- 2.12 Please list any documentary heritage associated with the World Heritage property listed under the Memory of the World Programme of which you aware.
- 3. Statement of Outstanding Universal Value
- 3.1 Statement of Outstanding Universal Value for the property as adopted by the World Heritage Committee

## **Statement of Outstanding Universal Value Brief synthesis**

The complex of temples at Baalbek is located at the foot of the south-west slope of Anti-Lebanon, bordering the fertile plain of the Bekaa at an altitude of 1150 m. The city of Baalbek reached its apogee during Roman times. Its colossal constructions built over a period of more than two centuries, make it one of the most famous sanctuaries of the Roman world and a model of Imperial Roman architecture. Pilgrims thronged to the sanctuary to venerate the three deities, known under

Baalbek 2 of 51

the name of the Romanized Triad of Heliopolis, an essentially Phoenician cult (Jupiter, Venus and Mercury).

The importance of this amalgam of ruins of the Greco-Roman period with even more ancient vestiges of Phoenician tradition, are based on its outstanding artistic and architectural value. The acropolis of Baalbek comprises several temples. The Roman construction was built on top of earlier ruins which were formed into a raised plaza, formed of twenty-four monoliths, the largest weighing over 800 tons.

The Temple of Jupiter, principal temple of the Baalbek triad, was remarkable for its 20 m high columns that surrounded the cella, and the gigantic stones of its terrace. The adjacent temple dedicated to Bacchus is exceptional; it is richly and abundantly decorated and of impressive dimensions with its monumental gate sculpted with Bacchic figures. The Round Temple or Temple of Venus differs in its originality of layout as well as its refinement and harmonious forms, in a city where other sanctuaries are marked by monumental structures. The only remaining vestige of the Temple of Mercury located on Cheikh Abdallah Hill, is a stairway carved from the rock. The Odeon, located south of the acropolis in a place known as Boustan el Khan, is also part of the Baalbek site, and considered among the most spectacular archaeological sites of the Near East.

Baalbek became one of the most celebrated sanctuaries of the ancient world, progressively overlaid with colossal constructions which were built during more than two centuries. Its monumental ensemble is one of the most impressive testimonies of the Roman architecture of the imperial period.

Criterion (i): The archaeological site of Baalbek represents a religious complex of outstanding artistic value and its majestic monumental ensemble, with its exquisitely detailed stonework, is a unique artistic creation which reflects the amalgamation of Phoenician beliefs with the gods of the Greco-Roman pantheon through an amazing stylistic metamorphosis.

Criterion (iv): The monumental complex of Baalbek is an outstanding example of a Roman sanctuary and one of the most impressive testimonies to the Roman period at its apogee that displays to the full the power and wealth of the Roman Empire. It contains some of the largest Roman temples ever built, and they are among the best preserved. They reflect an extraordinary amalgamation of Roman architecture with local traditions of planning and layout.

#### Integrity

The serial nomination consists of the Temples of Jupiter, Bacchus, Venus and Mercury, and the Odeon - all the key attributes of the sanctuary. The entire town within the Arab walls, as well as the south-western quarter extra-muros between Boustan el Khan, the Roman works and the Mameluk mosque of Ras-al-Ain, provides the essential context for the key attributes.

For 15 years the city suffered as a result of armed conflict and the resultant lack of adequate planning controls and is still affected by urban pressures that make the setting of the sanctuary and the overall integrity of the property highly vulnerable.

#### Authenticity

In spite of extensive restoration in the 1960s and the 1980s, and the impact of armed conflict which brought unplanned development, the overall authenticity of the site has remained intact thanks to the efforts of national and international bodies. To safeguard the vestiges, the Directorate General of Antiquities (DGA) has carried out consolidation and restoration work on the various monuments, especially on the inside of the Qal"a site that comprises the Temples of Jupiter and Bacchus, as well as at the Boustan el Khan site. Nevertheless the authenticity of the property is highly vulnerable to changes that affect the detail of its structures and the overall majesty of its setting.

#### Protection and management requirements

Conservation and management of the property are ensured by the DGA which controls all construction and restoration permits. The Law on Antiquities No 166/1933 provides for several important protection measures for the ruins located within the protected area. Cooperation between the Directorate General for Urban Planning and the DGA facilitates expropriation concerning the land surrounding the archaeological area.

A protection and enhancement plan which is under preparation, aims at ensuring an improved presentation of these unique vestiges and the development of a new protection system for the site that respects international charts. Cooperation with specialists for the restoration of historical monuments is essential. The plan must also treat the question of improved coordination methods between the different bodies involved in the property.

Another master plan for the city, under consideration, is aimed at protecting the surrounds of the site and controlling urban development that threatens the archaeological site, the urban zone located within the Arab walls, as well as the south-west quarter (extra-muros) located between Boustan el Khan and the Roman quarry (Hajjar el Hubla).

