation to similar properties, whether or not on the World Heritage List, both at the national and international levels, shall be provided. The comparative analysis shall explain the importance of the nominated property in its national and international context.

In section 3.3, a proposed Statement of Outstanding Universal Value (see Paragraphs 49–53 and 155) of the nominated property prepared by the State Party shall make clear why the property is considered to merit inscription on the World Heritage List.

4. State of conservation and factors affecting the nominated property

This section shall include accurate information on the present state of conservation of the nominated property (including information on its physical condition of the property and conservation measures in place). It shall also include a description of the factors affecting the nominated property (including threats). Information provided in this section constitutes the baseline data which are necessary to monitor the state of conservation of the nominated property in the future.
5. Protection and management

Protection: Section 5 shall include the list of the legislative, regulatory, contractual, planning, institutional and/or traditional measures most relevant to the protection of the nominated property and provide a detailed analysis of the way in which this protection actually operates. Legislative, regulatory, contractual planning and/or institutional texts, or an abstract of the texts, shall also be attached in English or French.

Management: An appropriate management plan or other management system is essential and shall be provided in the nomination dossier. Assurances of the effective implementation of the management plan or other management system are also expected. Sustainable development principles should be integrated into the management system, for all types of natural, cultural and mixed nominated properties, including their buffer zones and wider setting.

A copy of the management plan or documentation of the management system shall be annexed to the nomination dossier. If the management plan exists only in a language other than English or French, an English or French detailed description of its provisions shall be annexed.

A detailed analysis or explanation of the management plan or a documented management system shall be provided in Section 5.e of the nomination dossier.

A nomination dossier which does not include the above-mentioned documents is considered incomplete unless other documents guiding the management of the nominated property until the finalization of the management plan are provided.

6. Monitoring

States Parties shall include the key indicators in place and/or proposed to measure and assess the state of conservation of the nominated property, the factors affecting it, conservation measures at the nominated property, the periodicity of their examination, and the identity of the responsible authorities.

7. Documentation

All documentation necessary to substantiate the nomination dossier shall be provided. In addition to what is indicated above, this shall include a) images of a quality suitable for printing (digital photographs at 300 dpi minimum, and if essential, supplementary film, video or other audio visual material); and b) image/audiovisual inventory and authorization form (see Annex 5, point 7.a). The main text of the nomination dossier shall be transmitted in printed form as well as in electronic format (Word and/or PDF format preferred).

8. Contact information of responsible authorities

Detailed contact information of responsible authorities shall be provided.
9. Signature on behalf of the State Party

The main text of the nomination dossier shall conclude with the original signature of the official empowered to sign it on behalf of the State Party.

10. Number of printed copies required (including annexed maps)

Nomination dossiers of cultural and natural properties (excluding cultural landscapes): 2 identical copies

Nomination dossiers of mixed properties and cultural landscapes: 3 identical copies

11. Paper and electronic formats

Nomination dossiers shall be presented on A4-size paper and in electronic format (Word and/or PDF format). A nomination dossier shall not be considered submitted until its paper format is received by the Secretariat.

12. Sending

States Parties shall submit the nomination dossiers in English or French duly signed, to:

UNESCO World Heritage Centre
7, place de Fontenoy
75352 Paris 07 SP
France
Tel: +33 (0) 1 4568 1104
E-mail: wh-nominations@unesco.org

133. The Secretariat will retain all supporting documentation (maps, plans, photographic material, etc.) submitted with the nomination dossier.

III.C Requirements for nomination of different types of nominated properties

Nominated transboundary properties

134. A nominated property may be located:

   a) on the territory of a single State Party, or
   b) on the territory of all concerned States Parties having adjacent borders (nominated transboundary property).

135. Wherever possible, nomination dossiers of transboundary sites should be prepared (see Annex 2B) and submitted by States Parties jointly in conformity with Article 11.3 of the Convention. The States Parties concerned shall establish a joint management committee or similar body to oversee the management of the whole nominated transboundary property.

136. Extensions to an existing World Heritage property located in one State Party may be proposed to become a transboundary property, with the consent of the State Party on the territory of which the existing World Heritage property is located.
Nominated serial properties

137. Nominated serial property includes two or more component parts related by clearly defined links:

a) Component parts should reflect cultural, social or functional links over time that provide, where relevant, landscape, ecological, evolutionary or habitat connectivity.

b) Each component part should contribute to the Outstanding Universal Value of the nominated property as a whole in a substantial, scientific, readily defined and discernible way, and may include, inter alia, intangible attributes. The resulting Outstanding Universal Value should be easily understood and communicated.

c) Consistently, and in order to avoid an excessive fragmentation of component parts, the process of nomination of the property, including the selection of the component parts, should take fully into account the overall manageability and coherence of the nominated property (see Paragraph 114).

and provided the series as a whole – and not necessarily its individual component parts–is of Outstanding Universal Value.

138. A serial nominated property may occur:

a) on the territory of a single State Party (nominated serial national property); or

b) within the territory of different States Parties, which need not be contiguous and is nominated with the consent of all States Parties concerned (nominated serial transnational property).

138bis. The States Parties concerned shall establish a joint management committee or similar body to oversee the management of the whole of a nominated serial transnational property (see Paragraph 114). Extension to an existing World Heritage property located in one State Party may be proposed to become a transnational property, with the consent of the State Party on the territory of which the existing World Heritage property is located.

139. States Parties planning a group of transnational serial nomination dossiers linked by the same unifying cultural and/or natural concept and phased over different cycles are encouraged to prepare an agreed nomination strategy before their official submission, in order to inform the Committee of their intentions and to ensure better planning. In such cases, the nomination strategy should be discussed at the Preliminary Assessment stage and annexed to the subsequent nomination dossiers.

Decision 7 EXT.COM 4A

Decision 41 COM 8B.50
III.D Registration of nomination dossiers

140. On receipt of nomination dossiers from States Parties, the Secretariat will acknowledge receipt, check for completeness and register them. The Secretariat will forward complete nomination dossiers to the relevant Advisory Bodies for evaluation. The Secretariat will also make available the electronic format of the main text of the nomination dossiers on the World Heritage Centre’s website. If necessary, the Advisory Bodies will request additional information from the State(s) Party(ies), which will be submitted to and registered by the World Heritage Centre. The timetable for registration and processing of nomination dossiers is detailed in Paragraph 168.

141. The Secretariat establishes and submits at each Committee session a list of all nomination dossiers received, including the date of reception, an indication of their status “complete” or “incomplete”, as well as the date at which they are considered as “complete” in conformity with paragraphs 128, 132 and Annex 5.

142. A nomination dossier passes through a cycle between the time of its submission and the decision by the World Heritage Committee. This cycle normally lasts one and a half years between submission in February of Year 1 and the decision of the Committee in June/July of Year 2.

III.E Evaluation of nomination dossiers by the Advisory Bodies

143. The Advisory Bodies will evaluate whether or not properties nominated by States Parties have Outstanding Universal Value, meet the conditions of integrity and (when relevant) of authenticity and meet the requirements of protection and management. The procedures and format of ICOMOS and IUCN evaluations are described in Annex 6.

144. Evaluations of cultural heritage nomination dossiers will be carried out by ICOMOS.

145. Evaluations of natural heritage nomination dossiers will be carried out by IUCN.

146. In the case of nomination dossiers of cultural properties in the category of “cultural landscapes”, the evaluation will be carried out by ICOMOS in consultation with IUCN, as appropriate. For mixed properties, the evaluation will be carried out jointly by ICOMOS and IUCN.

147. As requested by the World Heritage Committee or as necessary, ICOMOS and IUCN will carry out thematic studies to evaluate potential nominated properties in their regional, global or thematic context. These studies should be informed by a review of the Tentative Lists submitted by States Parties and by reports of meetings on the harmonization of Tentative Lists, as well as by other technical studies performed by the Advisory Bodies and qualified organizations and individuals. A list of those studies already completed may be found on the Web addresses of the Advisory Bodies. These studies should not be confused with the comparative analysis to be prepared by States Parties in nominating properties for inscription on the World Heritage List (see Paragraph 132).

148. The following principles must guide the evaluations and presentations of ICOMOS and IUCN. The evaluations and presentations should:
a) adhere to the *World Heritage Convention* and the relevant *Operational Guidelines* and any additional policies set out by the Committee in its decisions;

b) be objective, rigorous and scientific including in considering all information provided to the Advisory Bodies regarding a nomination;

c) be conducted to a consistent standard of professionalism, equity and transparency throughout the evaluation process in consultation and dialogue with nominating States Parties;

d) comply to standard format, both for evaluations and presentations, to be agreed with the Secretariat and include the names of all experts who participated in the evaluation process, except desk reviewers who provide confidential reviews, and, in an annex, a detailed breakdown of all costs and expenses related to the evaluation;

e) involve regional experts familiar with the subject;

f) indicate clearly and separately whether the property has Outstanding Universal Value, meets the conditions of integrity and/or authenticity, a management plan/system and legislative protection;

g) evaluate each property systematically according to all relevant criteria, including its state of conservation, relatively, that is, by comparison with that of other properties of the same type, both inside and outside the State Party's territory;

h) consider previous Upstream Process advice, if provided, and the outcome of the Preliminary Assessment and include references to Committee decisions and requests concerning the nomination under consideration;

i) not take into account or include any information submitted by the State Party after 28 February, in the year in which the nomination is considered. The State Party should be informed when information has arrived after the deadline and is not being taken into account in the evaluation. This deadline should be rigorously enforced; and

j) provide a justification for their views through a list of references (literature) consulted, as appropriate.

149. The Advisory Bodies are requested to forward to States Parties, with copy to the World Heritage Centre for distribution to the Chair of the World Heritage Committee, by 31 January of each year, a short interim report outlining the status and any issues relevant to evaluations, and detailing any requests for supplementary information, in one of the two working languages of the *Convention*. 

Decision 7 EXT.COM 4B.1
Decision 39 COM 11
150. Letters from the concerned States Parties, submitted in the appropriate form in Annex 12, detailing the factual errors that might have been identified in the evaluation of their nomination made by the Advisory Bodies, must be received by the World Heritage Centre no later than 14 days before the opening of the session of the Committee with copies to the relevant Advisory Bodies. The letters shall be made available as an annex to the documents for the relevant agenda item, and no later than the first day of the Committee session. The World Heritage Centre and the Advisory Bodies may add their comments to the letters, in the relevant section of the form, before they are made available.

151. ICOMOS and IUCN make their recommendations under three categories:

a) properties which are **recommended for inscription** without reservation;

b) properties which are **not recommended** for inscription;

c) nominations which are recommended for **referral** or **deferral**.

### III.F Withdrawal of nominations

152. A State Party may **withdraw** a nomination it has submitted at any time prior to the Committee session at which it is scheduled to be examined. The State Party should inform the Secretariat in writing of its intention to withdraw the nomination. If the State Party so wishes it can resubmit a nomination for the site, which will be considered as a new nomination according to the procedures and timetable outlined in paragraph 168.

152bis. In the case of transnational/transboundary nominations, if one or more nominating State(s) Party(ies) inform the Secretariat in writing of its/their intention to withdraw all the component parts or the whole area of the site situated on its/their territory(ies), the Secretariat shall immediately notify all the other nominating State(s) Party(ies) and the nomination process for the site in its entirety shall be considered concluded. If the State(s) Party(ies) so wish it/they can resubmit a nomination for the site, which will be considered as a new nomination according to the procedures and timetable outlined in Paragraph 168.

### III.G Decision of the World Heritage Committee

153. The World Heritage Committee decides whether a property should or should not be inscribed on the World Heritage List, referred or deferred.

**Inscription**

154. When deciding to inscribe a property on the World Heritage List, the Committee, guided by the Advisory Bodies, adopts a Statement of Outstanding Universal Value for the property.
155. The Statement of Outstanding Universal Value should include a summary of the Committee's determination that the property has Outstanding Universal Value, identifying the criteria under which the property was inscribed, including the assessments of the conditions of integrity, and, for cultural and mixed properties, authenticity. It should also include a statement on the protection and management in force and the requirements for protection and management for the future. The Statement of Outstanding Universal Value shall be the basis for the future protection and management of the property.

Where necessary, the protection and management part of the Statement of Outstanding Universal Value may be updated by the World Heritage Committee, in consultation with the State Party and further to a review by the Advisory Bodies. Such updates could be made periodically further to the outcomes of Periodic Reporting cycles, or at any Committee session, if required.

The World Heritage Centre will automatically keep the Statements of Outstanding Universal Value updated further to subsequent decisions taken by the Committee concerning a change of name of the property and change of surface further to minor boundary modifications and correct any factual errors as agreed with the relevant Advisory Bodies.

In the framework of the Gender Equality Priority of UNESCO, the use of gender-neutral language in the preparation of Statements of Outstanding Universal Value is encouraged.

156. At the time of inscription, the Committee may also make other recommendations concerning the protection and management of the World Heritage property.

157. The Statement of Outstanding Universal Value (including the criteria for which a specific property is inscribed on the World Heritage List) will be set out by the Committee in its reports and publications.

Decision not to inscribe

158. If the Committee decides that a property should **not be inscribed** on the World Heritage List, the nomination may not be presented to the Committee again except in exceptional circumstances. These exceptional circumstances may include new discoveries, new scientific information about the property, or different criteria not presented in the original nomination. In these cases, a new nomination shall be submitted.
Referral of Nominations

159. Nominations which the Committee decides to refer back to the State Party for additional information may be resubmitted to the following Committee session for examination. Referral means that the requested additional information is necessary to determine the Outstanding Universal Value of the nominated property, which only occurs at the time a property is inscribed on the World Heritage List (see Paragraph 154). The referral procedure does not involve a mission to the site by the Advisory Body(ies) and it shall not involve change to criteria nor substantial change of area(s)/component(s) from those proposed in the original nomination dossier. In the referral procedure there is no submission of a new nomination dossier and the additional information that reactivates the referred nomination must be received by the Secretariat by 1 February of the year in which examination by the Committee is desired. The Secretariat will immediately transmit it to the relevant Advisory Bodies for evaluation. A referred nomination which is not presented to the Committee within three years of the original Committee decision will be considered as a new nomination when it is resubmitted for examination, following the procedures and timetable outlined in paragraph 168. States Parties might seek advice from the relevant Advisory Body(ies) and/or the World Heritage Centre to discuss how the recommendations of the Committee might be addressed.

Deferral of Nominations

160. The Committee may decide to defer a nomination for more in-depth assessment or study, or a substantial revision by the State Party. Should the State Party decide to resubmit the deferred nomination in any subsequent year, it must be received by the Secretariat by 1 February. This resubmission shall not be subject to Preliminary Assessment, unless the Committee decides otherwise. These nominations will then be reevaluated (evaluated again) by the relevant Advisory Bodies during the course of the full year and a half evaluation cycle including an evaluation mission according to the procedures and timetable outlined in paragraph 168. States Parties are encouraged to seek advice from the relevant Advisory Body(ies) and/or the World Heritage Centre to discuss how the recommendations of the Committee might be addressed. Where required, the States Parties may wish to consider inviting an Advisory mission.

III.H Nomination dossiers to be processed on an emergency basis

161. The normal timetable and definition of completeness for the submission and processing of nomination dossiers will not apply in the case of properties which would be in Danger, as a result of having suffered damage or facing serious and specific dangers from natural events or human activities, which would constitute an emergency situation for which an immediate decision by the Committee is necessary to ensure their safeguarding, and which, according to the report of the relevant Advisory Bodies, may unquestionably justify Outstanding Universal Value. Such nominations will be processed on an emergency basis and their examination is included in the agenda of the next Committee session. These properties may be inscribed on the World

---

7 If 1 February falls on a weekend, the nomination dossier must be received by 17h00 GMT the preceding Friday.
8 If 1 February falls on a weekend, the nomination dossier must be received by 17h00 GMT the preceding Friday.
Heritage List. They shall, in that case, be simultaneously inscribed on the List of World Heritage in Danger (see Paragraphs 177-191).

162. The procedure for nomination dossiers to be processed on an emergency basis is as follows:

a) A State Party presents a nomination dossier with the request for processing on an emergency basis. The State Party shall have already included, or immediately include, the site on its Tentative List.

b) The nomination dossier shall:
   i) describe the nominated property and identify precisely its boundaries;
   ii) justify its Outstanding Universal Value according to the criteria;
   iii) justify its integrity and/or authenticity;
   iv) describe its protection and management system;
   v) describe the nature of the emergency, and the nature and extent of the damage or specific danger and show that immediate action by the Committee is necessary to ensure the safeguarding of the nominated property.

c) The Secretariat immediately transmits the nomination dossier to the relevant Advisory Bodies, requesting an assessment of the qualities of the nominated property which may justify its Outstanding Universal Value, of the nature of the danger and the urgency of a decision by the Committee. A field visit may be necessary if the relevant Advisory Bodies consider it appropriate and if the time allows.

d) When reviewing the nomination dossier, the Committee will also consider:
   vi) allocation of International Assistance to complete the nomination dossier; and
   vii) follow-up missions as necessary by the Secretariat and the relevant Advisory Bodies as soon as possible after inscription to fulfil the Committee's recommendations.

III.I Modifications to the boundaries, to the criteria used to justify inscription or to the name of a World Heritage property

Minor modifications to the boundaries

163. A minor modification is one which does not have a significant impact on the extent of the property nor affects its Outstanding Universal Value.
164. If a State Party wishes to request a minor modification to the boundaries of a property already on the World Heritage List, it must be prepared in compliance with the format of Annex 11 and must be received by 1 February by the Committee through the Secretariat, which will seek the evaluation of the relevant Advisory Bodies on whether this can be considered a minor modification or not. The Secretariat shall then submit the Advisory Bodies’ evaluation to the World Heritage Committee. The Committee may approve such a modification, or it may consider that the modification to the boundary is sufficiently significant as to constitute a significant boundary modification of the property, in which case the procedure for new nominations will apply.

**Significant modifications to the boundaries**

165. If a State Party wishes to significantly modify the boundaries of a property already on the World Heritage List, the State Party shall submit this proposal as if it was a new nomination, including the requirement to be previously included on the Tentative List (see Paragraphs 63 and 65), and having undergone a Preliminary Assessment (see Paragraph 122). The requirement to undergo a Preliminary Assessment shall be disregarded when the Committee explicitly encourages in a decision a significant boundary modification not involving modifications to the criteria. This nomination dossier shall be presented by 1 February and will be evaluated in the full year and a half cycle of evaluation according to the procedures and timetable outlined in Paragraph 168. This provision applies to extensions, as well as reductions.

**Modifications to the criteria used to justify inscription on the World Heritage List**

166. Where a State Party wishes to have the property inscribed under additional, fewer or different criteria other than those used for the original inscription, it shall submit this request as if it was a new nomination, including the requirement to be previously included on the Tentative List (see Paragraphs 63 and 65), and having undergone a Preliminary Assessment (see Paragraph 122). This nomination must be received by 1 February and will be evaluated in the full year and a half cycle of evaluation according to the procedures and timetable outlined in Paragraph 168. Properties recommended will only be evaluated under the new criteria and will remain on the World Heritage List even if unsuccessful in having additional criteria recognized.

**Modification to the name of a World Heritage property**

167. A State Party may request that the Committee authorize a modification to the name of a property already inscribed on the World Heritage List. A request for a modification to the name along with a short justification shall be received by the Secretariat at least 3 months prior to the meeting of the Committee.

---

9 If 1 February falls on a weekend, the nomination dossier must be received by 17h00 GMT the preceding Friday.
10 If 1 February falls on a weekend, the nomination dossier must be received by 17h00 GMT the preceding Friday.
11 If 1 February falls on a weekend, the nomination dossier must be received by 17h00 GMT the preceding Friday.
12 In case of transnational/transboundary properties, any modification will need the agreement of all States Parties concerned.
### III.J  Timetable – overview

#### Preliminary Assessment Phase

III.K Financing of evaluation of nominations

168bis. States Parties submitting new nomination dossiers are expected to make voluntary contributions towards funding evaluation of nominations by the Advisory Bodies, taking into account the average costs of evaluations as indicated by the Secretariat in the document related to the World Heritage Fund presented at each Committee session. The same principle applies to the submission of Preliminary Assessment requests. The modalities are as follows:

a) The contributions shall be made to a dedicated sub-account of the World Heritage Fund;

b) No contributions would be expected from Least Developed Countries or Low-Income Economies (as defined by the United Nations Economic and Social Council’s Committee for Development Policy), Lower Middle-Income Countries as defined by the World Bank, Small Island Developing States and States Parties in conflict or post-conflict situations;

c) The contributions are expected to be made after the Preliminary Assessment or the nomination dossier enters the evaluation cycle upon a positive outcome of the completeness check;

d) This mechanism shall not impact the objective evaluation of sites by the Advisory Bodies, nor the order of priority as defined in the Operational Guidelines to be used when handling nominations.

