CONVENTION CONCERNING THE PROTECTION OF THE WORLD CULTURAL AND NATURAL HERITAGE

WORLD HERITAGE COMMITTEE

Twenty-ninth Session

Durban, South Africa 10-17 July 2005

<u>Item 16 of the Provisional Agenda</u>: Presentation of the World Heritage Fund Budget proposed for the biennium 2006-2007

SUMMARY

In accordance with Article 4.1 of the Financial Regulations of the World Heritage Fund, the resources of the Fund can be used only for activities defined by the World Heritage Committee.

In this document, the World Heritage Centre presents the proposed 2006-2007 World Heritage Fund Budget in accordance with the modalities set out in Decision **28 COM 11** and the format adopted by the Sixth Extraordinary Session of the Committee (UNESCO, 2003).

Draft Decision: 29 COM 16, see Point II

I. Budget of the World Heritage Centre

A. 2004-2005 BUDGET OF THE WORLD HERITAGE FUND

- 1. Since 1997, the expenditures under the World Heritage Fund have been higher than the income (all funding sources combined), which has resulted in a progressive reduction of its reserves. In order to build up reserves for the Fund, the World Heritage Centre had proposed to the Committee, in its Document *WHC*-04/27.COM/11, possible solutions, which were not retained, as well as a lower budget.
- 2. At its 27th session (UNESCO, 2003), the World Heritage Committee approved a budget of US\$ 6,737,470 for the years 2004 and 2005 by reducing to zero the Contingency Reserve set at US\$ 1,500,000 up to 31 December 2003.
- 3. The World Heritage Fund accounts prepared by the UNESCO Comptroller at 31 March 2005 (Document *WHC-05/29.COM/15*) show that according to the forecast the level of the reserves is significantly increasing.

B. PROPOSED WORLD HERITAGE FUND BUDGET FOR 2006-2007

- 4. As requested by Decision **28 COM 11**, paragraph 6, the Centre proposes, in **Annex I**, the 2006-2007 World Heritage Fund Budget according to the format adopted by the Committee (Decision **6 EXT.COM 6**). However, the World Heritage Centre and the Central Services have identified some incoherencies that could require an updating of this format.
- 5. By its Decision **6 EXT.COM 6**, the structure of the budget has been revised to reflect, in particular, the articulation of the activities of the *Convention* according to the four strategic objectives (Credibility of the World Heritage List, Conservation of World Heritage Properties, Capacity Building in the States Parties and Communication).
- 6. After examination of the financial statement as at 31 March 2005, it is necessary to reinforce the good results through continued prudent management. In regard to all the elements contained in the attached tables, the World Heritage Centre proposes for 2006-2007 a budget of US\$ 6,656,836. This amount does not include the funds derived from other sources (earmarked funds and income from promotional activities), due to their unpredictable nature.

C. BUDGET FOR INTERNATIONAL ASSISTANCE

7. International Assistance can be approved throughout the year. This implies that the requests approved at the end of the biennium may be implemented during the following biennium, and consequently, will be accounted for in the following budget. Hence the World Heritage Centre proposes to the Committee to authorise the implementation of a mechanism for carrying over the balance of the International Assistance Budget with this specific aim, as from the closure of the 2004-2005 budget.