## 3.2 - Please list the key attributes of Outstanding Universal Value of your property and give an assessment of their condition. As a guideline, it is suggested to focus on approximately five key attributes (no more than 15 overall).

|        | Brief identification of attribute  | Preserved | Compromised | Seriously compromised | Lost |
|--------|--|-----------|-------------|-----------------------|------|
| 3.2.1  | an outstanding example of a Roman sanctuary and one of the most impressive testimonies to the Roman period   | ×         |             |                       |      |
| 3.2.2  | exquisitely detailed stonework, is a unique artistic creation  | ×         |             |                       |      |
| 3.2.3  | largest Roman temples ever built, and they are among the best preserved  | ×         |             |                       |      |
| 3.2.4  | Bacchus is exceptional; it is richly and abundantly decorated and of impressive dimensions with its monumental gate sculpted with Bacchic figures. | ×         |             |                       |      |
| 3.2.5  | the famous quarry of Hajjar el houbla preserved the largest worked stone in the world  | ×         |             |                       |      |
| 3.2.6  |  |           |             |                       |      |
| 3.2.7  |  |           |             |                       |      |
| 3.2.8  |  |           |             |                       |      |
| 3.2.9  |  |           |             |                       |      |
| 3.2.10 |  |           |             |                       |      |
| 3.2.11 |  |           |             |                       |      |
| 3.2.12 |  |           |             |                       |      |

- 4.17. Serial inscriptions (national or transnational)
- 4.17.1 If your property is a serial inscription (national or transnational) please identify which components of the property are impacted by each factor
- 4.18. Prediction of the state of conservation at next cycle of Periodic Reporting.
- 4.18.1 Please predict what the state of conservation of each attribute will be approximately 6 years from now (at the time of the next cycle of Periodic Reporting)

|          | Attribute  | Preserved | Compromised | Seriously compromised | Lost |
|----------|--|-----------|-------------|-----------------------|------|
| 4.18.1.1 | an outstanding example of a Roman sanctuary and one of the most impressive testimonies to the Roman period   | ×         |             |                       |      |
| 4.18.1.2 | exquisitely detailed stonework, is a unique artistic creation  | ×         |             |                       |      |
| 4.18.1.3 | largest Roman temples ever built, and they are among the best preserved  | ×         |             |                       |      |
| 4.18.1.4 | Bacchus is exceptional; it is richly and abundantly decorated and of impressive dimensions with its monumental gate sculpted with Bacchic figures. | ×         |             |                       |      |

Baalbek 38 of 51

#### 5. Protection and Management of the Property

#### 5.1. Boundaries and Buffer Zones

# 5.1.1 - Are the boundaries of the World Heritage property adequate to maintain the property's Outstanding Universal Value?

The boundaries are inadequate to maintain the property's Outstanding Universal Value because some attributes of the property are outside the boundary

#### 5.1.2 - Are the boundaries of the World Heritage property known and recognised?

The boundaries are known by both the management authority and local communities/landowners

# 5.1.3 - Are the buffer zone(s) of the World Heritage property adequate to maintain the property's Outstanding Universal Value?

Inadequacies in the buffer zones make it difficult to maintain the property's Outstanding Universal Value

#### 5.1.4 - Are the boundaries of the buffer zones known and recognised?

The buffer zones of the World Heritage property are known and recognised by both the management authority and local communities/landowners

#### 5.1.5 - Comments, conclusions and/or recommendations related to boundaries and buffer zones of the World Heritage property

A new master plan for the city of Baalbek is under preparation in the aim to protect the buffer zone around the archaeological site and in the same time to liberate more lands which are classified as ZONE AR 2 and P (Parking)

#### 5.2. Protective Measures

#### 5.2.1 - Protective designation (legal, regulatory, contractual, planning, institutional and/or traditional).

La loi des Antiquités n° 166 L.R 1933

Source: Rapport périodique de 2000, Section II, par. II.4.1.a

#### Comment

Master Plan of Baalbeck2013

# 5.2.2 - Please list any legislation and other measures (regulatory -including spatial planning- contractual, institutional or traditional) not included in 5.2.1 and indicate the category

2013 / Baalbek master Plan / 10238 /2013 / Zone AR and AR1 and 2 / DGU with the collaboaration of Municipality and the DGA /

# 5.2.3 - Is the legal framework (i.e. legislation and/or regulation including spatial planning) adequate for maintaining the Outstanding Universal Value including conditions of Integrity and/or Authenticity of the property?

The legal framework for maintaining of the Outstanding Universal Value including conditions of Authenticity and/or Integrity of the World Heritage property provides an adequate basis for effective management and protection

# 5.2.4 - Is the legal framework (i.e. legislation and/or regulation) adequate in the buffer zone for maintaining the Outstanding Universal Value including conditions of Integrity and/or Authenticity of the property?