IV PROCESS FOR MONITORING THE STATE OF CONSERVATION OF WORLD HERITAGE PROPERTIES

IV.A Reactive Monitoring

Definition of Reactive Monitoring

169. Reactive Monitoring is the reporting by the Secretariat, other sectors of UNESCO and the Advisory Bodies to the Committee on the state of conservation of specific World Heritage properties that are under threat. To this end, the States Parties shall submit specific reports and impact studies each time exceptional circumstances occur or work is undertaken which may have an impact on the Outstanding Universal Value of the property or its state of conservation.

Reactive Monitoring is also foreseen in reference to properties inscribed, or to be inscribed, on the List of World Heritage in Danger as set out in paragraphs 177-191. Reactive Monitoring is also foreseen in the procedures for the eventual deletion of properties from the World Heritage List as set out in paragraphs 192-198.

These reports shall be submitted to the World Heritage Committee through the Secretariat, using the standard format in Annex 13, in English or French:

a) by 1 December of the year preceding the examination of the property by the Committee, for the properties inscribed on the World Heritage List,
b) by 1 February of the year of examination of the property by the Committee, for the properties inscribed on the List of World Heritage in Danger, and for specific cases of utmost urgency.

Objective of Reactive Monitoring

170. When adopting the process of Reactive Monitoring, the Committee was particularly concerned that all possible measures should be taken to prevent the deletion of any property from the List and was ready to offer technical cooperation as far as possible to States Parties in this connection.

171. The Committee recommends that States Parties cooperate with the Advisory Bodies which have been asked by the Committee to carry out monitoring and reporting on its behalf on the progress of work undertaken for the preservation of properties inscribed on the World Heritage List.

Information received from States Parties and/or other sources

172. The World Heritage Committee invites the States Parties to the Convention to inform the Committee, through the Secretariat, of their intention to undertake or to authorize in an area protected under the Convention major restorations or new constructions which may affect the Outstanding Universal Value of the property. Notice should be given as soon as possible (for instance, before drafting basic documents for specific projects) and before making any decisions that would be difficult to reverse, so that the Committee may assist in seeking appropriate solutions to ensure that the Outstanding Universal Value of the property is fully preserved.

173. The World Heritage Committee requests that reports of missions to review the state of conservation of the World Heritage properties include:

   a) an indication of threats or significant improvement in the conservation of the property since the last report to the World Heritage Committee;
   b) any follow-up to previous decisions of the World Heritage Committee on the state of conservation of the property;
   c) information on any threat or damage to or loss of Outstanding Universal Value, integrity and/or authenticity for which the property was inscribed on the World Heritage List.

174. When the Secretariat receives information that a property inscribed has seriously deteriorated, or that the necessary corrective measures have not been taken within the time proposed, from a source other than the State Party concerned, it will, as far as possible, verify the source and the contents of the information in consultation with the State Party concerned and request its comments.

Decision by the World Heritage Committee

175. The Secretariat will request the relevant Advisory Bodies to forward comments on the information received.

176. The information received, together with the comments of the State Party and the Advisory Bodies, will be brought to the attention of the Committee in the form of a state of conservation report for each property, which may take one or more of the following steps:

Article 4 of the Convention:
"Each State Party to this Convention recognizes that the duty of ensuring the identification, protection, conservation, presentation and transmission to future generations of the cultural and natural heritage referred to in Articles 1 and 2 and situated on its territory, belongs primarily to that State...".

Decision 27 COM 7B.106
Decision 39 COM 11
Decision 43 COM 11A
a) it may decide that the property has not seriously deteriorated and that no further action should be taken;

b) when the Committee considers that the property has seriously deteriorated, but not to the extent that its restoration is impossible, it may decide that the property be maintained on the List, provided that the State Party takes the necessary measures to restore the property within a reasonable period of time. The Committee may also decide that technical cooperation be provided under the World Heritage Fund for work connected with the restoration of the property, proposing to the State Party to request such assistance, if it has not already been done; in some circumstances States Parties may wish to invite an Advisory mission by the relevant Advisory Body(ies) or other organization(s) or expert(s) to seek advice on necessary measures to reverse deterioration and address threats;

c) when the requirements and criteria set out in Paragraphs 177-182 are met, the Committee may decide to inscribe the property on the List of World Heritage in Danger according to the procedures set out in Paragraphs 183-189;

d) when there is evidence that the property has deteriorated to the point where it has irretrievably lost those characteristics which determined its inscription on the List, the Committee may decide to delete the property from the List. Before any such action is taken, the Secretariat will inform the State Party concerned. Any comments which the State Party may make will be brought to the attention of the Committee;

e) when the information available is not sufficient to enable the Committee to take one of the measures described in a), b), c) or d) above, the Committee may decide that the Secretariat be authorized to take the necessary action to ascertain, in consultation with the State Party concerned, the present condition of the property, the dangers to the property and the feasibility of adequately restoring the property. Such measures may include the sending of a Reactive Monitoring mission or the consultation of specialists, or through an Advisory mission. The Secretariat shall report to the Committee on the results of its action. In case an emergency action is required, the Committee may authorize its financing from the World Heritage Fund through an emergency assistance request.

IV.B The List of World Heritage in Danger

Guidelines for the inscription of properties on the List of World Heritage in Danger

177. In accordance with Article 11, paragraph 4, of the Convention, the Committee may inscribe a property on the List of World Heritage in Danger when the following requirements are met:

a) the property under consideration is on the World Heritage List;

b) the property is threatened by serious and specific danger;

c) major operations are necessary for the conservation of the property;
d) assistance under the *Convention* has been requested for the property; the Committee is of the view that its assistance in certain cases may most effectively be limited to messages of its concern, including the message sent by inscription of a property on the List of World Heritage in Danger and that such assistance may be requested by any Committee member or the Secretariat.

### Criteria for the inscription of properties on the List of World Heritage in Danger

178. A World Heritage property - as defined in Articles 1 and 2 of the *Convention* - can be inscribed on the List of World Heritage in Danger by the Committee when it finds that the condition of the property corresponds to at least one of the criteria in either of the two cases described below.

179. In the case of **cultural properties**:

   a) **ASCERTAINED DANGER** - The property is faced with specific and proven imminent danger, such as:

   i) serious deterioration of materials;

   ii) serious deterioration of structure and/or ornamental features;

   iii) serious deterioration of architectural or town-planning coherence;

   iv) serious deterioration of urban or rural space, or the natural environment;

   v) significant loss of historical authenticity;

   vi) important loss of cultural significance.

   b) **POTENTIAL DANGER** - The property is faced with threats which could have deleterious effects on its inherent characteristics. Such threats are, for example:

   i) modification of juridical status of the property diminishing the degree of its protection;

   ii) lack of conservation policy;

   iii) threatening effects of regional planning projects;

   iv) threatening effects of town planning;

   v) outbreak or threat of armed conflict;

   vi) threatening impacts of climatic, geological or other environmental factors.

180. In the case of **natural properties**:

   a) **ASCERTAINED DANGER** The property is faced with specific and proven imminent danger, such as:

   i) A serious decline in the population of the endangered species or the other species of Outstanding Universal Value for which the property was legally established to protect, either by

---

*Operational Guidelines for the Implementation of the World Heritage Convention*
natural factors such as disease or by human-made factors such as poaching.

ii) Severe deterioration of the natural beauty or scientific value of the property, as by human settlement, construction of reservoirs which flood important parts of the property, industrial and agricultural development including use of pesticides and fertilizers, major public works, mining, pollution, logging, firewood collection, etc.

iii) Human encroachment on boundaries or in upstream areas which threaten the integrity of the property.

b) POTENTIAL DANGER The property is faced with major threats which could have deleterious effects on its inherent characteristics. Such threats are, for example:

i) a modification of the legal protective status of the area;

ii) planned resettlement or development projects within the property or so situated that the impacts threaten the property;

iii) outbreak or threat of armed conflict;

iv) the management plan or management system is lacking or inadequate, or not fully implemented.

v) threatening impacts of climatic, geological or other environmental factors.

181. In addition, the threats and/or their detrimental impacts on the integrity of the property must be those which are amenable to correction by human action. In the case of cultural properties, both natural factors and human-made factors may be threatening, while in the case of natural properties, most threats will be human-made and only very rarely a natural factor (such as an epidemic disease) will threaten the integrity of the property. In some cases, the threats and/or their detrimental impacts on the integrity of the property may be corrected by administrative or legislative action, such as the cancelling of a major public works project or the improvement of legal status.

182. The Committee may wish to bear in mind the following supplementary factors when considering the inclusion of a cultural or natural property in the List of World Heritage in Danger:

a) Decisions which affect World Heritage properties are taken by Governments after balancing all factors. The advice of the World Heritage Committee can often be decisive if it can be given before the property becomes threatened.

b) Particularly in the case of ascertained danger, the physical or cultural deteriorations to which a property has been subjected should be judged according to the intensity of its effects and analyzed case by case.

c) Above all, in the case of potential danger to a property, one should consider that:

i) the threat should be appraised according to the normal evolution of the social and economic framework in which the property is situated;
ii) it is often impossible to assess certain threats such as the threat of armed conflict as to their effect on cultural or natural properties;

iii) some threats are not imminent in nature, but can only be anticipated, such as demographic growth.

d) Finally, in its appraisal, the Committee should take into account any cause of unknown or unexpected origin which endangers a cultural or natural property.

Procedure for the inscription of properties on the List of World Heritage in Danger

183. When considering the inscription of a property on the List of World Heritage in Danger, the Committee shall develop, and adopt, as far as possible, in consultation with the State Party concerned, a “Desired state of conservation for the removal of the property from the List of World Heritage in Danger”, and a programme for corrective measures.

184. In order to develop the programme of corrective measures referred to in the previous paragraph, the Committee shall request the Secretariat to ascertain, as far as possible in cooperation with the State Party concerned, the present condition of the property, the dangers to the property and the feasibility of undertaking corrective measures. The Committee may further decide to send a Reactive Monitoring mission from the relevant Advisory Bodies or other organizations to visit the property, evaluate the nature and extent of the threats and propose the measures to be taken. In some circumstances, the State Party may wish to invite an Advisory mission to provide advice and guidance.

185. The information received, together with the comments as appropriate of the State Party and the relevant Advisory Bodies or other organizations, will be brought to the attention of the Committee by the Secretariat.

186. The Committee shall examine the information available and take a decision concerning the inscription of the property on the List of World Heritage in Danger. Any such decision shall be taken by a majority of two-thirds of the Committee members present and voting. The Committee will then define the programme of corrective action to be taken. This programme will be proposed to the State Party concerned for immediate implementation.

187. The State Party concerned shall be informed of the Committee's decision and public notice of the decision shall immediately be issued by the Committee, in accordance with Article 11.4 of the Convention.

188. The Secretariat publishes the updated List of World Heritage in Danger in printed form and is also available at: https://whc.unesco.org/en/danger

189. The Committee shall allocate a specific, significant portion of the World Heritage Fund to financing of possible assistance to World Heritage properties inscribed on the List of World Heritage in Danger.
Regular review of the state of conservation of properties on the List of World Heritage in Danger

190. The Committee shall review annually the state of conservation of properties on the List of World Heritage in Danger. This review shall include such monitoring procedures and expert missions as might be determined necessary by the Committee.

191. On the basis of these regular reviews, the Committee shall decide, in consultation with the State Party concerned, whether:
   
a) additional measures are required to conserve the property;

b) to delete the property from the List of World Heritage in Danger if the property is no longer under threat;

c) to consider the deletion of the property from both the List of World Heritage in Danger and the World Heritage List if the property has deteriorated to the extent that it has lost those characteristics which determined its inscription on the World Heritage List, in accordance with the procedure set out in paragraphs 192-198.

IV.C Procedure for the eventual deletion of properties from the World Heritage List

192. The Committee adopted the following procedure for the deletion of properties from the World Heritage List in cases:
   
a) where the property has deteriorated to the extent that it has lost those characteristics which determined its inclusion in the World Heritage List; and

b) where the intrinsic qualities of a World Heritage property were already threatened at the time of its nomination by human action and where the necessary corrective measures as outlined by the State Party at the time, have not been taken within the time proposed (see paragraph 116).

193. When a property inscribed on the World Heritage List has seriously deteriorated, or when the necessary corrective measures have not been taken within the time proposed, the State Party on whose territory the property is situated should so inform the Secretariat.

194. When the Secretariat receives such information from a source other than the State Party concerned, it will, as far as possible, verify the source and the contents of the information in consultation with the State Party concerned and request its comments.

195. The Secretariat will request the relevant Advisory Bodies to forward comments on the information received.

196. The Committee will examine all the information available and will take a decision. Any such decision shall, in accordance with Article 13 (8) of the Convention, be taken by a majority of two-thirds of its members present and voting. The Committee shall not decide to delete any property unless the State Party has been consulted on the question.
197. The State Party shall be informed of the Committee's decision and public notice of this decision shall be immediately given by the Committee.

198. If the Committee's decision entails any modification to the World Heritage List, this modification will be reflected in the next updated List that is published.

V PERIODIC REPORTING ON THE IMPLEMENTATION OF THE WORLD HERITAGE CONVENTION

V.A Objectives

199. States Parties are requested to submit reports to the UNESCO General Conference through the World Heritage Committee, on the legislative and administrative provisions they have adopted and other actions which they have taken for the application of the Convention, including the state of conservation of the World Heritage properties located on their territories.

200. Periodic Reporting is a self-reporting process and should be led as far as possible by the States Parties in each region. The Secretariat coordinates and facilitates the Periodic Reporting Process at the global level. States Parties may request expert advice from the Advisory Bodies and the Secretariat, which may also (with agreement of the States Parties concerned) commission further expert advice.

201. Periodic Reporting serves four main purposes:

a) to provide an assessment of the application of the World Heritage Convention by the State Party;

b) to provide an assessment as to whether the Outstanding Universal Value of the properties inscribed on the World Heritage List is being maintained over time;

c) to provide up-dated information about the World Heritage properties to record the changing circumstances and state of conservation of the properties;

d) to provide a mechanism for regional cooperation and exchange of information and experiences between States Parties concerning the implementation of the Convention and World Heritage conservation.

202. Periodic Reporting is important for more effective long term conservation of the properties inscribed, as well as to strengthen the credibility of the implementation of the Convention. It is also an important tool for assessing the implementation by States Parties and World Heritage properties of policies adopted by the World Heritage Committee and the General Assembly.

V.B Procedure and Format

203. Every six years, States Parties submit periodic reports for examination by the World Heritage Committee. During the six-year Periodic Reporting cycle, States Parties report region by region in the following order:
204. The sixth year of each cycle is a period for reflection and evaluation. This pause allows the Periodic Reporting mechanism to be assessed and revised as appropriate before a new cycle is initiated. The World Heritage Committee may also decide to use the reflection to initiate the development and publication of a Global World Heritage Report.

205. At appropriate intervals, and whenever deemed necessary, the World Heritage Committee adopts and revises Monitoring Indicators and an Analytical Framework for Periodic Reporting.

205bis. The Periodic Reporting process is used as an opportunity for regional exchange and cooperation and to enhance active coordination and synchronization between States Parties, particularly in the case of transboundary and transnational properties.

206. The Periodic Reporting questionnaire is an online tool to be completed by the respective National Focal Points and Site Managers of the World Heritage properties, as appropriate.

   a) **Section I** refers to the legislative and administrative provisions which the State Party has adopted and other actions which it has taken for the application of the *Convention*, together with details of the experience acquired in this field. This particularly concerns the general obligations defined in specific articles of the *Convention*.

   b) **Section II** refers to the state of conservation of specific World Heritage properties located on the territory of the State Party concerned. This Section should be completed for each World Heritage property.

206bis. The Periodic Reporting format may be reviewed following each cycle of Periodic Reporting. An outline of the format is contained in Annex 7 to the Operational Guidelines.

207. In order to facilitate management and analysis of information, States Parties are requested to submit reports, in English or French, using the online tool provided on the website of the World Heritage Centre. The online tool of the full questionnaire can be accessed here: https://whc.unesco.org/en/periodicreporting/

V.C **Evaluation and Follow Up**

209. The World Heritage Committee carefully reviews issues raised in Periodic Reports and advises the States Parties of the regions concerned on matters arising from them.

210. States Parties, working in partnership with the Secretariat and the Advisory Bodies, develop long-term regional follow-up programmes structured according to the Committee’s Strategic Objectives and submit them for examination. These programmes are adopted as follow-up to Periodic Reports and regularly reviewed by the Committee based on the needs of States Parties identified in Periodic Reports. They should accurately reflect the needs of World Heritage in the region and facilitate the granting of International Assistance.

VI ENCOURAGING SUPPORT FOR THE WORLD HERITAGE CONVENTION

VI.A Objectives

211. The objectives are:

   a) to enhance capacity building and research;
   b) to raise the general public’s awareness, understanding and appreciation of the need to preserve cultural and natural heritage;
   c) to enhance the function of World Heritage in the life of the community; and
   d) to increase equitable, inclusive and effective participation of local and national populations, including indigenous peoples, in the protection and presentation of heritage.

VI.B Capacity building and research

212. The Committee seeks to develop capacity building within the States Parties in conformity with its Strategic Objectives and the World Heritage Capacity Building Strategy adopted by the Committee.

The World Heritage Capacity Building Strategy

213. Recognizing the high level of skills and multidisciplinary approach necessary for the protection, conservation, and presentation of the World Heritage, the Committee has adopted the World Heritage Capacity Building Strategy. The definition of capacity building identifies three broad areas where capacities reside and for which audiences for capacity building need targeting: practitioners, institutions, and communities and networks. The World Heritage Capacity Building Strategy provides a framework of action, and orients actors at the international, regional, or national levels to create regional and national capacity building strategies in addition to individual capacity building activities. The actions can be taken up by the many actors who currently provide or could provide capacity building activities for the benefit of World Heritage. The primary goal of the Capacity Building Strategy is to ensure that necessary skills are developed by a wide range of actors for better implementation of the Convention. In order to avoid overlap
and effectively implement the Strategy, the Committee will ensure links to other initiatives such as the Global Strategy for a Representative, Balanced and Credible World Heritage List and Periodic Reporting. The Committee will annually review relevant capacity building issues, assess capacity building needs, review annual reports on capacity building initiatives, and make recommendations for future capacity building initiatives.

National capacity building strategies and regional co-operation

214. States Parties are encouraged to ensure that there is a gender-balanced representation of their professionals and specialists at all levels and that they are adequately trained. To this end, States Parties are encouraged to develop national capacity building strategies and include regional cooperation for training as part of their strategies. Development of such regional and national strategies can be assisted by the Advisory Bodies and the various UNESCO Category 2 Centres related to World Heritage, taking into consideration the World Heritage Capacity Building Strategy.

214bis. States Parties are encouraged to develop educational and capacity building programmes that harness the reciprocal benefits of the Convention for heritage and society. The programmes may be based on innovation and local entrepreneurship, and aimed in particular at medium/small/micro scale levels, to promote sustainable and inclusive economic benefits for local communities and indigenous peoples and to identify and promote opportunities for public and private investment in sustainable development projects, including those that promote use of local materials and resources and foster local cultural and creative industries and safeguarding intangible heritage associated with World Heritage properties.

Research

215. The Committee develops and coordinates international cooperation in the area of research needed for the effective implementation of the Convention. States Parties are also encouraged to make resources available to undertake research, since knowledge and understanding are fundamental to the identification, management, and monitoring of World Heritage properties. States Parties are encouraged to support scientific studies and research methodologies, including traditional and indigenous knowledge held by local communities and indigenous peoples, with all necessary consent. Such studies and research are aimed at demonstrating the contribution that the conservation and management of World Heritage properties, their buffer zones and wider setting make to sustainable development, such as in conflict prevention and resolution, including, where relevant, by drawing on traditional ways of dispute resolution that may exist within communities.

International Assistance

216. Training and Research Assistance may be requested by States Parties from the World Heritage Fund (see Chapter VII).
VI.C Awareness-raising and education

Awareness-raising

217. States Parties are encouraged to raise awareness of the need to preserve World Heritage in their own countries. In particular, they should ensure that World Heritage status is adequately marked and promoted on-site.

218. The Secretariat provides assistance to States Parties in developing activities aimed at raising public awareness of the *Convention* and informing the public of the dangers threatening World Heritage. The Secretariat advises States Parties regarding the preparation and implementation of on-site promotional and educational projects to be funded through International Assistance. The Advisory Bodies and appropriate State agencies may also be solicited to provide advice on such projects.

Education

219. The World Heritage Committee encourages and supports the development of educational materials, activities and programmes.

International Assistance

220. States Parties are encouraged to develop quality educational activities related to World Heritage through a variety of learning environments tailored to each audience with, wherever possible, the participation of schools, universities, museums and other local and national educational authorities.