D. COMMENTS ON THE PROPOSED BUDGET

- 8. Main Line of Action 1 groups the principal Secretariat activities that the World Heritage Centre must implement in accordance with Article 14 of the *Convention*.
- 9. For the sake of coherence, the World Heritage Centre has included in this chapter the activities of the Advisory Bodies. The studies, evaluations and information management system complete this chapter.
- 10. Main Line of Action 2 is devoted to the Promotion of a representative, balanced and credible World Heritage List.
- 11. Main Line of Action 3 details the Strengthening of the protection of World Heritage properties, and especially the In Danger Sites.
- 12. The general running costs are financed entirely under UNESCO's Regular Programme. The amount foreseen is comparable to that of the preceding exercise taking account of inflation and the US\$ Euro exchange rate.
- 13. The personnel costs of the Centre include permanent staff on established posts, associate experts, seconded personnel, temporary personnel, consultants and supernumeraries.
- 14. The Advisory Bodies ensure their services in accordance with the World Heritage Convention and the Operational Guidelines for the Implementation of the World Heritage Convention: evaluation of nominations, meetings of the Advisory Bodies with the World Heritage Centre, evaluation of International Assistance requests, reactive monitoring missions, training activities and participation in expert meetings. The Advisory Bodies have presented provisional budgets contained *in extenso* in Annex II. The provisional budgets of ICOMOS and IUCN show a relatively important increase which is not easily compatible with a decreasing provisional World Heritage Fund budget. To facilitate the reading of the budget, the amounts proposed for the Advisory Bodies are contained in a single Main Line of Action.
- 15. The extra budgetary funds shown in the table represent the status as at 31 March 2005 and, consequently, these figures are to be considered with caution. Funds of this kind have a variable life span in accordance with the different projects and cannot be considered as yearly or biannual.
- 16. The resources from UNESCO's Regular Programme finance firstly the running costs of the World Heritage Centre, and secondly the decentralised activities under the responsibility of the Field Offices:
 - a) The running costs cover the costs of the organisation of all the statutory meetings, missions in the framework of World Heritage activities, temporary assistance support to activities financed under the World Heritage Fund, as well as general logistic costs;
 - b) Regular Programme decentralised funds are managed by the Field Offices. Each Programme Sector must decentralise a certain percentage, and the World

Heritage Centre, as an integral part of the Culture Sector, has also to comply with this rule.

17. The 33 C/5 will be submitted to the next General Conference for decision. The project presented by the World Heritage Centre includes the proposal of the Director-General to transfer a certain number of staff from the Cultural Heritage Division to the World Heritage Centre. At the time of drafting this document, the Culture Sector is examining the calendar for the implementation of this transfer.

II. Draft Decision

Draft Decision: 29 COM 16

The World Heritage Committee,

- 1. <u>Having examined</u> Document WHC-05/29.COM/16,
- 2. <u>Approves</u> a total World Heritage Fund expenditure of US\$ 6,656,836 for the 2006-2007 biennium and the corresponding budget contained in the annexed Tables 1 to 3;
- 3. <u>Requests</u> the World Heritage Centre to examine, with the Central Services of UNESCO, the setting up of a mechanism for carrying over the non-expended balance of International Assistance to the following biennium, in order to charge the implementation of activities approved but not yet carried out;
- 4. <u>Also requests</u> the World Heritage Centre to report on the execution of the budget, including all funding sources of financing, at each session of the Committee, in the framework of its Annual Report.

AFRICA 2009: Conservation of Immovable Cultural Heritage in Sub-Saharan Africa

Background

AFRICA 2009 was developed as the operational step of the *Training Strategy for Immovable Cultural Heritage in Africa South of the Sahara* approved by the World Heritage Committee at its 20th session in Merida, Mexico in 1996. The programme should be seen as an instrument for carrying out the overall strategy of the World Heritage Committee for training immovable cultural heritage professionals in sub-Saharan Africa through a partnership between African cultural heritage organizations, the World Heritage Centre, ICCROM, and CRATerre-EAG. This request should, therefore, be seen as funding for the AFRICA 2009 programme as a whole rather than as a request for funding for an ICCROM activity.

Within the *Protocole d'Accord* agreed to in 2003 by the partners of the programme (ICCROM, the World Heritage Centre, and CRATerre-EAG) and endorsed by the Chairperson of the AFRICA 2009 Steering Committee, the World Heritage Centre has agreed to request the sum of US\$ 100,000 annually from the World Heritage Fund for the implementation of AFRICA 2009.

This funding request for AFRICA 2009 should be read in conjunction with the information documents provided each year by the programme to the World Heritage Committee. The information documents include the objective and expected outputs of the programme, the programme structure, a summary of activities carried out each year and a list of activities to be carried out in the following year.

2006 and 2007 will mark the first two years of the Final Phase of the AFRICA 2009 programme (2006 - 2009). Important changes will take place starting in 2006 including the following modified set of programme objectives.