An adequate legal framework in the buffer zone for maintaining the Outstanding Universal Value including conditions of Authenticity and/or Integrity of the World Heritage property exists but there are some deficiencies in implementation

# 5.2.5 - Is the legal framework (i.e. legislation and/or regulation) in the broader setting of the World Heritage property adequate for maintaining the Outstanding Universal Value including conditions of Integrity and/or Authenticity of the property?

An adequate legal framework exists for the broader setting of the World Heritage property, but there are some deficiencies in implementation which undermine the maintenance of the Outstanding Universal Value including conditions of Authenticity and/or Integrity of the property

#### 5.2.6 - Can the legal framework (i.e. legislation and/or regulation) be enforced?

There is acceptable capacity/resources to enforce legislation and/or regulation in the World Heritage property but some deficiencies of enforcement remain

# 5.2.7 - Please provide a short summary of how the legislation, including spatial planning and other regulation, works in practice

It is strictly prohibited to build in the vicinity of the archaeological site and to expose the real estate to the Directorate General of Antiquities for its acquisition according to administrative rules

# 5.2.8 - Comments, conclusions and/or recommendations about the information related to the measures taken to protect the World Heritage property

Expropriation for the private lands located near the archaeological site

# 5.3. Management System/Management Plan

#### 5.3.1 - Please check the box which most closely match the character of the governance and management system of the property Traditional management system

### If 'Other', please specify

# 5.3.2 - Management System: Please indicate which of the various management tools listed below are used to help protect the property.

A framework for inclusive economic development, including equal access and distribution of resources and opportunities arising from the protection of the property

Baalbek 39 of 51

#### 5.3.3 - Please give a brief description of the management system currently in place at your property

Due to a large project of renovation and restoration of some features and the creation of paths for tourist in order to open the most important area for tourist we implement a normal management plan which consists about cleaning and studying in the aim to arrive to monitoring system for the entire site.

#### 5.3.4 - Management Documents

#### Comment

a management plan is under preparation

# 5.3.5 - Has any use been made of the 2011 Recommendation on the Historic Urban Landscape in developing policies and best practices for the protection of this property?

The 2011 Recommendation on the Historic Urban Landscape is not relevant to this property

5.3.6 - If the Historic Urban Landscape Recommendation has been used at this property, please describe briefly what has been done.

# 5.3.7 - Has any use been made of the Policy Document on the Impacts of Climate Change on World Heritage Properties at the property?

No use has been made of the World Heritage Policy for Climate Change

# 5.3.8 - If the Climate Change policy has been used, please briefly describe what has been done along with any research on the impacts of Climate Change on the property:

system of wind activity was implemented

# 5.3.9 - Has any use been made of the Strategy for Reducing Risks from Disasters at World Heritage Properties at the property? Some use has been made of the Strategy for Reducing Risks from Disasters at World Heritage Properties

# 5.3.10 - If the Strategy for Reducing Risks from Disasters at World Heritage Properties has been used, please briefly describe what has been done

A new system to record the activities and the impact of the earthquake has been installed in the top of Jupiter temple plus a system to measure the wind

# 5.3.11 - Rate the coordination between the various levels of administration (i.e. national/federal; regional/provincial/state; local/municipal etc.) involved in the management of the World Heritage property

There is coordination between the range of administrative bodies involved in the management of the property, but it could be improved

# 5.3.12 - Is the management system/plan adequate to maintain the property's Outstanding Universal Value?

 $The \ management \ system/plan \ is \ \textbf{fully adequate} \ to \ maintain \ the \ property's \ Outstanding \ Universal \ Value$ 

# 5.3.13 - Is the management system being implemented?

The management system is being only partially implemented

#### 5.3.14 - Is there an annual work/action plan and is it being implemented?

An annual work/action plan exists but few of its activities are being implemented

# 5.3.15 - Does the management system include formal mechanisms and procedures that ensure participation and contribution of the following groups, living within or near the World Heritage property and/or buffer zone in management decisions that maintain the Outstanding Universal Value of the property?

|          |   | Not applicable | No mechanisms for participation | Some participation | Direct participation | Transformative participation in all relevant decision processes |
|----------|---|----------------|---------------------------------|--------------------|----------------------|---|
| 5.3.15.1 | Local communities                                       |                |                                 | ×                  |                      |   |
| 5.3.15.2 | Local authorities                                       |                |                                 | ×                  |                      |   |
| 5.3.15.3 | Landowners in the property and the buffer zone          | ×              |                                 |                    |                      |   |
| 5.3.15.4 | Indigenous peoples                                      | ×              |                                 |                    |                      |   |
| 5.3.15.5 | Women   | ×              |                                 |                    |                      |   |
| 5.3.15.6 | Other specific groups                                   |                |                                 |                    |                      |   |
|          | If you selected, 'Other specific groups' please specify |                |                                 |                    |                      |   |