221. The Secretariat, in cooperation with the UNESCO Education Sector and other partners, produces and publishes a World Heritage Educational Resource Kit, “World Heritage in Young Hands”, for use in secondary schools around the world. The Kit is adaptable for use at other educational levels.

222. International Assistance may be requested by States Parties from the World Heritage Fund for the purpose of developing and implementing awareness-raising and educational activities or programmes (see Chapter VII).

VII THE WORLD HERITAGE FUND AND INTERNATIONAL ASSISTANCE

VII.A The World Heritage Fund

223. The World Heritage Fund is a trust fund, established by the *Convention* in conformity with the provisions of the Financial Regulations of UNESCO. The resources of the Fund consist of compulsory and voluntary contributions made by States Parties to the *Convention*, and any other resources authorized by the Fund’s regulations.

VII.B Mobilization of other technical and financial resources and partnerships in support of the World Heritage Convention

225. To the extent possible, the World Heritage Fund should be used to mobilize additional funds for International Assistance from other sources.

226. The Committee decided that contributions offered to the World Heritage Fund for international assistance campaigns and other UNESCO projects for any property inscribed on the World Heritage List shall be accepted and used as International Assistance pursuant to Section V of the Convention, and in conformity with the modalities established for carrying out the campaign or project.

227. States Parties are invited to provide support to the Convention in addition to obligatory contributions paid to the World Heritage Fund. This voluntary support can be provided through additional contributions to the World Heritage Fund or direct financial and technical contributions to properties.

228. States Parties are encouraged to participate in international fundraising campaigns launched by UNESCO and aimed at protecting World Heritage.

229. States Parties and others who anticipate making contributions towards these campaigns or other UNESCO projects for World Heritage properties are encouraged to make their contributions through the World Heritage Fund.

230. States Parties are encouraged to promote the establishment of national, public and private foundations or associations aimed at raising funds to support World Heritage conservation efforts.

231. The Secretariat provides support in mobilizing financial and technical resources for World Heritage conservation and actively engages in resource mobilization, including through developing partnerships with public and private institutions in conformity with the decisions and the strategies adopted by the World Heritage Committee and UNESCO regulations.

232. The Secretariat should refer to UNESCO’s “Comprehensive Partnership Strategy” to govern external fundraising in favour of the World Heritage Fund. This document is available at http://en.unesco.org/partnerships

VII.C International Assistance

233. The Convention provides International Assistance to States Parties for the protection of the world cultural and natural heritage located on their territories and inscribed, or potentially suitable for inscription on the World Heritage List. International Assistance should be seen as supplementary to national efforts for the conservation and management of World Heritage and Tentative List properties when adequate resources cannot be secured at the national level.

234. International Assistance is primarily financed from the World Heritage Fund, established under the World Heritage Convention. The Committee determines the budget for International Assistance on a biennial basis.
235. The World Heritage Committee coordinates and allocates types of International Assistance in response to State Party requests. These types of International Assistance, described in the summary table set out below, in order of priority are:

a) Emergency assistance;
b) Conservation and Management assistance (incorporating assistance for training and research, technical cooperation and promotion and education);
c) Preparatory assistance.

VII.D Principles and priorities for International Assistance

236. Priority is given to International Assistance for properties inscribed on the List of World Heritage in Danger. The Committee created a specific budget line to ensure that a significant portion of assistance from the World Heritage Fund is allocated to properties inscribed on the List of World Heritage in Danger.

237. States Parties in arrears of payment of their compulsory or voluntary contributions to the World Heritage Fund are not eligible for International Assistance, it being understood that this provision does not apply to requests for emergency assistance.

238. To support its Strategic Objectives, the Committee also allocates International Assistance in conformity with the priorities set out in its decisions and in the Regional Programmes it adopts as a follow-up to Periodic Reports (see para. 210).

239. In addition to the priorities outlined in paragraphs 236-238 above, the following considerations govern the decisions of the Committee in granting International Assistance:

a) the likelihood that the assistance will have a catalytic and multiplier effect (“seed money”) and promote financial and technical contributions from other sources;
b) when funds available are limited and a selection has to be made, preference is given to:
   • a Least Developed Country or Low Income Economy as defined by the United Nations Economic and Social Council's Committee for Development Policy, or
   • a Lower Middle Income Country as defined by the World Bank, or
   • a Small Island Developing State (SIDS), or
   • a State Party in a post-conflict situation;
c) the urgency of the protective measures to be taken at World Heritage properties;
d) whether the legislative, administrative and, wherever possible, financial commitment of the recipient State Party is available to the activity;
e) the impact of the activity on furthering the Strategic Objectives or on the implementation of policies adopted by the Committee, such as the Policy Document for the Integration of a Sustainable Development Perspective into the Processes of the World Heritage Convention or the Policy Document on the Impact of Climate Change on World Heritage properties;

f) the degree to which the activity responds to needs identified through the reactive monitoring process and/or the analysis of regional Periodic Reports;

g) the exemplary value of the activity in respect to scientific research and the development of cost-effective conservation techniques;

h) the cost of the activity and expected results;

i) the educational value both for the training of experts and for the general public; and

j) the inclusive nature of the activity, in particular as concerns gender equality and the involvement of local communities and indigenous peoples.

240. A balance will be maintained in the allocation of resources between cultural and natural heritage and between Conservation and Management and Preparatory Assistance. This balance is reviewed and decided upon on a regular basis by the Committee and during the second year of each biennium by the Chairperson or the World Heritage Committee.

VII.E Summary Table

241.

<table>
<thead>
<tr>
<th>Type of international assistance</th>
<th>Purpose</th>
<th>Budget ceilings per request</th>
<th>Deadline for submission of request</th>
<th>Authority for approval</th>
</tr>
</thead>
</table>
| **Emergency Assistance**        | This assistance may be requested to address ascertained or potential threats facing properties included on the List of World Heritage in Danger and the World Heritage List which have suffered severe damage or are in imminent danger of severe damage due to sudden, unexpected phenomena. Such phenomena may include land subsidence, extensive fires, explosions, flooding or human-made disasters including war. This assistance does not concern cases of damage or deterioration caused by gradual processes of decay, pollution or erosion. It addresses emergency situations strictly relating to the conservation of a World Heritage property (see Decision 28 COM 10B 2.c). It may be made available, if necessary, to more than one World Heritage property in a single State Party (see Decision 6 EXT. COM 15.2). The budget ceilings relate to a single World Heritage property. The assistance may be requested to:  
(i) undertake emergency measures for the safeguarding of the property;  
(ii) draw up an emergency plan for the property. | Up to US$ 5,000 | At any time | Director of the World Heritage Centre |
|                                 |         | Between US$ 5,001 and 75,000 | At any time | Chairperson of the Committee |

| **Preparatory assistance**       | This assistance may be requested to (in order of priority):  
   (i) prepare or update national Tentative Lists of properties suitable for inscription on the World Heritage List; a commitment will be required from the State Party to nominate in priority on these lists sites recognized in approved thematic advice, such as the thematic studies prepared by the Advisory Bodies, as corresponding to gaps on the List;  
   (ii) organize meetings for the harmonization of national Tentative Lists within the same geo-cultural area;  
   (iii) prepare nominations of properties for inscription on the World Heritage List, including preparatory work such as collection of basic information, scoping studies of the potential for demonstration of Outstanding Universal Value, including integrity or authenticity, comparative studies of the property in relation to other similar properties (see 3.2 of Annex 5), including analysis in the context of the Gap Studies produced by the Advisory Bodies. Priority will be given to requests for sites recognized in approved thematic advice as corresponding to gaps on the List and/or for sites where preliminary investigations have shown that further inquiries would be justified, especially in the case of States Parties whose heritage is unrepresented or under-represented on the World Heritage List;  
   (iv) prepare requests for Conservation & Management assistance for consideration by the World Heritage Committee. | Up to US$ 5,000 | At any time | Director of the World Heritage Centre |
|                                  |                                                   | Between US$ 5,001 and 30,000 | 31 October |
|                                  |                                                   | Only for requests falling under items (i) to (vi): | Only for requests falling under items (i) to (vi): | Chairperson of the Committee |
| **Conservation and Management Assistance** (incorporating Training and Research assistance, Technical co-operation assistance and Promotion and education assistance) | This assistance may be requested for:  
   (i) the training of staff and specialists at all levels in the fields of identification, monitoring, conservation, management and presentation of World Heritage, with an emphasis on group training;  
   (ii) scientific research benefiting World Heritage properties or studies on the scientific and technical problems of conservation, management, and presentation of World Heritage properties;  
   (iii) establishment/revision of national policies or legal frameworks on heritage preservation benefitting World Heritage properties;  
   Note: Requests for support for individual training courses from UNESCO should be submitted on the standard “Application for fellowship” form available from the Secretariat.  
   (iv) provision of experts, technicians and skilled labour for the conservation, management, and presentation of properties inscribed on the List of World Heritage in Danger and the World Heritage List;  
   (v) supply of equipment which the State Party requires for the conservation, management, and presentation of properties inscribed on the List of World Heritage in Danger and the World Heritage List;  
   (vi) low-interest or interest-free loans for undertaking activities for the conservation, management, and presentation of properties inscribed on the List of World Heritage in Danger and the World Heritage List; | Only for requests falling under items (i) to (vi): Up to US$ 5,000 | At any time | Director of the World Heritage Centre |
<p>|                                  |                                                   | Between US$ 5,001 and 30,000 | 31 October |
|                                  |                                                   | Only for requests falling under items (i) to (vi): Over US$ 30,000 | 31 October |
|                                  |                                                   | Only for requests falling under items (i) to (vi): | Only for requests falling under items (i) to (vi): | Committee |</p>

**VII.F Procedure and format**

242. All States Parties submitting requests for international assistance are encouraged to consult the Secretariat and the Advisory Bodies during the conceptualization, planning and elaboration of each request. To facilitate States Parties’ work, examples of successful international assistance requests may be provided upon request.

243. The application form for International Assistance is presented in Annex 8 and the types, amounts, deadlines for submission and the authorities responsible for approval are outlined in the summary table in Chapter VII.E.

244. The request should be submitted in English or French, duly signed and transmitted by the National Commission for UNESCO, the State Party Permanent Delegation to UNESCO and/or appropriate governmental Department or Ministry to the following address:
UNESCO World Heritage Centre
7, place de Fontenoy
75352 Paris 07 SP
France
Tel: +33 (0) 1 4568 1104
E-mail: wh-intassistance@unesco.org

245. Requests for international assistance may be submitted by electronic mail by the State Party or by filling the online format on the World Heritage Centre’s website at: https://whc.unesco.org; they must be accompanied by an officially signed copy.

246. It is important that all information requested in this application form is provided. If appropriate or necessary, requests may be supplemented by additional information, reports, etc.

VII.G Assessment of International Assistance requests

247. Provided they are complete, all requests are assessed by the Secretariat irrespective of the amount requested. In addition, requests with a budget above US$ 30,000 are assessed as follows:

   a) By ICOMOS for requests for cultural heritage (all types of assistance) and ICCROM (all types of assistance except Preparatory assistance);

   b) By IUCN for requests for natural heritage;

   c) By ICOMOS and IUCN for requests for mixed heritage (all types of assistance) and ICCROM (all types of assistance except Preparatory assistance).

The Secretariat processes requests for Emergency assistance within up to 10 working days.

Whenever necessary, the Secretariat may consult the Advisory Bodies, for the assessment of requests with a budget under US$ 30,000.

ICOMOS, IUCN and ICCROM will be consulted on all requests which specifically demand the involvement of one or more Advisory Bodies in the respective project.

248. [Deleted]

249. [Deleted]

250. [Deleted]

251. The criteria used for the assessment of international assistance requests are outlined in Annex 9.

252. A panel composed of representatives of the World Heritage Centre Regional Desks and the Advisory Bodies, and if possible, the Chairperson of the World Heritage Committee or, in observer capacity, a person designated by the Chairperson, meets once or twice a year to examine the International Assistance requests of more than US$ 5,000, except those for Emergency Assistance, and to make recommendations to the Chairperson and/or the Committee.
253. The Chairperson is not authorized to approve requests submitted by his/her own country. These will be examined by the Committee.

254. All requests for Preparatory Assistance or Conservation and Management Assistance of more than US$ 5,000 should be received by the Secretariat on or before 31 October. Incomplete forms which do not come back duly completed by 30 November will be sent back to the States Parties for submission to a next cycle. Complete requests are examined by a first panel held in January. Requests for which the panel issues a positive or a negative recommendation will be submitted to the Chairperson/Committee for decision. A second panel may be held at least eight weeks before the Committee session for requests which were revised since the first panel. Requests sent back for a substantial revision will be examined by the panel depending on their date of receipt. Requests requiring only minor revision and no further examination by the panel must come back within the year when they were examined first; otherwise they will be sent again to a next panel. The chart detailing the submission process is attached in Annex 8.

VII.H Contractual Arrangements

255. Agreements are established between UNESCO and the concerned State Party or its representative(s) for the implementation of the approved International Assistance requests in conformity with UNESCO regulations, following the work plan and budget breakdown described in the originally approved request.

VII.I Evaluation and follow-up of International Assistance

256. The monitoring and evaluation of the implementation of the International Assistance requests will take place within 3 months of the activities’ completion. The results of these evaluations will be collated and maintained by the Secretariat in collaboration with the Advisory Bodies and examined by the Committee on a regular basis.

257. The Committee reviews the implementation, evaluation and follow-up of International Assistance in order to evaluate the International Assistance effectiveness and to redefine its priorities.

VIII THE WORLD HERITAGE EMBLEM

VIII.A Preamble

258. At its second session (Washington, 1978), the Committee adopted the World Heritage Emblem which had been designed by Mr. Michel Olyff. This Emblem symbolizes the interdependence of cultural and natural properties: the central square is a form created by humans and the circle represents nature, the two being intimately linked. The Emblem is round, like the world, but at the same time it is a symbol of protection. It symbolizes the Convention, signifies the adherence of States Parties to the Convention, and serves to identify properties inscribed in the World Heritage List. It is associated with public knowledge about the Convention and is the imprimatur of the Convention's credibility and prestige. Above all, it is a representation of the universal values for which the Convention stands.
259. The Committee decided that the Emblem proposed by the artist could be used, in any colour or size, depending on the use, the technical possibilities and considerations of an artistic nature. However, when the emblem is used in a linked logo block with the UNESCO logo, the graphical standards of the UNESCO Secretariat must be strictly followed. The Emblem should always carry the text “WORLD HERITAGE. PATRIMOINE MONDIAL”. The space occupied by “PATRIMONIO MUNDIAL” can be used for its translation into the national language of the country where the Emblem is to be used.

260. In order to ensure the Emblem benefits from as much visibility as possible while preventing improper uses, the Committee at its twenty-second session (Kyoto, 1998) adopted “Guidelines and Principles for the Use of the World Heritage Emblem” as set out in the following paragraphs. In addition, a “Table of Uses” (Annex 14) provides complementary guidance.

261. Although there is no mention of the Emblem in the Convention, its use has been promoted by the Committee to identify properties protected by the Convention and inscribed on the World Heritage List since its adoption in 1978.
262. The World Heritage Committee is responsible for determining the use of the World Heritage Emblem and for making policy prescriptions regarding how it may be used. Since the adoption by the UNESCO General Conference in October 2007 of the Directives concerning the Use of the Name, Acronym, Logo and Internet Domain Names of UNESCO\(^\text{13}\), it is strongly encouraged to use the World Heritage Emblem as part of a linked logo block accompanied by UNESCO’s logo, whenever feasible. When the emblem is used in a linked logo block with the UNESCO logo, the graphical standards of the UNESCO Secretariat must be strictly followed. The use of the World Heritage Emblem alone remains however possible, in line with the present Guidelines and with the Table of Uses (Annex 14).

263. As requested by the Committee at its 26th session (Budapest, 2002), the World Heritage Emblem, with and without its surrounding text, has been notified and accepted on 21 May 2003 by the Paris Union Member states under Article 6ter of the Paris Convention for the Protection of Industrial Property, adopted in 1883 and revised at Stockholm in 1967. Therefore, UNESCO has recourse to Paris Convention Member States’ domestic systems to prevent the use of the World Heritage Emblem where such use falsely suggests a connection with UNESCO, the World Heritage Convention, or any other abusive use.

264. The Emblem also has fund-raising potential that can be used to enhance the marketing value of products with which it is associated. A balance is needed between the Emblem’s use to further the aims of the Convention and optimize knowledge of the Convention worldwide and the need to prevent its abuse for inaccurate, inappropriate, and unauthorized commercial or other purposes.

265. The Guidelines and Principles for the Use of the Emblem and modalities for quality control should not become an obstacle to cooperation for promotional activities. Authorities responsible for reviewing and deciding on uses of the Emblem may base their decisions on the parameters developed below and those contained in the Table of Uses (Annex 14).

VIII.B Applicability

266. The Guidelines and Principles proposed herein cover all proposed uses of the Emblem by:

a) The UNESCO Secretariat;

b) Agencies or National Commissions, responsible for implementing the Convention in each State Party;

c) World Heritage properties;

d) Other contracting parties, especially those operating for predominantly commercial purposes.

\(^{13}\) The most recent version of the Directives concerning the Use of the Name, Acronym, Logo and Internet Domain Names of UNESCO is found in the annex to Resolution 86 of the 34th session of the General Conference (34 C/Resolution 86) or at http://unesdoc.unesco.org/images/0015/001560/156046e.pdf
VIII.C Responsibilities of States Parties

267. States Parties to the Convention should take all possible measures to prevent the use of the Emblem in their respective countries by any group or for any purpose not explicitly recognized by the Committee. States Parties are encouraged to make full use of national legislation including Trade Mark Laws.

VIII.D Increasing proper uses of the World Heritage Emblem

268. Properties inscribed on the World Heritage List should be marked with the emblem jointly with the UNESCO logo, which should, however, be placed in such a way that they do not visually impair the property in question.

Production of plaques to commemorate the inscription of properties on the World Heritage List

269. Once a property is inscribed on the World Heritage List, the State Party should place a plaque, whenever possible, to commemorate this inscription. These plaques are designed to inform the public of the country concerned and foreign visitors that the property visited has a particular value which has been recognized by the international community. In other words, the property is exceptional, of interest not only to one nation, but also to the whole world. However, these plaques have an additional function which is to inform the general public about the World Heritage Convention, or at least about the World Heritage concept and the World Heritage List.

270. The Committee has adopted the following Guidelines for the production of these plaques:

a) the plaque should be so placed that it can easily be seen by visitors, without disfiguring the property;

b) the UNESCO - World Heritage linked logo should appear on the plaque;

c) the text should mention the property's Outstanding Universal Value; in this regard it might be useful to give a short description of the property's outstanding characteristics. States Parties may, if they wish, use the descriptions appearing in the various World Heritage publications or in the World Heritage exhibit, and which may be obtained from the Secretariat;

d) the text should make reference to the World Heritage Convention and particularly to the World Heritage List and to the international recognition conferred by inscription on this List (however, it is not necessary to mention at which session of the Committee the property was inscribed); it may be appropriate to produce the text in several languages for properties which receive many foreign visitors.

271. The Committee proposes the following text as an example:

“(Name of property) has been inscribed upon the World Heritage List of the Convention concerning the Protection of the World Cultural and Natural Heritage. Inscription on this List confirms the Outstanding Universal Value of a cultural or natural property which deserves protection for the benefit of all humanity.”
272. This text could be then followed by a brief description of the property concerned.

273. Furthermore, the national authorities should encourage World Heritage properties to make a broad use of the Emblem such as on their letterheads, brochures and staff uniforms.

274. Third parties which have received the right to produce communication products related to the World Heritage Convention and World Heritage properties must give the Emblem proper visibility. They should avoid creating a different Emblem or logo for that particular product.