- 1. to increase the professional knowledge and skills in the conservation and management of heritage places in Sub-Saharan Africa by 2009;
- 2. to develop a better informed perception of the importance of the immovable cultural heritage and its role in the national development process among (a) professionals, (b) decision makers and (c) local communities, by 2009;
- 3. to strengthen the network of African cultural heritage professionals in order to share common approaches (vision and practices) and information by 2009;
- 4. to strengthen the capacities of Sub-Saharan training institutions to continue with capacity building for national institutions managing and conserving immovable heritage places before and after 2009.

Another important change will be the expanding of the operational partnership to include the *Ecole du Patrimoine Africain* (EPA) and the Programme for Museum Development in Africa (PMDA), along with the World Heritage Centre, ICCROM, and CRATerre-EAG.

The next phase will continue to focus on building the capacities of the national organizations in sub-Saharan Africa to enable them to better manage and conserve immovable cultural heritage. In this regard the final phase will consolidate and strengthen the existing training courses in order to increase professional knowledge and skills in the conservation and management of heritage places. It is also proposed to continue increasing the number of African professionals in the coordination and teaching of the course activities. In order to ensure continuity in capacity building after 2009, it is proposed that the strengthening of the regional training institutions such as EPA and PMDA be consolidated in this phase. Thus, several activities will focus on this objective.

The programme will continue to focus on World Heritage issues, including better identification and documentation of the heritage, and specific activities to build capacity of professionals to develop nomination dossiers and management plans. Finally, the programme will continue to work with individual countries as part of its *Projets Situés*, to aid in the preparation of nomination files for African cultural heritage sites for inclusion on World Heritage List.

Request for 2006 and 2007

The current request is for activities to be carried out within the framework of regional activities for the programme (*Projet Cadre*) in the year 2006 and 2007 Pending funding commitments from financial partners for the Final Phase, it is expected that during those years, the following activities will be carried out:

ACTIVITY	2006	2007
2006		
Regional Course	230,000	230,000
Technical Courses (2)	220,000	220,000

Workshop on training the trainer	60,000	60,000
Programme staff	360,000	360,000
Management and Administration	255,000	255,000
Miscellaneous	6,000	5,000
Totals	1,996,000	1,900,000

Presentation of the World Heritage Fund and Budget 2006-2007

In addition to the World Heritage Fund, it is expected that funding for AFRICA 2009 during this period will come from the following sources:

- Sida through the Swedish National Heritage Board
- NORAD
- The Ministry of Foreign Affiars of Finland
- The Ministry of Foreign Affairs of Italy
- ICCROM

Due to the fact that the programme is entering into a new phase, funding has not yet been committed. It is, therefore, very important for the partners of the programme to underscore their commitment to the programme by continuing their support.

As in the previous biennium, the request for 2006 - 2007 from the World Heritage Fund will be applied only to the Regional Course each year. Nevertheless, the contributions of all the funding partners should be seen as acting together in order to allow the programme to implement all of its activities each year. Below is a breakdown of the funding requested for 2004 and 2005.

<u>Regional Course on Conservation and Management of Immovable Cultural Heritage in</u> <u>sub-Saharan Africa</u>

The course lasts three months and is scheduled to take place annually (alternating years in English and French). The French language course (2006) will take place in Porto Novo, Benin at the *Ecole du Patrimoine Africain*. The English language course (2007) will take place in Mombasa, Kenya at the Programme for Museum Development in Africa (PMDA). The courses are aimed at managers responsible for immovable cultural heritage in their national heritage institution and will be the 8th and 9th to be carried out within the framework of the AFRICA 2009 programme. The courses will emphasize interactive participation rather than a typical lecture hall format and will include field trips. The courses will be designed around a hands-on management planning exercise at a site or sites in the host city, and will be supplemented with other topics of importance for good conservation and management. The total cost of the Regional Courses has been estimated at approximately US\$ 230,000 per year.

Request for 2006

Support for the French Language Regional Course (Porto Novo, Benin)

Participant Costs	
Travel (18 x \$1,000)	18,000
Additional travel costs (visas, etc)	5,000
Allowance (18 x 3.25 months x \$300)	17,550