# 5.3.16 - Please rate the cooperation/relationship between the World Heritage property managers/coordinators/staff and the following groups

|          |                             | Not applicable | Non-existent | Poor | Fair | Good |
|----------|-----------------------------|----------------|--------------|------|------|------|
| 5.3.16.1 | Local communities           |                |              |      | ×    |      |
| 5.3.16.2 | Local/Municipal authorities |                |              |      |      | ×    |

| 5.3.16.3  | Indigenous peoples                                      |                   |   |   | × |   |
|-----------|---|-------------------|---|---|---|---|
| 5.3.16.4  | Landowners  |                   |   | × |   |   |
| 5.3.16.5  | Women   |                   |   | × |   |   |
| 5.3.16.6  | Youth/Children  |                   |   | × |   |   |
| 5.3.16.7  | Researchers   |                   |   |   | × |   |
| 5.3.16.8  | Local Visitors/Tourists                                 |                   |   |   |   | × |
| 5.3.16.9  | National/International tourists                         |                   |   |   |   | × |
| 5.3.16.10 | Tourism Industry  |                   |   |   |   | × |
| 5.3.16.11 | Local businesses and industries                         |                   |   |   |   | × |
| 5.3.16.12 | NGOs  |                   |   |   |   | × |
| 5.3.16.13 | Other specific groups                                   |                   | × |   |   |   |
|           | If you selected 'Other specific groups', please specify | nothing to mentio | n |   |   |   |

# 5.3.17 - Please rate the extent to which the management system of your property contributes towards achieving the objectives of the World Heritage Committee's Policy for the Integration of a Sustainable Development Perspective into the Processes of the World Heritage Convention

|          |  | Not applicable | No<br>contribution | Limited | Significant | Full achievement |
|----------|--|----------------|--------------------|---------|-------------|------------------|
| 5.3.17.1 | The management system of the property contributes to gender equality   |                |                    |         | ×           |                  |
| 5.3.17.2 | The management system of the property provides ecosystem services/benefits to the local community (e.g. fresh air, water, food, medicinal plants)  |                | ×                  |         |             |                  |
| 5.3.17.3 | The management system of the property contributes to social inclusion and equity, improving opportunities for all, irrespective of age, sex, disability, ethnicity, origin, religion or economic or other status |                |                    |         | ×           |                  |
| 5.3.17.4 | The management system of the property integrates a human rights-based approach   |                |                    |         | ×           |                  |
| 5.3.17.5 | The management system of the property contributes to fostering inclusive local economic development, and to enhancing livelihood   |                |                    |         | ×           |                  |
| 5.3.17.6 | The management system of the property contributes to conflict prevention, including respect for cultural diversity within and around the World Heritage property   |                |                    |         | ×           |                  |

# 5.3.18 - Please provide further details on the ratings of the management system given in the table above

the normal and traditional management plan can be elaborated after the closing of all the restoration project which still implemented in the site

# ${\bf 5.3.19 \cdot Comments, conclusions \ and/or \ recommendations \ related \ to \ the \ management \ system/plan}$

a monitoring plan is under preparation

### 6. Financial and Human Resources

# 6.1. Funding

# 6.1.1 - If your funding sources do not exactly fit those shown, put the relevant amounts against the funding type that most closely represents your situation, and use the comment box below to provide more details.

|          |  | Project costs | Running costs |
|----------|--|---------------|---------------|
| 6.1.1.1  | Multilateral funding (GEF, World Bank, etc.)   | 40 %          | 0 %           |
| 6.1.1.2  | Bilateral international funding  | 20 %          | 0 %           |
| 6.1.1.3  | World Heritage Fund (International Assistance)   | 0 %           | 0 %           |
| 6.1.1.4  | Contribution from other conventions and programmes   | 10 %          | 0 %           |
| 6.1.1.5  | International donations (NGOs, foundations, etc.)  | 4 %           | %             |
| 6.1.1.6  | Governmental (national/federal)  | 20 %          | 90 %          |
| 6.1.1.7  | Governmental (regional/provincial/state)   | 0 %           | 0 %           |
| 6.1.1.8  | Governmental (local/municipal)   | 6 %           | 10 %          |
| 6.1.1.9  | In-country donations (NGOs, foundations, etc.)   | 0 %           | 0 %           |
| 6.1.1.10 | Individual visitor charges (e.g. entry, toilets, parking, camping fees, etc.)              | 0 %           | 0 %           |
| 6.1.1.11 | Commercial activities (e.g. merchandising and catering, filming permit, concessions, etc.) | 0 %           | 0 %           |

Baalbek 41 of 51

| 6.1.1.12 | Other | 0 %         | 0 %         |
|----------|-------|-------------|-------------|
|          |       | Total 100 % | Total 100 % |

### 6.1.2 - Please comment here on any other aspects of funding sources not covered in the table above

### 6.1.3 - Is the current budget sufficient to manage the World Heritage property effectively?

The available budget is inadequate for basic management needs and presents a serious constraint to the capacity to manage

### 6.1.4 - Are the existing sources of funding secure and likely to remain so?

The existing sources of funding are secure over the medium-term and planning is underway to secure funding over the long-term

# 6.1.5 - Comments, conclusion, and/or recommendations related to finance and infrastructure

A new law and strategy will be implemented through using part of the fees entrance to the archaeological site in order to respond to the needs of the site, (maintenance, and monitoring and little conservation....)