VIII.E Principles on the use of the World Heritage Emblem

275. The responsible authorities are henceforth requested to use the following principles in making decisions on the use of the Emblem:

a) The Emblem should be utilized for all projects substantially associated with the work of the Convention, including, to the maximum extent technically and legally possible, those already approved and adopted, in order to promote the Convention.

b) A decision to approve use of the Emblem should be linked strongly to the quality and content of the product with which it is to be associated, not on the volume of products to be marketed or the financial return expected. The main criterion for approval should be the educational, scientific, cultural, or artistic value of the proposed product related to World Heritage principles and values. Approval should not routinely be granted to place the Emblem on products that have no, or extremely little, educational value, such as cups, T-shirts, pins, and other tourist souvenirs. Exceptions to this policy will be considered for special events, such as meetings of the Committee and ceremonies at which plaques are unveiled.

c) Any decision with respect to authorizing the use of the Emblem must be completely unambiguous and in keeping with the explicit and implicit goals and values of the World Heritage Convention.

d) Except when authorized in accordance with these principles, it is not legitimate for commercial entities to use the Emblem directly on their own material to show their support for World Heritage. The Committee recognizes, however, that any individual, organization, or company is free to publish or produce whatever they consider to be appropriate regarding World Heritage properties, but official authorization to do so under the World Heritage Emblem remains the exclusive prerogative of the Committee, to be exercised as prescribed in these Guidelines and Principles and in the Table of Uses.

e) Use of the Emblem by other contracting parties should normally only be authorized when the proposed use deals directly with World Heritage properties. Such uses may be granted after approval by the national authorities of the countries concerned.
f) In cases where no specific World Heritage properties are involved or are not the principal focus of the proposed use, such as general seminars and/or workshops on scientific issues or conservation techniques, use may be granted only upon express approval in accordance with these Guidelines and Principles and with the Table of Uses. Requests for such uses should specifically document the manner in which the proposed use is expected to enhance the work of the Convention.

g) Permission to use the Emblem should not be granted to travel agencies, airlines, or to any other type of business operating for predominantly commercial purposes, except under exceptional circumstances and when manifest benefit to the World Heritage generally or particular World Heritage properties can be demonstrated. Requests for such use should require approval in accordance with these Guidelines and Principles and with the Table of Uses. Such requests should be approved by the national authorities concerned, and be defined within the framework of specific partnership agreements with UNESCO/World Heritage Centre.

The Secretariat is not to accept any advertising, travel, or other promotional considerations from travel agencies or other, similar companies in exchange or in lieu of financial remuneration for use of the Emblem.

h) When commercial benefits are anticipated, the Secretariat should ensure that the World Heritage Fund receives a fair share of the revenues and conclude a contract or other agreement that documents the nature of the understandings that govern the project and the arrangements for provision of income to the Fund. In all cases of commercial use, any staff time and related costs for personnel assigned by the Secretariat or other reviewers, as appropriate, to any initiative, beyond the nominal, must be fully covered by the party requesting authorization to use the Emblem.

National authorities are also called upon to ensure that their properties or the World Heritage Fund receive a fair share of the revenues and to document the nature of the understandings that govern the project and the distribution of any proceeds.

i) If sponsors are sought for manufacturing products whose distribution the Secretariat considers necessary, the choice of partner or partners should be consistent, at a minimum, with the criteria set forth in the “Comprehensive Partnership Strategy” including “Separate strategies for engagement with individual categories of partners” 192 EX/5.INF and PACT Strategy (Document WHC-13/37.COM/5D) and with such further fund-raising guidance as the Committee may prescribe. The necessity for such products should be clarified and justified in written presentations that will require approval in such manner as the Committee may prescribe.

“Comprehensive Partnership Strategy” including “Separate strategies for engagement with individual categories of partners” 192 EX/5.INF and PACT Strategy (Document WHC-13/37.COM/5D)

Decision 37 COM 5D
The sale of goods or services bearing the name, acronym, logo and/or Internet domain name of UNESCO combined with the World Heritage Emblem chiefly for profit shall be regarded as “commercial use” for the purpose of the Operational Guidelines. Such use must be expressly authorized by the Director-General, under a specific contractual arrangement (definition adapted from 2007 UNESCO Logo Directives. Art III.2.1.3).

**VIII.F Authorization procedure for the use of the World Heritage Emblem**

**Simple agreement of the national authorities**

276. National authorities may grant the use of the Emblem to a national entity, provided that the project, whether national or international, involves only World Heritage properties located on the same national territory. National authorities’ decision should be guided by the Guidelines and Principles and by the Table of Uses.

277. States Parties are invited to provide the Secretariat with the names and addresses of the authorities in charge of managing the use of the Emblem.

**Agreement requiring quality control of content**

278. Any other request for authorization to use the Emblem should adopt the following procedure:

   a) A request indicating the objective of the use of the Emblem, its duration and territorial validity, should be addressed to the Director of the World Heritage Centre.

   b) The Director of the World Heritage Centre has the authority to grant the use of the Emblem in accordance with the Guidelines and Principles. For cases not covered, or not sufficiently covered, by the Guidelines and Principles and by the Table of Uses, the Director refers the matter to the Chairperson who, in the most difficult cases, might wish to refer the matter to the Committee for final decision. A yearly report on the authorized uses of the Emblem will be submitted to the World Heritage Committee.

   c) Authorization to use the Emblem in major products to be widely distributed over an undetermined period of time is conditional upon obtaining the manufacturer’s commitment to consult with countries concerned and secure their endorsement of texts and images illustrating properties situated in their territory, at no cost to the Secretariat, together with the proof that this has been done. The text to be approved should be provided in either one of the official languages of the Committee or in the language of the country concerned. A draft model to be used by States Parties to authorize the use of the Emblem to third parties appears below.
Content Approval Form:

[Name of responsible national body], officially identified as the body responsible for approving the content of the texts and photos relating to the World Heritage properties located in the territory of [name of country], hereby confirms to [name of producer] that the text and the images that it has submitted for the [name of property(ies)] World Heritage property(ies) are [approved] [approved subject to the following changes requested] [are not approved]

(delete whatever entry does not apply, and provide, as needed, a corrected copy of the text or a signed list of corrections).

Notes:

It is recommended that the initials of the responsible national official be affixed to each page of text.

The National Authorities are given one month from their acknowledged receipt in which to authorize the content, following which the producers may consider that the content has been tacitly approved, unless the responsible National Authorities request in writing a longer period.

Texts should be supplied to the National Authorities in one of the two official languages of the Committee, or in the official language (or in one of the official languages) of the country in which the properties are located, at the convenience of both parties.

d) After having examined the request and considered it as acceptable, the Secretariat may establish an agreement with the partner.

e) If the Director of the World Heritage Centre judges that a proposed use of the Emblem is not acceptable, the Secretariat informs the requesting party of the decision in writing.

VIII.G Right of States Parties to exert quality control

279. Authorization to use the Emblem is inextricably linked to the requirement that the national authorities may exert quality control over the products with which it is associated.

a) The States Parties to the Convention are the only parties authorized to approve the content (images and text) of any distributed product appearing under the World Heritage Emblem with regard to the properties located in their territories.

b) States Parties that protect the Emblem legally must review these uses.

c) Other States Parties may elect to review proposed uses or refer such proposals to the Secretariat. States Parties are responsible for identifying an appropriate national authority and for informing the Secretariat whether they wish to review proposed uses or to identify uses that are inappropriate. The Secretariat maintains a list of responsible national authorities.
IX INFORMATION SOURCES

IX.A Information archived by the Secretariat

281. The Secretariat ensures that copies of Tentative Lists submissions, Preliminary Assessment requests, World Heritage nominations, including copies of maps and relevant information received from States Parties are archived in hard copy and in electronic format where possible. The Secretariat also arranges for the archiving of relevant information relating to inscribed properties, including evaluations and other documents developed by the Advisory Bodies, any correspondence and reports received from States Parties (including Reactive Monitoring and Periodic Reports) and correspondence and material from the Secretariat and World Heritage Committee.

282. Archived material will be kept in a form appropriate to long-term storage. Provisions will be made for the storage of paper copies and electronic copies, as relevant. Provision will be made for copies to be provided to States Parties as requested.

283. Nomination dossiers of those properties inscribed on the World Heritage List by the Committee will be made available for consultation. States Parties are urged to upload a copy of the nomination on their own websites and inform the Secretariat of this action. States Parties preparing nominations may wish to use such information as guides for identifying and elaborating nomination of properties within their own territories.

284. Advisory Body evaluations and Committee decisions concerning each inscribed property are available on the World Heritage Centre’s website on the page dedicated to each property of the World Heritage List. For the sites not inscribed on the List, the Advisory Body evaluation is available on the World Heritage Centre’s website on the page dedicated to the Committee session when the nomination was examined.

IX.B Specific Information for World Heritage Committee members and other States Parties

285. The Secretariat maintains two electronic mailing lists: one for Committee members (wh-committee@unesco.org) and one for all States Parties (wh-states@unesco.org). States Parties are requested to supply all appropriate email addresses for the establishment of these lists. These electronic mailing lists, which supplement but do not replace the traditional means of notifying States Parties, allow the Secretariat to communicate, in a timely manner, announcements about the availability of documents, changes to meeting schedules, and other issues relevant to Committee members and other States Parties.
286. Specific information targeted at Committee members, other States Parties and Advisory Bodies is available on the World Heritage Centre’s website (https://whc.unesco.org) with restricted access. Decision 43 COM 11A

287. The Secretariat also maintains a database of decisions of the Committee and resolutions of the General Assembly of States Parties. These are available at: https://whc.unesco.org/en/decisions Decision 28 COM 9

IX.C Information and publications available to the public

288. The Secretariat provides access to information labelled as publicly available and copyright free on World Heritage properties and other relevant matters, wherever possible.

289. Information on issues related to World Heritage is available on the Secretariat’s website (https://whc.unesco.org), on the websites of the Advisory Bodies and in libraries. A list of online databases and links to relevant webpages can be found in the Bibliography.

290. The Secretariat produces a wide variety of World Heritage publications, including the World Heritage List, the List of World Heritage in Danger, Brief Descriptions of World Heritage properties, World Heritage Paper series, newsletters, brochures and information kits. In addition, other information materials aimed specifically at experts and the general public are also developed. The list of World Heritage publications can be found in the Bibliography or at: https://whc.unesco.org/en/publications

These information materials are distributed to the public directly or through the national and international networks established by States Parties or by World Heritage partners.
ANNEXES
WHEREAS the Convention concerning the Protection of the World Cultural and Natural Heritage was adopted on 16 November 1972 by the General Conference of UNESCO at its seventeenth session;

NOW THEREFORE the Government of __________________________ having considered the aforesaid Convention, hereby [ratifies] [accepts] the same and undertake faithfully to carry out the stipulations therein contained.

IN WITNESS WHEREOF, I have signed and sealed this instrument.

Done at __________ this __________ day of __________ 20________.

(Seal)

Signature of Head of State,

Prime Minister or

Minister of Foreign Affairs

• The model instrument of ratification / acceptance is available from the UNESCO World Heritage Centre and at: https://whc.unesco.org/en/convention/

• The original signed version of the completed form should be sent, preferably with an official translation in English or French, to: Director-General, UNESCO, 7 place de Fontenoy, 75352 Paris 07 SP, France
WHEREAS the Convention concerning the Protection of the World Cultural and Natural Heritage was adopted on 16 November 1972 by the General Conference of UNESCO at its seventeenth session;

NOW THEREFORE the Government of _______________________ having considered the aforesaid Convention, hereby accedes the same and undertake faithfully to carry out the stipulations therein contained.

IN WITNESS WHEREOF, I have signed and sealed this instrument.

Done at ____________ this ___________ day of ____________ 20________.

(Seal) Signature of Head of State,

Prime Minister or

Minister of Foreign Affairs

- The model instrument of accession is available from the UNESCO World Heritage Centre and at: https://whc.unesco.org/en/convention/
- The original signed version of the completed form should be sent, preferably with an official translation in English or French, to: Director-General, UNESCO, 7 place de Fontenoy, 75352 Paris 07 SP, France
TENTATIVE LIST SUBMISSION FORMAT

STATE PARTY:                      DATE OF SUBMISSION:

Submission prepared by:

Name:                      E-mail:
Address:                  Fax:
Institution:              Telephone:

Name of Property:

State, Province or Region:

Latitude and Longitude, or UTM coordinates:

DESCRIPTION:

Justification of Outstanding Universal Value:
(Preliminary identification of the values of the property which merit inscription on the World Heritage List)

Criteria met [see Paragraph 77 of the Operational Guidelines]:
(Please tick the box corresponding to the proposed criteria and justify the use of each below)

| (i) | (ii) | (iii) | (iv) | (v) | (vi) | (vii) | (viii) | (ix) | (x) |

Statements of authenticity and/or integrity [see Paragraphs 78-95 of the Operational Guidelines]:

Comparison with other similar properties:
(The comparison should outline similarities with other properties on the World Heritage List or not, and the reasons that make the property stand out)

- The Tentative List submission format is available from the UNESCO World Heritage Centre and at: https://whc.unesco.org/en/tentativelists
- Further guidance on the preparation of Tentative Lists can be found in Paragraphs 62-67 of the Operational Guidelines.
- An example of a completed Tentative List submission format can be found at: https://whc.unesco.org/en/tentativelists
- All Tentative Lists submitted by States Parties are available at: https://whc.unesco.org/en/tentativelists
- The original signed version of the completed Tentative List submission format should be sent in English or French to: UNESCO World Heritage Centre, 7 place de Fontenoy, 75352 Paris 07 SP, France
- States Parties are encouraged to also submit this information in electronic format (USB Flash Drive or CD-Rom) or by e-mail to wh-tentativelists@unesco.org

- (viii)
- (ix)
- (x)

---

14 This submission will be valid only when all the States Parties indicated in Section 1.b have sent their submissions.

15 The text provided in this section should be identical in all submissions of the States Parties involved in the presentation of the same transnational / transboundary future nomination.

16 In case of transnational/transboundary properties any modification will need the agreement of all States Parties concerned.

17 In case of transnational/transboundary properties any modification will need the agreement of all States Parties concerned.

18 In case of transnational/transboundary properties any modification will need the agreement of all States Parties concerned.
3.b **Statements of authenticity and/or integrity** [see Paragraphs 79-95 of the *Operational Guidelines*]:

3.c.1 **Justification of the selection of the component part(s) in relation to the future nomination as a whole:**

3.c.2 **Comparison with other similar properties**:\n(This comparison should outline the similarities with other properties inscribed or not on the World Heritage List, and the reasons for the exceptional character of the future nomination).

---

19 In case of transnational/transboundary properties any modification will need the agreement of all States Parties concerned.
REQUEST FORMAT FOR A PRELIMINARY ASSESSMENT OF A POTENTIAL NOMINATION TO THE WORLD HERITAGE LIST

(in compliance with Paragraph 122 of the Operational Guidelines)

- The Request Format for a Preliminary Assessment of a Potential Nomination to the World Heritage List is available at the following Web address: https://whc.unesco.org/en/nominations
- Further guidance on the preparation of the Preliminary Assessment Request Format can be found in Section III of the Operational Guidelines
- The original signed version of the completed Preliminary Assessment Request Format should be sent in English or French to:
  UNESCO World Heritage Centre
  7, place de Fontenoy
  75352 Paris 07 SP
  France
  Telephone: +33 (0) 1 4568 11 04
- States Parties must also submit this information in electronic format (USB Key or by e-mail to wh-nominations@unesco.org)
Note: In preparing the request for Preliminary Assessment, States Parties should use this format but delete the explanatory notes.

### 2. DESCRIPTION OF THE POTENTIAL NOMINATED PROPERTY

<table>
<thead>
<tr>
<th>2.a Summary description and history of the potential nominated property</th>
<th>Provide a brief description of the potential nominated property, including its main heritage features/attributes and relevant geographic characteristics (see Explanatory Notes of Section 2.a of Annex 5). Provide a brief description of the history of the potential nominated property, including significant events and development of its main heritage features/attributes. Maximum word length: 3000 words</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>2.b Status of the research and historical documentation related to the nominated property</th>
<th>Provide a brief description of the extent of documentation and relevant research available on the potential nominated property, including the following elements: when it has begun, what are the major sources, if published/unpublished, whether major research is ongoing, potential identified gaps in the knowledge including the language in which this information is available. Provide at least one reference that provides a good description of the heritage values of the potential nominated property. Maximum word length: 500 words</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>2.c Settings of the potential nominated property</th>
<th>Bearing in mind that attributes and features that convey the potential Outstanding Universal Value should be located within the nominated property, describe the immediate and wider settings (see Paragraphs 104, 112 and 118bis) of the potential nominated property and how they support the potential Outstanding Universal Value (including any particular relationship in terms of the values and attributes in the potential nominated property). Maximum word length: 500 words</th>
</tr>
</thead>
</table>

### 3. SIGNIFICANCE OF THE POTENTIAL NOMINATED PROPERTY

<table>
<thead>
<tr>
<th>3.1.a Global significance of the potential nominated property</th>
<th>Explain the reasons for which this potential nominated property could be considered globally significant within the context of the <em>World Heritage Convention</em>. Maximum word length: 500 words</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>3.1.b Which World Heritage criteria could be relevant to justify the potential Outstanding Universal Value of the potential nominated property? [see Paragraph 77 of the <em>Operational Guidelines</em>]:</th>
<th>(Tick the box corresponding to the proposed criteria and provide a brief explanation to justify the use of each, not exceeding 100 words per selected criteria.)</th>
</tr>
</thead>
</table>

| (i) | (ii) | (iii) | (iv) | (v) | (vi) | (vii) | (viii) | (ix) | (x) |
### 3.2. Nomination Strategy

<table>
<thead>
<tr>
<th>3.2.a</th>
<th>Are you considering a potential serial nomination?</th>
<th>Yes/No</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>If yes, provide an explanation and a rationale for the serial approach.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Maximum word length: 500 words</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>3.2.b</th>
<th>Are you considering a potential transboundary or transnational nomination?</th>
<th>Yes/No</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>If yes, provide information on whether a nomination strategy has been planned and what will be the proposed approach.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Maximum word length: 500 words</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>3.2.c</th>
<th>Are you considering nominating the area as a Cultural Landscape?</th>
<th>Yes/No</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>If yes, provide an explanation and a rationale for the approach (see Paragraphs 47, 47bis and 47ter of the Operational Guidelines).</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Maximum word length: 500 words</td>

</tr>
</tbody>
</table>
### 7.c Engagement of indigenous peoples and local communities

In the case of potential serial nominated properties, provide information on whether an overall management framework for all components parts is already in place or envisaged.

Maximum word length: 500 words

If the potential nominated property might affect the lands, territories or resources of indigenous peoples and/or local communities, explain how they are represented, and in how far they have participated in the preparation of the Tentative List and the Preliminary Assessment request (see paragraphs 64 and 123). Demonstrate, as appropriate, that the free, prior and informed consent of indigenous peoples has been obtained, through, *inter alia*, making the planned nomination publicly available in appropriate languages and public consultations and hearings.

Maximum word length: 500 words

### 7.d Additional key questions and issues

Describe any issues or difficulties, which have been identified to date in considering a possible World Heritage nomination, or any specific area(s) where advice is required in considering the potential nominated property.

Maximum word length: 500 words

### 8. CONTACT INFORMATION OF RESPONSIBLE AUTHORITIES

### 9. SIGNATURE

| 9. Signature on behalf of the State Party | The Preliminary Assessment request should conclude with the signature of the official empowered to sign it on behalf of the State Party. |
INTRODUCTION

This Annex reproduces the Nara Document on Authenticity, drafted by the 45 participants to the Nara Conference on Authenticity in Relation to the World Heritage Convention, held at Nara, Japan, from 1-6 November 1994. The Nara Conference was organized in cooperation with UNESCO, ICCROM and ICOMOS.

The World Heritage Committee examined the report of the Nara meeting on Authenticity at its 18th session (Phuket, Thailand, 1994) (see document WHC-94/CONF.003/16).

Subsequent expert meetings have enriched the concept of authenticity in relation to the World Heritage Convention (see Bibliography of the Operational Guidelines).

I. THE NARA DOCUMENT ON AUTHENTICITY

Preamble

1. We, the experts assembled in Nara (Japan), wish to acknowledge the generous spirit and intellectual courage of the Japanese authorities in providing a timely forum in which we could challenge conventional thinking in the conservation field, and debate ways and means of broadening our horizons to bring greater respect for cultural and heritage diversity to conservation practice.

2. We also wish to acknowledge the value of the framework for discussion provided by the World Heritage Committee's desire to apply the test of authenticity in ways which accord full respect to the social and cultural values of all societies, in examining the outstanding universal value of cultural properties proposed for the World Heritage List.

3. The Nara Document on Authenticity is conceived in the spirit of the Charter of Venice, 1964, and builds on it and extends it in response to the expanding scope of cultural heritage concerns and interests in our contemporary world.

4. In a world that is increasingly subject to the forces of globalization and homogenization, and in a world in which the search for cultural identity is sometimes pursued through aggressive nationalism and the suppression of the cultures of minorities, the essential contribution made by the consideration of authenticity in conservation practice is to clarify and illuminate the collective memory of humanity.

Cultural Diversity and Heritage Diversity

5. The diversity of cultures and heritage in our world is an irreplaceable source of spiritual and intellectual richness for all humankind. The protection and enhancement of cultural and heritage diversity in our world should be actively promoted as an essential aspect of human development.

6. Cultural heritage diversity exists in time and space, and demands respect for other cultures and all aspects of their belief systems. In cases where cultural values appear to be in conflict, respect for cultural diversity demands acknowledgment of the legitimacy of the cultural values of all parties.