# 6.1.6 - Estimate the distribution of men and women involved in the management, conservation, interpretation of the World Heritage properties and the extent to which they are drawn from local communities.

|         |       | From local communities % | From elsewhere % |
|---------|-------|--------------------------|------------------|
| 6.1.6.1 | Men   | 90 %                     | 10 %             |
| 6.1.6.2 | Women | 10 %                     | 90 %             |
|         |       | Total 100 %              | Total 100 %      |

#### 6.1.7 - Are available human resources adequate to manage the World Heritage property?

Human resources partly meet the management needs of the World Heritage property

# 6.1.8 - Considering the management needs of the World Heritage property, please rate the availability of professionals in the following disciplines

| Conservation   | Fair |
|--|------|
| Environmental sustainability                           | Poor |
| Community participation and inclusion                  | Poor |
| Risk preparedness                                      | Fair |
| Capacity development and education                     | Poor |
| Administration   | Fair |
| Research and monitoring                                | Fair |
| Awareness raising and public information/communication | Good |
| Marketing and promotion                                | Good |
| Interpretation   | Fair |
| Visitor management/tourism                             | Good |
| Enforcement (custodians, police)                       | Poor |

# 6.1.9 - Please rate the availability of training opportunities for the management of the World Heritage property in the following disciplines

| Conservation   | Fair |
|--|------|
| Environmental sustainability                           | Poor |
| Community participation and inclusion                  | Fair |
| Risk preparedness                                      | Poor |
| Capacity development and education                     | Fair |
| Administration   | Fair |
| Research and monitoring                                | Fair |
| Awareness raising and public information/communication | Fair |
| Marketing and promotion                                | Fair |
| Interpretation   | Fair |
| Visitor management/tourism                             | Good |

Baalbek 42 of 51

#### 6.1.10 - Has any use been made of the World Heritage Strategy for Capacity Building at the property?

Training and capacity building at this property is fully based on the World Heritage Strategy for Capacity Building

### 6.1.11 - If the World Heritage Strategy for Capacity Building has been used, please briefly describe what has been done.

some conservation are made through BTAP program which a lot of local communities participate in the aim to train peoples in the field of restoration and conservation.

# 6.1.12 - Are there site-specific capacity building plans or programmes that develop local expertise and that contribute to the transfer of skills for the conservation and management of the World Heritage property?

A site-based capacity building plan or programme has been developed but it is not implemented and skills are not being transferred

#### 6.1.13 - Comments, conclusions and/or recommendations related to human resources, expertise and training

During the conservation project of Bacchus temple, a group of Archaeologist and architect participated in the field of restoration, this project help a good numbers of workers from the city to be trained in the field of restoration which later they been invited to be part of the tea of the directorate general of antiquities in Baalbek office.

#### 7. Scientific Studies and Research Projects

# 7.1 - Is there adequate knowledge (scientific or traditional) about the values and attributes of the World Heritage property to support planning, management and decision-making to ensure that Outstanding Universal Value is maintained?

Knowledge about the values and attributes of the World Heritage property is acceptable for most key areas but there are gaps

# 7.2 - Is there a planned programme of research at the property which is directed towards management needs and/or improving understanding of Outstanding Universal Value?

There is considerable research but it is not directed towards management needs and/or improving understanding of Outstanding Universal Value

#### 7.3 - Are results from research programmes publicly available and disseminated?

Research results are shared with local communities and partners but there is no active outreach to national or international agencies

### 7.4 - Comments, conclusions and/or recommendations related to scientific studies and research projects

8. Education, Information and Awareness Building

# 8.1 - Please rate the awareness and understanding of the existence and justification for inscription of the World Heritage property amongst the following groups

| Local communities  | Poor           |
|--|----------------|
| Local/municipal authorities                              | Poor           |
| Indigenous peoples                                       | Poor           |
| Landowners   | Poor           |
| Women  | Poor           |
| Youth/children   | Fair           |
| Researchers  | Fair           |
| Local visitors   | Fair           |
| National/international tourists                          | Good           |
| Tourism industry   | Fair           |
| Local businesses and industries                          | Poor           |
| NGOs   | Poor           |
| Other specific groups                                    | Not applicable |
| If you selected 'Other specific groups', please describe |                |

# 8.2 - Does the property have a heritage education programme(s) for children and/or youth, that can contribute to a better understanding of heritage, promote diversity and foster intercultural dialogue?