7. All cultures and societies are rooted in the particular forms and means of tangible and intangible expression which constitute their heritage, and these should be respected.

8. It is important to underline a fundamental principle of UNESCO, to the effect that the cultural heritage of each is the cultural heritage of all. Responsibility for cultural heritage and the management of it
belongs, in the first place, to the cultural community that has generated it, and subsequently to that which cares for it. However, in addition to these responsibilities, adherence to the international charters and conventions developed for conservation of cultural heritage also obliges consideration of the principles and responsibilities flowing from them. Balancing their own requirements with those of other cultural communities is, for each community, highly desirable, provided achieving this balance does not undermine their fundamental cultural values.

Values and authenticity

9. Conservation of cultural heritage in all its forms and historical periods is rooted in the values attributed to the heritage. Our ability to understand these values depends, in part, on the degree to which information sources about these values may be understood as credible or truthful. Knowledge and understanding of these sources of information, in relation to original and subsequent characteristics of the cultural heritage, and their meaning, is a requisite basis for assessing all aspects of authenticity.

10. Authenticity, considered in this way and affirmed in the Charter of Venice, appears as the essential qualifying factor concerning values. The understanding of authenticity plays a fundamental role in all scientific studies of the cultural heritage, in conservation and restoration planning, as well as within the inscription procedures used for the World Heritage Convention and other cultural heritage inventories.

11. All judgements about values attributed to cultural properties as well as the credibility of related information sources may differ from culture to culture, and even within the same culture. It is thus not possible to base judgements of values and authenticity within fixed criteria. On the contrary, the respect due to all cultures requires that heritage properties must be considered and judged within the cultural contexts to which they belong.

12. Therefore, it is of the highest importance and urgency that, within each culture, recognition be accorded to the specific nature of its heritage values and the credibility and truthfulness of related information sources.

13. Depending on the nature of the cultural heritage, its cultural context, and its evolution through time, authenticity judgements may be linked to the worth of a great variety of sources of information. Aspects of the sources may include form and design, materials and substance, use and function, traditions and techniques, location and setting, and spirit and feeling, and other internal and external factors. The use of these sources permits elaboration of the specific artistic, historic, social, and scientific dimensions of the cultural heritage being examined.
Appendix 1: Suggestions for follow-up

1. Respect for cultural and heritage diversity requires conscious efforts to avoid imposing mechanistic formulae or standardized procedures in attempting to define or determine authenticity of particular monuments and sites.

2. Efforts to determine authenticity in a manner respectful of cultures and heritage diversity requires approaches which encourage cultures to develop analytical processes and tools specific to their nature and needs. Such approaches may have several aspects in common:
   - efforts to ensure assessment of authenticity involve multidisciplinary collaboration and the appropriate utilisation of all available expertise and knowledge;
   - efforts to ensure attributed values are truly representative of a culture and the diversity of its interests, in particular monuments and sites;
   - efforts to document clearly the particular nature of authenticity for monuments and sites as a practical guide to future treatment and monitoring;
   - efforts to update authenticity assessments in light of changing values and circumstances.

3. Particularly important are efforts to ensure that attributed values are respected, and that their determination included efforts to build, as far as possible, a multidisciplinary and community consensus concerning these values.

4. Approaches should also build on and facilitate international co-operation among all those with an interest in conservation of cultural heritage, in order to improve global respect and understanding for the diverse expressions and values of each culture.

5. Continuation and extension of this dialogue to the various regions and cultures of the world is a prerequisite to increasing the practical value of consideration of authenticity in the conservation of the common heritage of humankind.

6. Increasing awareness within the public of this fundamental dimension of heritage is an absolute necessity in order to arrive at concrete measures for safeguarding the vestiges of the past. This means developing greater understanding of the values represented by the cultural properties themselves, as well as respecting the role such monuments and sites play in contemporary society.

Appendix 2: Definitions

Conservation: all efforts designed to understand cultural heritage, know its history and meaning, ensure its material safeguard and, as required, its presentation, restoration and enhancement. (Cultural heritage is understood to include monuments, groups of buildings and sites of cultural value as defined in Article 1 of the World Heritage Convention).

Information sources: all material, written, oral and figurative sources which make it possible to know the nature, specifications, meaning and history of the cultural heritage.
II. CHRONOLOGICAL BIBLIOGRAPHY - ON AUTHENTICITY

Publications which preceded the Nara meeting and which helped prepare the ground for the authenticity discussion which took place in Nara:

Preparatory meeting for the Nara Meeting, held in Bergen, Norway, 31 January - 1 February 1994:

The Nara meeting, 1-6 November 1994, Nara, Japan:

The Nara meeting brought together 45 experts from 26 countries and international organizations from around the world. Their papers are contained in the volume cited above, as is the Nara document prepared in a working group of 12 meeting participants and edited by Raymond Lemaire and Herb Stovel. This volume of Proceedings invites members of ICOMOS and others to extend the discussions of the Nara Document issues to other regions of the world.

Significant post-Nara regional meetings (as of January 2005):

The European ICOMOS Conference of 17-22 October, 1995 which took place in Cesky Krumlov, Czech Republic brought together 18 European members of ICOMOS to present national views of the application of authenticity concepts from 14 countries. A synthesis of presentations affirmed the importance of authenticity within the analytical processes we apply to conservation problems as a means of assuring truthful, sincere and honest approaches to conservation problems, and gave emphasis to strengthening the notion of dynamic conservation in order to apply authenticity analysis appropriately to cultural landscapes and urban settings.

This Authenticity meeting which took place in San Antonio, Texas, USA in March 1996, brought together participants from ICOMOS national committees of North, Central and South America to debate the application of the concepts of Nara. The meeting adopted the *Declaration of San Antonio*, which discussed the relationship between authenticity and identity, history, materials, social value, dynamic and static sites, stewardship and economics, and contained recommendations extending “proofs” of authenticity to include *reflection of its true value, integrity, context, identity, use and function*, as well as recommendations pertinent to different typologies of sites.

The Great Zimbabwe meeting organised by the World Heritage Centre (26-29 May 2000) focused attention on both authenticity and integrity in an African context. Eighteen speakers looked at issues arising in
management of both cultural and natural heritage properties. The meeting resulted in the publication cited above, which includes a set of recommendations coming from meeting participants. Among recommendations were suggestions to include management systems, language, and other forms of intangible heritage among attributes expressing authenticity, and an emphasis given to the place of local communities in the sustainable heritage management process.

Reconstruction discussions in the context of the *World Heritage Convention* (as of January 2005):

This Format must be used for all nomination dossiers

- The Nomination Format is available at https://whc.unesco.org/en/nominations/
- Further guidance on the preparation of nomination dossiers can be found in Section III of the Operational Guidelines
- The original signed version of the completed Nomination Format should be sent in English or French to UNESCO World Heritage Centre
  7, place de Fontenoy
  75352 Paris 07 SP
  France
  Telephone: +33 (0) 1 4568 1104
  E-mail: wh-nominations@unesco.org
Executive Summary

This information, to be provided by the State Party, will be updated by the Secretariat following the decision by the World Heritage Committee. It will then be returned to the State Party confirming the basis on which the property is inscribed on the World Heritage List.

### NOMINATION FORMAT

<table>
<thead>
<tr>
<th>1.e</th>
<th>Maps and plans, showing the boundaries of the nominated property and buffer zone</th>
</tr>
</thead>
</table>

**EXPLANATORY NOTES**

Annex to the nomination, and list below with scales and dates:

(i) Original copies of topographic maps showing the property nominated, at the largest scale available which shows the entire nominated property. The boundaries of the nominated property and buffer zone should be clearly marked. The boundaries of zones of special legal protection from which the nominated property benefits should be recorded on maps to be included under the protection and management section of the nomination text. Multiple maps may be necessary for serial nominated properties (see table in 1.d). The maps provided should be at the largest available and practical scale to allow the identification of topographic elements such as neighbouring settlements, buildings and routes in order to allow the clear assessment of the impact of any proposed development within, adjacent to, or on the boundary line. The choice of the adequate scale is essential to clearly show the boundaries of the nominated property and shall be in relation to the category of site that is proposed for inscription: cultural sites would require cadastral maps, while natural sites or cultural landscapes would require topographic maps (normally 1:25 000 to 1:50 000 scale).

Utmost care is needed with the width of boundary lines on maps, as thick boundary lines may make the actual boundary of the nominated property ambiguous.

All maps should be capable of being geo-referenced, with a minimum of three points on opposite sides of the maps with complete sets of coordinates. The maps, untrimmed, should show scale, orientation, projection, datum, nominated property name and date. If possible, maps should be sent rolled and not folded.

Geographic Information in digital form is encouraged if possible, suitable for incorporation into a GIS (Geographic Information System), however, this may not substitute the submission of printed maps. In this case the delineation of the boundaries (nominated property and buffer zone) should be presented in vector form, prepared at the largest scale possible. The State Party is invited to contact the Secretariat for further information concerning this option.

(ii) A Location Map showing the location of the nominated property within the State Party,

(iii) Plans and specially prepared maps of the nominated property showing individual features are helpful and may also be annexed.

To facilitate copying and presentation to the Advisory Bodies and the World Heritage Committee A4 (or “letter”) size reduction and a digital image file of the principal maps should also be included in the main text of the nomination dossier if possible.

Where no buffer zone is proposed, the main text of the nomination dossier must include a statement as to why a buffer zone is not required for the proper protection of the nominated property.
### NOMINATION FORMAT

<table>

<td><strong>Buffer zone</strong> _______ ha</td>
</tr>
<tr>
<td></td>
<td><strong>Total</strong> _______ ha</td>
</tr>
</tbody>
</table>

**EXPLANATORY NOTES**

In the case of **serial nominated properties** (see Paragraphs 137-139 of the *Operational Guidelines*), insert a table that shows the name of the component part, region (if different for different components), coordinates, area of each component part and buffer zone.

The serial nominated properties table should also be used to show the size of each component part separately and of the buffer zone(s).

### Description

#### 2.a Description of nominated property

**[This section should not exceed 16,000 words (about 50 A4 pages) for a single site nomination or 24,000 words (about 75 A4 pages) for a serial site nomination]**

This section should begin with a description of the nominated property at the date of nomination. It should refer to all the significant features of the nominated property.

In the case of a cultural nominated property this section will include a description of whatever elements make the nominated property culturally significant. It could include a description of any building or buildings and their architectural style, date of construction, materials, etc. This section should also describe important aspects of the setting such as gardens, parks etc. For a rock art site, for example, the description should refer to the rock art as well as the surrounding landscapes. In the case of an historic town or district, it is not necessary to describe each individual building, but important public buildings should be described individually and an account should be given of the planning or layout of the area, its street pattern and so on.

In the case of a natural nominated property this section should deal with important physical attributes, geology, habitats, species and population size, and other significant ecological features and processes. Species lists should be provided where practicable, and the presence of threatened or endemic taxa should be highlighted. The extent and methods of the use of natural resources should be described.

In the case of cultural landscapes, it will be necessary to produce a description under all the matters mentioned above. Special attention should be paid to the interaction of people and nature.

The entire nominated property identified in section 1 (Identification of the Nominated Property) should be described. In the case of serial nominated properties (see Paragraphs 137-139 of the *Operational Guidelines*), each of the component parts should be separately described.

This section should contain a list and short description of the main attributes.

Nominated properties are required to demonstrate their potential Outstanding Universal Value through their attributes. Attributes convey the potential Outstanding Universal Value and enable an understanding of that value. These attributes will be the focus of protection and management actions, and institutional arrangements, and their spatial distribution and respective protection requirements will inform the boundary of the property.

Attributes can be physical qualities or fabric, but can also include processes, associated with a property, that impact on physical qualities, such as natural or agricultural processes, social arrangements or cultural practices that have shaped distinctive
<table>
<thead>
<tr>
<th>NOMINATION FORMAT</th>
<th>EXPLANATORY NOTES</th>
</tr>
</thead>
<tbody>
<tr>
<td>landscapes. For natural properties they can be specific landscape features, areas of habitat, flagship species, aspects relating to environmental quality (such as intactness, high/pristine environmental quality), scale and naturalness of habitats, and size and viability of wildlife populations.</td>
<td></td>
</tr>
</tbody>
</table>

2.b History and Development

[This section should not exceed 6,400 words (about 20 A4 pages)]

The History and Development of the nominated property shall describe how the nominated property has reached its present form and the significant changes that it has undergone. This information shall provide the important facts needed to support and give substance to the argument that the nominated property meets the criteria of Outstanding Universal Value and conditions of integrity and/or authenticity.

3. Justification for Inscription[^20]

The justification should be set out under the following sections.

This section must make clear why the nominated property is considered to be of “Outstanding Universal Value”.

The whole of this section of the nomination should be written with careful reference to the requirements of the Operational Guidelines. It should not include detailed descriptive material about the nominated property or its management, which are addressed in other sections, but should convey the key aspects that are relevant to the definition of the Outstanding Universal Value of the nominated property.

3.1.a Brief synthesis

The brief synthesis should comprise (i) a summary of factual information and (ii) a summary of qualities.

The summary of factual information sets out the geographical and historical context and the main features. The summary of qualities should present to decision-makers and the general public the potential Outstanding Universal Value that needs to be sustained, and should also include a summary of the attributes that convey its potential Outstanding Universal Value, and need to be protected, managed and monitored. The summary should relate to all stated criteria in order to justify the nomination. The brief synthesis thus encapsulates the whole rationale for the nomination and proposed inscription.

3.1.b Criteria under which inscription is proposed (and justification for inscription under these criteria)

See Paragraph 77 of the Operational Guidelines.

Provide a separate justification for each criterion cited.

State briefly how the property meets those criteria under which it has been nominated (where necessary, make reference to the “description” and “comparative analysis” sections of the nomination, but do not duplicate the text of these sections) and describe for each criterion the relevant attributes.

3.1.c Statement of Integrity

The statement of integrity should demonstrate that the nominated property fulfils the conditions of integrity set out in Section II.D of the Operational Guidelines, which describe these conditions in greater detail.

The Operational Guidelines set out the need to assess the extent to which the nominated property:

[^20]: See also paragraphs 132 and 133.
<table>
<thead>
<tr>
<th>NOMINATION FORMAT</th>
<th>EXPLANATORY NOTES</th>
</tr>
</thead>
<tbody>
<tr>
<td>• includes all elements necessary to express its Outstanding Universal Value;</td>
<td></td>
</tr>
<tr>
<td>• is of adequate size to ensure the complete representation of the features and processes which convey the property’s significance;</td>
<td></td>
</tr>
<tr>
<td>• suffers from adverse effects of development and/or neglect (Paragraph 88).</td>
<td></td>
</tr>
<tr>
<td>The Operational Guidelines provide specific guidance in relation to the various World Heritage criteria, which is important to understand (Paragraphs 89–95).</td>
<td></td>
</tr>
</tbody>
</table>

3.1.d **Statement of Authenticity (for nominations made under criteria (i) to (vi)**

The statement of authenticity should demonstrate that the nominated property fulfils the conditions of authenticity set out in Section II.D of the Operational Guidelines, which describe these conditions in greater detail.

This section should summarise information that may be included in more detail in section 4 of the nomination (and possibly in other sections), and should not reproduce the level of detail included in those sections.

Authenticity only applies to cultural properties and to the cultural aspects of ‘mixed’ properties.

The Operational Guidelines state that ‘properties may be understood to meet the conditions of authenticity if their cultural values (as recognized in the nomination criteria proposed) are truthfully and credibly expressed through a variety of attributes’ (Paragraph 82).

The Operational Guidelines suggest that the following types of attributes might be considered as conveying or expressing Outstanding Universal Value:

• form and design;
• materials and substance;
• use and function;
• traditions, techniques and management systems;
• location and setting;
• language and other forms of intangible heritage;
• spirit and feeling; and
• other internal/external factors.

3.1.e **Protection and management requirements**

This section should summarise information that may be included in more detail in section 5 of the nomination dossier (and also potentially in sections 4 and 6), and should not reproduce the level of detail included in those sections.

This section should set out how the requirements for protection and management will be met, in order to ensure that the Outstanding Universal Value of the nominated property is maintained over time. It should include both details of an overall framework for protection and management, and the identification of specific long-term expectations for the protection of the nominated property.

The text in this section should first provide an overview of the protection and management system. This should include the necessary protection mechanisms, management systems and/or management plans (whether currently in place or in need of establishment) that will protect and conserve the attributes that carry Outstanding Universal Value, and address the threats to and vulnerabilities of the nominated property. These could include the presence of strong and effective
<table>
<thead>
<tr>
<th>NOMINATION FORMAT</th>
<th>EXPLANATORY NOTES</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>legal protection, a clearly documented management system, including relationships with key stakeholders or user groups, adequate staff and financial resources, key requirements for presentation (where relevant), and effective and responsive monitoring.</td>
</tr>
<tr>
<td></td>
<td>Secondly this section needs to acknowledge any long-term challenges for the protection and management of the nominated property and state how addressing these will be a long-term strategy. It will be relevant to refer to the most significant threats to the nominated property, and to vulnerabilities and negative changes in authenticity and/or integrity that have been highlighted, and to set out how protection and management will address these vulnerabilities and threats and mitigate any adverse changes.</td>
</tr>
<tr>
<td></td>
<td>As an official statement, recognised by the World Heritage Committee, this section of the Statement of Outstanding Universal Value should convey the most important commitments that the State Party is making for the long-term protection and management of the nominated property.</td>
</tr>
<tr>
<td>3.2 Comparative Analysis</td>
<td>The nominated property should be compared to similar properties, whether on the World Heritage List or not. The comparison should outline the similarities the nominated property has with other properties and the reasons that make the nominated property stand out. The comparative analysis should aim to explain the importance of the nominated property both in its national and international context (see Paragraph 132). Comparisons should be made with properties expressing the same values as the nominated property, and within a defined geo-cultural area (cultural properties) or globally (natural properties). The combination of values and attributes on which the comparative analysis is based must match the key aspects that are relevant to the definition of the Outstanding Universal Value of the nominated property conveyed in the rest of section 3. The purpose of the comparative analysis is to show that there is room on the List using existing thematic studies and the gap analysis. In the case of serial nominated properties, text needs to set out the rationale for choosing the component parts, in terms of comparing them with other similar component parts and justifying the choice made. The comparative analysis must conclude by drawing conclusions.</td>
</tr>
<tr>
<td>3.3 Draft Statement of Outstanding Universal Value (see annex 10)</td>
<td>A Statement of Outstanding Universal Value is the official statement adopted by the World Heritage Committee at the time of inscription of a property on the World Heritage List. When the World Heritage Committee agrees to inscribe a property on the World Heritage List, it also agrees on a Statement of Outstanding Universal Value that encapsulates why the property is considered to be of Outstanding Universal Value, how it satisfies the relevant criteria, the conditions of integrity and (for cultural properties) authenticity, and how it meets the requirements for protection and management in order to sustain Outstanding Universal Value in the long-term. Statements of Outstanding Universal Value should be concise and are set out in a standard format. They should help to raise awareness regarding the value of the property, guide the assessment of its state of conservation and inform protection and management. Once adopted by the Committee, the Statement of Outstanding Universal Value is</td>
</tr>
<tr>

<td></td>
</tr>
<tr>
<td>e) Requirements for protection and management</td>
<td></td>
</tr>
</tbody>
</table>

4. **State of Conservation and factors affecting the nominated property**

4.a **Present state of conservation**

The information presented in this section constitutes the base-line data necessary to monitor the state of conservation of the nominated property in the future. Information should be provided in this section on the physical condition of the nominated property, any threats to the potential Outstanding Universal Value of the nominated property and conservation measures in place (see Paragraph 132). The state of conservation of the attributes as identified in section 2.a and 3.1.a. should be described, including attributes which have been lost or whose condition is compromised.

For example, in a historic town or area, buildings, monuments or other structures needing major or minor repair works, should be indicated as well as the scale and duration of any recent or forthcoming major repair projects.

In the case of a natural nominated property, data on species trends or the integrity of eco-systems should be provided. This is important because the nomination will be used in future years for purposes of comparison to trace changes in the condition of the property.

For the indicators and statistical benchmarks used to monitor the state of conservation of the property see section 6 below.

4.b **Factors affecting the nominated property**

This section should firstly provide information on all the factors which are likely to affect or threaten the Outstanding Universal Value of a nominated property. Secondly, it should describe the proposed management response to those factors that may negatively affect the nominated property. A list of factors that may be relevant is available at https://whc.unesco.org/en/factors/.

4.b (i) **Development pressures and management response**

Describe development pressures affecting the nominated property and the management response to avert impacts on the nominated property’s authenticity and/or integrity from factors such as:

- Buildings and Development (e.g. housing, commercial development, including tourism);
- Transportation infrastructure (e.g. ground transport, air transport);
- Utilities or service infrastructure (e.g. renewable and/or non-renewable energy facilities);
- Biological resource use/modification (e.g. fishing, agriculture, forestry);

Give the name and contact information of the agency(ies) responsible for the monitoring referenced in 6.a.

6.c Results of previous reporting exercises

List, with a brief summary, earlier reports on the state of conservation of the nominated property and provide extracts and references to published sources (for example, reports submitted in compliance with international agreements and programmes, e.g., Ramsar, MAB).

7. Documentation

This section of the nomination is the check-list of the documentation which shall be provided to make up a complete nomination.

7.a Photographs and audiovisual image inventory and authorization form

States Parties shall provide a sufficient number of recent images (prints, slides and, where possible, electronic formats, videos and aerial photographs) to give a good general picture of the nominated property.

Slides shall be in 35mm format and electronic images in jpg format at a minimum of 300 dpi (dots per inch) resolution. If film material is provided, Beta SP format is recommended for quality assurances.

This material shall be accompanied by the image inventory and photograph and audiovisual authorization form as set out below.

At least ten photographs that may be used on the public web page illustrating the nominated property shall be included.

States Parties are encouraged to grant to UNESCO, in written form and free of charge, the non exclusive cession of rights to diffuse, to communicate to the public, to publish, to reproduce, to exploit, in any form and on any support, including digital, all or part of the images provided and license these rights to third parties.

The non exclusive cession of rights does not impinge upon intellectual property rights (rights of the photographer / director of the video or copyright owner if different) and that when the images are distributed by UNESCO a credit to the photographer / director of the video is

### NOMINATION FORMAT | EXPLANATORY NOTES

7.b **Texts relating to protective designation, copies of property management plans or documented management systems and extracts of other plans relevant to the nominated property**

Attach the texts as indicated in sections 5.b, 5.d and 5.e above.

7.c **Form and date of most recent records or inventory of the nominated property**

Provide a straightforward statement giving the form and date of the most recent records or inventory of the nominated property. Only records that are still available should be described.

7.d **Address where inventory, records and archives are held**

Give the name and address of the agencies holding inventory records (buildings, monuments, flora or fauna species).

7.e **Bibliography**

List the principal published references, using standard bibliographic format.

8. **Contact Information of responsible authorities**

This section of the nomination will allow the Secretariat to provide the property with current information about World Heritage news and other issues.

8.a **Preparer**

Name:  
Title:  
Address:  
City, Province/State, Country:  
Tel:  
Fax:  
E-mail:  

Provide the name, address and other contact information of the individual responsible for preparing the nomination, including an e-mail address.

This Annex includes:

A. **THE JOINT ICOMOS/IUCN PROCEDURE FOR PRELIMINARY ASSESSMENT OF POTENTIAL NOMINATED PROPERTIES**

B. **THE ICOMOS PROCEDURE FOR THE EVALUATION OF CULTURAL PROPERTIES**

C. **THE IUCN PROCEDURE FOR THE EVALUATION OF NATURAL PROPERTIES**

D. **ADVISORY BODY COLLABORATION - PROCEDURE FOR THE EVALUATION OF CULTURAL AND NATURAL PROPERTIES AND OF CULTURAL LANDSCAPES**

For further information please also refer to Paragraphs 122, 143-151 of the *Operational Guidelines*.

**A. THE JOINT ICOMOS/IUCN PROCEDURE FOR PRELIMINARY ASSESSMENT OF POTENTIAL NOMINATED PROPERTIES**

The below paragraphs outline agreed procedures of ICOMOS and IUCN to undertake Preliminary Assessments of potential nominated properties (Preliminary Assessments), based on requests (Preliminary Assessment requests) made by the relevant State(s) Party(ies).

In undertaking Preliminary Assessments, ICOMOS (the International Council of Monuments and Sites) and IUCN (International Union for Conservation of Nature) are guided by the *Operational Guidelines* (see Paragraph 122).

Preliminary Assessments will be undertaken by ICOMOS and IUCN on a joint basis whenever relevant, and will be an independent desk review, which will include consultation with expert reviewers.

Once Preliminary Assessment requests from States Parties have been checked for completeness by the UNESCO World Heritage Centre, the requests that are deemed as complete are delivered to ICOMOS and IUCN. From this point, dialogue and consultation with the relevant States Parties may begin and will continue throughout the assessment process.

Preliminary Assessments aim to both support efficient work to develop successful nominations, and to avoid situations where nominations that are unlikely to be successful proceed further.

The ICOMOS/IUCN assessment process involves the following stages:

1. **Data Assembly**

Following receipt of the Preliminary Assessment requests from the World Heritage Centre, a standardised analysis is compiled on the potential nominated property using ICOMOS and IUCN thematic studies, ICOMOS Filling the gaps study, the World Database on Protected Areas and other IUCN global databases as relevant. This may include additional literature and advice provided concerning the potential nominated property, or concerning Tentative Lists, through the International Assistance and Upstream process mechanisms.
2. **Exchange with States Parties**

The Advisory Bodies will review the requests received, check the information provided and wherever necessary, will request additional information from the State(s) Party(ies), which should be submitted to the Secretariat. This may involve letters, face-to-face meetings, teleconferences or other forms of communication as agreed between the Advisory Body(ies) and the State(s) Party(ies) concerned. In all assessments there will be dialogue between the Advisory Bodies and the concerned State(s) Party(ies) to agree on the process of exchange, and to ensure full and effective feedback of conclusions.

3. **Desk Reviews**

Preliminary Assessments are conducted exclusively on a desk review basis, focused in particular on the potential justification of Outstanding Universal Value, and related questions of authenticity and integrity. They do not focus in depth on protection and management issues of the potential nominated properties unless major issues have become evident at this early stage of analysis. There is no possibility for any field mission to take place in the framework of a Preliminary Assessment.

Each Preliminary Assessment involves the input of a range of experts who are knowledgeable about the site in its geo-cultural and ecological context and who advise on the potential of the site to justify Outstanding Universal Value and to achieve the development of a robust World Heritage nomination dossier.

The experts are specialists identified within the membership of ICOMOS, its National and International Scientific Committees, and within IUCN Commissions and Members and IUCN Regional Offices. Experts may also be identified by ICOMOS and IUCN within other specialist networks or institutions, universities and research institutes.

The assessment may include consultation with local NGOs, communities, indigenous peoples and other interested parties in the potential nominated property and/or coordination with other international conservation instruments.

4. **Review by the ICOMOS/IUCN Panel for Preliminary Assessment of Potential Nominated Properties**

The joint ICOMOS/IUCN Panel comprises individuals appointed by ICOMOS and IUCN from their networks who collectively possess a wide range of relevant cultural and natural heritage skills and experience, having regard to gender and regional balance. Some of these members serve on the Panel for a fixed term while others are appointed for one year only according to the characteristics of the potential nominated properties to be examined in a particular year.

The Panel meets once annually in May and considers each Preliminary Assessment. The Panel aims to reach its conclusions by consensus. If there is a need for further clarification in relation to detailed questions from the Panel, further exchange with relevant State(s) Party(ies) is organized following the Panel meeting. Any questions from the Panel can only be on points of details necessary and agreed by the Panel to complete the evaluation of the Preliminary Assessment.

The Preliminary Assessment Report provides an assessment, to a standard format, on whether the site has the potential to justify Outstanding Universal Value, including an assessment of the proposed nomination strategy, considerations on authenticity (for cultural sites) and integrity, the framework for comparative analysis and protection and management issues. Conclusions of the report will inform whether or not the site might have the potential to justify Outstanding Universal Value and to achieve the development of a robust World Heritage nomination, and if so, under what conditions; or whether further exploratory work is needed before it can be determined whether or not the site may have potential to justify Outstanding Universal Value, or to achieve the development of a robust World Heritage nomination. The formats for Preliminary Assessment Reports, together with any other relevant information on review formats and working methods are made publicly available by ICOMOS and IUCN via their websites.
5. **Delivery of the Preliminary Assessment Reports**

Following the Panel meeting, the Preliminary Assessment Reports are finalised and sent to the World Heritage Centre for distribution to State(s) Party(ies) that has requested the Preliminary Assessment. The Preliminary Assessment Report shall be provided in one of the two working languages of the *Convention*. The names and qualifications of the members of the ICOMOS/IUCN Preliminary Assessment Panel are then published on the ICOMOS and IUCN web sites.

As a desk exercise, all advice provided is subject to consideration through a full evaluation, including an evaluation mission, should a nomination be submitted.

The relevant final Preliminary Assessment Reports will be made available to the ICOMOS and IUCN World Heritage Panels should a potential nominated property that has been assessed become the subject of a full Advisory Body evaluation in future nomination processes.

B. **THE ICOMOS PROCEDURE FOR THE EVALUATION OF CULTURAL PROPERTIES**

In carrying out its evaluation of nominations of cultural properties ICOMOS (the International Council of Monuments and Sites) is guided by the *Operational Guidelines*; (see Paragraph 148).

Once new nominations have been checked for completeness by the UNESCO World Heritage Centre, the nomination dossiers that are deemed as complete are delivered to ICOMOS, where they are handled by the ICOMOS World Heritage Unit. From this point, dialogue and consultation with the nominating States Parties may begin and will continue throughout the evaluation process. ICOMOS will use its best endeavours to allocate its available resources equitably, efficiently and effectively to maximise the opportunity for dialogue with all nominating States Parties.

The ICOMOS evaluation process involves the following stages as illustrated in figure 1:

1. **Requests for further information**

When it has identified that further information or clarification of existing information is needed, ICOMOS starts a dialogue with States Parties in order to explore ways to meet the needs. This may involve letters, face-to-face meetings, teleconferences or other forms of communication as agreed between ICOMOS and the State Party concerned.

2. **Desk Reviews**

Each nomination is assessed by up to ten experts who are knowledgeable about the property in its geo-cultural context and who advise on the proposed “Outstanding Universal Value” of the nominated property. This is essentially a “library” exercise undertaken by specialist academics within the membership of ICOMOS, its National and International Committees, or by individuals within many other specialist networks or institutions with which it is linked.

3. **On site missions**

These are carried out by experts who have practical experience of the management, conservation, and authenticity aspects of individual properties. The process of selecting these experts makes full use of the ICOMOS network. The advice of International Scientific Committees and individual members is sought, as is that of specialist bodies with whom ICOMOS has partnership agreements, such as The International Committee for the Conservation of the Industrial Heritage (TICCIH), the International Federation of Landscape Architects (IFLA), and the International Committee for the Documentation and Conservation of Monuments and Sites of the Modern Movement (DoCoMoMo).

In selecting experts to carry out on-site missions, the policy of ICOMOS is wherever possible to choose someone from the region in which the nominated property is located. Such experts are required to be experienced in heritage management and conservation of the type of property concerned: they are not
necessarily high academic experts. They are expected to be able to talk to site managers on a basis of professional equality and to make informed assessments of management plans, conservation practices, visitor handling, etc. They are provided with detailed briefings, which include copies of the relevant information from the dossiers. The dates and programmes of their visits are agreed in consultation with States Parties, who are requested to ensure that ICOMOS evaluation missions are given a low profile so far as the media are concerned. ICOMOS experts submit their reports in confidence on practical aspects of the properties concerned, and may also comment in their reports on other aspects of the nomination.

3bis. **Other sources of information**

Other relevant institutions, such as UNESCO Chairs, universities and research institutes may also be consulted during the evaluation process, and listed, as appropriate, in the evaluation report.

4. **Review by the ICOMOS Panel**

The ICOMOS World Heritage Panel comprises individual ICOMOS members who collectively represent all regions of the world and possess a wide range of relevant cultural heritage skills and experience. Some of these members serve on the Panel for a fixed term while others are appointed for one year only according to the characteristics of the nominated properties to be examined. ICOMOS will include within its Panel membership some experts who have past experience as members of States Parties delegations, but who are no longer serving as members of the World Heritage Committee. These experts will serve in a personal and professional capacity.

The Panel meets twice, first in December and then in March. At the first meeting, the Panel evaluates each nomination, based on the reports of Desk experts and of the site missions.

The Panel aims to reach its recommendations on nominations by consensus.

The first Panel may come to final collective recommendations on some nominations while for others further dialogue with States Parties may be agreed related to the need for more information or the need for adjustments to the approach of the nomination. In cases where the Panel has concluded that the nomination has no potential to justify Outstanding Universal Value, ICOMOS will contact States Parties at this stage. A short interim report for each nomination, in one of the two working languages of the Convention, outlining the status and any issues relevant to the evaluation process, and any further requests for supplementary information, will be provided in January to the nominating States Parties and copied to the World Heritage Centre for distribution to the Chair of the World Heritage Committee.

The second Panel undertakes further evaluation of nominations for which a recommendation has not yet been reached based on the receipt of further information or the outcome of dialogue with States Parties. The Panel then agrees the remaining collective recommendations. Following the second Panel meeting, the text of all evaluations is finalised and sent to the World Heritage Centre for distribution to States Parties. The names and qualifications of the members of the Panel are then provided to the World Heritage Centre and published on the ICOMOS web site.

The ICOMOS evaluations provide an assessment of Outstanding Universal Value, including the applicability of the criteria and the requirements of integrity and authenticity, assessment of the adequacy of legislative protection, management, and the state of conservation, and finally draft recommendations to the World Heritage Committee with respect to inscription.
C. THE IUCN PROCEDURE FOR THE EVALUATION OF NATURAL PROPERTIES

1. In carrying out its evaluation of nominations of natural properties, IUCN (the International Union for Conservation of Nature) is guided by the Operational Guidelines (see Paragraph 148). The evaluation process (see Figure 2) involves five elements:

(i) **Data Assembly.** Following receipt of the nomination dossier from the World Heritage Centre, a standardised analysis is compiled on the property using the World Database on Protected Areas and other IUCN global databases and thematic studies. This may include comparative analyses on biodiversity values undertaken in partnership with the UNEP World Conservation Monitoring Centre (UNEP-WCMC). Key findings of data analysis are the subject of dialogue with the State Party during the evaluation mission, and at other stages of the process.

(ii) **External Review.** The nomination is sent for desk review to independent experts knowledgeable about the property and/or the values that are the subject of the nomination, who are primarily members of IUCN’s specialist Commissions and networks, or expert members of partner organisations of IUCN. The documents used to guide IUCN desk reviews are publicly available on the IUCN website: www.iucn.org/worldheritage.

(iii) **Evaluation mission to the property.** One or two appropriately qualified IUCN experts visit each nominated property to clarify details about the area, to evaluate site management and to discuss the nomination with relevant authorities and stakeholders. IUCN experts, selected for their global perspective on conservation and natural history as well as their knowledge of the Convention, are usually experienced members of the IUCN World Commission on Protected Areas. (This field inspection is undertaken jointly with ICOMOS in certain situations - see Part C below). The format of IUCN field evaluation mission reports is publicly available on the IUCN website: www.iucn.org/worldheritage.

(iv) **Other sources of information.** IUCN also consults additional literature and may receive comments from local NGOs, communities, indigenous peoples and other interested parties in the nomination. Where relevant IUCN will also coordinate with other international conservation instruments such as the Ramsar Convention, the Man and Biosphere Programme and the Global Geoparks Network, and will consult with universities and research institutes as appropriate.

(v) **IUCN World Heritage Panel Review.** The IUCN World Heritage Panel is established by the Director General of IUCN to provide high quality and independent technical and scientific advice to IUCN on its work as an Advisory Body to the World Heritage Committee and strategic advice to IUCN’s work on World Heritage throughout the IUCN Programme. Specific Tasks of the World Heritage Panel are to conduct a rigorous evaluation of all nominations of natural and mixed properties to the World Heritage List, leading to a panel recommendation on the IUCN position in relation to each new nomination, in line with the requirements established in the Operational Guidelines of the World Heritage Convention. The Panel also provides comment where relevant to ICOMOS in relation to nominations of cultural landscapes to the World Heritage List. The Panel normally meets at least twice in the evaluation process, once in December (year 1) and a second meeting in March/April (year 2).

The members of the Panel comprise senior IUCN staff, IUCN Commission members and external experts selected for their high level of experience and recognised leading expertise and knowledge relevant to IUCN’s work on World Heritage, including a balance of particular thematic and/or regional perspectives. It includes some experts who have past experience as members of State Party delegations, but are not current serving members of the World Heritage Committee. These experts will serve in a personal and professional capacity. The IUCN World Heritage Panel reviews all field evaluation reports (and normally hears direct feedback from the mission team), reviewers’ comments, the UNEP-WCMC and other analyses and all other background material before finalising the text of the IUCN evaluation report for each nominated property. The membership, terms of reference and working methods of the IUCN World
Heritage Panel are publicly available on the IUCN website, and are provided to the World Heritage Committee.

Each evaluation report presents a concise summary of the proposed Outstanding Universal Value of the property nominated, a global comparative analysis with other similar sites (including both World Heritage properties and other protected areas) and a review of integrity and management issues. It concludes with the assessment of the applicability of the criteria, and a clear recommendation to the World Heritage Committee. The names of all experts involved in the evaluation process are included in the final evaluation report, except in the case of reviewers who have provided confidential reviews.

IUCN undertakes dialogue with the nominating States Party/ies at all stages of the nomination process. IUCN will use its best endeavours to allocate its available resources equitably, efficiently and effectively, to maximise the opportunities for dialogue with all nominating States Parties. Dialogue starts early in the evaluation process and intensifies after the meeting of the IUCN World Heritage Panel in December, and includes the following:

i) Prior to the evaluation mission, IUCN may request additional information on questions in the nomination document that require clarification, and will always contact the State Party to prepare for the evaluation mission.

ii) During the evaluation mission the IUCN mission team is able to undertake in-depth discussions on site with representatives of the State Party and with stakeholders.

iii) After the evaluation mission, IUCN may discuss issues that have been identified by the mission team, and request further information from the State Party as required.

iv) After IUCN’s first World Heritage Panel meeting, normally held in December, IUCN will discuss issues raised by the Panel, and request further information from the State Party as required. A short interim report outlining the status, and any issues relevant to the evaluation, and detailing any requests for supplementary information, in one of the two working languages of the Convention, is sent to the nominating State Party/ies, and copied to the World Heritage Centre, for transmission to the Chairperson of the World Heritage Committee. Dialogue and consultation takes place either through teleconference and/or face-to-face meetings, as mutually agreed.

IUCN takes into account in its evaluation all information that is officially submitted by the State Party in writing to the World Heritage Centre by the specified deadline (see paragraph 148 of the Operational Guidelines). However, at all of the above stages any stakeholder in the nomination is also at liberty to contact IUCN to provide information if they wish.

IUCN also always considers fully all past decisions of the World Heritage Committee relevant to the nomination, such as in cases of nominations that have been previously referred or deferred by the Committee, or where the Committee has taken any position in relation to issues of policy.

In the case of renominations, extensions and boundary modifications to an existing World Heritage property, IUCN also considers all matters regarding the state of conservation of that property that have been previously reported to the World Heritage Committee. IUCN may also consider bringing to the attention of the Committee, through the state of conservation reporting process, any significant matters regarding the state of conservation of that property, when such are identified for the first time during the evaluation process.

**Biogeographic classification systems as a basis for comparison**

2. In the evaluations, IUCN uses biogeographic classification systems such as Udvardy’s “Biogeographical Provinces of the World” (1975) and the more recent terrestrial, freshwater and marine ecoregions of the world as a central element of its approach to the global comparative analysis. These systems provide an...
objective means of comparing nominated properties with sites of similar climatic and ecological conditions.

3. It is stressed, however, that these biogeographical classification systems are used as a measure for comparison only and do not imply that World Heritage properties are to be selected solely on this basis, nor that the representation of all such classification systems is the basis for the selection process. The guiding principle is that World Heritage properties must be of Outstanding Universal Value.

**Systems to identify priority areas for conservation**

4. IUCN also uses systems which identify priority areas for conservation such as the World Wide Fund for Nature's (WWF) Global 200 Ecoregions, WWF/IUCN's Centres of Plant Diversity, Conservation International's Biodiversity Hotspots and High-Biodiversity Wilderness Areas, Birdlife International's Endemic Bird Areas and Important Bird Areas, and other Key Biodiversity Areas such as Alliance for Zero Extinction sites. These systems provide additional information on the significance of the nominated properties for biodiversity conservation; however it is not assumed that all such sites should be included on the World Heritage List. The guiding principle is that World Heritage properties must be of Outstanding Universal Value.

**Systems to evaluate properties for earth science value**

5. In evaluating properties which have been nominated for their geological value, IUCN consults with a range of specialised organisations such as the UNESCO Earth Sciences Division, International Association of Geomorphologists, the International Union of Speleology and the International Union of Geological Sciences (IUGS).