There is a planned education and awareness programme for children and/or youth but it only partly meets the needs

8.3 - Who are the target audiences for education and awareness programmes at your property?

| Local communities           |  |
|-----------------------------|--|
| Local/municipal authorities |  |
| Women                       |  |
| Youth/children              |  |

# 8.4 - Please rate the adequacy of the following visitor facilities and services at the World Heritage property for education, information, interpretation and awareness building

| Visitor centre                         | Poor       |
|--|------------|
| Site museum                            | Fair       |
| Information booths                     | Good       |
| Guided tours                           | Fair       |
| Trails/routes                          | Fair       |
| Printed information materials          | Poor       |
| Online (website, social media, etc.)   | Poor       |
| Transportation facilities              | Poor       |
| Other                                  | Not needed |
| If 'Other' is selected, please specify |            |

### 8.5 - Comments, conclusions and/or recommendations related to education, information and awareness building

A new center for tourist "visitor center" will be open at the entrance of the site which will be also equipped with all the necessary to help visitor and to promote awareness for children and youth with a specific educational program. during the national heritage day, the door of the site opened with a variety of programs and entertainment related to history and archaeology.

### 9. Visitor Management

#### 9.1 - Please provide estimated annual visitor numbers (including national and international visitors) since the last Periodic Report

115490 / 78716 / 51725 / less than 50000 / less than 50000 /

## 9.2 - What information sources are used to collect visitor statistics?

Visitor surveys

### 9.3 - What is the average length stay of a visitor to the World Heritage property?

One to three hours

# 9.4 - Please provide the source of information

statistic made by DGA Baalbek office

### 9.5 - What is the approximate average daily visitor expenditure? (Please provide an estimated monetary figure in USD)

100 \$ / 10\$ to 30\$ / 7 \$ / 10\$ for foreign / 40 \$ / from 10 \$ to 500 \$ /

# 9.6 - Please provide the source of information

investigation made by DGA Baalbek office

# 9.7 - Does the management system/plan for the World Heritage property include a strategy with an action plan to manage visitors, tourism activity and its derived economic, socio-cultural and environmental impacts?

There is a strategy to manage visitors, tourism activity and its derived impacts on the World Heritage property but there are some deficiencies in implementation

### 9.8 - Please provide any comments relating to the answer provided above in question 9.7

new paths are implemented and opened for tourist

# 9.9 - Is visitor use effectively managed to maintain the Outstanding Universal Value of the property?

Visitor use of the World Heritage property is managed but improvements could be made

### 9.10 - Is the effectiveness of tourism management regularly monitored?

No

# If a different system, please specify

# 9.11 - How does the tourism industry cooperate with the site management to improve visitor experiences and maintain the Outstanding Universal Value of the World Heritage property?

There is contact between those responsible for the World Heritage property and the tourism industry but this is largely confined to administrative or regulatory matters

# 9.12 - How well is the information on the Outstanding Universal Value of the property presented and interpreted?

The presentation and interpretation of the Outstanding Universal Value of the property is acceptable but improvements could be made

#### 9.13 - At how many locations is the World Heritage emblem displayed at the property?

In  $\boldsymbol{many\ locations},$  but  $\boldsymbol{not\ easily\ visible}$  to visitors

# 9.14 - How does visitor/tourism revenue (e.g. entry charges, permits) contribute to the management of the World Heritage property?

Baalbek 44 of 51

Fees are collected, but make no contribution to the management of the World Heritage property

# 9.15 - Are there locally driven sustainable tourism initiatives?

Not applicable

# If 'Yes', please specify

### 9.16 - Are the benefits of tourism shared with local communities?

Not applicable

# If 'Yes', please specify

#### 9.17 - Comments, conclusions and/or recommendations related to visitation/tourism/public use of the World Heritage property

Municipality with different NGOs are working with international organization in the aim to improve the tourism facilities.

# 10. Monitoring

# 10.1 - Is there a monitoring programme at the property directed towards management needs and/or towards improving the understanding of the Outstanding Universal Value?

There is considerable monitoring but it is not directed towards management needs and/or improving the understanding of Outstanding Universal Value

# 10.2 - Is necessary information available in order to define key indicators for measuring the state of conservation and are they used in monitoring how the Outstanding Universal Value of the property is being maintained?

Information on the values of the World Heritage property is adequate and key indicators have been defined but monitoring of the status of indicators could be improved

# 10.3 - Are key indicators defined and in place for the following principal aspects of the property?

|        | Extend of indicators                                     | Not applicable | No<br>indicators | Indicators have been defined but are not yet in use | Indicators are in place and in use since the last<br>Periodic Reporting cycle |
|--------|--|----------------|------------------|---|---|
| 10.3.1 | State of conservation                                    |                |                  | ×   |   |
| 10.3.2 | Effectiveness of the management system                   |                |                  | ×   |   |
| 10.3.3 | Character of governance                                  |                | ×                |   |   |
| 10.3.4 | Appropriate synergy with other conservation designations |                | ×                |   |   |
| 10.3.5 | Contribution to sustainable development                  |                |                  | ×   |   |
| 10.3.6 | Capacity development                                     |                |                  | ×   |   |

# 10.4 - Please provide information on relevant key indicators adopted at the property

monitoring based on different laser scan plans made since 2009

### 10.5 - Please rate the level of involvement in monitoring of the following groups:

| World Heritage managers/coordinators and staff          | Fair           |
|---|----------------|
| Local/municipal authorities                             | Poor           |
| Local communities                                       | Non-existent   |
| Indigenous peoples                                      | Not applicable |
| Landowners  | Non-existent   |
| Women   | Poor           |
| Researchers   | Fair           |
| Tourism industry  | Not applicable |
| Local businesses and industry                           | Not applicable |
| NGOs  | Non-existent   |
| Other specific groups                                   | Not applicable |
| If you selected 'Other specific groups', please specify | 0              |

# 10.6 - Has the State Party implemented relevant recommendations arising from the World Heritage Committee?

No relevant Committee recommendations to implement

### 10.7 - Please provide comments relevant to the implementation of recommendations from the World Heritage Committee.

45 of 51

management plan responds to the reality of the site

# 10.8 - Comments, conclusions and/or recommendations related to Monitoring

Baalbek

# 11. Identification of Priority Management Needs

# 11.1 - Identification of Priority Management Needs

| 5.1    | Boundaries and Buffer Zones   |   |
|--------|---|---|
| 5.1.1  | Inadequacies in the boundaries make it difficult to maintain the property's Outstanding Universal Value since some attributes of the property are outside the boundary  |   |
| 5.1.3  | Inadequacies in the buffer zones of the World Heritage property make it difficult to maintain the property's Outstanding Universal Value  |   |
| 5.2    | Protective Measures   |   |
| 5.2.4  | An adequate legal framework in the buffer zone for maintaining the Outstanding Universal Value including conditions of Authenticity and/or Integrity of the World Heritage property exists but there are some deficiencies in implementation  |   |
| 5.2.5  | An adequate legal framework exists for the broader setting of the World Heritage property and the buffer zone, but there are some deficiencies in implementation which undermine the maintenance of the Outstanding Universal Value including conditions of Authenticity and/or Integrity of the property |   |
| 5.2.6  | There is acceptable capacity/resources to enforce legislation and/or regulation in the World Heritage property but some deficiencies of enforcement remain  |   |
| 5.3    | Management System/Management Plan   |   |
| 5.3.7  | No use has been made of the Policy Document on the Impacts of Climate Change on World Heritage Properties at the property   |   |
| 5.3.9  | Some use has been made of the Strategy for Reducing Risks from Disasters at World Heritage Properties at the property   | > |
| 5.3.11 | There is <b>coordination</b> between the range of administrative bodies involved in the management of the property, <b>but it could be improved</b>   |   |
| 5.3.13 | The management system at the property is only being partially implemented   |   |
| 5.3.14 | An annual work/action plan exists for the property but few of the activities are being implemented  |   |
| 5.3.17 | <ul> <li>The management system of the World Heritage property does not provide ecosystem services/benefits to the local community (e.g. fresh air, water, food, medicinal plants)</li> </ul>  |   |
| 6.1    | Funding   |   |
| 6.1.3  | The available <b>budget</b> is <b>inadequate</b> for basic management needs and presents a serious constraint to the capacity to manage the World Heritage property   |   |
| 6.1.7  | Human resources partly meet the management needs of the World Heritage property   | > |
| 6.1.12 | A site-based capacity building plan or programme has been developed but it is not implemented and skills are not being transferred  |   |
| 7      | Scientific Studies and Research Projects  |   |
| 7.2    | There is considerable research in the World Heritage property but it is not directed towards management needs and/or improving understanding of Outstanding Universal Value   | ж |
| 7.3    | Research results are shared with local communities and partners but there is no active outreach to national or international agencies   |   |
| 8      | Education, Information and Awareness Building   |   |
| 8.2    | There is a planned education and awareness programme for children and/or youth but it only partly meets the needs   | × |
| 9      | Visitor Management  |   |
| 9.7    | There is a strategy to manage visitors, tourism activity and its derived impacts on the World Heritage property but there are some deficiencies in implementation   | 3 |
| 9.9    | Visitor use of the World Heritage property is managed but improvements could be made  |   |
| 9.11   | There <b>is contact</b> but this is largely confined to administrative or regulatory mattersThere is contact between those responsible for the World Heritage property and the tourism industry but this <b>is largely confined to administrative or regulatory matters</b>                               |   |
| 9.12   | The presentation and interpretation of the Outstanding Universal Value of the property is acceptable but improvements could be made   | × |
| 10     | Monitoring  |   |
| 10.1   | There is <b>considerable monitoring</b> at the World Heritage property but it is not directed towards management needs and/or improving understanding of Outstanding Universal Value  | × |
| 10.2   | Information on the values of the World Heritage property is adequate and key indicators have been defined but monitoring of the status of indicators could be improved  |   |

- 12.3. Conclusions on the State of Conservation of the Property
- 12.3.1 Following the analysis undertaken for this report, what is the current state of Authenticity of the World Heritage property?