**Additional reference publications used in the evaluation process**

6. The evaluation process also includes consideration of key reference publications on the world's protected areas published by IUCN and a range of international conservation organisations. These documents together provide system-wide overviews which allow comparison of the conservation importance of protected areas throughout the world. IUCN has also undertaken a range of thematic studies to identify gaps in natural World Heritage coverage and properties of World Heritage potential. These can be viewed on the IUCN website at www.iucn.org/worldheritage.

IUCN also draws upon references specific to the nominated properties in order to gain insights into site values and conservation issues.

**Evaluation of Cultural Landscapes (see also paragraphs 47-47ter)**

7. IUCN has an interest in many cultural properties, especially those nominated as cultural landscapes. For that reason, it will on occasion participate in joint field inspections to nominated cultural landscapes with ICOMOS (see Part D below).

8. In accordance with the natural qualities of certain cultural landscapes, IUCN's evaluation is concerned with the following factors:

(i) Conservation of natural and semi-natural systems, and of wild species of fauna and flora  
(ii) Conservation of biodiversity within sustainable use systems (farming, traditional fisheries, forestry);  
(iii) Sustainable land and water use;  
(iv) Enhancement of scenic beauty;  
(v) Ex-situ collections, such as botanic gardens or arboreta;  
(vi) Outstanding examples of humanity's inter-relationship with nature;  
(vii) Historically significant discoveries
The following table sets each of the above list in the context of the categories of cultural landscapes, thereby indicating where each consideration is most likely to occur (the absence of a consideration does not mean that it will *never* occur, only that this is unlikely):

IUCN World Heritage Programme

UNESCO World Heritage Centre

Nomination dossiers
D. ADVISORY BODY COLLABORATION

Nominations of mixed properties

1. Properties that are nominated under both natural and cultural criteria entail a joint IUCN and ICOMOS mission to the nominated property. Following the mission, IUCN and ICOMOS prepare separate evaluation reports of the property under the relevant criteria (see above), and harmonise and coordinate their evaluations to the extent possible.

Cultural Landscapes

2. Properties nominated as Cultural Landscapes are evaluated by ICOMOS under criteria (i) - (vi) (see Paragraph 77 of the Operational Guidelines). IUCN may provide advice when relevant on the natural values and the conservation and management of the nominated property, and addresses any questions that are raised by ICOMOS. In some cases, a joint mission is required.

Linkages between nature and culture

3. As most properties nominated to the World Heritage List include aspects of management related to the interaction of nature and culture, IUCN and ICOMOS, to the extent possible, discuss any such interactions during their evaluation processes.
The Format for Periodic Reporting is available at https://whc.unesco.org/en/periodicreporting

Further guidance on Periodic Reporting can be found in Section V of the Operational Guidelines

In order to facilitate management of information, States Parties are requested to submit reports, in English or French, in electronic as well as in printed form to:

UNESCO World Heritage Centre
7, place de Fontenoy
75352 Paris 07 SP
France
E-mail through: https://whc.unesco.org/en/contacts
FORMAT

PERIODIC REPORTING ON THE APPLICATION OF
THE WORLD HERITAGE CONVENTION

This Annex presents an outline of the Periodic Reporting questionnaire. The full questionnaire can be accessed at https://whc.unesco.org/en/periodicreporting/.

General Requirements

- Information should be as precise, specific and concise as possible. It should be quantified where possible and fully referenced. Opportunities for comment are provided in each chapter.
- Expressions of opinion should be supported by reference to the authority on which they are made and the verifiable facts which support them.

SECTION I: APPLICATION OF THE WORLD HERITAGE CONVENTION BY THE STATE PARTY

Section I requests that the State Party provide information or validate existing information on the legislative and administrative provisions which they have adopted and other actions which they have taken for the application of this Convention, together with details of the experience acquired in this field (Article 29.1 of the World Heritage Convention).

1. INTRODUCTION

Chapter 1 lists the name of the State Party and the year of ratification or acceptance of the Convention and seeks information on the groups and institutions involved in the preparation of Section I of the report.

2. SYNERGIES WITH OTHER CONVENTIONS, PROGRAMMES AND RECOMMENDATIONS FOR THE CONSERVATION OF THE NATURAL AND CULTURAL HERITAGE

Chapter 2 aims to gather information on existing and potential synergies between Multilateral Environmental Agreements, as well as other UNESCO conventions, programmes, and recommendations. The State Party is also invited to provide information on the extent to which it has implemented relevant policies adopted by the World Heritage Committee.

3. TENTATIVE LIST

Chapter 3 aims to gather information on the process of preparing the tentative list, the tools and guidance used, potential synergies with other conventions of properties on the tentative list as well as the sustainability of the process in line with the World Heritage and Sustainable Development Policy (2015).

4. NOMINATIONS

Chapter 4 aims to gather information on the process of nominating properties for inscription on the World Heritage List, the tools and guidance used, as well as the sustainability of the process in line with the World Heritage and Sustainable Development Policy (2015).

5. GENERAL POLICY DEVELOPMENT

Chapter 5 aims to gather information on the legal framework for the protection, conservation and presentation of the cultural and/or natural heritage and its effectiveness.
6. INVENTORIES/LISTS/REGISTERS OF CULTURAL AND NATURAL HERITAGE

Chapter 6 aims to gather information on the status of inventories/lists/registers of cultural and natural heritage of national significance and the processes used to compile them.

7. STATUS OF SERVICES FOR PROTECTION, CONSERVATION AND PRESENTATION

Chapter 7 aims to gather information on services within the territories of the State Party for the identification, protection, conservation and presentation of the cultural and natural heritage and on cooperation between the stakeholders involved.

8. FINANCIAL STATUS AND HUMAN RESOURCES

Chapter 8 aims to gather information on the availability and adequacy of financial resources for the conservation and protection of cultural and natural heritage.

9. CAPACITY DEVELOPMENT

Chapter 9 aims to gather information on capacity building in heritage conservation, protection, presentation and management, in line with World Heritage Capacity Building Strategy (2011).

10. POLICY AND RESOURCING OF WORLD HERITAGE PROPERTIES

Chapter 10 aims to gather information on specific legislation, policies and measures for the protection, conservation, presentation and management of World Heritage.

11. INTERNATIONAL COOPERATION AND FUNDRAISING

Chapter 11 aims to gather information on the cooperation with other States Parties in the field of cultural and natural heritage.

12. EDUCATION, INFORMATION AND AWARENESS BUILDING

Chapter 12 aims to gather information on steps taken to raise the awareness of decision-makers, property owners and the general public, and in particular the youth, about the protection and conservation of cultural and natural heritage.

13. CONCLUSIONS AND RECOMMENDED ACTIONS

Chapter 13 automatically generates the main conclusions under each of the items of Section I based on the answers provided in the questionnaire. States Parties should also provide information about the actions they have taken regarding their implementation of the World Heritage Convention.

14. GOOD PRACTICES IN THE IMPLEMENTATION OF THE WORLD HERITAGE CONVENTION

Chapter 14 offers the opportunity to provide an example of a good practice in World Heritage protection, identification, conservation or management implemented at national level.

15. ASSESSMENT OF THE PERIODIC REPORTING EXERCISE

Chapter 15 assesses the format, content and process of the Periodic Reporting exercise, including the degree to which it meets the objectives of Periodic Reporting, how the data generated is used and the training and guidance available to respondents.
SECTION II:
STATE OF CONSERVATION OF SPECIFIC WORLD HERITAGE PROPERTIES

Section II gathers information on the implementation of the Convention at site-level and must be completed for each individual World Heritage property. The preparation of this report should involve those who are responsible for the day-to-day management of the property. For transboundary properties, it is recommended that reports be prepared jointly by or with close collaboration between the agencies concerned.

1. WORLD HERITAGE PROPERTY DATA

Chapter 1 requires that information be provided or existing information validated with regards to the basic data of the property (name, year of inscription, geographic coordinates, maps, social media presence), and also gathers information on the organizations or entities involved in the preparation of Section I of the report.

2. OTHER CONVENTIONS/PROGRAMMES UNDER WHICH THE WORLD HERITAGE PROPERTY IS PROTECTED

Chapter 2 gathers information relating to synergies with other conventions and programmes (UNESCO and others) relevant to the property and on the extent of cooperation and integration existing between these conventions and programmes (where applicable).

3. STATEMENT OF OUTSTANDING UNIVERSAL VALUE AND DEFINING OF ATTRIBUTES

Chapter 3 gathers information on the attributes of Outstanding Universal Value (OUV), their current condition and the trend in that condition since the last cycle of Periodic Reporting.

4. FACTORS AFFECTING THE PROPERTY

Chapter 4 gathers information on the range of factors that are currently affecting or have strong potential to affect the property, both positively and negatively.

5. PROTECTION AND MANAGEMENT OF THE PROPERTY

Chapter 5 gathers information on practical issues of management, and the effectiveness of protection, management and monitoring of the property and its Outstanding Universal Value.

6. FINANCIAL AND HUMAN RESOURCES

Chapter 6 gathers information on the sources of funding available, the adequacy of budget for management needs, as well as the availability of human resources and levels of capacity building at the property.

7. SCIENTIFIC STUDIES AND RESEARCH PROJECTS

Chapter 7 gathers information on the adequacy of available knowledge (both scientific and traditional) regarding the values and attributes of the World Heritage property and the existence of research programmes directed towards management needs and/or the improvement of the understanding of the Outstanding Universal Value.

8. EDUCATION, INFORMATION AND AWARENESS BUILDING

Chapter 8 gathers information on the existence and effectiveness of heritage education and awareness programmes at the property as well as general services dedicated to education, information, interpretation and awareness building.

9. VISITOR MANAGEMENT

Chapter 9 gathers information on tourism activities and visitor management at the property.
10. MONITORING

Chapter 10 gathers information on the existence of monitoring programmes and indicators for the property as well as on the implementation of property-related Committee Decisions (where applicable).

11. IDENTIFICATION OF PRIORITY MANAGEMENT NEEDS

Chapter 11 automatically lists all the management needs requiring further action which have been highlighted in this Section of the Periodic Report.

12. SUMMARY AND CONCLUSIONS

Chapter 12 highlights the most important positive and negative factors (up to ten of each) which have been highlighted in this Section of the Periodic Report.

13. IMPACT OF WORLD HERITAGE STATUS

Chapter 13 gathers information regarding the impact of World Heritage status in relation to various topics, with a particular focus on the World Heritage and Sustainable Development Policy (2015).

14. GOOD PRACTICES IN THE IMPLEMENTATION OF THE WORLD HERITAGE CONVENTION

Chapter 14 offers the opportunity to provide an example of a good practice in World Heritage protection, identification, conservation and preservation implemented at the property level.

15. ASSESSMENT OF THE PERIODIC REPORTING EXERCISE

Chapter 15 assesses the format, content and process of the Periodic Reporting exercise, including how the data generated is used and the training and guidance available to respondents.
The International Assistance request form is available at:
https://whc.unesco.org/en/intassistance and can be filled out online.

Further guidance on International Assistance can be found in Section VII of the Operational Guidelines

See attached Explanatory Notes on completing this Request form

The original signed version of the completed International Assistance request form should be sent in English or French to:
UNESCO World Heritage Centre
7, place de Fontenoy
75352 Paris 07 SP
France

E-mail: wh-intassistance@unesco.org

4. **PROJECT LOCATION:**

a) Will the project be implemented at a World Heritage property?

☐ - yes    ☐ - no

If yes, give the name of the property

________________________________________________________________

b) Will the project include a field component?

☐ - yes    ☐ - no

If yes, where and how?

________________________________________________________________

________________________________________________________________

c) If the project is being implemented at a World Heritage property, indicate whether it will also benefit other World Heritage properties, and if so, which ones and how?

________________________________________________________________

________________________________________________________________
5. TIMEFRAME FOR THE IMPLEMENTATION OF THE PROJECT
(indicate whether estimated or fixed)

Dates: _____________________________________________________________
Duration: __________________________________________________________

6. THE PROJECT IS:

☐ - local

☐ - national

☐ - sub-regional involving a few States Parties from a region

☐ - regional involving most States Parties from a region

☐ - international involving States Parties from different regions

If the project is national, sub-regional, regional or international, please indicate the countries/properties which will participate/benefit from the project:
________________________________________________________________
________________________________________________________________
________________________________________________________________
________________________________________________________________

7. JUSTIFICATION OF THE PROJECT

a) Explain why this project is needed
(for Emergency Assistance, please fill in item 8 below instead).
________________________________________________________________
________________________________________________________________
________________________________________________________________
________________________________________________________________

b) List all supporting documents submitted, if applicable.
________________________________________________________________
________________________________________________________________
8. **FOR EMERGENCY ASSISTANCE ONLY**
   a) Describe the actual or potential threat/danger affecting the property

   ________________________________

   ________________________________

   b) Indicate how it might affect the property’s Outstanding Universal Value

   ________________________________

   ________________________________

   c) Explain how the proposed project will address the threat/danger

   ________________________________

   ________________________________

9. **OBJECTIVES OF THE PROJECT**
   Clearly set out the **specific objectives** of the project

10. **EXPECTED RESULTS**
    a) Clearly state the **results** expected from the project

    ________________________________

    ________________________________

    b) Define the **indicators** and **means of verification** which can be used to assess the achievements of these results:

    Expected Results | Indicators | Means of verification

    |                  |            |                      |
    |                  |            |                      |
    |                  |            |                      |
11. **WORK PLAN (including specific activities and timetable)**

<table>
<thead>
<tr>
<th>Activities</th>

<tr>
<td><strong>c)</strong></td>
<td>If the project is being implemented at a World Heritage property, indicate whether it will also benefit other World Heritage properties, and if so which ones and how?</td>
<td></td>
</tr>
</tbody>
</table>

5. **TIMEFRAME FOR THE IMPLEMENTATION OF THE PROJECT** (indicate whether estimated or fixed)  
Indicate the proposed starting date for the project as well as its duration.

6. **THE PROJECT IS:**  
- □ local  
- □ national  
- □ sub-regional involving a few States Parties from a region  
- □ regional involving most States Parties from a region  
- □ international involving States Parties from different regions  
If the project is national, sub-regional, regional or international, please indicate the countries/properties which will participate/benefit from the project.  
If other countries benefit from the project, please state whether their support for the project has been obtained.  
Also note if a transboundary property is involved.

7. **JUSTIFICATION OF THE PROJECT**

**a)** Explain why the project is needed  
(for Emergency Assistance, please fill in item 8 below instead)  
Set out the problems or issues to be discussed/addressed. This should include, where appropriate, the degree of urgency of the activities to be undertaken where appropriate.  
If relevant, give details, in no more than 2 pages, of ascertained or potential threat to the property(ies).  
Explain how the project contributes to the implementation of:
- decisions of the World Heritage Committee;
- recommendations of international expert missions undertaken at the request of the Committee, Chairperson or UNESCO;
- recommendations of the Advisory Bodies;
- recommendations of UNESCO World Heritage Centre or other UNESCO Divisions;
- management plans for the property;
- recommendations from previous activities supported by the World Heritage Fund.

Clearly indicate which documents you are referring to (World Heritage Committee’s decision number, Mission dates, etc…)

<table>
<thead>
<tr>
<th>b) List all supporting documents submitted, if applicable.</th>
<th>Whenever possible, support the justification with documentary evidence, such as reports, photographs, slides, maps, etc...</th>
</tr>
</thead>
</table>

8. FOR EMERGENCY ASSISTANCE ONLY

| a) Describe the actual or potential threat/danger affecting the property | Emergency Assistance funds will not be automatically granted after a major disaster has occurred. This type of assistance will be provided only in cases when an imminent danger related to a natural or human-made disaster is threatening the overall Outstanding Universal Value of a World Heritage property and its authenticity and/or integrity, to prevent or at least significantly mitigate its possible negative impact on the property.

Emergency Assistance may also be provided to assess whether or not imminent danger is present, for example as a result of a major disaster.

When, on the contrary, due to a disaster, a certain loss of heritage has already taken place, but there is no more imminent threat or risk that needs to be addressed as a matter of urgency, other forms of assistance would appear to be more appropriate (e.g. conservation and management assistance). |
| --- | --- |

| b) Indicate how it might affect the property’s Outstanding Universal Value | In establishing priorities for granting Emergency Assistance, consideration will be given to whether the threat/danger to be addressed has the potential, if not mitigated, to affect the Outstanding Universal Value of the |
c) Explain how the proposed project will address the threat/danger

Proposals for funding under the Emergency Assistance programme should set out how the scope of the project and its activities will assess the threat/danger to the World Heritage property and show how it will be effectively mitigated.

9. OBJECTIVE(S) OF THE PROJECT

Clearly set out the specific objectives of the project

What are the objectives you want to achieve through the implementation of this particular project?

10. EXPECTED RESULTS

a) Clearly state the results expected from the project proposed.

The expected results should be concrete and measurable. Each expected result will be measured by a set of indicators (see Paragraph 10b).

b) Define the indicators and means of verification which can be used to assess the achievements of these results:

<table>
<thead>
<tr>
<th>Expected Results</th>
<th>Indicators</th>
<th>Means of verification</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Indicators are used to measure the results achieved and to determine the progress towards the objective of the project. They are based on the expected results defined in Paragraph 10, and will serve as the base for the evaluation of the project after its completion.

These indicators should be objective, measurable and expressed in quantifiable terms such as numeric values, or percentages.

For example:

**Preparatory Assistance**

**Objective:**

To prepare a complete nomination file for submission to the World Heritage Centre.

<table>
<thead>
<tr>
<th>Expected Results</th>
<th>Indicators</th>
<th>Means of Verification</th>
</tr>
</thead>
<tbody>
<tr>
<td>The completed nomination file submitted to the World Heritage Centre by 1 February 20xx.</td>
<td>• Nomination submitted by the deadline</td>
<td>• Postal record of sending the file • Report from WHC to the State Party</td>
</tr>
<tr>
<td>The completed management plan to be submitted</td>
<td>• Management plan submitted by the deadline</td>
<td>• Postal record of sending the file • Report from WHC to the State Party</td>
</tr>
</tbody>
</table>
Emergency Assistance

**Objective:**
To stabilize the structure of a building that has just been damaged due to flooding or an earthquake.

<table>
<thead>
<tr>
<th>Expected Results</th>
<th>Indicators</th>
<th>Means of Verification</th>
</tr>
</thead>
</table>
| The structure of the building would have been stabilized | • Emergency structural problems identified  
• Plans for emergency works finalized  
• Temporary stabilization measures carried out | • Report of a structural engineer on the emergency state of the structure  
• Costed proposal for emergency works to be carried out  
• Final report of the stabilization work implemented |

Conservation and Management Assistance

**Objective:**
To improve management at a property inscribed on the World Heritage List with special attention to community involvement.

<table>
<thead>
<tr>
<th>Expected Results</th>
<th>Indicators</th>
<th>Means of Verification</th>
</tr>
</thead>
</table>
| Plans for further conservation work would have been developed for future implementation | • Overall structural analysis carried out  
• Costed plans for further necessary conservation work prepared | • Report of a structural engineer on the overall state of conservation of the structure  
• Costed proposal for necessary conservation works to be carried out |
<table>
<thead>
<tr>
<th>Expected Results</th>
<th>Indicators</th>
<th>Means of Verification</th>
</tr>
</thead>
<tbody>
<tr>
<td>An integrated management plan for the property</td>
<td>• Setting up of a management planning team for the development of the management plan with participants from the necessary sectors including the local community</td>
<td>• Monthly reports of the management planning team meetings</td>
</tr>
<tr>
<td></td>
<td>• Completion of a Statement of Outstanding Universal Value for the property</td>
<td>• Discussion papers produced by team members of each of the key issues faced in the management of the property</td>
</tr>
<tr>
<td></td>
<td>• Analysis of the conservation and management problems affecting the property</td>
<td>• Final management plan document</td>
</tr>
<tr>
<td></td>
<td>• Existence of clear objectives and strategies for achieving them</td>
<td></td>
</tr>
<tr>
<td>A management committee including some members of the local community</td>
<td>• Appointment of members of the management committee including at least two members of the local community</td>
<td>• Statutes and rules of procedure for the Management Committee</td>
</tr>
<tr>
<td></td>
<td>• At least 3 regular monthly meetings of the Management Committee</td>
<td>• Statutes and rules of procedure for the Management Committee approved by appropriate authorities</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• Monthly reports of the Management Committee</td>
</tr>
<tr>
<td>Management plan approved with appropriate legal status</td>
<td>• Approval by the local government authority</td>
<td>• Decree placed in the “National Gazette” establishing the management plan as a local regulation.</td>
</tr>
</tbody>
</table>

11. **WORK PLAN**  
**(including specific activities and timetable)**

<table>
<thead>
<tr>
<th>Activities</th>
<th>Timeframe (in months)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Activity 1</td>
<td></td>
</tr>
<tr>
<td>Activity 2</td>
<td></td>
</tr>
<tr>
<td>Activity 3</td>
<td></td>
</tr>
<tr>
<td>Activity 4</td>
<td></td>
</tr>
</tbody>
</table>

Describe the work plan of the activity(ies) to be undertaken with specific reference to the expected results mentioned in Paragraph 10 above. Indicate dates, duration of each activity. For meetings and training activities, tentative programmes should be provided including the themes, issues and problems to be discussed.