  The Authenticity of the World Heritage property has been preserved
- 12.3.2 Following the analysis undertaken for this report, what is the current state of Integrity of the World Heritage property?

  The Integrity of the World Heritage property has been compromised by factors described in this report
- 12.3.3 Following the analysis undertaken for this report, what is the current state of the World Heritage property's Outstanding Universal Value?

The World Heritage property's Outstanding Universal Value has been maintained.

### 12.3.4 - What is the current state of the property's other values?

Other important cultural and/or natural values and the state of conservation of the World Heritage property are intact

- 12.3.5 Comments. conclusions and/or recommendations related to the state of conservation of the property.
- 13. Impact of World Heritage Status
- 13.1 Please rate the impacts of World Heritage status of the property in relation to the following areas

| Conservation  | Positive       |
|---|----------------|
| Research and monitoring   | Very positive  |
| Management effectiveness  | Positive       |
| Quality of life for local communities and indigenous peoples  | No impact      |
| Recognition   | No impact      |
| Education   | No impact      |
| Infrastructure development  | Positive       |
| Funding for the property  | Positive       |
| International cooperation   | Positive       |
| Political support for conservation  | Positive       |
| Legal/Policy framework  | Positive       |
| Advocacy  | Positive       |
| Institutional coordination  | Positive       |
| Security  | Positive       |
| Gender equality   | Positive       |
| Provision of ecosystem services/ benefits to local communities  | Positive       |
| Social inclusion and equity, and improvement of opportunities for all, irrespective of age, sex, disability, ethnicity, origin, religion, or economic or other status | Positive       |
| Fostering inclusive local economic development and enhancing livelihood   | No impact      |
| Contributing to conflict prevention, including respect for cultural diversity within and around heritage properties   | No impact      |
| Other   | Not applicable |
| If 'Other', please specify  |                |

# 13.2 - Comments, conclusions and/or recommendations related to World Heritage status and its impacts Nothing

14. Good Practice in the Implementation of the World Heritage Convention

# 14.1 - Example of good practice in World Heritage protection, identification, conservation or management at the property level

During the last 4 years different conservation projects were implemented precisely in the one of the exedra of Jupiter temple and, Arab arches and tower, and the conservation and cleaning of Bacchus temple. The second project was concentrated on the protection of Jupiter colonnade (scaffolding still in situ). implementation of tourist paths and circulation with explanatory panel in new area dated back to late antique of Baalbek.

# 14.2 - Define which topics are covered by this example of best practice at the property level

Sustainable Development

Baalbek 49 of 51

| State of Conservation |  |
|-----------------------|--|
| Management            |  |
| Capacity Building     |  |

#### 15. Assessment of the Periodic Reporting Exercise

### 15.1. Relevance of Periodic Reporting

#### 15.1.1 - Has the Periodic Reporting process improved the understanding of the following?

The World Heritage Convention

The concept of Outstanding Universal Value

The property's Outstanding Universal Value

Management effectiveness to maintain the Outstanding Universal Value

# 15.1.2 - Please rate the follow-up to conclusions and recommendations from previous Periodic Reporting exercise by the following entities

| State Party                            | Poor |
|--|------|
| Site Managers                          | Good |
| UNESCO World Heritage Centre           | Good |
| Advisory Bodies (ICOMOS, IUCN, ICCROM) | Good |

### 15.2. Use of Data

#### 15.2.1 - How do the authorities in charge of the property plan to use the data recorded from this cycle of Periodic Reporting?

Revision of priorities/strategies/policies for the protection, management and conservation of heritage

Update of management plans

Awareness raising

### 15.2.2 - Comments on use of data from the Cycle of Periodic Reporting

BTAP project still not arrive to the end monitoring will be started after the finishing of all the activities related to restoration on the site which mean lot of information in the cycle periodic reporting will need up date after three year and more according to the frame time given by the DGA

### 15.3. Timing and resources

# 15.3.1 - Entities involved in the filling out of this online questionnaire (tick as many boxes as applicable)

Site Manager/Coordinator World Heritage property staff

Local communities

Indigenous people

ICOMOS national/regional

External experts

# **15.3.2** - Has a gender balanced contribution and participation been considered in the filling out of this questionnaire? Gender balance has **not been explicitly** considered or implemented in the process.

# 15.3.3 - Were you given adequate time (i.e. roughly ten months) to gather necessary information and to fill in this questionnaire?

# 15.3.4 - Please estimate the time (working hours) needed to complete this questionnaire

48 / 6 hours / 12 hours /

# 15.3.5 - Did you mobilise any additional resources to fill out this questionnaire?

|          | Additional resources   | No | Yes |
|----------|--|----|-----|
| 15.3.5.1 | Human resources  |    | ×   |
| 15.3.5.2 | Financial resources for organizing consultation meetings/ training |    | ×   |