For example:

*For Expected Result No. 1:*

<table>
<thead>
<tr>
<th>Activities</th>
<th>Timeframe (in months)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Activity 1</td>
<td></td>
</tr>
<tr>
<td>Activity 2</td>
<td></td>
</tr>
<tr>
<td>Activity 3</td>
<td></td>
</tr>
<tr>
<td>Activity 4</td>
<td></td>
</tr>
</tbody>
</table>

*For Expected Result No. 2:*

<table>
<thead>
<tr>
<th>Activities</th>
<th>Timeframe (in months)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Activity 1</td>
<td></td>
</tr>
<tr>
<td>Activity 2</td>
<td></td>
</tr>
<tr>
<td>Activity 3</td>
<td></td>
</tr>
<tr>
<td>Activity 4</td>
<td></td>
</tr>
</tbody>
</table>

12. **EVALUATION AND REPORTING**  
**(to be submitted to the World Heritage Centre within three months after the implementation of the project is completed)**

Final Report:

The final report should be prepared by the authority/person in charge of the implementation of the project.

The final report should be structured according to the expected results defined in Paragraph 10.

Evaluation:

The evaluation should focus on the results achieved and their impact on (for example):

- the inscription of a property on the World Heritage List following a preparatory assistance,
13. **Profiles of Specialists, Trainers, Technicians and/or Skilled Labour, If the Project Foresees the Participation of Such People**  
   (If the identity of the specialists, trainers, technicians, and/or skilled labourers is already known, please state their names and include a brief CV if possible)

   Indicate who will be responsible for the evaluation of the project.

14. **Key Target Audiences, Including Profiles of Trainees / Participants, If the Project Foresees the Participation of Such People**

   Please include the names of any specialists, if already known, who will be taking part in the project and send a short CV if possible as an annex to the request form.

15. **Budget Breakdown**

   a) Provide, in the following table (in United States dollars), a detailed breakdown of costs of the individual elements of the project including, if possible, unit costs and show how these will be shared between the different funding sources:

   Indicate in the table the breakdown of all expenses related to the project, also indicating the cost-sharing between the various donors (State Party, World Heritage Fund, others).

   (i) Organization

   Items within this section could include the cost of a venue, office expenses, secretarial assistance, translation, simultaneous interpretation, audio-visual equipment, or other
<table>
<thead>
<tr>
<th>Section</th>

</tr>
</tbody>
</table>

17. AGENCY(IES) RESPONSIBLE FOR THE IMPLEMENTATION OF THE PROJECT

Please provide the name, title, address and all contact details of the person/agency(ies) who will be responsible for the implementation of the project as well as those of any other participating agencies.

Please, indicate whether the legislative and administrative commitment of the State Party is available for the project (see Paragraph 239d of the *Operational Guidelines*).
|   | SIGNATURE ON BEHALF OF STATE PARTY | Full name  
|   |                                   | Title       
|   |                                   | Date        
| 19. | ANNEXES                           | In this section, list the number of annexes attached to the request and titles of each annex. |
Process of submission for International Assistance requests for Conservation & Management Assistance and Preparatory Assistance above US$5,000

Deadline for submission: 31 October

Request incomplete and/or unsigned => Deadline for completeness: 30 November

Request complete and signed => Assessed

1st Panel (January)

Recommendation: Positive or negative

- Submission to the Chairperson (from US$5,001 to US$30,000)
- Inclusion in the Committee document on IA (above US$30,000)

For submission to the 2nd panel (held at least 8 weeks before the Committee session) – Deadline for submission: at least 2 weeks before the 2nd panel

Deadline respected => examination by the 2nd panel (held at least 8 weeks before the Committee session)

Recommendation: Positive or negative

- Submission to the Chairperson (from US$5,001 to US$30,000)
- Inclusion in the Committee document on IA (above US$30,000)

Recommendation: For revision

No submission to the 2nd panel – Deadline for receiving the additional information:
- at least 8 weeks before the Committee session (above US$30,000)
- before 31 October (from US$5,001 to US$30,000)

Deadline not respected => Examination by the panel of a next cycle

Recommendation: For revision

For submission to a next panel – Deadline for submission: 31 October

No submission to a next panel – Deadline for receiving the additional information:
- at least 6 weeks before the Committee session (above US$30,000)
- before 31 October (from US$5,001 to US$30,000)

Deadline not respected => Examination by the panel of a next cycle
EVALUATION CRITERIA
FOR INTERNATIONAL ASSISTANCE REQUESTS

The following considerations are to be taken into account by the Advisory Bodies, World Heritage Centre, and the relevant Decision-maker (the Chairperson of the World Heritage Committee, the World Heritage Committee or the Director of the World Heritage Centre) when assessing International Assistance requests.

These items do not constitute a checklist, and not every item will be applicable to every International Assistance Request. Rather the appropriate items are to be considered together in an integrated manner in making balanced judgments concerning the appropriateness of allocating the limited financial support available through the World Heritage Fund.

A. Eligibility

1. Is the State Party in arrears for payment of its contribution to the World Heritage Fund?
2. Is the request coming from an authorized organization/institution of the State Party?

B. Priority considerations

3. Is the request from a State Party on the list of the Least Developed Countries (LDCs), Low Income Economies (LIEs), Small Island Developing States (SIDS) or post-conflict countries?
4. Is the property on the List of World Heritage in Danger?
5. Does the request further one or more of the Strategic Objectives of the World Heritage Committee (Credibility, Conservation, Capacity building, and Communication)?
6. Does the request respond to needs identified through the Periodic Reporting process at the property and/or regional levels?
7. Is the request linked to a regional or sub-regional capacity building programme?
8. Is there a capacity building aspect to the activity (no matter what type of assistance sought)?
9. Will the lessons learned from the activity provide benefits to the larger World Heritage system?

C. Considerations linked to the specific content of the proposed activity

10. Are the objectives of the request clearly stated and achievable?
11. Is there a clear work plan for achieving the results, including a timeline for its implementation? Is the work plan reasonable?
12. Does the agency/organization responsible for implementing the proposal have the capacity to do so, and is there a responsible person identified for ongoing contacts?
13. Are the professionals proposed to be used (whether national or international) qualified to carry out the work being requested? Are there clear terms of reference for them, including adequate period of their involvement?
14. Is the involvement of all relevant parties taken into account in the proposal (for example stakeholders, other institutions, etc.)?
15. Are the technical requirements clearly expressed and are they reasonable?
16. Is there a clear plan for reporting the results and for continued monitoring, including appropriate indicators for success?

17. Is there a commitment of the State Party for appropriate follow-up after the activity is completed?

D. **Budgetary / Financial considerations**

18. Is the overall budget reasonable for the work that is proposed to be carried out?

19. Is the budget detailed sufficiently to ensure that the unit costs are reasonable and in line with local costs and/or UNESCO norms and rules as appropriate?

20. Does the request act as a catalyst (multiplier) for other funding (are other sources of funding, either cash or in-kind clearly specified)?

E. **Considerations for specific types of International Assistance**

   a) **Emergency Assistance Requests**

21. Does the threat or disaster covered by the request conform to the definition of an emergency within the Operational Guidelines (unexpected phenomena)?

22. Can the proposed intervention be carried out with reasonable safety for those involved with its implementation?

23. Does the intervention respond to the most critical issues related to the protection/conservation of the property?

   b) **Preparatory Assistance Requests**

   For requests for preparation of nomination files

24. Is the property on the State Party’s Tentative List?

25. Does the State Party already have properties inscribed on the World Heritage List? If yes, how many?

26. Is the type of property proposed for World Heritage listing un-represented or under-represented in the World Heritage List?

27. Is sufficient attention paid to necessary elements, such as the preparation of the management plan, comparative analysis, Statement of Outstanding Universal Value, mapping, etc.?

28. Is sufficient attention given to community involvement?

   For requests for preparation of Tentative Lists

29. Is the process designed to include all the necessary stakeholders and points of view?

30. Are both natural and cultural heritage professionals proposed to be involved?

31. Is the State Party new to the *World Heritage Convention*?

32. If the request is for harmonization of Tentative Lists, are representatives from all the necessary States Parties in the region or sub-region involved?

   For requests for preparation of other types of assistance

33. If the request is for the preparation of a request for other assistance, is the need for the eventual request well documented?
c) **Conservation and Management Assistance Requests**

For requests for conservation work or the preparation of a management plan

34. Is the property on the World Heritage List?
35. Is the work being proposed a priority for protecting or safeguarding the property?
36. Does the work being proposed conform to best practice?

For requests for training activities

37. Is it clearly related to the implementation of the *World Heritage Convention*?
38. Does it take place on a World Heritage property or involve a visit/case study of a World Heritage property?
39. Does it involve those responsible for conservation at a World Heritage property as trainees or resource persons?
40. Does it respond to well-defined training needs?
41. Are the training methods appropriate to ensure that the learning objectives will be met?
42. Does it strengthen a local and/or regional training institution?
43. Is it linked with practical applications in the field?
44. Is there a provision for disseminating results and related training materials to other organizations in the World Heritage system?

For requests related to scientific research

45. Can it be demonstrated that the subject matter is of a priority nature for better protection and safeguarding of World Heritage properties?
46. Can it be demonstrated that the results will be concrete and applicable widely within the World Heritage system?

For requests for educational or awareness activities

47. Will it help make the *World Heritage Convention* better known or create a stronger interest in it amongst the target audience?
48. Will it create a greater awareness of the different issues related to the implementation of the *World Heritage Convention*?
49. Will it promote more involvement in *World Heritage Convention* related activities?
50. Will it be a means of exchanging experiences or stimulate joint educational and information programmes, especially amongst school children?
51. Will it produce appropriate awareness materials for the promotion of the *World Heritage Convention* for use by the target audience?

The retrospective Statement of Outstanding Universal Value should be submitted either in English or in French. An electronic version (Word or .pdf format) should also be submitted.

A Statement of Outstanding Universal Value should respect the following format (2 A4 pages max):

   a) Brief synthesis
   b) Justification for Criteria
   c) Statement of integrity (for all sites)
   d) Statement of Authenticity (for sites under criteria i-vi)
   e) Requirements for protection and management

Deadline

1 February\textsuperscript{21} of the year preceding the one in which the approval of the Committee is requested.

\textsuperscript{21} If 1 February falls on a weekend, the nomination dossier must be received by 17h00 GMT the preceding Friday
MODIFICATIONS TO WORLD HERITAGE PROPERTIES

MINOR MODIFICATIONS TO THE BOUNDARIES OF WORLD HERITAGE PROPERTIES

Boundary modifications should serve better identification of World Heritage properties and enhance protection of their Outstanding Universal Value.

A proposal for a minor boundary modification, submitted by the State Party concerned, is subject to the review of the relevant Advisory Body(ies) and to the approval of the World Heritage Committee.

A proposal for a minor boundary modification can be approved, not approved, or referred by the World Heritage Committee.

Documentation requested

1) **Area of the property (in hectares):** please indicate a) the area of the property **as inscribed** and b) the area of the property as proposed to be modified (or the area of the proposed buffer zone). (Note that reductions can be considered as minor modifications only under exceptional circumstances).

2) **Description of the modification:** please provide a written description of the proposed change to the boundary of the property (or a written description of the proposed buffer zone).

3) **Justification for the modification:** please provide a brief summary of the reasons why the boundaries of the property should be modified (or why a buffer zone is needed), with particular emphasis on how such modification will improve the conservation and/or protection of the property.

4) **Contribution to the maintenance of the Outstanding Universal Value:** please indicate how the proposed change (or the proposed buffer zone) will contribute to the maintenance of the Outstanding Universal Value of the property.

5) **Implications for legal protection:** please indicate the implications of the proposed change for the legal protection of the property. In the case of a proposed addition, or of the creation of a buffer zone, please provide information on the legal protection in place for the area to be added and a copy of relevant laws and regulations.

6) **Implications for management arrangements:** please indicate the implications of the proposed change for the management arrangements of the property. In the case of a proposed addition, or of the creation of a buffer zone, please provide information on the management arrangements in place for the area to be added.

7) **Maps:** please submit two maps, one clearly showing both delimitations of the property (original and proposed revision) and the other showing only the proposed revision. In the case of the creation of a buffer zone, please submit a map showing both the inscribed property and the proposed buffer zone.

Please make sure that the maps:

- are either topographic or cadastral;

- are presented at a scale which is appropriate to the size in hectares of the property and sufficient to clearly show the detail of the current boundary and the proposed changes (and, in any case, the largest available and practical scale);

- have the title and the legend/key in English or French (if this is not possible, please attach a translation);
- mark the boundaries of the property (current and proposed revision) through a clearly visible line that can be distinguished from other features on the maps;
- bear a clearly labeled coordinate grid (or coordinate ticks);
- clearly refer (in the title and in the legend) to the boundary of the World Heritage property (and to the buffer zone of the World Heritage property, if applicable). Please clearly distinguish the boundary of the World Heritage property from any other protected area boundaries.

8) **Additional information**: In the case of a proposed addition, please submit some photographs of the area to be added that provide information on its key values and conditions of authenticity/integrity.

Any other relevant document can be submitted such as thematic maps (e.g. vegetation maps), summaries of scientific information concerning the values of the area to be added (e.g. species lists), and supporting bibliographies.

The above-mentioned documentation should be submitted in English or French in two identical copies (three for mixed properties). An electronic version (the maps in formats such as .jpg, .tif, .pdf) should also be submitted.

**Deadline**

1 February\(^{22}\) of the year in which the approval of the Committee is requested.

---

\(^{22}\) If 1 February falls on a weekend, the nomination dossier must be received by 17h00 GMT the preceding Friday
FORM FOR THE SUBMISSION OF FACTUAL ERRORS IN THE ADVISORY BODIES EVALUATIONS

(in compliance with Paragraph 150 of the Operational Guidelines)

STATE(S) PARTY(IES):

EVALUATION OF THE NOMINATION OF THE SITE:

RELEVANT ADVISORY BODY’S EVALUATION:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

• The Factual Errors submission form, as well as an example of such a completed form, are available from the UNESCO World Heritage Centre and at https://whc.unesco.org/en/factualerrors.

• Further guidance on the submission of Factual Errors can be found in Paragraph 150 of the Operational Guidelines.

• States Parties are requested to immediately submit this information in electronic format or by e-mail to wh-nominations@unesco.org.

The original signed version of the completed Factual Errors submission form should be received in English or French by the UNESCO World Heritage Centre, at the following address: 7 place de Fontenoy, 75352 Paris 07 SP, France, no later than 14 days before the opening of the session of the Committee.

23 For nominations of mixed sites, if there are errors in both the Evaluations of the Advisory Bodies, separate forms should be submitted for each Advisory Body indicating which Advisory Body’s Evaluation each submission is referring to.
(in compliance with Paragraph 169 of the Operational Guidelines)

Name of World Heritage property (State(s) Party(ies)) (Identification number)

1. Executive Summary of the report
   [Note: each of the sections described below should be summarized. The maximum length of the executive summary is 1 page.]

2. Response to the Decision of the World Heritage Committee
   [Note: The State(s) Party(ies) is/are requested to address the most recent Decision of the World Heritage Committee for this property, paragraph by paragraph.]

If the property is inscribed on the List of World Heritage in Danger

Please also provide detailed information on the following:

a) Progress achieved in implementing the corrective measures adopted by the World Heritage Committee
   [Note: please address each corrective measure individually, providing factual information, including exact dates, figures, etc.]
   If needed, please describe the success factors or difficulties in implementing each of the corrective measures identified

b) Is the timeframe for implementing the corrective measures suitable? If not, please propose an alternative timeframe and an explanation why this alternative timeframe is required.

c) Progress achieved towards the Desired state of conservation for the removal of the property from the List of World Heritage in Danger (DSOCR)

3. Other current conservation issues identified by the State(s) Party(ies) which may have an impact on the property’s Outstanding Universal Value
   [Note: this includes conservation issues which are not mentioned in the Decision of the World Heritage Committee or in any information request from the World Heritage Centre]

4. In conformity with Paragraph 172 of the Operational Guidelines, describe any potential major restorations, alterations and/or new construction(s) intended within the property, the buffer zone(s) and/or corridors or other areas, where such developments may affect the Outstanding Universal Value of the property, including authenticity and integrity.

5. Public access to the state of conservation report
   [Note: this report will be uploaded for public access on the World Heritage Centre’s State of conservation Information System (https://whc.unesco.org/en/soc). Should your State Party request that the full report should not be uploaded, only the 1-page executive summary provided in point (1.) above will be uploaded for public access].

6. Signature of the Authority
TABLE OF USES
OF THE WORLD HERITAGE EMBLEM

This table was prepared on the basis of Chapter VIII of the Operational Guidelines of the World Heritage Convention and the Directives Concerning the Use of the Name, Acronym, Logo and Internet Domain Names of UNESCO (Resolution 34C/86).

Reminder concerning the authority and delegation of authority for the use of the World Heritage Emblem according to Chapter VIII of the Operational Guidelines:

Para. 262:
"The World Heritage Committee is responsible for determining the use of the World Heritage Emblem and for making policy prescriptions regarding how it may be used."

Para. 276:
"National authorities may grant the use of the Emblem to a national entity, provided that the project, whether national or international, involves only World Heritage properties located on the same national territory. National authorities’ decision should be guided by the Guidelines and Principles."

Para. 278:
Any other request must be addressed to the Director of the World Heritage Centre, who has the authority to grant the use of the Emblem in accordance with the Guidelines and Principles.

For cases not covered, or not sufficiently covered, by the Guidelines and Principles and by the Table of Uses, the Director refers the matter to the Chairperson who, in the most difficult cases, might wish to refer the matter to the Committee for final decision.

Reminder concerning the use of the linked logo and of the stand alone Emblem:

Para. 262:
Since the adoption by the UNESCO General Conference in October 2007 of the Directives concerning the Use of the Name, Acronym, Logo and Internet Domain Names of UNESCO, it is strongly encouraged to use the World Heritage Emblem as part of a linked logo block accompanied by UNESCO’s logo, whenever feasible. When the emblem is used in a linked logo block with the UNESCO logo, the graphical standards of the UNESCO Secretariat must be strictly followed. The use of the World Heritage Emblem alone remains however possible, in line with the present Guidelines and with the Table of Uses (Annex 14 of the Guidelines).
Reminder concerning the use of the UNESCO logo:

Information on the use of the UNESCO logo is available here:
http://en.unesco.org/logopatronage

According to the Preamble of Chapter VIII of the Operational Guidelines, the stand alone World Heritage Emblem can be used in any colour or size. However, when the emblem is used in a linked logo block with the UNESCO logo, the graphical standards of the UNESCO Secretariat must be strictly followed.

The logos are provided by the authorizing entities (as detailed in the following table) in digital format which cannot be modified by the users in any way.

It is obligatory to submit the draft layout of the intended use to the authorizing entity for validation before production.

Definition of commercial use:

The sale of goods or services bearing the name, acronym, logo and/or Internet domain name of UNESCO combined with the World Heritage Emblem chiefly for profit shall be regarded as “commercial use” for the purpose of the Operational Guidelines. Such use must be expressly authorized by the Director-General, under a specific contractual arrangement (definition adapted from UNESCO Logo Directives 2007. Art III.2.1.3)

[Image of world heritage emblem]
1. State(s) Party(ies)

2. Object of the advice requested from the World Heritage Centre or the Advisory Bodies
(Please tick the corresponding box)

☐ Development, revision or harmonization of Tentative List(s)
☐ Potential future nomination – If applicable, name of the site(s)

3. Brief description of the site (summary of factual information and qualities of the site, if applicable)

4. Expected time frame for the realization of the Upstream Process

5. Would a site visit be necessary? ☐ Yes ☐ No

6. Availability of funds to implement the request
(Please indicate how you intend to cover the costs related to the implementation of the Upstream Process request. Please also indicate whether you plan to apply for assistance from the World Heritage Fund, if eligible (International Assistance mechanism or Advisory Missions budget line), or from another funding source).

7. Any additional information you may wish to provide

8. Contact information of the responsible authorities (name, title, e-mail, telephone)

9. Signature on behalf of the State(s) Party(ies)

The original signed version of the completed Upstream Process request form should be sent in English or French to:
UNESCO World Heritage Centre
7, place de Fontenoy
75352 Paris 07 SP
France
Telephone: +33 (0)1 4568 1104
E-mail: wh-upstream@unesco.org
